Throughout the first week, Coach Honaker ordered both morning and afternoon drills consisting of the usual teaching of fundamentals and conditioning work, while this week the coaches put the squad through light passing and punting scrimmages, leading up to the first rough work yesterday afternoon.

Having lost only five lettermen rom the 1934 squad, the Highlanders have veteran performers returning for every position. The returning lettermen include Bruce Alexander, O'Neal Gray, and Tollton Coulter, ends; Leon "Buck" Millsaps and Mose Gamble, tackles; Jim Holloway, Frank "Butter" Atchison, Archie Pieper, William Holaday, guards; Gid Johnson and Jim Renfro, centers; Stanley "Skeeter" Shields, Wilbur Loessberg, Albert Hulette, Jack Overly, Lamar "Toots" Blazer, and Lynn Crawford, backs.

In addition to the lettermen, several of last year's reserves and a good many new players have looked good in practice. John Henry, end, and Jim Odell, who has been shifted from the line to the backfield, are the most promising reserves, while Glen Evers, center, Alva Burris, Jimmy Rich, and Bill Swearingen, backs, and James Proffitt and Stanley Hall, tackle, will be in the thick of the fight for positions. With so many veterans on

Faculty Enjoys Summer Months In America and European Lands

Several Attend Universities for Further Graduate Study; Some Confined to Hospital

Members of the College faculty spent their vacations in various and sundry places, doing various things.

Prof. Lagerstedt spent his summer on the beach at Sandwich, Mass. He also visited numerous points of interest in the east, including Pittsburg and Niagra.

Mr. Black returned very enthusiastic after a short stay at Blue Ridge and Montreat. Most of the summer he spent at work on the campus.

Four of the faculty spent part of their vacations in the hospital. They were: Miss Hudson, Mrs Walker, Dr. Knapp, and Dr. McMurray.

Dr. Knapp visited his daughter in Ohio and also took a trip through Eastern Kentucky and Virginia and North Carolina. He spent five weeks in a Lexington, Ky. hospital, which prevented his accepting a gift of an all expense tour to California.

Professors Shine and Howell remained at Maryville. Dr. Shine was helping to care for his twin daughters, born last spring, and Prof. Howell was "getting acquainted with his family."

Miss Johnson and Miss Heron remained at home most of the summer. Miss Hearon visited a girl's camp in Carolina.

Dr. Stevenson visited in Birmingham and occupied the pulpit of the Independent Presbyterian Church there for six weeks. The regular pastor as was Dr. Lloyd, was an exchange speaker to England. Dr. Stevenson reorts that he had a very pleasant time.

Miss Wilkinson attended summer school at Emory University. She studied n the "French House" and the French Insttute there. The rest

TREASURERS FORM DUES ASSOCIATION

Thru its Central office the Association of Class and Organization Treasurers makes the request that all student members of classes and societies make their dues payments promptly and in full if possible. The social life of the campus is carried on by the student groups and it is necessary for them to have funds to carry on their work. Please pay your dues now! Right Now!

FREE ORGAN RECITAL IN COLLEGE CHAPEL

A free organ recital will be given in oorhees Chapel on College Hill this coming Sunday afternoon (Sept. 15) at half past four. This recital is the seventh of a series given by Frank R. Neff Jr., of Philadelphia, Pennsylvania, who graduated from the college in 1933 and who is now a student in Princeton Theological Seminary. The series of recitals is given on the college's one-manual reed organ, and is dedicated to "the donor or donors to Maryville College of a pipe organ, costing at least $20,000 according to the 1933 scale of prices, and of a make comparable to Skinner, Austin, Hook and Hastings, or Haskell; together with choir of f ull-time organ instructor in the College Faculty The program for Sunday includes numbers by Bash. Handel, Hayden Mendelssohn, Boellmann, and Russell. onpa O__sn9o.eoS shshhh hhChfhh

Directors Adopt Resolution Of Appreciation for Work of Hussey

Dr. Hussey Retired Last Spring After Fourteen years of Active Service

Last June the College announced the retirement of Professor George B. Hussey from active teaching, on account of age. The Directors adopted a resolution of appreciation for his fourteen years of faithful service as Professor and Head of the Department of Modern Languages, for his careful scholarship, his cooperative spirit, and his Christian influence.

Dr. Hussey was graduated with Phi Beta Kappa honors from Columbia Univrsity of New York, holds the degree of Doctor of Philosophy from Johns Hopkins University, and has studied also at the Universities of Bonn, Leipsig, and Paris in Europe, and Chicago and Princeton in America. He has published various writings and frequently has been on the programs of learned societies. He brought to his work at Maryville a high standard of scholarship, a wide teaching experience, and a genuine spirit of Christian service.

FACULTY WILL HOLD RECEPTION MONDAY

The Faculty will hold a reception on Monday evening, September 16, at 8:00 o'clock in the Library in Thaw Hall. All students, new and old, are invited to be present. Light refreshments will be served.

A poor lad is strengthened and disciplined by his obstacles.

The Freshman Fellowship Club, conducted each year under the supervision of the Y. M. C. A., will swing into action early next week. This club is organized by the "Y" for the purpose of enabling the incoming freshman to become better acquainted with his fellow classmate. Overnight hikes, and a varied program of events is being planned.

The Departments of Ancient and Modern Languages have been combined into one department, known as the Department of Foreign Languages. Professor E. W. Davis, Head of the former Department of Ancient Languages, will serve as head of the department.

The Y. M. C. A. will introduce the first of its Sunday afternoon worship

The Melting Pot

Editor's Note— The Melting Pot, a new weekly feature of The Highland Echo, is the Editor's conception of what a feature column should be in a paper of such small scope and size as ours. It will not be written by one person, but will contain the viewpoints of many. It is hoped that, as time advances, it will contain, not only viewpoints ,but also little stories of human interest contributed each week by any student who feels so moved. As a move to stimulate contributions from many persons the Editorial Staff is offering a prize of one dollar to the student who will present the most interesting account of his summer activities, the same to be published in the Highland Echo, Saturday, September, 20. The account must consist, of course, of the unusual,, and must not exceed two hundred words. Above copy must be in the hands of the Editor by Thursday. The Editor reserves the right to publish as many of said accounts as he sees fit.

Perhaps the most prevalent viewpoint expressed by returning students on the Maryville campus this week is that they are happy to be back. This is well, for not only is this campus, which we believe is now more beautiful than ever, an ideal place in which to spend the short years of ones youth, but also it is representative of the large number of places to which scholastically inclined young men and women, who otherwise would have to face an unstable economic and sicial order, may retreat in comparative safety, meanwhile fortifying themselves to cope with the new order when it comes.

With this thought in mind, we, in behalf of the Editorial Staff, are happy to welcome the students, both old and new, to the Hill, meanwhile hoping that they will take advantage quickly of the opportunities which Maryville College has to offer them, and that soon they will come to be glad to have chosen this college for their Alma Mater.

The usual tales of lost trunks are abroad. One young man, whose trunk is that of his sister, who inhabited this campus some years ago, finally found his lost paraphenalia resting solemnly in one of the three dormitories for women.

And then there is Katharine Orr, who, after locating her trunk, suddenly discovered that some old letters were missing. But Katharine need never fear, for sooner or later they will turn up at the Highland Echo offices for publication. Someone is always wanting someone else's privacies announced.

The other day a sweet young frosh misread the Y sticker. Her version of it was "Well, why come?"

Another of Dr. Orr's famous statements: Now in this Philosophy course I shall endeavor to construct examinations to meet the needs and interests of all of you.

The campus looks fine for the start, of this year, even tho the promised Circle Drive is still a promise. Grass, walks, and trees ar in fine shape for the scrutiny of the new students.

* * * * * *

Y. W. C. A. WELCOME

Hello Maryvillians!

We are not going to call you "new girls" in Y. W. any more. Surely, by this time, you feel that you belong at Maryville. However, the surprises that Maryville has for you are not yet exhausted. In the next few weeks you will find new friends, and have new experiences.

You are not alone in the feeling of trangeness you have experienced. Old students, too, have come back to a new Maryville, new because old friends have been replaced by you who are to become our new frinds. We, too, are eager to know you.

Let us not be contented with chance acquaintances produced by these first days. It is only through a more complete understanding which originates rom intermittent work and fun of the college routine, that satisfying friendship may be achieved. A gooc maxim for all of us to remember is, Friendship is gained by cultivating friendliness.

Sincerely
Elizabeth Kunkel
Pres., Y. W. C. A.

THETA WELCOME

Especially to the new girls:

With happiness we are watching you become acquainted with our Hill. We think our campus is lovely, our faculty admirable, and our co-students likeable: We want you to enter into this same spirit with us, in other words we want you to become a true "Scotch Highlander". We not only want you to but should like to help you attain that much-to-be-desired state.

Sincerely yours,
Mary Gladys Brown
President of Theta Epsilon

GYPSY PARTY

This evening at eight o'clock the Y. W. Cabinet will entertain all Maryville girls at a Gypsy party. The party, to be held on Pearson's lawn, will be the Y. W. opening party. The guests have been asked to wear informal gypsy costumes.

On Wednesday evening, the Y. W. entertained new girls at parties in Baldwin and memorial Dormitories. After "get-acquainted" socials in the halls, the new girls were taken to the Alumni Gymnasium for an evening of stunts and entertainment.

SEPTEMBER

Well here's September. It's a month we like most because vacations are over and students are coming back all pepped up and ready for a busy fall.

Not that we didn't get a kick out of those "having-lovely- time-wish- you-were-here" postcards we got from various vacation points, but we look forward to renewing old friendships and making new ones.

In other words we are glad to see you and if there is any thing we can do to make you more happy and satisfied with Maryville —just call on us.

We'll be looking forward to serving you.

Echo Sport News

On The Bench

... with ...

The SPORTS EDITOR

Hello, everybody! Now that you upper-classmen have seen everybody again and you freshmen have received a sample of college work on English Placement Exams and the like, it is time for all of you to be thinking about that football team of ours which has been very, very busy for the past two weeks. As most of you probably know, the Maryville College Highlanders have already won five championships during 1935, and another in football would make quite a brilliant record for the year.

In the early months of 1935, the Highlanders won the Smoky Mountain Conference basketball championship without losing a game; the wrestling team won its fourth consecutive state championship; the tract team ran away with the conference meet; and the baseball outfit captured both the conference and the state crowns in a great season. Now it is up to the football team to carry on the good work.

Before talking about championships, however, we had better take a look at the material from which Coaches Honaker and Thrower have to mould a team. At present there are 45 to 50 men on the squad, 17 of them lettermen. Five of the 1934 lettermen are not back this year, but each position is well-filled. Two of the missing lettermen were out most of last season with injuries, two others were not always in the starting line-up, and the last can be replaced fairly well. Thus, this year's team should be just as much better than the last as a season's difference in experience is valuable.

All of you freshmen, and upperclassmen as well, come out and look our football team over in scrimmage this afternoon.

Carson-Newman's Eagles seem to have the advantage of being favorites to cop the conference championship this fall. The Scots and Eagles tangle on Thanksgiving day.

Three cheers for Coach Bob Thrower and his acquisition of the past summer! Good luck, Coach.

LINE COACH

Robert C. Thrower

Overly To Help Coach Linemen

The Highlander coaching staff recently secured the service of Clifford "Pee-Wee" Overly, another former Highlander football and wrestling great, to assist in coaching the linemen this season.

Overly, who graduated in 1932, roamed local gridions as a bruising 200- pound tackle for four years, earning a place on the all- conference team the last three. As a wrestler, he ranked among the best heavyweights ever put out at Maryville.

Since his graduation, Overly has been engaged in the athletic department of the Greensboro, Penna., Y. M. C. A., with wrestling included in his coaching duties, and the Educational Department of the C. C. C.,

Scot Coaches Take Up Duties Another Year

Coaches Honaker and Thrower Have Established Enviable Records At Maryville

Fourteen long and successful years have rolled by since Coach Lombe Scott Honaker, veteran mentor of Scot athletics, was first introduced to the Maryville campus. During this stay he has raised the athletic system from a small, poorly organized one to the highly efficient machine that it is today.

Easily proving his ability as a coach of football, baseball, and basketball, Coach Honaker has, since his first year, raised the standing of Scot teams to Conference champions. Crowning his long list of achievements with basketball and baseball titles last season, he enters the current athletic year a mucch feared figure by all coaches of Scot opponents.

Busily now in coaching the budding grid eleven, Coach Honaker offers no comment as to what he thinks of the prospects for the year. However, 'twill not be long until concrete evidence of his ability will justify anything he might say in regard to the gridsters.

Big Bob Thrower, once a Scot athelte himself, returns to the line coaching post in football this year and to the head coaching jobs in track and wrestling. Coach Bob's work with the athletic teams has been a big factor in establishing Maryville high standing in local sport circles.

Captain of the Scot grid squad in

(Continued on page four)

HEAD COACH

Lombe Scott Honaker

Boretsky Joins Townsend Staff

Steve Boretsky, former Highlander football and wrestling star and member of Sigma Delta . Psi National honorary athletic fraternity, is coaching athletics at Townsend High School, Tennessee, this season.

After participating in most of the major sports at some time during his four-year stay at Maryville, Boretsky, class of 1934, took over the position of backfield coach of the Maryville College squad last season. He also assisted Coaches Honaker and Thrower with wrestling track, and baseball, and conducted the spring football practice session.

Although he took part in practically all branches of athletics Steve reached the heights in football and wrestling, twice winning a half back position on the All-Smoky Mountain Conference eleven and the state wrestling championship in the 145- pound class.

Scots End 2nd Week's Drills In Scrimmage

Seventeen Lettermen Included In Large Squad Drilling For Kentucky Battle

(Continued from page one)

hand, the newcomers will have a tough time breaking into the opening line-up, but quite a few new candidates have shown the makings of good material, especially among the linemen.

In the scrimmaage this afternoon, Coaches Honaker and Thrower probably will shift the line-up several times seeking the best combination, and neither of the two starting teams is at all certain. In the dummy scrimmage Wednesday one team was composed of Gray and Alexander, ends; Millsaps and Gamble, tackles; Atchison and Holloway, guards; G Evers center; Shields, quarter; Hulette and Overly, halves; Overly, fullback. The other outfit included Coulter and Henry, ends; Proffitt and Dunn, a freshman, tackles; Pieper and Holaday guards; Renfro, center; Blazer, quarter; Lossberg and Ross, halves; Odell, fullback. In the Thursday workout Gid Johnson was back in one center position and three freshmen- McLaughlin, end; Bagby, tackle, and Widner, halfback, were inserted into the line-ups.

The punters have been showing up well during the last few days, with Hulette and Odell booting long high spirals consistently.

tween cabinet members and Nu Gamma leaders, Dr. McCoy Franklin spoke on the topic, "Christ and the Modern Youth."

In the evening Dr. Lloyd brought to the attention of the group some of the difficulties encountered by the modern christian in his efforts to live in a somewhat non-christian world.

The conference adjourned following a devotional service held by Nu Gamma on Monday.

FACULTY VACATIONS

(Continued from page one)

of the summer she spent at home.

Coach Thrower was married during the summer to Miss Ruby Hitch.

In the early part of the summer, Miss Gamble, Dr. and Mrs. Fields, and Miss Joyce Fields, spent two weeks fishing in Florida. After the return to Maryville, Dr. Fields prepared several articles for publication in various Journals of Psycholigy. He finished the summer with a trip to Ohio and to the American Psychological Association Meeting at Ann Arbor, Michigan.

Miss Keller spent the major part of the summer at her home in Knoxville. She stayed several weeks at various places in the mountains.

During the first half of her vacation, Miss Bassett did graduate work in Latin and Early Historical Art at the University of Chicago.

Professor Davis spent some time in Kansas City.

FACULTY CHAGNES

(Continued from page one)

graduation from college her journalistic work led to the offer of a Pultizer scholarship in journalism which she declined.

W. C. Cagle, M. A., Ph. D., has been appointed temporarily as Associate Professor of Chemistry, to serve during the absence of Associate Professor Griffitts who is to pursue graduate study at the Universsity of Indiana. Dr. Cagle is a graduate of the University of Chattanooga in 1922, and holds the Masters degree from Peabody College for Teachers, and the Doctor's degree from Duke University. He has taught at Tennessee Weslyan College, Bethel College and Duke University.

Mrs. A. F. Timberlake, of Rockwood Tennessee, has been engaged as assistant to the Head of Memorial Hall.

Associate Professor V. M. Queener, who was absent last year pursuing graduate study toward his Doctor's degree, will be at the College again as Associate Professor of History and Debate. He has now completed his residence work for the degree. W Neil Franklin, M. A., Ph. D., served in Mr Queener's place during his absence.

Miss Gertrude E. Meiselwitz has received her M. S. degree after a year's absence for study at the University of Wisconsin, and has been appointed Professor and Head of the Department of Home Economics in which she has been an Associate Professor for six years. Miss Clara Jane Brown, M. S., who has been Head of the Department for the past four years, resigned last spring and was married on June 29 to Dr. J. William Chiles of Stillwater, Oklahoma. Miss Mary Rachel Armstrong, M. S., who last year substituted for Miss Meiselwitz, has been appointed Associate Professor.

Miss Zoe Wells Carroll, Associate Professor of Biology, was last spring awarded the Doctor of Philosophy degree by Duke University, following a series of notable experiments as well as meeting the usual requirements for the doctorate.

WELCOMES

(Continued from page one)

Welcome, new Students!

Bainonian greets you heartily! Although Bainonian is the oldest girl's society on the hill, we Bainonians are not too old to remember the feeling of shyness and strangeness. experienced by new Maryvillians.

We are sure that you must already have discovered the friendly atmosphere prevailing at Maryville, and we hope you will quickly acclimate yourself to it.

We hope you will like Maryville, we shall do all we can to make no other feeling possible for you. It is new to you now, but you will soon come to appreciate the fine principals for which Maryville stands. You will then want to uphold the honorable name which Maryville has established for itself.

Bainonian wishes you to be happy here!

Sincerely,
Ellen Hitch,
President of Bainonian

To the new men:

The members of Alpha Sigma Society are justly proud of Maryville College. We should like to feel that we present you to a grand old institution, matured by the prayers and undying efforts of several generations of men and women who believed in Christian education. Alpha Sigma introduces you to a campus steeped in tradition and filled with opportunity. Carry that tradition and take full advantage of your opportunities. Will you let Alpha Sigma be your friend?

Sincerely,
Archibald Pieper
Pres. of Alpha Sigma

Make yourselves at home at Maryville by taking advantage of the complete program of the Y. M. C. A. The Fellowship Club is all yours. The "Y" rooms in Bartlett Hall are equipped with games, magazines, papers, and a radio. The cabinet and old students hope to meet many of you at the worship service Sunday afternoon.

Robert E. Lodwick
Y. M. C. A. President

SCOT COACHES

(Continued from page two)

1923, and holder of the college shot put record, Coach Thrower so firmly established his ability in these fields that after graduation he was given a position on the coaching staff, where he has served every year since. He took over the wrestling team in 1931 and has lost only one match during his five years of service.

At present, Coach Thrower is busy teaching a squad of huskies how the line game should be played, and believes that the prospects for a successful season are "pretty good".

25 GRID WARRIORS MAKE KENTUCKY TRIP

Kryl Symphony Band Will Open College Artist Series October 24

FRANTZ, PIANIST, JEPSON, SOPRANO, COMPLETE SERIES

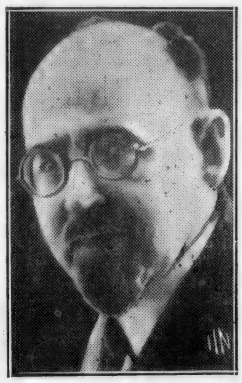
Kryl Band, Now In Thirtieth Season, Has Given Over 12,000 Concerts

Music lovers from the college and East Tennessee may look forward with pleasure to three notable concerts during the coming year, according to an announcement made this week by Prof. Howell, for many years director of the College Artist Series.

The opening concert of the series will be given in the afternoon and evening of October 24, when the Kryl Symphony Band, under the direction of Bohumir Kryl, hailed as the premier cornetist of the world, will make its appearance. This organization is now entering upon its thirtieth season, during which period it has given over twelve thousand concerts and has traveled over one million miles. Kryl will be assisted by Catherine Reiner, soprano, and Marie Caslova, violiniste.

A later date will bring Dalies Frantz, noted pianist, and Helen Jepson, Lyric Soprano of the Metropolitan Opera. Frantz made his debut as soloist with the Philadelphia Symphony Orchestra, Leopold Stokowski conducting, and has made frequent appearances with the Chicago and Detroit Symphony Orchestras. Miss Jepson made her debut in 1930 with the Philadelphia Grand Opera Company, singing "Nedda" in "Pagliacci". In 1934, afted a successful audition, she was welcomed into the Metropolitan Opera Company. Dates for the appearances of Miss Jepson and Mr Franz have not been set.

Vance Stresses Value Of a Religious Sense



Dr. Joseph A. Vance, pastor of the First Presbyterian Church of Detroit, addressed the student body in chapel Friday morning. Dr. Vance is the Moderator of the General Assembly and is visting a number of churches in the South. Stressing the development of a religious sense, Dr. Vance said that only the spiritual can see and experience spiritual values.

Morgan Selects Yearbook Staff

Bill Morgan, editor of the Chilhowean, announced this morning that photographing of seniors will get underway on or about the first of October, and that plans are being formulated rapidly for the production of the 1936 yearbook.

Morgan has appointed the following people to serve on the Chilhowean staff: Shirley Jackson, Associate Editor; Berniece Gaines, Feature Editor; Dick Meadows, Sports Editor; and Robert McKibben, Direction of Photography. Other persons will be added to the staff if necessary. The election of sophomore apprentices will be held within the next two weeks.

Receives Protests

Tokyo dispatches indicate Japan may follow lead of U. S. in lodging complaints against Red propaganda with M. Krestinsky (above), vice commissar of foreigh affairs of U. S. S. R., who received Washington's "emphatic protest." Response to American note is not expected until Krestinsky's superior, Maxim Litvinoff, returns from League of Nations meeting in Geneva.

ATHENIAN FEATURES WILSON INTERVIEW BY DAVE McARTHUR

Red Kent and Paul Hartman Will Furnish Jests and Musical Entertainment

Athenian Literary Society will present an unusually interesting program for its initial meeting of the year at 6:30 tonight.

The feature presentation, though Red Kent may steal the show with one of his inimitable "Ramblin" talks, will be a story by Dave McArthur, the president, of the early days of Athenian, obtained by an interview with Doctor Wilson, former student, former Athenian, and former president of Maryville College.

Dr. Wilson, at the time a red-headed, freckle-faced boy, attended Maryville as a student during the 1870's, when conveniences were few, and students walked to the Duncan Farm to obtain straw for their mattresses. Mr. McArthur will tell of this and other anecdotes from Dr. Wilson's memory.

Musical entertainment will be provided by Paul Hartman and his

THETA RUSH WEEK CLIMAXED TONIGHT WITH GYM PARTY

Interesting Week Filled With Parties Centered About Highland Scottie

The first week of activities designed to interest new girls in joining a society, sponsored by Theta Epsilon, will reach its climax tonight at the formal opening to be held in the gymnasium at eight o'clock.

The general theme, which has been cleverly carried out with posters, and parties, has centered around the "Highland Scottie", and the plaids, bagpipes, and characteristic long-haired, short-tailed dogs have been in evidence about the campus since last Monday.

Theta opened her series of functions with a Scotch Fashion Tea held on the Y. W. C. A. lawn on Tuesday afternoon. The officers of the society formed the receiving line, and hostesses poured tea for separate groups of guests about small tables. A showing of new fall styles had as its background Scotch airs and other Scotch music supplied by a men's trio, the Theta trio, and interludes by Garnet Manges.

In a similar manner the Scotties

(Continued on page four)

Alpha Sig Program To Get Underway Tonight

President Pieper Issues A Challenge To Athenian

Alpha Sigma society will begin planning its program for the coming year at the first regular meeting to be held at 6:30 Saturday evening. The program secretaries, in the rush of the first week, have prepared a rather impromptu program, which, however, is to be likely and interesting.

Archibald Franklin Pieper, president of the society, asked that a challenge to Athenian, " in anything they want", be formally issued. Alex Christie, another officer, has issued a call to all old men to be present at the opening meeting in order to organize for the coming year. "Loyalty", said Mr. Christie, is to

(Continued on page four)

A Bit of Munchausen

BY CHRISTIE

Bill and me had a powerful time this summer. His name was Adolph but we called him Bill for he came on the first of the month. Anyway, as I said, we had a grand time. It was so hot where we were that we wanted a change. After considering Chile we decided on Labrador. On the way to the station we got shor—two pounds of it—and felt well prepared. It was hot when we left but in Labrador we encountered the very opposite kind of weather. However, like Jonah, we thought that everything would come to a head so we stayed some weeks.

The first night it was so cold that the lantern flame froze and we had to thaw it before we could blow it out and get to sleep. Poor Bill! He broke his specs that first night in bed. You see, he is so near-sighted that he always went to bed with his specs on so that he could recognize the people he saw in his dreams.

In the morning our appetites were so large that we had to use the mountain range to cook breakfast, and we consumed so much food that future economy was needed. Accordingly we from then on we always had our meals early before our appetites developed and so saved money.

Then we went fishing even although it was foggy. The fog got

(Continued on page two)

Is That Pep?

AN EDITORIAL

As it has always been, one of the chief points of interest during the opening weeks of the college year is the series of pep meetings and the opening address by Coach Honaker which it brings with it. But Thursday night Coach Honaker's pep talk was ruined for a great many persons because of widespread, discourteous whispering ensuing in the rear seats of the chapel.

It seems that when one who has done as much for Maryville College as Coach Honaker has takes the floor to speak, he should command the respect and attention of everyone to whom he is speaking. In future sessions let us try to support Coach, and instead of making them informal moonshiners' frolics let's have a real pep meeting.

There will be an important meeting of all former members of the Pre-Med Club Monday night at 6:30 in the Zoology class room.

BAINONIAN TO OPEN RUSH WEEK WITH NOVEL TRAVEL TEA

Week of Festivities Will Be Followed by Gala Night At College Pool

The scene of Bainonian's opening week activities will be on ship-board, the program opening with a Travel Tea on Tuesday afternoon. Programs designed to interest and entertain all the new girls will carry out this theme through the entire week, finishing with a gala opening night held at the college swimming pool.

Lloyd Returns From Quick Trip To Jersey

Leaving after the Faculty Reception Monday night, Dr. Lloyd made a quick trip to Blairstown, N. J., where his oldest son, Vernon, 16, is entering Blair Academy. On this 1500 miles trip was also Dr. Lloyd's younger son, Hal. Returning immediately, Dr. Lloyd and Hal stopped Wednesday night in Roanoke

Y.M.C.A. Issues Official Notice

We, the officers of the Maryville College Young Men's Christian Association, hereby notify all concerned that no one will have the authority to charge goods, service rendered, or the like, to the organization with out a written order which must be signed by at least three of the four executive officers; namely, Robert E Lodwick, President; Archibald F. Pieper, Vice-President; Robert D. Downes, Secretary; Joseph T Andrews, Treasurer."

Signed,

Robert D. Downes,
Secretary

HEAVY LINE GIVES HIGHLANDERS HOPE OF HOLDING CATS

Injuries Will Keep Three Valuable Players On Sidelines Today

By DICK MEADOWS
(Echo Sports Editor)

Boasting a line composed chiefly of seniors and averaging over 180 pounds per man, and a light but versatile backfield, Coach Lombe Scott Honaker and twenty-five Maryville Highlander gridion warriors left yesterday at noon for Lexington, where they are to engage Coach Chet Wynn's powerful Kentucky Wildcats this afternoon in the opening game of the season.

Nearly all of the Scot gridders who compose the openng line-up today were in the Kentucky battle last year, and hopes among the squad for even a better showing than has been made in the last few seasons were high at the time of departure.

Coach Wynn's crew had no easy task running up a 26 -0 score over the Highlanders last season, and the Kentucky mentor probably will not take any unnecessary chances in today's encounter with Coach Hona-

(Continued on page three)

Psych Profits Most In New Book Shipment

Faculty Committee Orders Total of 149 Books

To the Library Committee of the faculty goes the credit for the unusually large number of well-selected books purchased this fall. A total of 149 new books are on the shelves and Mr. Ellis, librarian, says that a new order will be made Monday. The department of Psychology profited most with forty-four new books. There are thirty-six new books written in modern foreign languages, sixteen new books for the Bible department, twenty-one for the English department including the well-reviewed Milton by Belloc. The remaining new books deal with biology, chemistry, Home Economics, Latin, and Political Science.

Most interesting to the largest number of students will be the list of new books of a general nature. The library has purchased more than a score of novels published in the last nine months. Among these is Thomas Wolfe's "Of Time and The River" which the "New York Times" reviews: " A triumphant demonstration that Thomas Wolfe has the stamina to produce a magnificent epic of American Life." Pearl Buck's masterpiece " The Mother," Edna Ferber's "Come and Get It," Rachel Field's "Time Out of Mind." Lloyd Douglas' " Green Light," Helen Ashton's " Hornet's Nest," and Louis Adamic's new novel **"Grandsons"** are among the recent books of the year in the new collection.

It is hoped that students and faculty alike will become acquainted with the new books and enjoy them. Brief reviews of some of these books will appear from time to time in the "Echo".

A MUSICAL HOPE

One of the most hopeful outlooks in the striving of the American people for a higher and more refined civilization lies in the gradually increasing interest shown in fine music. Everywhere, and especially in colleges and universities, more stress is being placed upon the classics, light classics, and lighter chamber music, as against Tin Pan Alley's bizarre creations of a few years ago, and more people are coming to know the difference between Chopin's Minute Waltz and some of the ear-splitting orgies created by our so-called modern composers.

Significant among these many restorative movements is the recent offer by the National Broadcasting Company of prizes ranging from one thousand dollars to two hundred fifty dollars, to the persons contributing, during the next few months, the most acceptable compositions of chamber music.

Maryville College, in its less auspicious way, cannot be said to be lacking in its attempt to cultivate an appreciation of good music among the residents of College Hill. Each year finds the college's musical program a broad one, consisting of numerous student recitals, and at least three appearances of reputable professional artists.

Nothing finer during the past few years, however, has come to our attention than the attitude taken toward the college's musical program by one, Frank R. Neff, '33, who, for a number of years now, has given liberally of his services in his many series of organ recitals. Mr. Neff has dedicated each of these series "to the purchase of a pipe organ for the college, not to cost less than twenty thousand dollars according to the 1933 scale of prices, and to the appointment of a full time organ instructor."

Certainly it seems that the attitude of one so interested cannot be mistaken in its purpose, and so thinking, we suggest that such an undertaking is worthy of the consideration of everyone.

A BIT OF MUNCHAUSLEN

(Continued from page one)

heavier and heavier and we were obliged to float on top of it. When it cleared we found ourselves landed on top of a tree hooking crab apples from the branches. We had to out down the tree to get to the ground.

Yes, Bill and me had a lot of fun. Maybe another week when there's more space we'll tell more about our trip.

The Melting Pot

Strange as it may seem, the Editorial Staff will not have to pay the dollar prize which it offered in last week's issue. The reason is that no one entered the contest. Three reasons for this are; first, that no one had a pencil handy; second, that no one was active during the summer; and third, that no one read the Echo. Which do you prefer? We suspect the last.

* * *

On numerous occasions the weakness of the English language—yea, that of all languages—has been a distinct problem. For instance, entirely too many people are named Smith. The same goes for the Jones family—there are too many Jones boys. All to often the weakness of our language, with its five hundred thousand words, has been the source of heartaches and headaches. Such an incident occured on the campus during the summer.

It seems that one of our outstanding young men, the president of the only Literary Society on the Hill, attended summer school at the University of Tennessee. While in Knoxville, the young man won a prize, that prize being advertised as a bedroom suit. Visions of rapture and rosy dreams of a beautiful set of furniture, to-wit: twin beds, a vanity table, chairs, and other choice bits of furniture arose in his mind. To the young man it seemed a fit beginning to the construction of a castle in Spain. Forthwith, he promised it to and ordered it sent to Heart's Desire here in Maryville.

The delivery truck drew up before her door. The prize was brought in. She opened the gift—to find a pair of yellow pajamas. Yes, truthfully did Shakesphere say, "All is not gold that glitters." Neither are all bedroom suits made of mahogany or bird's-eye maple.

Each new year brings new interesting personalities to the Mary-

(Continued on page four)

The Little Church

"Paul, a servant of God, according to the faith of God's elect and the knowledge of the truth" Titus 1:1.

Faith and knowledge, these two, were keynotes in Paul's ministry. And so it should be in every life. Faith and knowledge cannot be separated without unbalancing life.

Faith is vitally necessary in partially every sphere of life. Faith enters into our living at more points than we realize for we cannot possibly known or check up on everything. And "without faith it is impossible to be well-pleasing to God," Heb. 11:6. However, the one who bases his life solely on faith tends to become unreasonable and short-sighted. He loses the sense of the true value and relationship of things in this life. There must be faith, but alone it is insufficient.

Knowledge has always been a goal of men and at college here we are joining in the search. But there is danger. As man widens his mental horizon often his tendency is to consider himself above the necessity for a childlike religious faith. No matter how much we may learn let us remember that our knowledge is ever insignificant compared to the infinite wisdom of God. Also, "the fear of the Lord is the beginning of knowledge." Prov. 1:7. We should all strive after knowledge, but let us never think we can live and die by knowledge alone.

These two, faith and knowledge, go hand in hand. No one in these days denies thee need for knowledge, but are we willing to recognize the need for faith? Have faith, and above all, "have faith in God", Mark 11:22.

Y M C A

Coach Honaker will speak at the YMCA meeting tomorrow afternoon on the relationship between Christianity and athletics. A male quartet will sing.

The fellowship club will hold its second meeting on Tuesday night.

SCOTS SEND VETERANS TO BATTLE CATS

Eight Seniors Form Nucleus Of Heavy Scot Line and Versatile Backfield

(Continued from page one)

ker's fighting Scotties.

The Wildcats are reported to be improved over last season, however, and with Bert Johnson, 195 pound halfback candidate for All-American honors, running loose behind a gigantic line, the local gridders will get a big taste of big-time football.

With the sharp fight for positions continuing through the final scrimmages, Coach Honaker waited until the last workout was over to announce the players to make the trip and also the opening line-up. The selection of starters finnally settled to O'Neal Gray and John Henry, ends, "Buck" Millsaps and Mose Gamble, tackle; "Butter" Atchison and Jim Holloway, guards; Gid Johnson, center; Jack Shields, quarterback; Wilbur Loessberg and Albert Hulette, halfbacks; Jack Overly, fullback.

Injuries to three Highlanders who were slated to make the trip weakened the squad considerably, particularly at the ends. Bruce Alexander, who received a chest injury in last Saturday's scrimmage, and Tollton Coulter, who wrenched a knee Wednesday, were expected to put in quite a bit of service at the flanks, with Alexander the likely choice to have teamed with Gray to begin the hostilities, but the injuries will keep both of them out of the rough work at least until Monday. The other mishap, a twisted knee, kept Cooper, promising freshman center, from making the trip.

With Alexander and Coulter out, the Highlanmders will have only one reserve flankman, Clair McLaughlin, 175-pound freshman who has looked especially good on defense, but who is yet to be tested under fire. James Proffitt and Jack Dunn, another of the three freshmen making the trip, will supply the reserve tackle strength, while Archie Pieper, Bill Holladay, and Stanley Hall will make very competent guard replacements. Jim Renfro will understudy Gid Johnson at center.

Although "Skeeter" Shields will start the game at quarter, "Coach Honakey probably will send "Toots" Blazer in with an ear full of last second instructions soon after the Wildcats have shown their method of attack. "Corky" Crawford and Jim Odell also should play a large part of the game, with Winford Ross Jimmy Rich, Bill Swearingen, and Bill Land, the last a freshman who has come out rapidly during the past week, ready to step in and fill the veteran backs' places.

Walter Coker and Johnny Guigon accompanied the team as managers.

While the varsity was going to Kentucky, the second-stringers were going through their daily workouts as usual, with Coach Bob Thrower and "Pee Wee" Overly in charge.

On The Bench

... with ...

The SPORTS EDITOR

According to all known sources of information outside the Maryville campus, the Highlanders do not have the slightest chance to bring home the bacon in today's scrap with the high and mighty Kentucky Wildcats. Advance dope in general gives the Cats a chance for a good workout, while some reports are to the effect that the Southeastern Conference giants will have no trouble at all clawing the Highlanders to bits. This corner, however, can see no such rosy picture in view for the Kentucky squad. The Scots may not have much chance to win, but there is at least one thing, or perhaps seven, that in all probability will keep the score down in the very respectable regions: Maryville's senior line.

The Scot forward wall, averaging slightly above 180 pounds to the man, consists of five seniors, a junior, and a sophomore. Most of the seniors, if not all of them, have faced the Wild cats three times before, and fully realize what they are up against. The Kentucky line is expected to hold several sophomores who will hardly take the Scotties seriously, and any team which does not respect such men as O'Neal Gray, Buck Millsaps, Butter Atchison, Mose Gamble, and Jim Holloway, to say nothing of sophomore Gid Johnson and junior John Henry, had better watch out. Another senior, Archie Pieper, will get into the thick of the fight a large part of the game, also. And behind this line, two more seniors, Wilbur Loessberg and Toots Blazer will be cracking those Wildcat ball carriers who get by the linemen.

While the 25 Highlanders who made the Kentucky trip are probably having a good time in spite of the task which confronts them, three members of the squad who were slated to go to Lexington are still in Maryville as the result of injuries suffered during practice. Bruce Alexander and Tolton Coulter, ends who were counted on heavily in today's encounter, and Cooper, a freshman center who shows promise of "going places" in the future, were hurt in the closing practice sessions after having come to college early in order to get into the best possible condition for the Kentucky game.

FALL TENNIS TOURNEY TO START SOON

Monday Set As Likely Date For Tourney To Start; Fast Field Expected

The annual Fall Tennis Tournament will get underway on Monday. After looking over the fellows playing each afternoon, Coach Fishbach says that there will be much good freshman material, and he is expecting a large field to enter the match play. A list has been posted in Carnegie lobby on which all those wishing to enter are requested to sign by 9:30 Saturday night.

Most of last season's tournament competitors, including the winner, Ed Scott, and several lettermen of the varsity team, have already signed and another fast tourney is in prospect, especially with so many promising newcomers on the rolls.

Scots Play Five Conference Tilts

Tusculum Opens Conference Schedule Here October 4

Sept. 21— Kentucky — at Lexington
Sept. 27— Hiwassee— at Maryville
Oct. 4— Tusculum*— at Maryville
Oct 11 — Lenoir-Rhyne— at Maryville
Oct. 18— King*— at Bristol
Oct. 25 — Cumberland U.*— at Maryville
Nov. 1 —Tenn. Wesleyan—at Maryville.
Nov. 9 —East Tenn. Teacher* at Johnson City.
Nov. 15— Middle Tenn. Teachers— at Murfreesboro
Nov. 28— Carson-Newman*— at Maryville
*Conference games
(All home games except Carson-Newman are at night).

When a man works as hard as these three to get something, and then has it snatched away at the last minute, it must be hard to "grin and take it." Better luck next time, fellows.

The Sport World

By JOHN McINTYRE

In the baseball world, the Chicago Cubs climbed to the pininacle of the National League the past week with an almost unprecedented string of consecutive victories, placing them far ahead of the second-place Cardinals and the early leaders of the League, the New York Giants. The determination of the league leadership will come next week when the Cubs face the Cardinals in a five-game series to be played in St. Louis.

In the American League, the Detroit Tigers still maintain a respectable advantage over the New York Yankees, leaders in the early season. The league pennant is practically in the bag for the Tigers, as they are 8 games in advance at the present.

* * *

The famous million dollar gate receipt seems certain to return as the days of the Louis—Baer fight approaches. Yankee Stadium, which holds 90,000 will in all probability be completely sold out. The fight, which has attracted nation-wide attention, makes the crucial point in the careers of the fighters.

* * *

Now that baseball is winding up, and golf, tennis, and swimming have gone their way, the great American grid sport gets under way. All over the country the teams of last year prepare for the coming season. Excitment is beginning to rise. Post-season reports flow thick and fast. Players, coaches, fans .... all whirling in the vortex of the greatest season of college sport that is known.

SCOTS MEET HIWASSEE IN HOME OPENER

More Experienced Scotties Favored Over Hiwassee Next Friday Night

Unless the squad is riddled with injuries in the big game against Kentucky today, the Highlander gridders should break into the win column next Friday night when Hiwassee invades Wilson Field at eight o'clock to battle the Scots in the curtain raiser of the home season.

Although practically nothing is known locally of Hiwassee's strength, the Scotties are confident that their greater experience will carry them through the tilt successfully.

While Maryville is playing Kentucky, Hiwassee is opening its season today playing Cumberland University, a Smoky Mountain Conference team. The result of this game will give the locals a fair idea of their next opponent's strength.

be the motto of Alpha Sigma this year. Unless every member is a loyal member, we can not hope to carry out the extensive program we want to have." Trips to Norris Dam and hikes into the Smoky Mountains National Park, together with lively, interesting meetings are planned by the society. All new men are invited to attend Alpha Sigma tonight and every Saturday night.

THETA RUSH WEEK

(Continued from page one)

were conducted to the woods on Thursday afternoon, to witness a feud settlement of the McCampbell-McCarthy clans. Games whose origin can be traced to Scotch folk lore and customs constituted the entertainment, followed by cheers and songs by the groups.

What can be learned in advance about the program for tonight promises an evening of delightful entertainment. The six episodes will be concerned with the rounding out of the Scotch idea, by using each letter of the word to form the key-note for that portion of the program. There will follow the presentation of the president, greetings from old Thetas, and the formal welcoming of the new girls. At the gymnasium tonight, at eight o'clock! Hoot mon!

GILLESPIE RESIGNS

The Editor is sorry to announce the resignation of Bob Gillespie, formerly conected with the editorial and business staffs of the Highland Echo, from Echo duties. The resignation comes as a result of the pressure of other responsibilities.

Anyone having had high school or previous college experience in the handling of newspaper business is asked to hand his application for this position to Herbert Hunt, Business Manager, within the next week.

Miss Clemmie Henry and Miss Caldwell have agreed to relate their experience abroad before the Y. W.

THE MELTING POT

(Continued from page two)

ville campus. Eugene Weingart, who is becoming acquainted with America at Maryville, has an interesting history. Eugene, a freshman, was born in Petrograd, Russia, the son of a colonel in the Czar's army, who was killed in the revolution. The family fled from Russia and settled, with many other Russians, in Tientsin, China. Eugene was graduated from the Tientsin Grammar School, corresponding to anAmerican High School, in 1932. He speaks not only Russian and English, but French as well. Maryville was recommended to him by a graduate who resides in China.

Eugene, whose citizenship, strangely enough, is Swiss, believes that the present governments of Russia and America are quite similar. He also tells of the return of religion to the people of Russia. Gene, an ndependent thinker, has made many friends on the campus already. Welcome to Maryville, Gene, and we hope that infectious laugh of yours will be heard on our campus for years to come.

OVERLY SCORES THRICE IN HOME OPENER

Seniors Move To Elect Representatives

MOTION TO QUASH STUDENT COUNCIL BEATEN SEVERELY

Triumphant Forces Argue Futility and Undesirability of Student Government

Following a hectic two-day session, in which Alex Christie's motion to the effect that the senior class refuse to send representatives to the Student Council was made, hotly contested, and finally beaten, the senior class elected the following persons to represent that body in the Student Council: Archibald Pieper, Harold Jones, James Badgett, Mary Gladys Brown, Harriet Huffstetler, Ellen Hitch, and Eleanor Bell.

Christie's motion came as a result of an alleged dysfunction of the Student Council as an adequate system for the representation of the student body in matters of grievance to the faculty. "It is a well known fact," said Mr. Christie, " that the Student Council has failed during the ten years of its existence to gain anything of major significance for the students of Maryville College."

Speaking in opposition to this motion, Archibald Pieper, James Badgett, and Bryan Payne pointed out that above all the motion was out of order because of its conflict with the higher authority of the student body, which says that there shall be a Student Council; that satisfactory cooperation between faculty and student body cannot be brought about by revolution; and that, contrary to the accusation, the Student Council has satisfactorily settled many student problems, among which have been the placing of gravel walks about the campus, the equalizing of extra-light charges in the dormitories, the increasing of social activities, and the establishing of six-day moonshining.

Juniors Elect Council Members

At the first class meeting of the year called by Pres. Tom Bryan, the juniors elected the following members of the Student Council: Joan Dexter, Marcella Arden, Mary Francis Dunlap, Dave Brittain, Ed Lavender, and Dick Meadows. Eloise Bundy was elected secretary in the place of

Many Maryville Folk Hear Ellerman Speak

Lectures Illustratively On Island Universes and Sun

Dr. Ellerman, who has been on the staff of the Mt. Wlson Observatory in Southern California for the past 20 years, spoke in the Knoxville High School Auditorium, last Saturday evening on the subject of astronomy, stressing his special field, island universes and the sun. He illustrated his lecture with nearly a hundred slides.

Dr. Ellerman was presented through the courtesy of the T. V. A. the University of Tennessee, the Barnard Astronomical Society, and the Knoxville High School. He was introduced by Mrs Mayer, president of the Barnard Astronomical Society, and welcomed by General Fowler, prominent Knoxville lawyer. A chorus of Knoxville singers, directed by Mr. Schroeder, sang "The Heavens are Telling" before the lecture.

People form Nashville and Chattanooga, as well as about thirty from Maryville, including Dr. Knapp, were present.

Student Vols Move

After several conferences with faculty advisors the cabinet of the Student Volunteer organization has succeeded in securing a more adequate location for holding its regular Sunday night meetings. Beginning tomorrow night immediately after Vespers, the meeting will be held in the parlor of the Y. W. C. A. annex at the rear of Thaw Hall. More than 125 persons were crowded into Bainonian Hall last Sunday night. It is felt that the new location will be more satisfactory in every way. President Bob Smyrl has issued an invitation to every one interested

Bainonian Closes Rush Week At Pool Tonight

Week Filled With World Cruises, Picnics, Fashion

The social activities in connection with the opening week of Bainonian Society began with a travel tea on Tuesday afternoon.

New girls who presented themselves at the chapel were given tickets for a "world cruise," touching such places as Bermuda, Atlantic City, Canada, and Paris. Behind the chapel was a snow scene, and a program featuring winter sports, songs, and the Dionne quintuplets. A fashoion show was the center of the entertainment presented before Science Hall. The groups of girls was finally conducted to the Y. W. C. A. Reading Rooms, where refreshments were served and a musical program with a Parisian atmosphere completed activities for the afternoon.

Since the theme of Bainonian's opening week is of the sea and sailing, the outing in the woods held on Thursday afternoon was termed a Nautical Picnic. Boat races, sea yarns, and games suitable for playing on ship-board constituted the major part of the entertainment.

The nautical theme will be further carried out tonight at the opening night program in the College Swimming Pool. The Good Ship Bainonian will make its maiden cruise, manned by a crew of Bainonian officers. There will be a formal christening, the introduction of notable personalities on ship-board, and an evening of entertainment for both crew and passengers.

This evening's program completes the activities of the two societies in welcoming the new girls to Maryville College. Last week Theta's Scottie program entertained many of the girls in an original manner.

ENTIRE HIGHLANDER CONTINGENT MOVES DOWN THE GRIDIRON, DISPLAYING POWER REMINISCENT OF FORMER GREAT TEAMS

Jackson, Frosh, Drives Over Outer Line To Score Remaining Touchdown; Odell's Punting Keeps Foe In Harmless Territory; Tackles Function Savagely

By DICK MEADOWS
(Echo Sports Editor)

Smashing his way down the field for three touchdowns and booting three extra points for a total of 21 counters, Jack Overly, 1-77 pounds of fullbacking fury, supplied the knockout punch to a devastating Highlander attack which rolled up a 27 to 6 victory over a game but outclassed Hiwassee foe last night in the first home game of the season on Wilson Field.

With the whole first team charging like a herd of wild elephants, and "Butter" Atchison and Jim Holloway opening big holes for Overly and Lynn "Corky" Crawford to plunge through, the Highlanders drove through the Hiwassee defense for two touchdowns in the first quarter before Hiwassee could make a yard.

Gid Johnson kicked off for Maryville and Hiwassee brought the ball back to the 28-yard line before being downed. A fumble, by Taylor's punt to mid-field, with "Skeeter" Shields returning the kick ten yards. From the 40- yard line, the Scots began the touchdown drive as Overly ripped off twelve yards over left guard for a first down on the second play. Crawford added three yards, Overly four twice straight for another first down, and then seven more yards to put the ball on the Hiwassee 10-yard strip. Crawford picked his way nine yards before being brought down, and Overly played the remaining yard over the goal on the next play. Overly's place-kick for extra point was wide.

The second touchdown drive got under way as soon as Maryville had kicked off, held Hiwassee to no gain, and gotten possession of the ball on its own 47-yard line following the Hiwassee punt. With Overly and Crawford doing most of the ball carrying, the Scots were unstoppable short of the goal. A twenty yard off-tackle dash by Crawford put the ball in scoring position, and after another first down put the ball on the 6-yard stripe. Overly drove through guard twice for score. This time Overly's place kick for extra point was good.

The first quarter drives were featured by the savage charging of the whole first team, including Gray and Johnson, ends, Millsaps and Gamble, tacles, Atchison and

(Continued on page three)

NYA PROGRAM WILL REPLACE FERA FUND

Increased College Enrollment Brings Greater Funds

Last year's Government program of student-help through suitable employment, which was termed the F. E. R. A. program, will be administered in the school year 1935 1936 under the National Youth Administration, or the N. Y. A., a department created for this program and set off from similar projects. This program has brought aid which has enabled many students to remain n school, and the funds have been administered in an effective manner, without being discontinued even temporarily since its institution in the spring of 1934.

The allotment this year is somewhat larger than that of last year, due to the large enrollment in the College in 1934-35. There is allowed a wider range in the choice of projects, and many constructive and creative programs will be completed before the close of the school year in June, 1936. The maximum amount to be earned each month is $20, but no minimum has been set. The rates of pay will conform to the rates in each school for work of the different types, and the pay-rolls will be limited by the allotment made.

This national program constitutes about one-fourth of the student-help program at Maryville College. The three-fourths are supplied by the College, on its regular program of student aid. The College is required to maintain its pay-rolls as previously, and no cut in its assistance is allowed. The government requires that assignments of work be based strictly on the students' need and college records. Administration of the government funds, and supervision of the projects has been carried out without remuneration by college officials and members of the faculty.

Reports Improvement

Mr. Ernest Chalmers Brown, "Brownie", reports the following improvement made on the campus during the summer and the opening of the school year: redecoration of the Dining Hall, repairs and improvements in the dorm, general cleanup in the Chemistry labs, construction of a new cow barn, 50,000 feet of timber taken from the College weeds, and repairs to the stands on the athletic field.

Societies To Commence Drives For Membership

The two men's societies will meet tonight at 6:30 with a wide varity of entertainment being offered by both.

In Alpha Sigma Hall the principal entertainment will be presented by Professor Collins, a new member of the faculty, who will tell of his bicycle trip through Germany. The Continental Group will offer musical selections.

In Athenian Hall, Bryan Payne, Editor-in-Chief of the Highland Echo, wil read an original one-act play. The remainder of the program will consist of music furnished by new and visiting talent, and of the reading of football scores.

WE CAN WIN

One of the grandest spectacles that ever greeted the anxious eyes of a Maryville College sports enthusiast was in evidence last night as the Highlanders defeated Hiwassee, 27-6. Driving down the gridiron from the very first whistle with all the punch and drive and spirit that is characteristic of a truly great team, the proteges of Honaker and Thrower scored across the double stripes in the first seven minutes of play, and thereafter, with the exception of one time, jockeyed the opponent into harmless territory with a belligerent forward wall.

This is truly the Highlander spirit, the spirit that is known far and wide upon the gridiron for its quality, and we think it comes from nothing less than the realization that in the Scot fold are the makings of a conference championship team.

The opening game of the conference schedule will be played next Friday night against Tusculum. Let's take it away!

Campus Notes

VESPERS

"Where Happiness is to be Found" is the subject upon which Dr. W. P. Stevenson will speak Sunday at the vesper service in Voorhees Chapel. J. Alvin Keene has been asked to sing a special solo at the services; Mrs W. G. Burchfield will be at the piano.

MINISTERIAL

The Ministerial Association held its first regular meeting on Monday night, at which many new men were present. Following the dispensing of business, Dr. Rodgers delivered a short message on "The River of Life.'" pointing out that wherever there is a river there is life, and that there is a great need for turning the River of Life into the great waste places of humanity.

STUDENT VOLS

Dr. John W. Cummings, Director of Personnel, will speak at the Student Volunteer meeting Sunday evening after Vespers on India, the country in which he was raised as a small boy.

FELLOWSHIP CLUB ELECTS

At its second meeting the year the Fellowship Club, a get-acquainted organization for freshman boys sponsored by the Y. M. C. A., elected the following officers; Bruce Morgan, President; Martin Brinildsen, Vice President; Ray Nelson, Secretary.

The Melting Pot

Last week's Echo ran an article telling of an interesting mixup due to Discrepancies in the five hundred thousand words in the English Language. There are also examples of times when names of objects and persons are humorously similar. Maryville has her full share of these oddities.

A new store is being opened in Maryville and will sell, among others, a shoe known as the Poll Parrot shoe. Mr. M. V. Shoemaker is owner of the store and Mr. Paul Parrott will sell the Poll Parrott shoes.

Another example: The treasurer of Maryville College is F. L. Proffitt. He does his work well.

Several seasons ago two of the most outstanding players on the Maryville College football team were two men; one named Josh Proffitt, and the other named Cash. In one particular game "Proffitt" was substituted for "Cash."

— L T W

* * *

Dr. Shrine with his market basket (containing one lone book) on his arm caused one freshman lady to give Prof. Ellis—and ultimately Dr. Shrine—some delightful minutes. She innocently inquired of Prof. Ellis if, "that tall man over there were studying for the ministry."

* * *

A noise in the vicinity of Anderson about 12 o'clock Saturday night rudely interrupted the night watchman's thoughts, which were as usual, running in couplets. As he entered the building he wasn't sure whether the noise was just the drilling of a safe, or—. After having determined which of his various methods of attacks to use, he hunched himself up to spring upon the offending party. Then he decided that it wasn't coming from the safe after all, but from Dr. Hunter's office. "So", he thought, "someone is in stealing some of Dr. Hunter's valuable lectures." He bravely wrenched open the door which wasn't locked, and what do you think he saw? Nothing! No it isn't a fairy story, it has a real ending. The noise which Ralph heard was merely a forgotten dictaphone.

* * *

Louis Frank Krainock, who will long be remembered on the Maryville campus as a footballer of the first magnitude, artist, playwright, philosopher, and last but not least—according to Louie—a connoisseur of delectable hamburgers, informs us of this comical experience.

Krainock, who is now associated with the TVA, was in Knoxville one day in quest of hamburgers. Entering what he suspected was the socially acceptable place for the mastication of such delicacies he took a seat at a nearby table. In a few moments he was approached by the waiter, Their conversation follows:

"What will you have, sir?"

" Have you hamburgers?"

"Hamburgers?"

"Yes; hamburgers."

"Yes. Would you like hamburgers?" the waiter asker harmlessly.

"Yes. Two hamburgers."

"Two?"

"Yes."

Hamburgers?"

"Yes, two hamburgers."

"With, or without?" asked the waiter blandly?

"WITH, you slhjkfmqx", cried Louie in a frenzy. and so the waiter went solemnly on his way.

From the dressing rooms of Bartlett comes the tale of one, Fahnestock by name, who, with his fine bit of rebuilt anatomy, fooled one of the best doctors.

It seems that during Fahnestock's examination Dr. Olin was exploring the dark regions of the larynx.

Said the medic, "You have here the finest set of teeth I have ever seen."

Quoth Fahnestock, " It ought to be; I paid two hundred dollars for it."

Everyone Should Know John, Ed, And Clarence

By WALTER WEST
Echo Staff Writer

Most of the students who come to Maryville, stay four years, are graduated, and leave, miss part of campus life if they don't get a chance to know John, Ed, and Clarence, the college cooks.

John, the oldest in point of service, has been here for thirteen years, and he's not superstitious, either. He is the big fellow with the good-natured grin, a grin that never rubs off, and never fails to show the gold fillings in his teeth. Ed is the largest of the three, and has been here seven years. Anyone can recognize Ed by that jolly, jovial laugh that he spreads every so often. Clarence, the oldest in age, has been here two years. He is a quiet fellow, very quiet.

Maryville College through these many years has never had more loyal supporters than the cooks. They have seen championship Highlanders come and go on the gridiron and on the diamond, but they have never seen the Scotties play basketball. You can bet, however, that they keep up wth the basket ball teams, as well as the football and baseball teams. And if you want to know the history of sports at Maryville and can't find either Honaker or Thrower, just try the kitchen. John and Ed can tell you.

They have watched the dining hall grow and the Boarding Club increase. They have watched the number of the students eating at the hall grow from five hundred to the seven hundred twenty four of the present year. In all of John's thirteen years he has never been late with the cooking. Waitresses and kitchen helpers may delay the ringing of the bell, but the food is always ready.

John came to Maryville from

(Continued on page four)

SERVICE...

A man rabbit and a baby rabbit were playing bridge. The baby rabbit got a headache. The man rabbit rent a turtle for some aspirin.

A day, a week, a month, a year passed and the turtle had not yet returned. The man rabbit went out back, and speaking into space, cursed the turtle with all kinds of invectives for his slowness.

When he had finished, the turtle stuck his head from under the porch and piped, "I heard every word you said, and now I'm not going."

Highlanders Subdue Hiwassee With Power, 27 to 6

Overly Supplies Punch To Scots Savage Thrusts

Scot Fullback Scores 21 Points As Entire Starting Line-up Puts On Spirited Drive

(Continued from page one)

Holloway, guards, Renfro, center Shields, quarter, Crawford and Odell, halves, and Overly, fullback.

Coach Honaker sent in an entire new team to start the second quarter, and Hiwassee took a new lease on life. Starting on their own 25- yard line, Hiwassee opened up with a deceptive attack which the Highlanders were unable to stop. Joiner and Zion, with a 30 yard run and a pass catch good for 30 more, respectively did most of the ball carrying, with Zion scoring from the 7-yard stripe on an off tackle slant. The place kick was low.

The third period found the teams plugging away on fairly even terms, with Odell, of Maryville, and Taylor, of Hiwassee, getting off several good punts.

The Highlanders began to click again in the final period, however, and after penalties had stopped two marches a few yards short of the goal, Jack Overly gave the crowd the biggest thrill of the night by crashing through the center of the line, upsetting two defensive backs, sidestepping the safety man, and sprinting the remainder of the thirty-five yards to the goal. He then kicked his second extra point.

The final Maryville tally followed a Hiwassee fumble on the Hiwassee 15-yard marker. Jackson, freshman fullback who made several good gains, scored from the one-yard stripe on a dive over center after Overly had gained most of the distance. Overly again kicked the extra point, and the game ended a few plays later.

In addition to all the starters, several other Highlanders played stellar roles in the triumph, especially "Toots" Blazer at quarter, Archie Pieper at guard, and Jackson in the backfield.

Although spotty at times, the Highlander attack was exceptionably strong most of the time. The teamwork in the first period drive was practically perfect. Maryville registered thirteen first downs to eight for Hiwassee.

Hiwassee	Pos.	Maryville
Tallent	LE	Johnson
Youell	LT	Gamble
Knoll	LG	Holloway
Holliday	C	Renfro
Taylor, F.	RG	Atchison

The SPORTS EDITOR

When Coach Honaker, at the pep meeting last week, said the Highlanders would be an improved football team this year, he evidently knew whereof he spoke, for last night the Scot grid machine which started the hostilities showed more power and irresistable drive than any team the locals put on the field last year. When a team marches straight through an opponent without even slowing down, as the Scots did in the first quarter, there must be something more than smoke. Although the Scot play showed up a little ragged at times, the work as a whole looked mighty good for an early season game.

* * *

This Man Overly!

When thinking about the Scot—Hiwassee tussle, one can hardly help thinking about the man who stole the show, Jack Overly. If Jack keeps up his bone-crushing tactics in the remainder of the games, the Highlander opponents are in for plenty of misery before the season is over. And if his educated toe continues kicking goals for points after touchdowns, the Scotties will not have to worry about losing games by one-point margins, either. Keep up the good work, Jack!

* * *

The Whole Team

While Overly was making his three touchdowns and extra points ten other good men naturally had to be doing plenty of blocking. And the cooperation among the starters in that first quarter was something worth the money to see. Atchison, Renfro, and Holloway in the middle of the line, and Millsaps, Gamble, Gray, and Johnson, at the tackles and ends, worked like a one-man line, while Overly, Crawford, and Odell carried out the very successful instructions of the smart little quarterback, Shields, in a manner worthy of high praise. Then, too, Blazer, Pieper, Jackson, and most of the others played good parts in the Scot victory march.

(Continued on page four)

Net Tournament Advances Thru Opening Rounds

47 Entries Make Field One Of Largest In History; Six Profs. Compete

With most of the frst round matches played, the men's Fall Tennis Tournament is progressing rapidly. With forty-seven members of the faculty and student body entering, the field was one of the largest in history.

Four men, Harold Quigley, Ed Scott, Bill Meeks, and Dave Woodling, have reached the third round. Scott defeated Cpepiel in straight sets 6-1, 6-0.

In one of Thursday's best matches Prof. Cagle defeated Ralph Hand. Rollie Huffstetler defeated Prof. Queener earlier in the week. The faculty members entering are Profs. Campbell, Smith, Queener, Cagle, Cummings and Fichbach.

Scots Swamped In Kentucky Go

Highlanders Helpless As Cats Roll Up 60 to 0 Score

A powerful Kentucky Wildcat eleven marched down the field time after time to score almost at will over a comparatively light Highlander squad Saturday in Lexington and rolled up an overwhelming score of 60-0 before the final whistle ended the onslaught.

Although the Highlanders did not have a chance against their giant Southeastern Conference opponents, the sports writers praised the fight put up by the Scots all the way through the bruising conflict.

"Skeeter" Shields and Jimmy Rich, 138-pound Scot backs received credit for most of the Maryville gains, while Jim Odell did a good job of punting in his first efforts in regular competition. The Scots completed two passes in six trials, both from Odell to Rich, for good gains. O'Neal Gray took up his old habits by smashing through from end to make several tackles.

The Highlanders received a hard blow early in the game when Albert Hulette triple-threat halfback, was

BYRNE'S DRUG CO.

The Sport World

By

JOHN McINTYRE

The high-flying Chicago Cubs ended a rousing curtain struggle with the Cardinals of St. Louis Friday afternoon, scoring a smashing 6-2 victory over the champions of last year. The new National League leaders, under the piloting of smiling Charlie Grimm, hope to extend their winning streak to cover the World Series tilt with the Detroit Tigers in the near future. The almost unheard-of string of nineteen consecutive victories has conclusively proved the superiority of the Cubs in the National League. Whether they can top the Tigers is still a matter of conjecture.

* * *

Another smashing victory occured this week when Detroit's Brown Bomber, Joe Louis, dealt a death blow to the boxing aspirations of Max Baer, ex-champion playboy of the ring. In four short rounds, hard-hitting Louis slashed his way to a knockout victory over Baer and the chance to challenge Jimmy Braddock in a title bout. It was interesting to know that Joe was married two hours before the fight.

* * *

Almost all mention of the Baer—Louis fight has fled the newspapers except for the wagon-pulling activities of Lee Rigsby, who, putting all his faith in the wrong boxer, is now engaged in pulling Cecil W. Lane, winner of the unique bet, to Cincinnati in a coaster wagon. At present they are 250 odd miles from their goal, and going strong. Mr. Rigsby will probably bet on Joe Louis in the future—if he bets.

* * * * * *

And now that the fight is over and gone comes the startling announcement that Baer was not actually knocked out in the fourth round of

(Continued on page four)

Tusculum Faces Scots In Initial Conference Tilt

Pioneers Expected To Bring Strong Outfit To Battle Scots Friday Night

Having passed through the fire of the two opening battles in fairly good shape, the Highlander grid warriors will march into conference competition for the first time next Friday night against the Tusculum Pioneers on Wilson Field.

The Highlander— Pioneer scrap gives prospect of a hotly contested affair again this year, with the memory of a bitter 8 to 6 defeat last season still fresh in the minds of the Scotties. In the last conflict, the Scots were favorites to win with comparative ease, but the Pioneers got an early lead and hung on to it through a spirited Scot drive in the final period.

Although Tusculum, who led the conference last year until the final week, lost several stars by graduation, another strong team probably will face the Highlanders Friday night. The Pioneers opened their season yesterday by subduing Mars Hill 13 to 0 at Greeneville.

Everyone Should Know

(Continued on page two)

Calderwood. Ed came as a graduate of Lane College. All three are married, and all have children—Ed has one, John two, and Clarence, three. There may still be an NRA code n some places, but John, Ed, and Clarence come to work before five in the morning and leave after six at night. There is practically no time in the day when they are not busy.

But they don't mind. They know and enjoy knowing many of the students. Numerous former students returning to the Hill find their way to the kitchen to chat with them. Your writer saw one girl, graduated last spring, take her whole family into the kitchen and introduce them to John and Ed. You have no idea what you miss if you don't know them.

Yessir! Wasn't Pearson's hash good today? Thanks, John, Ed, and Clarence. The best of luck to you, and may you see many more prosperous years at Old Maryville.

KENTUCKY GAME

(Continued from page three)

sent out of the tilt with a wrenched knee, and another a few minutes later when Wilbur Loessberg, star Scot ball-carrier, went out by the same route. Loessberg's injury will probably keep him out of uniform at least through the next two games.

While treating the Scots in such unrespectable manner, the Wildcats uncovered a sophomore halfback, Davis, who seems destined to become a ball-carrier equal to the great Bert Johnson, a sophomore sensation of last season. Davis got off for four long touchdown jaunts, while Johnson scored only twice.

SPORT WORLD

(Continued from page three)

the fight. According to laboratory tests made on a sound reproduction of the bout, the fourth round as the referee counted four on the fallen Maxie. The round actually went overtime 9 1-2 seconds. These disclosures, made by the B. A. Proctor Co., a firm specializing in sound reproductions of radio broadcasts, have no important signficance on the outcome of the fight, as all agree that Baer was hopelessly beaten by Louis. The fact remains, however, that similiar discrepancies in later fights might easily spell the doom of a boxer, whose livelihood is measured in split seconds. It is to be hoped that more accurate and scientific equipment will be used in the future.

BAINONIAN OPENING WEEK

(Continued from page one)

These rush weeks are presented as a means of presenting to new students the activities of the two societies, and of aiding them to make their choice for membership.

JUNIOR CLASS ELECTION

(Continued from page one)

Mildred Tarwater who did not return to school this year. The class unanimously elected Jack Overly to the position of class Athletic Director. It was voted that all members of the class must pay their first semester dues before Thanksgiving.

Sophomores Choose Six For Chilhowean

After a forceful and well-received challenge to the new members of the Student Council, given by President Dave Maas, the sophomores elected the following to that body: Minnie Lou Chittick, Edith Pierce. Wineford Ross, and Bob Gillespie. A committee headed by Bill Wood for the sophomore stunt between halves of the Hiwassee game was reported progressing favorably. President Maas also appointed committees to assist the treasurer and to plan the class Hallowean party, which, it is hoped, will be held off the campus. The class also voted to require payment of first semester dues before Thanksgiving.

The following sophomores were elected to the staff of the Chilhowean for 1936: Jane Harris, Louise Orr, Ruth Ray, Dave Maas, John C. McIntyre, and Simpson Spencer.

Y W C A PROGRAM

The Y. W. C. A. program for Sunday afternoon will feature a group discussion on world peace, led by Edith Nicolai. All girls are cordially welcomed to these meetings.

ON THE BENCH

(Continued from page three)

Someone Else's Turn

At the first pep meeting of the year last week, a few of the football players were called upon for "speeches." When Wilbur Loessberg, the Texas Antelope, took the platform, he made a motion that a "pep talk" be given for the three injured players who would be unable to make the Kentucky trip. When he made this very thoughtful request, he had no way of knowing what was in store for him at Lexington. Today, as a result of a knee ailment suffered in the Kentucky game, Loessberg is walking with the aid of a cane. He will hardly play again for at least two weeks. Now it is someone else's time to suggest a cheer for the injured players who can not get into the game, including Wilbur.

On Your Guard, Sir!

A sport which was introduced to a few of the inhabitants of Carnegie last year is gaining popularity at the very beginning of this year. The gentle art of fencing, which after all is not too gentle and requires a great deal of skill, seems to be getting a foothold which will remain even after Mr. Warren Jones, the importer, has taken his leave in '36. At prsent, Warren has ten members in a very informal "fencing club", and invites anyone interested in learning to wield a wicked foil to come around to see him. Instructor Jones reports that Mr. Joe Arrendale now ranks number 1 in the class.

MUSIC DEPARTMENT GETS SNELSON FOR PIANO INSTRUCTOR

Will Conduct New Courses In History, Appreciation, Theory of Music

Miss Mary Sprong Snelson, graduate student of Miami University, Oxford, Ohio, has been made an assistant in the department of piano, it was announced this week by Miss Hale, head of the music department.

It is planned that she will teach courses in Harmony and Theory, also in the History of Music and Music Appreciation, these courses to be thrown open to all students regardless of whether they are taking work in the department of music.

Because of an increasing demand for it, the college will offer, for the first time during the second semester, a course in Public School Music, which will also be taught by Miss Snelson.

Miss Snelson, whose home is in Richmond, Indiana, coames to Maryville College with a Bachelor of Science degree from Miami University, and with a number of years of experience in musical work. She is a member of Kappa Delta Pi, national honorary education fraternity.

COLLEGIATE FLASHES!

By NSFA Service

NEW HAVEN, Conn. (NSFA)—Yale University's course in public speaking will this year be conducted by "The Yale News" since it has been dropped from the regular curriculum as an economy measure. Classes will be held in the Alpha Phi house where a room has been rented by the "News".

Despite a storm of protest, the authorities abandoned the course because they did not feel the budget could carry the added expense of offering this subject for which no academy credit is given. The "News" acted in response to undergraduate demand and it is expected that at least 175 students will enroll this semester.

NEW YORK (NSFA)—100 lucky freshmen at N. Y. U. have been selected to take the new "unified course" which leads to a comprehensive examination at the end of the second year. Until then students chosen for "superior preparation" will be given individual guidance through a course designed to stimulate "broad cultural appreciation of values in all significant phases of contemporary life."

The program will dovetail into the regular liberal arts course. The first year it will include the fundamentals of the physical sciences; the history of Western culture; art or music and one elective, with special attention on the languages.

In the second year there will be courses in biology and psychology, analyses of the social sciences, social and community problems, literature, philosophy and an elective.

NORTHAMPTON, Mass. (NSFA)—Smith College students have this summer traced the boundaries of a sea that was once in the interior of the United States. This work was carried on during a geology field trip

Men's Glee Singers Announce 1936 Personnel

The Men's Glee Singers announce the following membership: first tenors; Carl Wells, Henry Swain, Thomas Evans, Lynn Curtis, Wilson Leathers; second tenors: Edwin Goddard, Donald Hallam, Lawrence Lowe, Richard Battaglia, Donald Rugh.

First bassos: Robert Downes, Robert Lodwick, Don MrArthur, Stanton Whitehead, William Paterson, Charles Clark; Second bassos Cecil Hooker, Carl Fisher, Jack Ormsbee, Robert Kleemeier, Ellis Hill, William MacCalmont.

Rehearsal will be held Monday night, Oct. 7, in the Chapel.

Lloyd Speaks

President Lloyd will speak in the New Providence Presbyterian Church in Maryville on Sunday morning, October 6, using the theme, "On Belonging to the Saving Minorities." Professor Rodgers is to speak in the same church on Sunday evening.

There will be no meeting of Alpha Sigma or Athenian tonight because of the absence of many members on the Y. M. C. A. Mountain hike.

DIRECTORS HEAR LLOYD'S REPORT FOR PAST YEAR

Discuss Plans For Coming Year At First of Semi-Annual Meetings

The fall meeting of the Board of Directors of Maryville College was held in Dr. Lloyd's office, on Wednesday, October 2, at which time reports for the past year were given and considered, and plans for the future were projected.

The Directors hold two meetings each year, one on the first Wednesday of October, in which special consideration is given to the general progress of the institution, and one on Commencement Day, at which time degrees are conferred and faculty appointments made.

There are in all thirty-six Directors of the College, twelve of whom are elected each year by the Synod of Tennessee, of the Presbyterian Church in the U. S. A, Judge S. O. Houston (Class of '98) of Knoxville was re-elected Chairman of the Directors for this year.

The principal item of business was the presentation and consideration of the report of the President of the College

CAMPUS CALENDAR

Sunday Y. W. C. A. 1:15

Campus Notes

Members of the Hi-Trail Club gathered in the woods last Wednesday night for eats and talk. Campus problems were indefinitely settled.

At the meeting of the Ohio Club on Wednesday night, the following officers were elected: Eloise Bundy, president; Simpson Spencer, treasurer; Virginia Boyce and Earl Short, program secretaries.

Hulette, Blazer Marshal Deadly Aerial Attack To Rout Pioneers

O'Neal Gray Displays Veteran Tactics On Wing Play While "Corky" Crawford Maintains Reputation With Savage Line Plunges

By DICK MEADOWS
(Echo Sports Editor)

Unleasing a dazzling passing attack that caught the opposition off-guard time after time, Coach Honoker's Flying Scots blew the lid off the conference season with a smashing 24 to 0 triumph over the Tusculum Pioneers last night on Wilson Field.

After the Pioneers had stopped the Highlanders twice within the 10-yard line during the first quarter, Coach Honaker sent Albert Hulette, who was left out of the starting line-up because of an injured knee, into the affray in the second period, and the air was filled immediately with an assortment of aerial heaves that carried the ball from mid-field to the promised land behind the double line in short order.

On the first play after coming into the game, Hulette flipped a pass to John Henry, who hsa entered a few minutes earlier, good for 18 yds, placing the ball on the Tusculm 35 Two more heaves were missed, and then a perfect toss to "Corky" Crawford went 13 yords, but Maryville took advantage of a 15-yard penalty on Tusculum instead of the gain. Another pass failed to hit the mark, but after "Skeet" Shields went in with instructions, Crawford took a short lateral pass and stepped around his left end for 17 yards, be-

(Continued on page three)

Registration Is 866

The registration this semester at Maryville is the largest of college grade students in any year since the college's founding. The registration totals 866 students. This does not include students taking only music or expression, or kindred special subjects.

Registration for the first semester of last year was 835; for the second semester, 784; for the first semester of the school year of 1933-34, 754; for the first semester of the school year of 1932-33, 807.

Women's Glee Singers Announce 1936 Personnel

The Women's Glee Club will begin its activities for the new school year with an informal initiation for new members to be held on Monday evening, October 7, in the Y. W. C. A. Reading Rooms.

Although the membership is limited to twenty-four women, fifteen of these are new to this work this year. Following is a complete list of members:

FIRST SOPRANO: Leone Anne Brown, Calista Palmer, Elizabeth Kunkel, Jane Cobbett, Geneviene Tipton, Florence Bruno.

SECOND SOPRANO: Mimi Baez, Helen Chambers, Lilian Borgquist, Frances Nelson, Gloria Miller, Catherine Smith.

FIRST ALTO: Huth Romig, Bernice Gaines, Harriet Barber, Margaret Work, Wilma Pechak, Kathryn Adams.

SECOND ALTO: Jane Irwin, Virginia Worth, Constance Johnson, Jean Northrop, Gloria Davies, Jane Brown.

Under the leadership of the director, Miss Frances Henry, and the president, Calista Palmer, the organization is making plans for a musical production to be presented later in the year.

Athenians Foster Foster

The Athenian Literary Society will present a program based on the life and works of Stephen Foster, next Saturday evening. Stephen Foster, who wrote "Sewanee River", "Old Black Joe" and My Old Kentucky Home" has rightly been called the Father of the American Folk Song. The program, compiled during the summer by Walter West, will feature songs by the popular Faculty Trio, the Athenian Quartette, and solos by Don McArthur.

Fifty Roam Hills On Annual Y.M.C.A. Hike

Large Groups Will Return To Campus Tomorrow

Fifty or more Maryville students are getting acquainted with Mother Nature this week end, back in the remote fastnesses of the Great Smokies. The group left today on the annual Fall Hike of the YMCA.

The first thirty or more miles of the trip was made by truck, with Gregory Bald as the destination. Then the fellows took to their hiking and climbed for four and a half miles. They will spend the night several thousand feet up, where it really gets colder than it does on the campus when the heating system isn't working. The boys will eat three meals on the trip, cooked in the good old open spaces and flavored with the essence of wood smoke and pine needles. After viewing the glorious sunrise (unless it's raining) from somewhere in the vicinity of Cade's Cove, the most beautiful spot in the Park, the boys will make the descent and return to the campus, late tomorrow afternoon.

I'd Like Germany—Without the German!

An interview with Prof. Collins

By LELAND WAGGONER

I have always thoought I would like to have a talk with the famed traveler Richard Halliburton. An interview with Prof. Collins is very similar to an interview with Halliburton. Both Collins and Halliburton have apparently seen all there is to see in some of the European Countries. Both have seen it through the eyes of youth and both can tell many exciting tales of their travels.

In 1932 Prof. Collins went to Germany to study at the University of Munich. While there he learned much about the customs of our European neighbors. (His prmary purpose was to study the German language). After listening to his experiences onet is convinced that he learned everything except German; but from the reports which come from students of his classes he evidently learned much German at the same time.

A comparison of German Universities with American schools in an interesting aspect of his travels. There are several points on which a comparison might be based.

There, practically every institution of higher learning is a state owned school. In telling of his experiences Prof. Collins says " The schools there have no summer vacation." Then with a laugh he explains that "There are two semesters a year. One, from November to March; the other from May to August—leaving, as the schedules are arranged, a total of five months vacant." Point number one for the German schools.

The custom of greeting the

WHAT IS A POLICY?

At last— woe be unto our little secret—some wide awake prowler has caught the little boy with his nimble fingers in the cookie jar. Someone has actually inquired into the editorial policy of the Highland Echo, and after all these years.

Before we commit ourself, let us question this thing called policy. Should the editorial policy of a newspaper be so limited that it can be numbered off into so many statements of proceedure? Or rather, it would seem that the important question is: CAN the policy be so limited?

Obviously it cannot be, for nearly every new situation in the editing of news, features, and so called scandal brings to the front a point of ethics for which no provision has been made in a tabulated policy. The bulk of such a tabulation would render is clumsy and inefficient. It is true, however, that a newspaper can and will stand for certain practices in the writing of news, headlines, and advertising, just as the Hghland Echo trys to present attractively headlined news, well-written stories, and systematic typography. Such efforts, however, come under the classification of Style, not Policy.

Bearing these points in mind, then, let us suggest that the editorial policy of the Highland Echo will be to present to the students of Maryville College a well-rounded newspaper, one which presents a great variety of reading matter, and which is governed wholly by good ethics accumulated from centuries of journalism.

Club Roster

The new student may ask, "What clubs and organizations are there on the campus besides the Literary Societies, and what do they do?" The answer:—There are two classes of clubs, the state clubs and the science and language clubs. The state organizations are for the purpose of bringing together all the students from certain states for better individual friendships and for purely social entertainment. Science and language clubs bring together those interested in particular subjects and the meetings are conducted so that all may take part and all may learn more about their favorite hobby or vocation.

There are clubs for the following states: Alabama, Carolina, Florida, Ohio; the Triangle Club for New York, Ney Jersey, and Pennsylvania; and the Three-I Club for Indiana, Illinois, and Iowa. Other organizations include the Nature Study Club, Home Economics Club, "M" Club, Pre-Medical Club, Law Club and the Chemistry-Physics Club.

The Melting Pot

The immature perceptions and ideas of a small child who is just beginning to grasp the austere facts of this old universe are often interesting indeed.

The other day I had just finished lunch and had gone out to the porch to rest a while. There sat young Eddie, 5 years old, rocking away with all the gusto identifiable with the lad who has naught but the sinister tunnels and intrigueing slopes and plateaus of his sandpile to hinder his nomadic thought. Inevitably, it would seem, we became acquainted.

"You know," said Eddie, with a philosophical craning of his neck, "I'm a son. Did you know that?"

"I thought you were all the time," I said, with all the pride of one who has just discovered a hoax.

"Well, I am. And my daddy is a son, too. Are you a son, or a father?"

"I'm a son, too," I said, assuming a small degree of carelessness.

"Are you a son and a father?" he persisted.

"Only a son," I answered with some what of a sigh.

"You know," he said, bewildered, "it's a funny thing, but everybody's a son; my brothers, uncles, and even my sisters are their mother's sons I wonder if you can be a father and a son."

"I guess it depends on how you feel," I said, forgetting the scope of a lad's curiosity.

"How do you have to feel?" he asked. (The inevitable question).

I changed the subject. "What's your mother's name?" I asked.

"Well, my daddy's name is Mr.— and my mother's name is Marjorie Mother —. Did you ever catch lightenin' bugs?"

I got up and left. On the way uptown to the newspaper office I, a bewildered person, kept muttering tomyself, "I'm a son. No, I'm an uncle, a father's brother, a lightening bug, maybe an Aunt Hettie. Or perhaps I'm a little boy whose name is Marjorie Mother—."

Doubtless, long after I had gone the little boy was rocking carelessly away. I could only sit and marvel.

—B. P.

SCOTS PASS WAY TO WIN OVER TUSCULUM

Pioneers Wither As Scots Resort To Aerial Attack

Hulette, Blazer, Gray Feature 24-0 Win With Passing, Leading, Tackling

(Continued from page one)

ing downed on the 4-yard line. After two line bucks failed to gain, Crawford slashed off left tackle on a reverse to score the first marker. The try for extra point failed, as did all the following Scot efforts to convert the point after touchdown.

Soon after the opening of the second half, Tusculum gambled on a pass deep in their own territory and lost, as Jim Renfro, scrappy Scot center, intercepted the toss and took it back to the Tusculum 28 yard stripe. Blazer, Hulette, and Crawford made it first down on the 15 in four line plunges, Crawford picked up nine morn on a lateral, and then made it first down on the 2-yard stripe with a line buck. Three more drives netted a yard, and Blazer plowed through center on fourth down for the second Maryville score.

Early in the third quarter, after a 20-yard dash around end by Odell had put the ball on the Tusculum 45, from where Odell punted out of bounds on Tusculum's 12, Maryville got possession of the ball on the Tusculum 35 in the exchange of punts. At this point, Odell dropped back and shot a pass to O'Neal Gray on the 20-yard stripe, and the Scot captain sprinted down the sideline for the third Scot touchdown.

Maryville kicked off, and after several vicious tackles by Gray played a big part in stopping a temporary Pioneer drive, "Toots" Blazer intercepted a pass and carried it back to the Maryville 48. Gray then was relieved by Henry, and the aerial attack was tried again. Three perfect tosses out of four attempts from Hulette to Henry, mixed in with a few line plays, brought the final Scot tally, with Henry scoring on a pass across the goal line.

In routing the Pioneers, the Highlanders exhibited the same coordination, plus powerful drives and bruising tackles, that marked their play against Hiwassee last week. "Toots" Blazer handled the team superbly, in addition to making numerous needed gains, and Albert Hulette's passing was a deadly offensive weapon. "Corky" Crawford played a big part in the running attack, while Jim Odell kept the Pioneers back in their own territory most of the time with his punting. His kicks averaged over 40 yards from the line of scrimmage.

Captain Gray was the outstanding lineman of the night as he smashed through to make tackles from all angles. The line as a whole showed no noticiable weakness, and every man charged hard at all times, with Buck Millsaps and alternate captain, "Butter" Atchison coming in for several tackles.

Maryville gained 14 first downs to 5 for Tusculum. Every man on the Highlander squad who was able to play got into the game.

NET TOURNEY NEARS FINALS

Scot, Fischbach, Cummings Among Quarter Finalists

The Men's Fall Tennis Tournament has reached the quarter final round and the real fireworks is expected to start next week. With the field now reduced to some of the finest tennis players in the school, large crowds have been on hand to watch the matches nearly every afternoon. Ed Scott of last years tennis team is still providing most of the punch for the crowd. However, Ed Gillingham may cause him some trouble later on. Fischbach and Cummings are the two remaining faculty members in competition.

In the third round this week, Scott defeated W. Steakley by 6-0, 61. In the quarter finals, he will play Van Cise, who defeated Bill Meeks in the third round. Ed Gillingham advanced to the quarter finals by defeating George Lehr. He will play the winner of the Hhoms-R. Steakley third round match. In the quarter finals, also, Fogaris will meet Dave Woodling. Fogaris defeated Beamer to gain the quarters and Woodling triumphed over Harold Quigley. The two remaining third round matches involve the two faculty tennis stars. Dr. Cummings, the new star among the "profs", will meet Albright while Coach Fischbach is taking on Hurst.

All third round matches must be played by Saturday night.

Some communities show no evidence of doing anything to help themselves. They could strive to reduce local taxes and build local trade.

The time to advertise is right now!

The Highlander Roster

As the first month of football comes to a close, and the squad begins to take on a definite form after adding new faces and dropping others almost daily during the first two weeks of practice, a check of the present Highlander roster reveals a total of 47 players, including 8 seniors, 14 juniors, 6 sophomores, and 19 freshmen.

A list of the present squad, grouped according to position and including weights and years left to play, follows:

Ends

O'Neal Gray, captain, 158, (1); Bruce Alexander, 163, (2); Tollton Coulter, 155, (2); John Henry, 174, (2); Gid Johnson, 180, (3); Clair McLaughlin, 176, (4); Charles Eddington, 155, (4).

Tackles

Mose Gamble, 214, (1); Leon "Buck" Millsaps, 172, (1); Woody McFadden, 158, (3); James Proffitt, 173, (3); Jim Bagby, 182, (4); Jack Dunn, 182, (4); Obie Jenkins, 154, (4).

Guards

Frank "Butter" Atchison, alternate captain, 185, (1); Jim Holloway, 188, (1); Archie Pieper, 188 (1) Stanley Hall, 182, (2); Bill Holaday, 198, (2); Harold Burns, 147, (4); Thomas J. Robinson, 149, (4); Bruce Morgan, 140, (4).

Centers

Ralph Burns, 183, (2); Jim Renfro, 156, (2); Bill Cooper, 152, (4); (Johnson and Pieper).

Quarterbacks

Lamar "Toots" Blazer, 155, (1); Stanley "Skeeter" Shields, 137, (2); Alva Burris, 148, (3); Leon Widner, 144, (4).

Halfbacks

Wilbur Lossberg, 165, (1); Lynn "Corky" Crawford, 161, (2); Albert Hulette, 156, (2); Jimmy Rich, 138, (2); Arthur Smtih, 145, (2); Jim Odell, 176, (3); Winford Ross, 150, (3); W. L. Colombo, 140, (4); E. T. Dady, 145, (4); J. H. Eversole, 150, (4); Bill Land, 150, (4); Wilbert Looloian, 135, (4); Guy Propst, 146, (4); Paul Ed Tippins, 163, (4).

Fullbacks

Jack Overly, 177 (2); Bill Swearinger, 154, (2); Bob Jackson, 151; Charles Kindred, 165, (4).

Womens' Net Tourney Begins

The annual Women's Fall Tennis Tournament, boasting the largest field of contestants ever assembled at Maryville with a total of 66 entries, got underway Friday afternoon as a scattering of first round matches opened the play.

The exceptionally large number of entries will cause the first round to last through most of next week, with Saturday, Oct. 12, set as the deadline for frst-round competition. Afted that date, the matches should speed up considerably as the more experienced players begin to tangle.

Although a winner is hard to predict in such a large field, the following players have been seeded in this order: No. 1. Martha Evelyn McSpadden; No. 2. Sylvia Ammons; No. 3, Elizabeth McNamara; No. 4, Winifred Berst.

The Y. W. C. A., which is sponsoring the event, will offer a trophy to the winner.

Gray, Atchison Elected Captain And Alternate

Both Scot Leaders Are Strong Contenders For All Conference Selections

At a meeting of the Highlander football squad this week, O'Neal Gray, star end, and Frank "Butter" Atchison, second All-Conference team guard last year, were elected captain and alternate-captain, respectively to lead the team during the 1935 season.

After being shifted from one place to another in the line-up, with varying degrees of success, during his first two years on the squad, Gray finally found things to his liking at end last season, and his brilliant playing in the last half of the season brought him honorable mention on the All-Smoky Mountain Conference selection. His smashing defensive wing play pulled the Scots out of bad holes on more than one occasion last year, and the team is counting strongly on his ability to bottle up the opposing ball-carriers on attempted ends runs this season.

Beginning his fourth season as a regular guard on the Scot eleven, Atchison will be well able to take charge of the team when Gray is out of the line-up. "Butter" has been one of the strongest points in a strong Scot forward wall each year, and has proved that he is one of the outstanding guards in the Smoky Conference by winning a place on the second All Conference team during his sophomore and junior years. He is another regular who will be depended on heavily in the middle of the line this season.

I'D LIKE GERMANY

(Continued from page one)

teacher as he enters the class room is also different. After being in Miss Wilkerson's class one would suppose that each day, in a foreign language course, as the Professor entered he would be greeted with a pleasant "Bon jour, monsieur"—or other words to the same effect in German. This is far from being the case.

As a popular teacher enters he is confronted with the terrific noise of stamping feet. Everyone who loves his teacher stamps his feet loud and long. This serves as a greeting for the instructor and at the same time uses up several minutes of class time. (Prof. Collins declined to say what sign the students use as a Professor enters whom they dislike).

In a German school no questions are asked the student. There are no scheduled tests,, written lessons, or pop quizzes. When a student thinks he has gone to school long enough he takes a comprehensive examination and receives his degree. Another point scored for the German schools.

In Germany if a student is sleepy in the morning he need not trouble to rouse himself from sweet unconsciousness. No roll is ever taken in a class. There is no constant horror of overcutting.

While the situation is different now, up until the United States went off the gold standard an American student could take his American money, change it into Marks and gain enough in the transaction to pay a good part of his year's expenses.

Up to now every point has been decidedly in favor of the foreign schools. With the previous points in view it is lucky that we have any students left here in America at all. It would seem that they wiuld all be enrolled in some University in Germany.

Yes, but there is one factor that has not been reckoned. One thing that would make even the strongest of us lose heart about studying abroad. Every class lecture, every direction, in fact every spoken word is spoken in GERMAN!

VESPERS

Dr. W. P. Stevenson will speak on "The Secret of Success of Strength" at the vesper service Sunday night. The Vesper Choir will sing "Now Let All the Heavens Adore Thee" from Bach's cantata "Sleepers, Wake."

to western South Dakota and eastern Wyoming, directed by Professor Howard A. Meyerhoff.

By ferreting organisms out of the strata, they have uncovered information concerning the inundation in the Cambrian period of geologic time, linking the shallow waters which covered the Great Plains with a contemporaneous sea spreading from the Great Lakes to the Gulf of Mexico.

Of the three hundred and sixteen freshmen one hundred and fifty-eight are boys and one hundred and fifty- eight are girls. No girl should go undated.

For more than forty days Maryville has not had a real rain. Remember that next spring.

ATCHISON APPOINTS COUNCIL MEMBERS TO COMMITTEES

Mary Gladys Brown To Serve As Vice President; Badgett As Secretary Treasurer

Student Council committiees, designed to represent the student body in matters of social, technical, and administrative signficance before the faculty, were named this week, it was announced this morning by Frank (Butter) Atchison, president of the council.

Comprising the Student-Faculty Committee, a body which attempts to regulate matters of grievance and administration in consultation with the faculty, are Mary Gladys Brown, Joan Dexter, Edith Pierce, James Badgett, Archibald Pieper, and Bob Gillespie.

The Social Committee, in whose hands is entrusted the planning of general campus social enterprises, consists of Mary Gladys Brown, Ellen Hitch, Mary Frances Dunlap, Eleanor Bell, Joan Dexter, Minnie Lou Chittick, Ed Laverder, Dave Brittian, and Winford Ross.

Members of the Highland Echo Committee, who will serve on the Student-Faculty Publications Board, are Harriet Huffstetler, Marcella Ardern, Harold (Isham) Jones, and Dick Meadows.

Other officers of the council, elected last week, are Mary Gladys Brown, vice-president, and James Badgett, secretary-treasurer.

COLLEGIATE FLASHES!

NEW YORK (NSFA)—Reports from colleges throughout the country indicate an increase in enrolments averaging almost 3 per cent. This figure is based on unofficial advance figures which indicate that there will be more than 30,000 additional undergraduates studying this year and that the total number will at least equal the record figure set in 1929-30.

BERLIN (NSFA)— The Koesener Student Corps. formost and one of the oldest "fraternities" in Germany has decided to dissolve rather than submit to the new ruling which calls for the ousting of all activee members not of pure Aryan stock and alumni with one Jewish parent or grandparent.

CAMBRIDGE, Mass. (NSFA)—Dr. Kirtley F. Mather, Harvard geology professor, indicated that he would refuse to take the "loyalty oath" prescribed for teachers by the new Massachusetts law should the

(Continued on page four)

Point System Girls

COMMENCE SOCCER SOON

The point system, which is the extra curricular activity in sports for girls, has started with nearly one hundred girls participating.

To date twenty-eight freshmen, thirty sophomores, and forty juniors and seniors have begun soccer practice under the coaching of Viola Chambers. The soccer tournament will be held in about a month. The coming tournaments and names of outstanding players will be announced from time to time in the Echo.

The three groups meet on Tuesday and Thursday afternoons, the freshmen from 3:00 o'clock until 3:45, the sophomores from 3:45 until 4:30, and the juniors and seniors from 4:30 until 5:15. All girls who are interested in a certain sport are urged to report for practice whether or not they wish to try to earn letters by the point system.

Y. M. C. A.

The program for the Y. W. C. A. meeting on Sunday afternoon will be a continuation of the discussion of war and peace. Elizabeth Carlisle will be the speaker.

Dr. Cummings, Director of Personnel, will be the speaker at the Y. M. C. A. devotional meeting on Sunday afternoon.

Sackward Beniors Have Forward Party — Er, Some Such

From the Top of Your Toes To the Foot of Your Head —You're Backward

When a modern forward class has a backward party the contrast protrays the excellance of the class as well as meaning a good snappy party! That is exactly what the senior class is doing next Tuesday night at 8 o'clock in Bartlett Hall. The seniors are planning to make this, their first party of the year, such a success that for the rest of the year all the seniors will be 'party minded."

Chaperones for the evening are to be Dr Campbell and Miss Armstrong. Since the class is planning a series of parties, it has decided to have this one an open affair, and it is hoping everyone will dress backwards. (This doesn't mean to merely turn the wrong way before the mirror while dressing).

Everyone who comes to the party next Tuesday night is guaranteed a good time except the ones who are not dressed backward. They won't have such an enjoyable evening since they will not be admitted.

22 MEMBERS NOW COMPOSE ROSTER OF COLLEGE BAND

Miss Butcher Expresses Hope For Return of Band Spirit; Announces 10 Yearlings

Membership in the Maryville College Band now totals twenty-two, ten of whom are from the freshman class, according to an announcement made this week by Miss Mildred Butcher, directer.

In spite of the fact that interest in the band has been lagging for some years now, Miss Butcher expressed the hope that the large addition of new members, together with the purchase of a new portfolio of marches, would spell the return of most of this interest.

One trip has been planned for year, this to Johnson City on November 11, when the Highlanders meet the Buccaneers of East Tennessee Teachers College.

In commenting on the personnel, Miss Butcher said, "The most gratifying aspect of the present situation is the increased familiarity with band routine over that of previous years. There seem to be more advanced students this year than in others."

TO REGISTER EVENTS

A bulletin issued by the Administration gives the following information on scheduling events: to schedule a non-social public event—go to Dr. Hunter's office and request entry of your event: play, debate, athletic contest, concert, recital, etc. on the Activities Calendar.

To schedule a social event: (1) Go to Miss Caldwell to consult the general calendar so as to see if it is clear for the date you desire and secure from Miss Caldwell a permit card which she will sign. (2) Take card to Dr. Cummings who will indicate chaperones. (3) Secure the signatures of the chaprones and return card to Dr. Cummings' office five full days before the day of the event.

Attention Sophomores!

Herbert Hunt, business manager of the HIGHLAND ECHO, has issued a call for applications for the position of assistant busines manager from members of the Sophomore class. Previous experience is desirable and should be stated in the application. Applications may be left with Prof. Walker, of thee Faculty Committee on Publications.

TOOTS BLAZER

Interracial Meets

Would you like to forget your race predjudice? The Interracial Society cordially invites each college student to attend the first of its meetings at three o'clock Sunday afternoon in the Y. W. rooms to discuss interracial problems. Attending these forthcoming meetings will be representatives from many of the east Tennessee colleges including Knoxville College, Morristown College, the University of Tennessee, Carson-Newman, and Tusculum.

Hendrika Tol, president of the Interracial Commission will be in charge of a test to be given at the meeting to determine the knowledge concerning the negro.

Morgan and Luminati Announce Completion Chilhowean Plans

Moguls Confer With Benson Printing Company Heads On Theme, Design

Following a consultation with representatives of the Benson Printing Company, largest college annual publishers in the world, Bill Morgan, editor, and Charles Luminati, business manager, announced that plans were completed for the publication of the 1936 Chilhowean.

In rapid response to the initial subscription drive for thee 1936 yearbook, Cathleryn Smith became the first person to order her copy, while Alex Christie, former editor, was a close second.

Photographing of seniors is being carried on at the present time.

VESPERS

"Experience and Expression" is the subject of Dr. W. P. Stevenson's address at the Sunday vesper service. The Vesper Choir will sing Sir John Steven's arrangement of a Russian air, "The Vesper Hymn."

ODELL, GRAY PLAY GREAT DEFENSIVE GAME AGAINST L-R

Holloway, Gamble Gum Up Line in Veteran Fashion Tackle Bear for Safety

By DICK MEADOWS
(Echo Sports Editor)

Taking advantage of one of the many breaks of the game to score a safety late in the first quarter, the Maryville Highlanders grabbed a 2-0 lead over the Lenoir-Rhyne Bears which proved the winning margin last night as both teams battled savagely for victory in the most bitterly fought contest waged on Wilson Field in many months.

With scrappy Toots Blazer playing one of the greatest games of his career, Captain O'Neal Gray continuing his magnifcent defensive wing play, and the whole team blocking and tackling almost to perfection, Coach Honaker's rampaging Scotties took the fight to the Mountain Bears throughout the conflict to mark up their third straight triumph on the home field.

Only once was Lenoir-Rhyne able to pierce the Maryville 10- yard stripe, soon after the opening whistle, and then the Highlanders hurled back the Bear ball-carriers four straight times to take the ball on downs.

Closely following the Bear advance into Maryville territory, Jim Holloway recovered a Lenoir-Rhyne fumble to give Maryville the ball on its own 30-yard line. Jim Odell, who kept up his long range kicking the whole game, followed with a 50-yard boot from his 36-yard line a few plays later, and the Lenoir-Rhyne safety man recovered, but was smothered by Capt. Gray, "Butter" Atchison, and Jim Holloway before getting back across the line. The Scot tacklers were down the field almost as quick as the ball, and the Bear safety did not have a chance to get started before being smeared.

After scoring the safety for 2 points, the Scots began an advance which reached the Lenoir-Rhyne 9-yard stripe before being halted. Passes from Hulette to Blazer and to Henry gained most of the yardage, with Blazer taking a heave on the Lenoir 35-yard marker and fighting his way down the sideline to the 3-yard stripe, only to be called back for stepping out of bounds on the 30.

The last half was featured by the great defensive play of both teams, as Maryville kept the Bears backed in Lenoir-Rhyne territority most of the time, Bumgardner's long, high spirals pulled the Bears out of several bad holes, while Blazer's sensational returns of those punts,

(Continued on page three)

Staff Writer Tells Of Hot Dates In The History Of Maryville College Building Program

By ALEX CHRISTIE
(Echo Feature Editor)

"There were a great many boys in the building up to the last minute. Will you please notice whether there is any one missing at your table." That was the sobering announcement in the dining hall at noon on April 12, 1916. Carnegie Hall had been completely destroyed by fire that morning. Over 125 students were homeless, and almost half of them lost everything.

The old Carnegie Hall, built from the hard-won Forward Fund of 1908-9, had been in use for only six years when swept away by that tragic fire. In that time it had become known as one of the best dormitories in the South and sometimes had a waiting list of fifty or more. The loss was a staggering one.

Right at the time a movement was on foot to raise a Centennial Forward Fund of $300,000 for additional equipment and endowment. And now came this disastrous fire with the resulting call for more funds to replace the ruined dormitory. The need was imperative. The enrollment was increasing each year and accommodation was needed for twice the number rendered homeless.

Could the authorities withstand this staggering blow? Their answer was given in action. While the fire was still burning steps were taken towards rehabilitation, and preliminary plans gone over. As soon as the bricks were cool enough to handle a small army of students was scraping and salvaging them, and preparing the site for the new and enlarged building that was already envisaged.

Alumni and friends all over the land sent gifts and expressions of sympathy. The insurance was considerable. Faculty, students, and local business men all contributed. The interest in the New Carnegie was contagious.

The Maryville Chamber of Commerce realized the worth of the College and the importance of its contribution to East Tennessee. It rallied behind the building campaign with its full support and designated a day, May 22, 1916, as "The Maryville and Blount County Day." The Faculty, underpaid by comparison with faculties in other institutions, had already contributed five thousand dollars. The money was coming in.

May 22 was rainy, an unpromising day for house-to-house canvassing and public demonstrations. Nevertheless, students and faculty paraded throughout the town carrying banners while a committee of sixty from the

WE CAN ONLY ASK YOU TO SUPPORT IT

Whether or not it is justifiable, a part of a general program of apathy toward college organizations, or the result of the pressure of other activities, we can not help observing during the past few years the lagging interest shown in the college band.

In none of the football games this season has the band, marshaled by the bending antics of the unbeatable Kleemeier, marched down Wilson Field to the stirring beat of gridiron conflict. No more does it maneuver to form the traditional "M" before the home section, nor does it extend that courtesy to visiting collegians.

Many of us miss these activities, for we feel them to be built into the spirit of football. Their absence is not, as it would seem, the fault of the band, nor of the director. Rather, it is the result of general student apathy. True, the band needs another Kleemeier, it needs uniforms, it needs growth, but more than these it needs the moral support of a conscientious student body.

DON'T LET IT HAPPEN AGAIN!

As plans get underway for the publication of the 1936 yearbook the Editor and Business Manager are faced with the same feverish, reasonless, club-fed enthusiasm over the prospect of buying space that greeted the uninitiated eyes of the Editor and Manager of the last Chilhowean.

Without limit, it seemed, clubs met, talked dues, voted Chilhowean contracts, and had photographs made, all with an unpremeditation and haste that eventually left two worried officials tearing hair and gnashing teeth in a final effort to collect delinquent payments.

It requires no trained economist to point out to officials that the Chilhowean cannot exist much longer under the abnormal pressure placed against it by clubs showing such a lack of consideration for the yearbook's financial problems. Morgan and Luminati have in their hands the ability to guide the publication of a Chilhowean, the beauty of which has never before been seen on the Maryville Campus, but they are helpless before club irresponsibility.

It isn't the refusal of the club to buy space that hurts; it is the failure of the club to fulfill its contract. And so, with all sincerity, we ask this question: Are we going to let the Chilhowean down this time?

Babies are the only human beings who wouldn't crowd a courtyard to see a man hanged.

The Weakly Filibuster

By SENATOR HEGNER

Last week I heard someone remark that the Senator's punning was lousy. Naturally. What do they think I'm trying for—Perfection?

* * *

Was it just a coincidence that one night last week I saw two of the lads leaving the local opery (the only one with comfortable seats) in company with feminine faculty? If it was, why were the gents wearing hats?

* * *

At the Tusculum game the announcer was heard to say that a penalty had been called on Maryville for taking too much time. Immediately the president of the Y. W. whipped out with—"Maybe Maryville didn't have a watch." Don't look now, but isn't that a darb!

* * *

Each week the Senator will award something ranging from a bouquet to an ink blot for the best slip of the tongue. Blondie gets the buttered pretzel. Pettit—"Why worry about the exams next week, you don't have to study for them." MacEnteer— "Oh yes I do. What do you think I am, Intelligent?" Could that have been a slip?

* * *

Of all the sad surprises
There's nothing to compare
With treading in the darkness
On a step that isn't there.

* * *

Practically a scoop? There is a new "Stage" magazine on the rack in the library. Don't rush now.

* * *

The Senator has advance dope:—the Sophomore Hallowe'en party will be in town, and open.

* * *

At the next pep meeting it will be necessary to see that Peterson doesn't get a seat on the front row. His heart isn't up to standing much crooning.

* * *

The Gabbard—Lehr Spelling and Cheering Club held its weekly meeting at the last football game A good time was had by all.

* * *

The best laugh at Thursday's pep session was the expression on Don Hallam's face after someone had flipped a matchstick into the large end of the megaphone.

* * *

Those of you who write in to criticize the Weakly Filibuster please endeavor to find better adjectives expressing your feelings. Terrible, awful, punk, and crummy are becoming trite. In fact they are awful. And there is no need to enclose a self-addressed envelope. I haven't got time to answer the letter.

H. C. MANLEY, Mgr.

The Melting Pot

The story of the week concerns the escapade of four freshmen, who, having become familiar with the many scenes pictured in the feature section of the 1935 Chilhowean, spent fully four hours last Sunday afternoon in the college woods in search of the waterfall.

— B. P.

* * *

There are approximately 850 sadly disappointed students on the Hill this week. Many were the plans of just what each one was going to do with the new Chevrolet he was going to win. Many town people had made similiar plans.

Just before the drawing someone asked the question: Who is going to win the car? Bill Wine, salesman for the Davis Motor company, replied "Why I am. I have the ticket rigth here." he held up the ticket that he considered to be the lucky one. A few minutes after the drawing it was it was discovered that he prophesied correctly.

Chamber of Commerce was visiting business houses and home receiving gifts and subscriptions to the new building.

The new Carnegie was finished in December, 1916 and occupied in the next month. April 12, 1916 had been a sad day for Maryville College. The situation looked black, but out of it came a bigger, better, and more commodious structure. Today Carnegie Hall stands a memorial to the zeal and unselfish efforts of Maryville's Board of Directors under the enthusiastic leadership of President Emeritus Wilson.

Man is the most neglected animal in the world. When he is born, his mother gets all the attention, when he is married, his bride gets it, and when he dies his widow gets it.

FROSHCRAX

Many a young man has learned the value of truthfulness at his mother's knee, or across his father's.

* * *

The Lord made woman beautiful and foolish. Beautiful that men might love them, and foolish that they might love the men.

* * *

The trouble with many a girl is that her weakness for boys is too strong.

* * *

It takes two to make a bargain, but it only takes one to get stuck.

* * *

The height of curiosity is paying $500 to see your appendix.

* * *

When you start out to leave your footprints on the sands of time, be sure you don't end up by leaving your fingerprints in a police station.

* * *

The face on the barroom floor killed one man outright but a lot of feminine faces nowadays cause nothing but slow torture.

* * *

It's a good thing for most people that mirrors can't laugh.

* * *

It takes about 1500 nuts to hold an automobile together but it only takes one to scatter it all over the landscape.

* * *

Man is a worm. He comes along, wiggles about a little, and then some chicken gets him.

On The Bench

... with ..

The SPORTS EDITOR

Two powerful gridiron elevens locked in a savage death-struggle last night on the battle-torn turf of Wilson Field, and the better team won. Coach Pat Shores, who did his football playing under Coach Honaker here at Maryville, brought a great defensive team to contend with his old coach, but Coaches Honaker and Thrower had a greater one to welcome his invasion. The Fighting Scotties were not to be denied last night, and it is the firm belief of your humble scribe that a touchdown would have been scored had it been needed for a winning margin.

* * *

While the Scots and Bears were waging their colorful warfare, with its fumbles, intercepted passes, bruising tackles, driving blocks, and booming punts, two Scotties weighing less than 160 pounds, Toots Blazer, quarterback, and O'Neal Gray, end, were playing a brand of football good enough for any man's team. The fiery Scot quarter was a constant threat to the Bears with his punt-returns and line-slices, and Captain Gray was in the Lenoir-Rhyne backfield about three-fourth of the time. When naming Maryville players who came into contact with the Lenoir-Rhyne backs, howver, not a single one should be omitted. Just glance down the Maryville line-up and you will see a list of athletes who played a real game of football last night.

* * *

A new tennis champion reigns on our campus today—Dr. John R. Cummings, Director of Personnel. Entering the tourney a somewhat unknown quantity, Dr. Cummings soon had spectators dizzy trying to keep up with his sizzling drives, and opponents were lucky to win games, much less sets. After reaching the final round without losing a single set, the new champ put on steam to keep his record clean by disposing of Coach George Fischbach, a former Maryville College champion, in straight sets. 6-3, 6-4 7-5.

Winning tennis matches, however, is nothing new to Dr. Cummings. He was no. 1 man on the Westminister, '24, winning the Northwestern Penna., team during 1923, '33, and Penna. championship in 1934, and coached at Trinity University, of Waxachachie, Texas, the past six years. He has played in numerous tournaments in Texas, Ohio, New York, and Pennsylvania.

* * *

Some people have to have an almost uncanny ability to win, no matter what they undertake. Steve Boretsky for instance. As most of you know,, when Steve was roaming the touchdown plains for Maryville, he made all-conference tackles look like highschoolers in an open field; on the mat, he made opposing wrestlers wish they had never been born. Now Steve is coaching football at Townsend High. Although only two lettermen reported for duty, Steve's boys opened the season by holding an outfit which considered Townesend a warm-up opponent to a 0-0 tie. The following week Townsend copped its first victory, and last Friday Alcoa High took its first licking at the hands of Townsend in the history of the two schools. The third straigh triumph was chalked up yesterday. Yes sir! Steve is just one of those people who has what it takes to win!

CUMMINGS HALTS FISCHBACH TO WIN FALL TENNIS CROWN

Fischbach Beats Woodling; Cummings Takes Scott To Gain Finals

Dr. John R. Cummings drove his way to the top in Maryville tennis circles Friday with an impressive straight set win over Coach George Fischbach by score of 6-3, 6-4, 7-5, in the finals of the Mens' Fall Tennis Tournament. In addition to winning by straight sets in this match, Dr. Cummings, Maryville's new registrar and Religious Education instructor, did not lose a set in the entire tournament.

The final match was played before one of the largest crowds ever to watch a Maryville tennis match. The terrific serves and well-placed returns of Dr. Cummings were easily the feature of the play, with Fischbach unable to match the speed of the new faculty member.

The two faculty members gained the finals by defeating the last remaining students in the play. Dr. Cummings conquered Ed Scott, highly favored early in the play, in straight sets. His brilliant playing in that match was only surpassed by his performance in the finals.

Coach Fischbach defeated Dave Woodling in his semi-final match. The tennis instructor won the last three out of four sets to take the match. Up to that time, Coach Fischbach had not lost a set in the tournament.

SWIMMING

Coach George Fischbach called the first unofficial meeting of the 1935-36 Highlander swimming squad last Wednesday afternoon for the purpose of organizing a preliminary training period before the regular practice gets underway.

The squad will meet twice a week, on Monday and Friday afternoons at 5, for one-hour workouts. All who plan to go out for the team are expected to take part in these early swims unless now engaged in some other sport.

Honaker's Men To Engage King In S. M. C. Battle

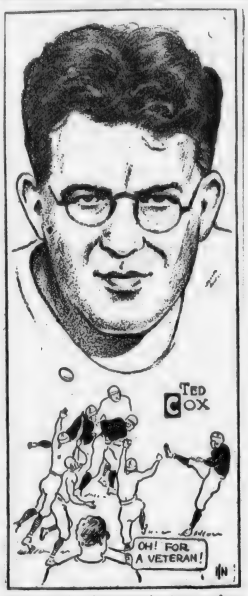
Highlanders Seek 2nd Smoky Conference Win Friday Night At Kingsport

After a three-weeks stand on home soil, Coach Honaker and the Scot gridders set out next week for Kingsport, where they will meet King College, of Bristol, Friday night under the arc lights in the second conference tilt of the season.

The strength of the opponents is not known, as they have met none of the Scot opponents to date. They were beaten by the strong Emory and Henry eleven to the tune of 31-0 last week and tied by Tennessee Wesleyan 7-7 earlier in the season.

As in past seasons however, the men of King will be out to give the Highlanders a real battle. Last year, the Scotties trimmed the Tornado, then one of the strongest contenders for the conference crown, by a score of 6-0, Blazer scoring the winning marker.

Cross-Country Team Meets U.T.



Distance Men To Run During U-T—Alabama Game

Next Saturday marks the opening of the current cross-country season as the Scot squad journies to Knoxville for a meet with the Vols of U. T. Led by veteran Stuart Snedecker, who showed his heels to the entire Vol outfit last year, the squad has hopes for a repitition of last year's victory.

The meet at U. T. will be timed to end on the football field during the half-time intermission of the Alabama—Tennessee game. Last season, the five Scot runners finished in the first eight places. The present squad is of about the same strength. Nothing is known of the Vols, but, under thee coaching of Blair Gullion, newcomer to Vol athletics,, the Tennessee squad may be one of the best known.

In addition to Snedeker, four other runners, Roy Talmage, Donald Rugh, Bob Downes, and Steve Dmytriw, won the right to compete against U. T. tryouts yesterday afternoon.

A father is one who thinks that every young fellow who comes around the house is trying to marry his daughter. A mother is one who is afraid he is not.

Loss of all of last year's stars makes Ted Cox's job as grid mentor at Tulane anything but a sinecure. He had only a few lettermen left after the diplomas were distributed last June and the Green Wave may be hardly more than a ripple this Fall.

NEW YORK (NSFA) —A new series of broadcasts will be featured this year by the National Student Federation during its weekly program over a nation-wide Columbia Broadcasting System hook-up. The first of these programs will be heard October 16 and will be continued each Wednesday afternoon from 4:00 to 5:15 p. m., Eastern Standard Time.

This will be the sixth year that NSFA has maintained a radio program through the courtesy of the Columbia Broadcasting System. Last Spring student speakers were heard on public affairs.

Whoever named a certain type of American youth "sheik", certainly played a low trick on the Arabs.

SCOTS ANNEX BITTER GAME FROM BEARS

Safety In 1st Period Is Lone Srore as Scots Win, 2-0; Blazer, Gray Stand Out

(Continued from page one)

behind hard Scot blocking, forced the Bears into more tough spots.

The Highlanders continued the good teamwork of the first two homefield triumps, with every man, including starters and substitutes, taking care of his position in first rate manner. Big Mose Gamble played one of his best games to stand out in the line along with Gray.

Maryville registered eight first downs to five for Lenoir-Rhyne. The Scots completed six passes out of eighteen attempts, while Lenoir-Rhyne made good four out of seven trials.

The lineups:

Lenoir-Rhyne	Pos.	Maryville
Bumgardner	LE	Alexander
Womack	LT	Gamble
Reynolds	LG	Holloway
Huss	C	Renfro
Sanders (C)	RG	Atchison
Geitner	RT	Millsaps
Icard	RE	Gray (C)
Perry	QB	Blazer
Ward	HB	Crawford
Mauney (Buck)	HB	Odell
Sigman	FB	Jackson

Score by periods:

Lenoir-Rhyne	0	0	0	0	—0
Maryville	2	0	0	0	—2

Substitutions:

Lenoir-Rhyne: Kilpatrick, McSwain, Lockman, Poovey, Rittenhouse, Amendola.

Maryville: Overly, Dunn, Hueltte, Henry, Coulter, Shields, Widener, Rich, Holladay, Johnson.

Ackerman, Edward—6.4, Adams, Kathryn—6.3, Armstrong, Margaret —6.6, Ash, Hugh— 6.0, Brown, Malcolm—6.4, Brubaker, Edward — 6.7, Dewell, Mary Frances—6.0, Echols, Clara Dale—7.3, Enloe, Roberta—6.4, Ertzinger, Eloise—6.3, Everhard, Mary Alice—6.0, Gamble, Frances—6.0, Gillingham, Edward — 6.2, Haines, Mary E.—6.2, Harrar, Carolyn—6.4, Hillard, Ernest—6.0, Hunter, Jane Lloyd—8.1, Jacobs, Mildred —6.0, Johnson, Constance—7.8, Lady, Helen—6.1, Lancaster, John Earle—8.9, Lodwick, Marian—6.0, McConnell, Beatrice—6.0, Maas, David—7.9, Maguire, Helen—6.8, Minear, Marvin—6.5, Myers, Irene—6.1, Orr, Louise—6.8, Perrin, Frances—6.0, Powell, Clyde W.—6.2, Proffitt, James N.—6.7, Scott, Evelyn—6.3, Shaw, John—6.1, Spencer, Simpson —7.3, Stafford, John—6.0, Trotter, Mildred—6.6, Wallace, Joseph—7.3, Weyer, Albert—8.1.

Club Roster

Substituting for biscuits and goo a tasty breakfast cooked over an open fire the members of the B. G. Club ate in the college woods Wednesday morning. Plans of future events have also been made. Since it is the custom of the B. G's to maintain a membership of eight Calista Palmer will fill the vacancy left by Mary Wilson who did not return this year. The initiation will take place next week. The girls are looking forward with pleasure to a hike which is planned for the week end of October 20.

THE TRIANGLE CLUB

The Triangle Club started its annual fall picnic this afternoon at 2 o'clock to last until supper time. The club, which is the largest club at Maryville College, is composed of students from the states Pennsylvania, New York, and New Jersey.

VIRGINIA CLUB

The following officers were elected to serve the Club for the coming semester at a meeting held last Tuesday evening:

President— Reginald Garrett
Vice-Pres.— Alvin Thoms
Secretary—Ethel Ann Flannery
Prog. Secys. — Harriette Gray, Gerald Beaver
Editor—James Wade

Le Cercle Francais held a short business meeting, October 2nd. Plans for a picnic were completed. New members will be initiated then. The picnic will be Saturday October 19th. The next meeting will be October 16th.

COLLEGIATE FLASHES

(Continued from page one)

University ask the faculty to subscribe to it. He said he believed most Harvard professors would be with him.

Dr. Mather characterized the oath bill as undemocratic and as constituting "the entering wedge in America for additional legislation that ultimately would regiment all schools, churches and cultural institutions in obedience to to whatever state officials happen to be in power."

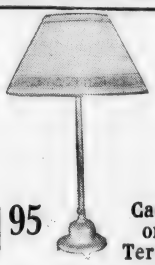
MINNEAPOLIS, Minn (NSFA) An algae sandwich and some sea moss pudding may be a lunch-counter order of the near future if Americans take to heart the advice of Dr. Josephine E. Tilden, professor of botany at the University of Minnesota, and add more seaweed to their daily diet. "No other known food," declares Dr. Tilden. "contains such a wealth of minerals and vitamins."

TALLAHASSEE, Fla.— (NSFA) "Where America Stands Today in World Affairs" was the subject discussed at a meeting of the NSFA Forum at Florida State College for Women. This is the first Forum to conduct a discussion meeting this year.

This demand is a prerequisite of the Student Corps' membership in the Nazi Students' Union which is designed to include all German students. Only members of this organization are eligible for teaching or government posts after graduation. It is expected that other Student Corps will follow the Koesener lead because existence without membership in the Union would be a serious handicap.

Marriage is a partnership until eight or nine kids clutter up the place, then it becomes a corporation.

MELTING POT



(Continued from page two)

came very near having to go through the experience.

Last week a friendly looking pooch approached one of the better looking Freshman girls (a dog of course—not a boy). It snapped at her and left deep tooth prints on her shoe. She laughingly told the matron a mad dog had bitten her. A little later the dog bit a small boy. The dog's head was sent to Knoxville and was reported to have really had rabies.

HIGHLANDERS TAKE 21-0 DEFEAT FROM CUMBERLAND TEAM

O'Neal Gray Plays Stellar Line Game As Scots Lose Homecomer

By DICK MEADOWS
(Echo Sports Editor)

Led by fleet—footed Lindsey Donnell, the most elusive ball-carrier seen on Wilson Field this season, an aggresive, hard-driving Cumberland University eleven routed the Highlanders by a 21-0 score last night, in spite of the magnificent defensive play of Captain O'Neal Gray at end, before a large gathering of Homecoming fans.

The Cumberland outfit swept the Highlanders off their feet in the first half to roll up the entire 21 points, with only the sterling play of Captain Gray, who turned in the greatest defensive game payed by a Maryville end in many years. saving the Scots from a worse defeat. Gray smashed through time after time to nail the Bulldog ball-carriers before they could reach the line of scrimmage, often pulling the runners down from behind as they circled the opposite side of the line.

After the merciless Bulldog onslaught of the first half had practically clinched the victory, the Highlanders battled Cumberland on more nearly even terms the last half, with Jack Overly, veteran fullback, leading the Scot attack to assist Gray in furnishing the highlight of an otherwise hapless night for the locals. Overly pulled the Scots out of a bad hole early in the third period by slicing through the center of the line from the Maryville

COLLEGIATE FLASHES!

By NSFA Service

NEW YORK (NSFA)— A national survey of student living conditions has been launched by the National Student Federation to determine the best manner of operating undergraduate services. Books, laundry, food. lodging and tailoring are some of the items under consideration. An attempt will be made to compare the different ways in which these services are provided for on each campus. The results will then be distributed in the form of recommendations. Student operated services will be compared to cooperatives, college operated and private srvices.

NEW YORK (NSFA) — Debate teams representing Oxford and Cambridge Universities, which will arrive here October 29 for tours sponsored by the National Student Federation, have announced their personnel and the issues to be discussed with American college teams.

Representing Oxford the following are making the trip: Richard U. P. Shuttleworth, Treasurer of the Oxford Union Society, and A. W. J. Greenwood, President of the Oxford Union Society and the Oxford Labour Club, and a vice-president of the British University Labour Federation Cambridge will be represented by C. J. M. Alport, Boxing Captain and President of the Pembroke College Debating Society; and John Royle, member of the Standing Committee of the Cambridge Union and Secretary of the Peterhouse Debating Society.

Subjects selected by the Oxford

Athenian Offers Tarkington Play

Last Year's Cup-Winner Picks "The Man From Home"

Athenian Literary Society has chosen for its midwinter the play "The Man From Home". a comedy written a good many years ago by Booth Tarkington. Recently, Tarkington, in colaboration with Harry Leon Wilson has rewritten the old play, adapting it to the modern stage. "The Man From Home" will be the first of the four mid-winters this year and will be presented on Friday night, December 6. On this play the Athenian Literary Society builds its hope of again winning the dramatic cup which it won last year with "The Goose Hangs High." Mrs. West will direct the production.

ORATORIO SOCIETY HOLDS REHEARSAL FOR THE MESSIAH

Annual Presentation Of The Messiah Will Occur On December 15

At the first meeting in the 1935-1936 season, the Maryville Oratoric Society, under the direction of Miss Frances Henry began rehearsals for a presentation of Handel's "Messiah" on the afternoon of December 15 More than one hundred and twenty singers were present for this first rehearsal, and constructive work on the oratorio was begun.

It is possible for students and others to participate in this program. Anyone interested should report for rehearsal to Voorhees Chapel an Sunday afternoon, October 27, at three o'clock, or to Miss Henry at some time during this week.

—o—

BRADSHAW OF HARVARD TAKES CAGLE'S PLACE

Succeeding Prof. Cagle, who last week was called to fill a position in the bureau of Standards. at Washington, D. C., Dr. B. C. Bradshaw, lately of Harvard University, has been appointed Associate Professor of Chemistry. Dr. Bradshaw started his academic work at Bethel College in Kentucky. He also did work at Transylvania and Vanderbilt before securing his doctor's degree at Harvard.

College Players Will Present Raphael's "Peter Ibbetson"

Gordon Bennett, Martha Sue Cornett Will Play Leads In Annual Production

Peter Ibbetson has been selected by the College Players for presentation in the third week of November. The play is an adaptation by John N. Raphael of George du Maurier's novel.

The locale is France and Mid-Victorian England. The action shifts from Hopshire to Passy, and back to London and Newgate, where Peter has been imprisoned for the slaying of Colonel Ibbetson. The major interest of the play concerns the love of Peter Ibbetson and Mary, once his playmate, who has become the Duchess of Towers.

Miss Holland is coaching the production. The stage-manager is Bernard Boyatt; the assistant stage manager is Dorothea Stadelmann.

The characters are:

Peter Ibbetson, Gordon Bennett; Colonel Ibbetson, Peter Kosloski; Major Duquesnois, Evan Renne; Mr. Litot, Robert Gillespie; Raphael Merridieu, Wilson Leathers; The Bishop, Malcolm Brown; Charles Plunket, Edmund Opitz; Achille Grigoux, Ellis Hill; Mary, Duchess of Towers, Martha Sue Cornett; Mrs. Dearie, Catheryn Smith; Mrs Glyn, Sylvia Ammons; Madge Plunket, Clara Balcom; Lady Diana Vivasle, Florence Parks; Victorine, Marjorie Fleming; A Sister of Mercy, Dorothea Stadelmann; Mme Seraskier, Margaret Armstrong M. Pasquier De La Mariere, Irene Browder; Gogo, Virginia Pennington; Mimsey Seraskier, Ruth Lloyd; Guy Wainwaring, Earl of Christhurst, Tom Bryan.

—o—

Bainonian Selects Midwinter Cast

"The Stubborness of Geraldine" Is Mid-Winter Choice

The selection and organization of the cast of the Bainonian mid winter play has been almost completed. The play, which was chosen recently will be "The Stubborness of Geraldine", by Clyde B. Fitch. It is expected that rehearsals will commence within the next week or two, and that the play will be ready for presentation on December 13. Mrs. West will coach the production

The two leads will be played by Ellen Hitch and David Maas. and the complete list of the cast will be ready for publication soon. Catherine Smith will act as stage manager, and Anne McCambridge as business manager.

To a Master

AN EDITORIAL

Like a lone, bright star in a wilderness of musical uncertainty, Bohimur Kryl convinced at least fifteen hundred Maryville and East Tennessee folk Thursday afternoon and night that all is not yet lost in the cause of fine music.

Much has been said, and no less remains to be said, of the finesse and precision with yhich the Kryl Symphony Band follows the rhythmic movements of its master's hands through such intricate compositions as "Scheherazade" and the beautiful Second Hungarian Rhapsody", but who would often speak of the leadership of a conductor—unless he would speak of the masterful conducting of Bohimur Kryl himself.

Intensly and unbrokenly, it seemed, we watched his every movement, and when the heavy crash of symbols and deep-throated rumble of bass horns often left us groping for some interpretation, Kryl did not fail us. This is truly characteristic of the conductor who not only loves his music, but also lives it.

—and therein lies a tale

By DORIS WOODWELL

In that very interesting booklet entitled "Standards and Rules" which is given to all freshmen, one sooner or later comes across paragraph 58, beginning: Women Students May Go To Town—This statement is worthy of more than passing attention. Anyone who has read the preceeding pages could not help being impressed by the tactful wording of the rules of conduct and priveleges. The word "don't" is never used but it is plainly disguised and clearly understood.

Women students may go to town. And so they do. Somewhere near the door of each dormitory there is a paper upon which each girl is required to name her destination, the time she leaves the campus, and the hour of her return. This action is called "signing-out". Three hundred and sixty-two times the girls living in Baldwin Hall signed out during one school week of six days As there are one hundred and forty-six rooming there the average nuuber of times one goes to town is about two and a half per week.

Few of them seem to have the least idea what her destination will be. Only ten stated that they expected to go to a show. On a Monday a resident from Baldwin will seldom leave the campus unless she wants to shop. Tuesday is the favorite one for seeing the doctor or dentist, and on Wednesday she will probably go visiting. Thursday is the most unlikely day to come across your girl friend in town. Friday is the most popular time for an appointment at a beauty parlor. All day Saturday the girls go to to town in increasing numbers. It is interesting to note that on that day not a single one said that she was going to any of the three possible theaters. Ninety-seven possible patrons from Baldwin alone turned them all down.

By computing totals we find that we have but a general idea of the reasons for seventy-three of those hundred and sixty-two trips off campus. Two hundred and eighty-nine must remain unknown, and therein lies many a tale!

Bartlett Hall Stands As A Memorial To China And Kin Takahashi

By ALEX CHRISTIE
(Echo Feature Editor)

Maryville's first football captain weighed 125 pounds and was only five feet two. He was Kin Takahashi, a Japanese who had been disowned by his parents when he became a Christian. In 1888 he came to America in search of an education and enrolled at Maryville.

During the seven years of his stay in Maryville's preparatory and college departments his natural ability and initiative made him the outstanding student leader of his day. In addition to his athletic activities, he edited an occasional paper, "College Days", started the movement for the student-help program, and led in religious activities.

His greatest achievement was the building of Bartlett Hall, a monument to his gratitude and leadership. He felt so indebted to Maryville and America that he resolved to do something "to show his gratitude." That something was Bartlett Hall built as a headquarters for athletics and religion.

A year or so before his graduation he started the building fund campaign, and with the money collected in that year he had over a quarter of a million bricks made by student labor. He spent two after graduation at his own expense soliciting subscriptions and supervising the laying of the foundation and building of the walls.

Having raised in three years enough to assure the completion of the building, in 1897 he returned to his native Japan where he felt a larger task awaited him. The task of finishing Bartlett Hall was left to others who had caught the sacrificial spirit of Kin Takahashi. The Hall was finished in 1901, and although improved in 1911, it stands today substantially as Takahashi planned, and is indeed a fitting memorial to his zeal and gratitude.

In the original plans a swimming pool was to be built in Bartlett basement. However. there was not enough money for this purpose and the swimming pool was not built until 1915. Though not under the same roof as Bartlett it should be considered as part of that unit.

Kin died in 1902 having burned himself out in service to his brother Japanese. He had worked with the

The Highland Echo Is A Charter Member of the Tennessee Collegiate Press Association

We are not concerned at this particular time in the argumnts for and against the value of our own student council, for we feel that those should be relegated to the senior class. We do know this, however, that those persons who attended the As-You-Like-It in Thaw Hall last Saturday night had a good time, and those persons who had a good time want more functions of the same calibre. Also, we realize and therefore must recognize, that Maryville students are indebted solely to the student council for this kind of entertainment, and that the student council is the most adequate body on the campus for bringing it to pass.

Won't somebody draw a conclusion?—The Editor is busy with a headline.

The captain of the Harvard University football team has resigned because of this infraction of a rule forbidding the acceptance of money or other valuable considerations from any person excepting those on whom he is naturally dependent for financial support. The Harvard player declares that he did not know of the rule. However, it is not to be expected that a college player should be ignorant of the spirit of the amateur code. Even high school players are quite familiar with the standing of an amateur. They know that the acceptance of money is a violation of the code when it can be traced in any way to ability as an athletic performer. The difference between an amateur and professional has been defined enough times so that any person engaging in athletics ought to know.

Nevertheless there is much violation of the amateur code in both the college and secondary of the country. We wonder of there would not be a large group of football players in the same same classification as the Harvard captain if the exact situation were to be revealed in every college in the country. How many of the players on football teams could honestly say that they did not receive money or other valuable consideration, as an inducement for them to attend college and try out for the football team? There is a need of housecleaning. Perhaps the episode with the Harvard captain as the leading character may serve to start such a movement.

—Selected

The Weakly Filibuster

By SENATOR HEGNER

Several weeks ago I saw one of the Brown gals playing golf with Walt Coker. Drop up to the room some night when my roommate is out, Archie. I'll lend you his mashie and a tennis ball.

* * *

Dr. Shine asked a student where he would find the meaning of tough words found in a magazine article. The answer is probably the dictionary, but the Senator would just read another story.

* * *

Angrad told me this one on one of the stickler-forneatness professors. The good Doctor picked up an apple core in the classroom, held it aloft and inquired: "Does this belong to any of you students?" From the backrow came: "That's all right Doc, keep it. You saw it first."

* * *

Credit for a good one goes to a Senior. He remarked that the Senior party was the first one he had ever attended where the crust was served first and the apple brought in later.

* * *

In American Government class cabinet members were being discussed. Fisher and MacCalmont, with the aid of an almanac, reported that Sec. of the Treas., Wm. Woodlin, was on an indefinife leave of absence. That's right, boys,, in fact—he's been dead for over a year.

Some of the walks on the campus are badly in need of paving and I suggest that nothing better could be found for the job than some of that breakfast toast.

* * *

Interesting personalities: Joe Cortese, whose feat in the Ethics class seats can't be beat; Paul Hartman in Athenian stating that his interest in work was chiefly financial—ain't that unique fellers; Bob Borcer, who wishes to trade his title for that of Henry VIII; Dick Barton the man that can room with Collins for two years and still be serious.

* * *

Nothing trivial has happened this week, so the Senator will not aware any cheese sanx. Hunger is upon him.

* * *

Dr. Lloyd advised one of his classes on how to show all the earmarks of a collegian. Dripping "categorical imperative" from the tongue was one of the earmarks. That may be all right for some, but the Senator would rather prove his exposure to college by wearing a sweatshirt and dirty corduroys.

* * *

A bird to the student who wanted to know if there was a double funeral for the husband of Queen Gertrud and the father of Hamlet. Don't look now, but they are one and the same.

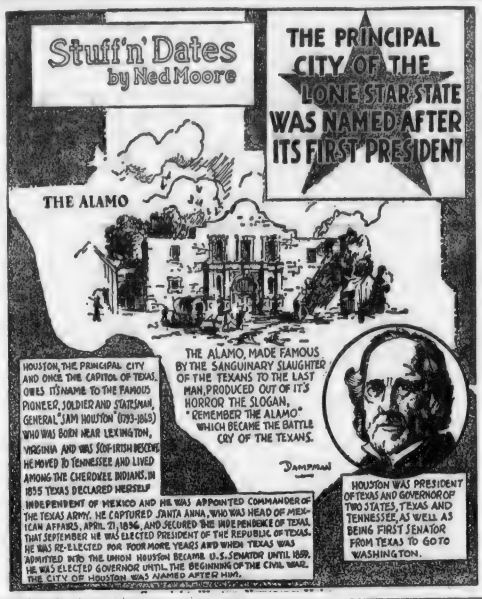
Prof. Queener says that his classes have their best recitations when he does the talking. Check.

* * *

We don't want to say anything but where are those Frosh (3 P. M. in front of Thaw) lovebirds going to go when the heavy weather sets in?

* * *

After a long and hard fought battle with his conscience, the president of student council has been prevailed upon to accept complimentary tickets to the Sophomore Party. Glad to see your better self triumph, Butter!



* * *

Believe it or not, sometime Monday a dime will be hidden back of the piano in the Ethics classroom. A reader of this column will be the lucky finder. Please leave a receipt for the dime and your name will be published.

Gordon Bennett reports that it has been so dry in his home town that they have to pin on the postage.

* * *

According to Ralph, in olden times parlor dates were meant for proposals. Maybe one still has to be careful.

The Melting Pot

A WEEKLY FEATURE

At the Triangle Club picnic the gang was playing a game designed to make the club members acquainted with each other. After forming in a circle each person asked the full name of the person on each side of him. The individual who was "it" approached anyone he desired to, pointed a finger at him saying "Addis" or "Ababa" as he chose. "Addis" demanded the name of the person on the right of the one pointed at whereas "Ababa" demanded the name of the person on the left. Immediately after calling "Addis" or "Ababa" the one who was "it" began to count to ten. If he who was pointed at gave no answer, the wrong name, or was slower than the counter that person became "it". The boy standing beside Professor Ralph Collins was called upon to name "Addis". "Er, a, Tom Collins", he blurted out and then watched the amphitheatre grow to about ten times its natural size.

—E. G.

* * *

In the "get acquainted" game played at the Triangle Club picnic Dick Battaglia jokingly gave his name to the girl next to him as Alexander Poppopapopolus. After the game was ended each person in turn gave his name and home address to the whole group. When it came Dick's turn he said, "Dick Battaglia, Kenilworth,, New Jersey. A girl on the opposite side of the circle looked perplexed and exclaimed, "Why, I thought he said his name was Alexander Poppopapopolus."

* * *

—E. G.

The ready-to-wear business of the local stores should be slightly better this week. Several days ago one of the senior girls, who is also an assistant in chemistry, ruined her hose by walking blindly into a fence on the campus. A few minutes later her brother, a sophomore, who is perhaps a little less dignified than his senior sister, attempted to jump the fence and in doing so partially ruined his best trousers. A little later another brother came along, and at the same place gave a gentle hop which landed him just on the top, ripping his pants also.

Wesleyan To Throw Powerful Squad Against Scots

EARLY DRIVE BY BULLDOGS ROUTS SCOTS

Gray Plays Brilliant Defensive Game As Scots Lose, 21-0; Donnell Leads Bulldogs

(Continued from page one)

8-yard stripe, where Hulette had intercepted a pass. and sprinting to the 40-yard line on pretty open field running before being brought down by the Cumberland safety man.

While Gray and Overly were playing such important parts in the Scot machine, and Donnell was shining for Cumberland, the whole Bulldog eleven played a heads-up game of football, with the other starting backs, Brittell, Lindsey, and Loomis. and High, Hamil, Redrick, and Gialanella in the line turning in good performances.

The Bulldogs received the opening kickoff and wasted no time in getting their powerhouse attack in action. On the second play after the kick, Donnell got away for 30 yards to place the ball on the Maryville 38-yard line, and seven plays later Lindsey circled left end behind good interference to score from the 10-yard stripe. Redrick converted the first of his three perfect place-kicks for the extra point.

After recovering a Scot fumble on the Maryville 45-yard line later in the opening period, the Bulldogs began another drive which ended with Brittell going through center from the six-inch mark for a touchdown. Soon afterward, Donnell took the ball off left tackle, cut back to the right to catch the Scot secondary flat-footed, andraced 60 yards for a touchdown. Donnell made several other long runs but was unable to break loose for another score.

Cumberland registered fifteen first downs to seven for Maryville.

The opening line-ups were as follows:

Cumberland	Pos.	Maryville
Gialanalla	LT	Alexander
Mayberry	LT	Gamble
Vaughn	LG	Holloway
West	C	Renfro
Hamil	RG	Atchison
Gordon	RT	Millsaps
Redrick	RE	Gray
LDonnell	QB	Blazer
Loomis	LH	Crawford
Brittell	RH	Odell
Lindsey	FB	Overly

Score by periods:

Cumberland	7	14	0	0	—21
Maryville	0	0	0	0	— 0

Substitutions—Cumberland: High, O'Gwynne, Tipps, Orr, Carter, Hull, Clark.

Maryville: Alexander, Coulter, Henry, Johnson, Dunn, Proffitt, Holladay, Pieper, Hulette, Jackson, Shields.

TIE KING, 7-7 AT BRISTOL

Climaxing a sensational 90-yard drive with a touchdown in the last five seconds of play. the Highlander gridders came from behind to tie the King Tornado 7-7 last Friday night at Bristol in a Smoky Mountain Conference tilt.

The touchdown was made on a 30-yard pass from Hulette to Henry after Hulette had passed 25 yards to Odell to bring the ball into King territory. Then with the difference between a tie and a defeat resting on the outcome of the try for the extra point, Jack Overly booted a perfect placement kick for the tying marker.

On the kick-off following the Maryville score, King chose to receive and attempted a lateral pass but fumbled, with the Scotties recovering on King's 20-yard line. The possibility of another touchdown was eliminated, however, as the whistle sounded before the teams could line up for another play.

Scot "B" Team Tops Porter High, 19-0

Reserves Show Good Form To Win First Game

Land, Ross, Widener Score Touchdowns; H. Burns, Weddington Play Well

After absorbing the shocks dealt out by the regulars in practice for nearly two months, the Scottie "B" team finally got a chance to do a little of the dealing Thursday afternoon and took advantage of the opportunity to trounce Coach "Bud" McCall's Porter High School gridders by a score of 19 to 0 on the Porter field.

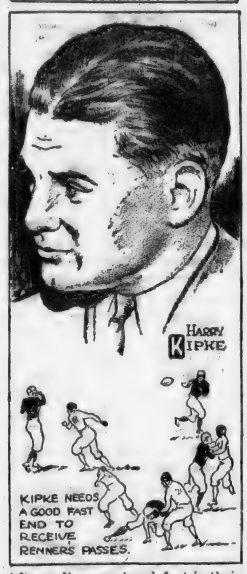
The Porter crew put up a game fight throughout the contest, but were unable to cope with the power displayed by the "Bulldogs." who went to work and pushed over a touchdown in the first quarter. The Bulldogs worked the ball down the field on straight line plays, with Winford Ross going over center for the score. Bill Land made the extra point on a line buck.

The Scots were held in check the second period, but came back to score once in the third and again in the final quarter, with Land and Leon Widener making the touchdowns. Porter never threatened seriously to cross the Scot goal-line, although the Bulldogs had to tighter up twice to halt Porter drives near the 20-yard line.

Bill Land was the outstanding Scot back as he ripped the Porter line for numerous gains, several of them for ten yards or better, while Charles Weddington and Harold Burns played good hard football at end and guard, respectively, to head the linemen. The whole squad, however, turned in a highly creditable showing the entire game.

The starting Maryville line-up was as follows: Weddington and McLaughlin, ends; Bagby and Jenkins, tackles; Robinson and H. Burns, guards. R. Burns, center; Widner, quarterback; Land and Tippins, halfbacks; Ross, fullback. ,

The substituters. who played about as much as the starters, were Eversole and Smith. halves; Propst, end; McFayden, tackle.



PLAY MARYVILLE HIGH NEXT WEEK

With one victory already under their belts, the Highlander reserves will try to make it two straight wins next week when they meet the Maryville High School eleven on the latter's home field. The date of the game is undecided but probably will be Tuesday or Thursday.

Sports Sketches

By W. B. FORBES

© INTERNATIONAL ILLUSTRATED NEWS

After a discouraging defeat in their opener at Ann Arbor, Michigan won their next start by a recovered fumble in the end zone, a direct result of the Wolverine punting offensive. More winning points can be looked for from Harry Kipke's stalwarts if his inexperienced linesmen continue to improve enough to let his star backfield men strut their stuff.

On The Bench...

Loyal Maryville supporters probably got very little thrill out of last night's defeat, but one thing they have to look back on with a feeling of pride was the superb playing done by Captain O'Neal Gray at end. If a player ever "sewed up" a place on an all-conference team, Gray surely "sewed up" a place on the All-Smoky Mountain Conference mythical eleven last night. His work has far overshadowed that of any end playing here this season, with last night's performance reaching about the top in wing play. Local fans also got an eye-full of another potential all-conference performer in Lindsey Donnell, the sensational Bulldog quarterback who showed his flying heels to the Scotties much too often.

Bulldogs or Eagles?

With the Highlanders almost defi-

(Continued on page four)

Snedeker Leads M.C. Harriers To Win Over U. T.

Highlander Star Walks Away With First Place Honors As Vols Fall, 16-20

Stepping off the 2.9 miles in 15 minutes, 30 4-5 seconds, the veteran Stuart Snedeker led the Highlander cross-country team to a 16 to 20 victory over the University of Tennessee harriers last Saturday in Knoxville.

Snedeker completely outclassed the entire field finishing nearly 200 yards ahead of the nearest competitor with Pick and Hansard, of Tennessee, coming in second and third, respectively, in a close finish.

The Scots came through with the next three places to win the meet, as Talmage, Rugh, Baird and Downes followed the leaderes across the finish line in that order, leading Acaff and Maynard, of U-T, by comfortable margins. Only the first four runners for each team figured in the scoring, however, as eleven runners entered the meet.

The Highlanders are continuing their daily workouts in preparation for the second meet of the season to be held with the Lincoln Memorial University harriers on the local course early in November.

Touch Football Begins Monday

Maryville's annual inter-class sports program will begin on Monday, when competition is opened for the Y. M. C. A. Interclass Cup, with the playing of the first interclass football game. The opposing teams will be the freshman and junior class representatives. The seniors battle the sophs on Tuesday. The championship game between the winners of the preliminary games will be played on Thursday. All the games will start at 3:30 and will be played on the football practice field.

The present juniors will be fighting to defend theri claim to the cup, while the present seniors will be trying to regain the cup which they won two years ago as sophomores.

HIGHLANDERS EXPECT HARD GAME FRIDAY

Wesleyan Boasts Strongest Team In History; Both Squads Tie King

Next week the Scots face the Bulldogs of Tennessee Wesleyan in what probably will be one of the most interesting of the season's encounters.

In the second game of the 1934 season, the Bulldogs eked out a safety on the last play of a wet and muddy game to top the Scots 14-12. This margin broke up what was to be the second successive tie game between the two teams. Such evenly matched encounters in the past have caused considerable interest in the coming game.

This season the men of Wesleyan claim to have one of the most powerful aggregations in history, having beaten several opponents, including Cullowhee, a Smoky Mountain conference team, tied King by the same score as the Scots, and lost only to Sewanee, of the Southeastern Conference, by 9 to 7.

While it is certain that the Bulldogs will be out to add the Scot scalp to their list, those Scots who saw defeat stamped on their record last year in the last few seconds will be hard to stop and the Highlanders have an even chance to come through with a victory.

Fischbach Plans Golf Tournament

The first annual Fall Golf Tournament will begin early next week if the course is in good condition by that time, according to an announcement issued Friday morning by Coach George Fischbach. An entry list has been posted on the bulletin board at Carnegie Hall and all students wishing to enter the meet are requested to sign up as soon as possible.

The tourney will be decided on medal rather than match play.

College Observes 3rd Founder's Day

Remains of Dr. Robinson Placed In College Cemetery

The third annual observance of Founder's and Homecoming Day was held Friday, and commemorated the life and work of the second president (from 1857 to 1861) of the College, Rev. John Joseph Robinson, D. D.

A special chapel program, a Homecoming get-together, and a Homecoming football game featured this annual celebration.

The remains of Dr. Robinson were removed from their original burial place in Atlanta and placed in the College Cemetery.

team are as follows: 1. "That in the opinion of this House the judiciary should have no power to override the decisions of the executive and the legislature," 2. "That this House prefers a general to a specialized education," 3. "That unemployment is a national responsibility," 4. "That a written constitution is a hindrance rather than a safeguard to social progress," 5. "That Capitalism is a proper system for the employment of the World's wealth."

The Cambridge team has chosen the following: 1. "That in the opinion of this House the judiciary should have no power to override the decisions of the executive and the legislature," 2. "That the increase of advertising is a menace to modern society," 3. "That unemployment is a national responsibility," 4. "That this House prefers a general to a specialized education," 5. "That a written constitution is a hindrance rather than a safeguard to social progress."

ELMIRA, N. Y. (NSFA)—An innovation introduced at Elmira College in connection with the revised curriculum adopted last spring is a new system of three member advisory committees appointed from the faculty to aid individual students in selecting their courses. Each student is assigned to a faculty committee made up of a member of the department in which the student expects to major, a member of her second major department in which the student has not yet developed a particular interest, she is encouraged to explore many fields until her interest becomes apparent to her.

The advisory committtees are concerned with all phases of a student's development, and strive to suggest courses that will supplement deficiencies in her earlier training as well as develop her particular capabilities.

His Cry Brings Joy

Once pride of the neighborhood because he never cried, Gerry Willis, 2, of Manzanola, Colo., was found to have something wrong with his crying apparatus but, now doctors have operated, he can weep with the best of them, much to the joy of his parents.

ON THE BENCH

(Continued from page three)

nitely eliminated from the title chase. the field of the Smoky Conference race has been narrowed down to two likely winners, Cumberland and Carson-Newman. These two elevens are scheduled to meet next week, with Carson-Newman ahead of the pack by virture of four straight wins and Cumberland second with two triumphs against no defeats. A victory for Cumberland would practically cinch the crown for the Bulldogs, since King is hardly strong enough to top them, but should Carson-Newman win, the race might become a little scrambled, because— Well, er — the Eagles have to play the Scotties on Thanksgiving Day, you know.

* * *

The King Drive

Albeit some people think the Highlanders may not have played up to their usual standard the first fifty-five minutes of the King game last week, the team surely deserves plenty of credit for the powerful drive to a touchdown in the last five. Ninety yards is a lot of ground to cover in five minutes any time, much less when the other side is fighting to hold a seven-point lead and knowing that the game is all but over. Not every outfit would have had punch and fight necessary to sustain such a drive and score on next to the last play of the game.

* * *

Overly Comes Through

After the team had worked so smoothly to score a six-pointer, Jack Overly could not let the gang down and so saved the day with his trusty toe, kicking the ball squarely through the uprights for the extra point which knotted the the ecount. This trick is getting to be a habit with Jack it seems. On at least three other occasions, including the encounter with Carson-Newman last year, he has kicked the winning point in 7-6 victories for the Scotties.

Did you ever hear of the conceited fellow who called his girl friend Special Delivery He thought she was stuck on something important.

Maryville Quartette Heard In Broadcast

Group Plans More Programs For Amateur Broadcasts

A mixed quartette from the Music Department of the College broadcasted fifteen minutes of semi-classical music over Station WNOX in Knoxville on Monday eveneing, October 21.

It is anticipated that this group, composed of Calista Palmer, Bernice Gaines, Carl Wells, and Don McArthur, will carry on this broadcasting activity from time to time during the school year. Favorable comments have been made on the program, which consisted of numbers by Lieurance, Tosti, Frimen, and Strickland.

NATURE CLUB

At the meeting of the Nature Club on Tuesday evening Dr. McMurray presented a most instructive lecture on the geological formations of the Smoky Mountains. Plans were completed for the annual fall hike to be held on Saturday, October 26, at Calderwood.

At the business meeting preceding Dr. McMurray's talk a revision of membership requirements was discussed, and also a plan for making the advantages of the club available to new students and others wishing to become members. A probationary membership status was established, making is possible for prospective members to participate in all the club activities.. A list of membership requirements and an explanation of this probationary status has been posted on the bulletin board in Science Hall. The next meeting of the Nature Club will be held on the evening of Tuesday, November 5, at which time anyone interested will be welcome.

TARWATER SPEAKS

Dr. O. R. Tarwater, pastor of the Northern Methodist Church of Maryville, will speak at the Student Volunteer meeting Sunday night. Those who have heard Dr. Tarwater will not miss hearing him again.

There is some truth in the theory of reincarnation. I know a woman 30 years old who can dearly remember events of the past 40 years.

Maryville Society Enters Third Year As Honor Group

Ceremony of Recognition For New Membership to be Held In Chapel Next Week

With a total of twenty student members, together with nearly half that number of faculty members, Alpha Gamma Sigma, Maryville College Scholarship Honor Society, enters the third year of its organization.

Requirements for membership in this Honor Society correspond closely to those for membership in Phi Beta Kappa, national Scholarship Honor Society. From the constitution of Alpha Gamma Sigma:

"In order to be eligible to membership in Alpha Gamma Sigma Society a regularly enrolled student must be of good moral character; must be a candidate for a B. A. degree; must have attained the standing required of a senior at the beginning of the second semester; must have been in residence for at least one and one-half years; must have an average point-hour ratio of at least 6.50 in all courses completed; must be carrying a schedule of study which gives assurance of the completion, at the time of graduation of at least one hundred eight semester hours in purely liberal arts studies."

Faculty members of Phi Beta Kappa distinction automatically become eligible to membership in the local society. Those who are now Phi Beta members are Dr. Knapp, Dr. Hussey, a charter member, Miss Hunter, and Mr. Lagerstedt. Dr. Wilson, President Emeritus of the college, is an honorary member.

Membership for the coming year will chosen following the computation of grades for this semester. A ceremony for the recognition of those persons so honored will be held in the chapel one day next spring.

Fred Hope Needs Your Allegiance

AN EDITORIAL

In this issue of the Highland Echo, announcement is made concerning the annual Fred Hope Drive, a campaign designed to build Maryville College's contribution to christian social work in the mission colonies of East Africa.

It is not often during the college year that Maryville students are asked to give their money, which we know is scarce enough, to causes for which they receive no material return. However, the fact that Fred Hope is a graduate of Maryville College, and that largely by his own initiative he has built in this territory a social system that has enabled thousands of natives to receive the values of education and philosophy, makes it imperative that we consider this campaign seriously.

Whatever be our religious and philosophical differences, we must recognize that Mr. Hope's work is good and that it must be supporttd, not merely by a potential allegiance that gives us freedon to sidestep the essential need, that of money, but by an allegiance that moves us to give as best we can to a cause in which we are all interested, that of education.

Athenian To Present Foster Program Again

Bainonian To Entertain Athenian Next Week

The Athenian Stephen Foster program, presented in that society three weeks ago and adjudged by many to be the best ever given before a Maryville society, will be presented tonight at the regular meeting of Bainonian in the Y. W. C. A. room. Next week, Bainonian will send representatives to Athenian Hall to entertain her brother society.

Appearing on the Athenian program will be the most select of the musical talent of the school. Battaglia and Cortese will be featured in Foster's minstrel song, "Oh Susanna." The Athenian Quartette will render "Massa's in de Cold Cold Ground", "Uncle Ned" and "Old Black Joe". The popular Faculty Trio will sing "Sewanee River", My Old Kentucky Home" and the beautiful "Come Where My Love Lies Dreaming." Interesting facts and legends concerning the life and works of the great southern composer will be given by Walter West, who arranged the program. The time of the program is 6:45 and a large crowd is expected.

The nature of Bainonian's exchange program is not yet known, but is expected to be good.

PUBS BOARD MEETS TO ELECT STAFF WRITERS

The committe responsible for selection of Highland Echo staff members met Wednesday afternoon to elect Leland Waggoner and Ed Gillingham to positions on the sophomore division of the staff. These two positions were made vacant by the resignation of Robert Gillespie and the failure to return of Ellen Baker.

Approbation of applicants for positions on the freshman staff is pending consideration by the faculty committee on student publications.

Societies Choose Casts For Midwinter Plays

Two Societies Begin Work On Midwinter Production

Athenian Literary Society announces the following cast for its midwinter play, "The Man From Home":

Pike, Robert Downes; Ethel, Lois Brown; Hawcastle, William MacCalmont; Almeric, Gerald Beaver; Horace, George Kent; La Blanc, Arnold Brown; Lady Creech, Juanita Herrington; Countess De Champigny, Marion Lodwick; Mariano, Charles Allen; Georgiopolis, Robert Goff; Ribies, Bernard Boyatt; Michele, Willis Garrett; 1st. Carbiniere, James Wade; 2nd. Carbiniere, Fred Young.

The business staff will consist of the following: Business Manager—Samuel Blizzard, Assistant Business Manager—Mark L. Andrews, Stage Manager—Stuart Gillis, Property Manager—Helen Chambers.

The cast for Bainonian's play "The Stubborness of Geraldine" is composed of the following individuals:

Geraldine, Ellen Hitch; Count Kinsey, David Maas; Vi Thomson, Lois Black; Lord Tilbury, Robert Lodwick; Fraulein, Dorethea Stadelmann; Mrs. Wrighton, Ruth Proffitt; Mr. Wrighton, Harold Truebger; Mrs Jars, Lois Black; Mr. Jars, Sam Blizzard; Mrs. Mathison, Leola Halsey; Mrs. Dreed, Florence Bruno; Mr. Crazer, Eddie Brubaker; Mrs Whipple, Elizabeth McDade; Stewardess, Florence Butman; Steward, Stanley McCleave; Man passenger, Mark Andrews.

The following comprise the staff: Business Manager—Ann McCambridge, Stage manager—Catheryn Smith, Assistant Stage manager—Maxwell Cornelius, Property manager—Ellen Sauer, Prompter— Mary Emory.

Fred Hope Drive Will Be Inaugurated Soon

Rev. G. C. Beanland, African Missionary Will Speak

The Fred Hope Drive this year will be held on Tuesday and Wednesday, November 19 and 20. Reverend G. C. Beanland, who is one of the leaders among the missionaries of West Africa and who is well acquainted with Fred Hope and his work, will speak at the chapel on those two mornings and on the evening of the 19th. He is now in the Uuited States on furlough. He visited Maryville on this same mission on occasion of his last furlough.

Fred Hope graduated at Maryville College in 1906 and the next year went to West Africa where since that time he has been superintendant of the Frank James Industrial School. He is one of the most useful of the large number of Maryville graduates who have served or are serving in the field of foreign missions.

For many years students and faculty of the College have raised a fund which is sent to him for use in his work. Among other service which it has rendered has been to build a Maryville College chapel at Elat, West Africa. Opportunity will be given for subscriptions to this Fred Hope Fund of 1935-1936.

Highlanders Lose Bitter Struggle To Wesleyan Bulldogs

Chraging Bulldogs Battle Up Scot Aerial Attack In Veteran Style

By JOHN McINTYRE
(Echo Sports Writer)

With a rugged forward wall forcing the breaks to come their way, the Tennessee Wesleyan Bulldags battered out a 13 to 0 victory over the Highlanders in a slow ragged game last night on the local gridiron.

The Bulldogs scored their first marker early in the second quarter, after three linemen crashed through and blocked Hulette's attempted punt from Maryville's 30 yard line. Following their recovery of the ball, the Bulldogs drove thru the line for a short gain, following this play with a bullet-like forward pass from Hudson to Swaney, who faded wide around left end for the goal. The kick was good, making the score 7-0.

Late in the last period, Delaney scored again for the Bulldogs on a sweeping end run from Maryville's 23-yard stripe. The kick was wide, leaving the score 13-0.

The fact that the Scotties emerged with no visible showing of their playing, however, does not over shadow the individual work of many. Captain Gray's smashing and tackling from one end of the line to the other, "Skeeter" Shields' twisting, slippery running, and Hulette's and Odell's powerful punting and passing added color to an otherwise fruitless struggle.

The Bulldogs backed up a stone-wall line with an effective pass defense, thoroughly subduing the Scot's aerial attack. Only 4 of Maryville's 21 attempted passes were completed, and six were intercepted.

The visitors used but little aerial

NYA Supplies Financial Help For 100,532 Needy Students

Preliminary Figures Show Increase In Institutions and Students Receiving NYA

Financial assistance for 100,532 needy students in1,514 colleges and universities in 46 States, the District of Columbia and Puerto Rico will be provided by the National Youth Administration, Aubrey W. Williams, Executive Director, announced today. The figures, based on total enrollment of students and affidavits received from the heads of these educational institutions as of October 18, 1935, are preliminary and involve a monthly allotment of $1,503,795 by the National Youth Administration to the colleges and universities.

The preliminary figures for 1935 compare with 94,331 students in 1,466 colleges and universities at the corresponding date for 1934, when a monthly allotment of $1,414,595 was made to the State Emergency Relief Administrations in 48 States, the District of Columbia, Hawaii and Puerto Rico.

The preliminary figures for 1935 show an increase of 48 educational institutions participating in the program and an increase of 6,201 students receiving aid to complete their education. Figures from the States of Connecticut and Minnesota and Hawaii, which were included in the 1934 total, are not yet available and, on the basis of 1934 participation, the 1935 increase over 1934 will be approximately 100 educational institutions and 9,500 students.

Each college president is held responsible for the program in his institution. Students are employed in socially-desirable work on and off the campus. On the campus they are engaged in research, clerical, office, library, museum and laboratory work, while off the campus activities include community education, health and welfare projects.

The selection of students to receive aid is from among those who without this help would be unable to attend college. The quota for each college is 12 per cent of the enrollment as of October 15, 1934. A student is permitted to earn as much as $20 a month, but the allotment of funds to each college is on the basis of $15 a month for each of 12 per cent of its enrollment of full-time students.

Knowing how to spend money is a gift. I've got the gift but I haven't got the money.

FRESHMAN PARTY

Since the freshmen inadequately prepared for a Hallowe'en party, their first event of the year was postponed until Thursday night, November 7, when it will be held in the Alumni gymnasium.

Staff Writer Mixes Business With Pleasure In Halliburton Interview

Finds Famed World Traveler And Lecturer Genial, Proletarian Fellow

--Editor's Note— Leland Waggoner newly appointed managing editor of the Highland Echo and enterprising Nose-for-news for the Knoxville Journal, successfully wormed his way into high society the other night long enough to brush coats with Richard Halliburton, famed world traveler and lecturer. Following is a bit of lint from aforementioned coat-brushing.

By LELAND WAGGONER
(Echo Staff Writer)

Armed with only a Knoxville Journal press card, I nervously but bravely walked back stage to see Richard Halliburton after his lecture at the Lyric theatre Monday night. I had not been assigned the interview, and at best only hoped to speak to this great adventurer.

Assuming the manners of a cool, hard boiled reporter, who asks for an interview with the attitude that the one interviewed should be thankful and not the reporter, I nonchalantly introduced myself and asked for a two minute private interview.

Quickly Halliburton replied, "Son I'm in a big hurry just now. Come let's go to the reception they're having and meet a few people and sign a few dozen autographs and then we can go to my room and talk as long as you want to."

Right then I lost all my poise and coolness I had spent the last half hour assuming. I had intended to be collected enough to talk with Pres. Roosevelt without showing emotion, but I felt more as a freshman boy feels when he enters Baldwin Hall for his first date.

As we walked down the stairs and stepped into the private car awaiting Halnourton i began to feel a little more normal. He did not seem like the great writer and traveler I had expected to see. He was just like everybody else—laughing and joking about the two-hour train delay he had experienced before his arrival. "Knoxville is a fine place," he exclaimed, "but it sure is a hard place to get to."

Evidently the porters at the Andrew Johnson Hotel had been coached in the manner in which they were to receive their guest, for as the car stopped a whole covey of black faces quickly appeared to help with baggage. With three of them in front, three behind, and two on each side, we walked up the steps to the reception room.

Here I was attacked with my second spell of ausea. it seemed I had

STUDENT ACTION
(From BENNETT NEWS, U. of Penn. Women's College).

In the past few weeks student organizations on various campuses have issued protests against American participation in the Olympics. These organizations insist that Germany with its flagrant violation of all codes of fairness and decency contradicts the ideals that are the basis of the Olympics. College newspapers including The Columbia Spectator and The Daily Pennsylvania have given their approval to the student action.

We wsh to add our approval to this student action. For us the important thing is not so much that the students are objecting to participation in the Olypmics, although we approve of this, but rather that students have begun to realize that they should concern themselves with what is going on in this world and are trying to wield an influence.

COLLEGIATE FLASHES!

By NSFA Service

EUGENE, Ore. (NSFA)— Gordon Connelly, University of Oregon journalism student, has been refused exemption from military drill by the Military Exemptions Committee. His application for exemption was based on the grounds that "The military course is academically valueless and a waste of time".

More than 25 students have been exempted by the Committee on grounds of conscientious objection and a heavy work schedule. Connelly's unusual plea has been refused but in commenting on the case he said, "I view the dicision of the Committee as obviously unfair. My reasons as presented to that body constitute what I consider fully adequate grounds for exemption. I will under no circumstances take military training, and intend to fight this case until a satisfactory decision is rendered."

* * *

WASHINGTON (NSFA)—Howard University students have invited college editors to a conference on Negro problems. The case of Angelo Herndon will be discussed and an appeal to President Roosevelt for a pardon considered. Roger Chase, editor of The Columbia Spectator, has been asked to chair the meeting.

* * *

executive secretary of the Greater New York Federation of Churches, urged young people to refuse to bear arms, the only way to prevent war. In commenting on a peace demonstration he said, "Today we must choose a path. One path leads to the Cross and the other leads to Armageddon. The world today is mobilizing for war. And if there ever was a need for mobilization it is among those who insist upon peace. We in the church have got to band together, join hands with the young people of other denominations into a body of Christian youth who will meet the challenge."

The Weakly Filibuster

By SENATOR HEGNER

The myriad of readers (linotypist, proof-reader, faculty censor, and the writer) will be happy to note that this week's Filibuster is quite short. The Senator is very busy and also plans to go home in an endeavor to buttenhole some politician at election into promising a summer job. And don't tell me you can't eat a promise; I ate one last summer. It tasted fishy.

* * *

Bill Quigley had a nervous attack and stuttered for an hour after finding that dime behind the piano in the Ethics classroom. The dime will no doubt find its way to Turner's and Bill will undoubtedly find his way home.

* * *

Tell me, Dr. Lloyd, did you accept the five gallons of gas from the dock foreman? And what kind of gas was it that took you 100 miles from Richmond to Norfolk on only 3 gallons.

The Senator regrets that Pettit has found it necessary to go home before the end of his special week.

* * *

I have it on good authority that several of the campus romeos checked up on sophomore gals to find out which ones had paid enough dues to be entitled to a free ticket, and then endeavored to date the gals. All is fair . . . . . .

Societies Meet Tonight

A writers' contest modeled after that held last year for short short stories and one act plays will be announced at Athenian tonight. The contest will close on the last Saturday before Christmas holidays.

Officers will be elected and inaugurated on Nov, 16; on Nov. 23 Athenian will hold a joint meeting with Bainonian.

Alpha Sigma Society is planning several campfire gatherings in the college woods for its members in the near future.

The joint meeting of Alpha Sigma and Theta Epsilon will be held on Nov. 23.

Lloyd Becomes Lieutenant Governor For Kiwanis

At the annual convention of the Kentucky-Tennessee District of the Kiwanis International, held in Lexington, Kentucky on October 10, 11, and 12, Dr. Lloyd was elected a Lieutenant Governor of that organization for 1936. The organization of the Kiwanis provides for a Governor of each district, and ten Lieutenant Governors, each responsible for a division, and together forming a cabinet. Dr. Lloyd's division is Number Eight, located in East Tennessee.

Dr. Lloyd is this year president of the Maryville-Alcoa Kiwanis Club, of which he was a program secretary last year.

The Melting Pot

A WEEKLY FEATURE

Insult is bad enough, but injury added — is terrible, A few weeks ago, a staff member, who works in the hottest place on the Hill, was laboring away at his job when a meek little freshman, reporting for work the first time, appeared. Much to the staff member's surprise, the "freshie" had mistaken him for "Brownie". That was an insult. A few nights later, that same staff member was having trouble supplying certain exacting matrons with enough heat. Hurrying across the campus, he passed a very dark spot between the Post Office and Science Hall. In the shadows stood a freshman couple. No doubt there was ground for mistake, with the staff member carrying a lantern and wearing a dilapidated hat. But, a frightened voice spoke from out the shadows: "Oh, I knew we shouldn't have come out here. There comes the nightwatchman, and I hear he's awful!" The young man was too shocked to relieve the fears of the girl. That was adding injury to insult.

Puzzle: find who was injured and who was insulted, Brownie, Ralph or Walt.

—W. P. W.

Dr. Stevenson's sermon on remembering not to forget really did some good. The very day it was delivered, a member of the music department faculty returned to one of her students a piece of music borrowed last spring.

—W. P. W.

Wives are very broadminded women. They believe that there are two sides to everything—their own and their mother's.

* * *

Highlanders Bow To Wesleyan 13 To 0

On The Bench

... with ..

The SPORTS EDITOR

Wesleyan's big forewall took the Scots for a ride last night. It was the first time this season that an opposing line had rushed the Scot kickers and passers so mercilessly on the home field, and the first blocked punt of the season that paved the way to Wesleyan victory. With both teams playing tight defensive football, the game probably would have ended in a scoreless tie had the Wesleyan line not charged through to block the Maryville kick in the second period.

* * *

A Risk Worth Taking

The final Bulldog touchdown came as the result of a desperate last minute effort on the part of Maryville to score by means of passes. Resorting to passes while backed up on their own goal seemed a big gamble for the Highlanders to take, but with Wesleyan holding a seven-point lead and only a few minutes to play, the locals had little to lose by another Bulldog score, whereas one of the passes might have led to a Scot touchdown and the tying marker.

* * *

Loessberg Returns, Millsaps Injured

The opening of the second half of last night's conflict marked the much-hoped for return of Wilbur Loessberg, the Texas speed demon, to the Scot backfield after an absence of six weeks, or since the first quarter of the opening game of the season with Kentucky. Loessberg played almost the entire half without any trouble from entire half without any trouble from his injured knee, and turned in a very creditable performance. While Loessberg returned, however, "Buck" Millsaps, hard-fighting tackle may be lost to the Scotties for next week's game with Teachers as the result of a twisted ankle suffered in the early minutes of the contest. The loss of Millsaps would be a serious blow to Maryville's chance of beating the Buccaneers.

* * *

The Faculty Goes In For Golf

The faculty is suddenly getting athletic- minded. Not satisfied with winning first and second places in the fall tennis tournament (Dr. Cummings and Coach Fischbach), the faculty members are now beginning a golf tournament, with an entry list which far out-numbers that of the student tourney considering the proportionate sizes of the student body and the faculty. In addition to the golf tournament, several members of the faculty are interested in Coach Fischbach's suggestion that they play volleyball for half an hour or more every Monday night in the Bartlett gym. Not a bad idea, at that.

* * *

Now that the faculty is going in for golf in such a big way, a few of the participants in the student tournament would like to play a couple of rounds with some of the faculty golfers. Dick and Jim Battaglia, Pete Kosloski, and Herbert Granger have expressed a desire to engage in such an affair, and would be glad to play any four who have the time and inclination to do so. How about it, faculty?

* * *

Coach Fischbach is planning big things for the Water Carnival November 30.

If the women students start a golf tournament, too, "Brownie" and Mr. Black had better begin building another golf course.

The Highlander "Bulldogs" ("B" team) are trying to get a game with Maryville High next week.

Seniors To Play Juniors Monday In Final 'Y' Tilt

Classses of '36 '37 Meet In Touch Football Final 3rd Straight Year

After obtaining victories over the freshmen and sophomores, respectively, the junior and senior touch football teams will square off in the finals of the interclass tourney Monday afternoon at 3:30 on the regular football field.

This will be the first time in several years that juniors and seniors have met in the finals of an interclass tournament, since the larger freshman and sophomore classes usually put at least one team in the final game, and considerable interest is being manifested in the coming tilt. The winner will receive points toward the Interclass Cup given each year by the Y. M. C. A., and now held by the present juniors.

JUNIORS DOWN FROSH, 12-6

The juniors eliminated a hard-fighting freshman team from the interclass touch football race Tuesday afternoon by winning 12 to 6. The game was fought between two evenly matched elevens, with the outcome always in doubt.

The juniors drew first blood in the third quarter, when Houck drew in a frosh pass and treked 70 yards to a touchdown. The frosh tied the count later in the period as McQuagge heaved a long pass to Perry for a touchdown.

In the final period, the juniors managed to push the frosh back to the goal line, and when the freshmen punted out, Dowell ran the kick back for a touchdown and the deciding points.

SENIORS TROUNCE SOPHS, 12-0

A passing attack featured by the work of Gabbard, Lehr, and Bob Steakley enabled the senior touch football team to romp over the sophomores for a 12 to 0 victory Wednesday afternoon.

The seniors played rings around the sophs the entire game, with a pass from Gabbard to Steakley scoring the first marker in the second quarter, and one from Lehr to Gabbard counting another in the fourth period.

Gabbard made several other good catches of passes to play the outstanding role in the senior win. The sophomores never threatened seriously to score.

Highlander Basketball Champs To Hold First Workout Monday

Early Workouts To Be Devoted To Development of New Men Reporting

The Highlander basketball team, present holder of the Smoky Mountain Conference championship, will hold its first practice for the 1935-'36 season Monday at 3:15 P. M. in Alumni gym.

With all but two members of the outfit which blanked the conference with thirteen triumps without a loss last season returning, Coach Honaker will have a squad of veterans from which to build this year's team, and has high hopes of putting out another championship quintet.

The two lettermen lost for this season, Capt. Rex Allen, brilliant forward, and Crumbaugh, sharp-shooting guard, will be missed, but with five other lettermen and two reserves back and a large squad of freshmen expected to report, pre-season dope points toward a successful season.

The returning lettermen include John Henry, forward, Lee Hannah, center and Jack Overly, Jim Odell, and Butter Atchison, guards, with Dave Brittain, another guard, Bob Peery, center, and Bob Steakley, forward, to be trying to break into the starting line-up from last year's reserve ranks.

In spite of the large number of experienced performers to be on hand, Coach Honaker wants as many new men to come out for the three workouts a week, which will be held on Mondays, Wednesdays, and Fridays, as have any desire to make the team. The early sessions will be devoted chiefly to the new players.

My dog is a good watch dog; he's full of tics.

Water Carnival To Be Nov. 30

Coach Fischbach To Start Working on Details of Event Soon

The date of the third annual Water Carnival staged by the Maryville College swimming team, under the supervsion of Coach George Fischbach, has been set for November 30 in the local pool. While no plans have been made yet, Coach Fischbach will begin work on them in the near future.

Meanwhile, a squad of about 20 swimmers is working out twice a week to get into condition for the regular season. Only two or three lettermen are out at present, but several more are expected to report before daily practice begins.

Faculty Stages Golf Tourneys

Twenty-three Names Posted On Entry List

With 23 names already on an entry list posted in the office of the Director of Personnel, two faculty golf tournaments, one for men and one for women, are scheduled to begin early next week.

All members of the faculty who are interested in playing golf are expected to compete in the tournaments, both of which are to be decided by medal play. The women's tounrey will be for 36 holes while the men's will go 54.

Scores for each round are to be listed on the entry sheets in the Director of Personnel's office.

HEAVY LINE PLAYS DECIDING ROLE IN BULLDOG TRIUMPH

Blocked Punt In 2nd Quarter Leads To Bulldog Score; Loessberg Returns

(Continued from page one)

work, relying chiefly on line plunges and deceptive end runs. Outstanding among the Bulldogs were Hudson and Delaney, halfbacks, McGhee, fullback, Swiney, end, and Long, guard.

Returning to the Scot backfield after spending most of the season on the injured list, Wilbur Loessberg showed up in outstanding playing. In the line, Pieper, Johnson, and Alexander rose above the ranks in performance.

The entire game was marked by a defensive type of football, featured by long punts by both teams, with Maryville making only eight first downs and Wesleyan seven.

The line-up:

Wesleyan		Maryville
Swiney	LE	Alexander
Long	LT	Dunn
Kerley	LG	Pieper
Eaves	C	Johnson
Johnston	RC	Atchison
Masters	RT	Millsaps
Farmer	RE	Gray
Blalock	QB	Shields
Delaney	HB	Blazer
Hudson	HB	Hulette
McGhee	FB	Overly

Score by quarters:

Wesleyan	0	7	0	6	—13
Maryville	0	0	0	0	— 0

Substitutions—Wesleyan: Powers, Needham, Queerer, Higgins, Robb, Sanderson.

Maryville: Gamble, Holloway, Crawford, Odell, Remfro, Coulter, Henry, Rich, Widener, Loessberg, Proffitt, Kindred.

HALLIBURTON

(Continued from page one)

just awakened from a long dream just in time to find myself about to be married. There in an irregular circle were the mayor, and many of the city officials. There were women galore ranging all the way from grown young ladies of twenty-five to young girls of forty. At first I dimly saw a room of photographers, but as my senses cleared I found them to be only the compact mirrors of the women.

It was at this stage I conceived the brilliant idea of visiting the washroom—only to stay until the reception was over.

Halliburton, however, who had cruelly remembered my name, introduced me to the hostess of the evening. I don't remember much of what happened after that except that I answered questions ranging all the way from "Was I Mr. Halliburton's manager or brother?" to "What did I think of the African situation." One simpering maiden of fifty, who was so homely she was afraid to smile after ten o'clock on Saturday night for fear of breaking the Sabbath, asked me, "Young man, where do you think is the most interesting place you have been." With difficulty I refrained from saying that I thought my little bed in my little room the best place.

Then there was the punch—oh what punch! After drinking a few cups of it I wanted to forget everything and remember everything at the same time. It was a combination of the feeling you have when you see such a beautiful girl that you have to look twice to believe your eyes and the feeling you have when you get back an examination paper marked "A".

Naturally, when it came time for the interview, many routine questions had to be asked, such as "What do you think of Knoxville, the Smokies, etc?" From the way I wrote in a small notebook after each barrage of questions he probably thought I was preparing to write a long feature for the Associated Press. Luckily, however, he didn't ask me to send him any copy of the story I was supposed to be writing.

Freely he discussed his travels to Russia and Africa. He said if I ever swam the Panama Canal to be sure to go to a certain hospital there becuse the nurses were swell, and had been very comforting when he spent several weeks there after his prolonged swim.

Although there was no rude light flashing or pecking on the door, it was 12:30 and obviously time to leave. With the help of an exceedingly friendly porter (who did not know that my usual tips are only a dime) I put my coat on and started back to Maryville, very happy and lucky to have had the interview, and sorry to leave.

—o—

Some girls know their midnight oil; others burn it.

* * *

Always think seriously about marriage. That's why most men are still single.

Barnard Senior Wins College Story Contest

A Barnard senior, Elizabeth Hall, is the winner of the National College Short Story Contest held by the magazine" STORY" in which 224 universities and colleges, representing every state, participated. Miss Hall's manuscript which was awarded the first prize of one hundred dollars is called "Two Words Are a Story" and appears in the November issue of "STORY" published Oct. 15.

Maryville was represented in the contest.

SOPHS ENJOY PARTY

"One of the most enjoyable parties ever held at Maryville" was the verdict of the two hundred and twenty students who attended the Hallowe'en Party of the sophomore class, Thursday night.

After attending a double feature at the Park Theatre, where the entire balcony had been reserved for the class, the couples, dodging groups of pranksters, walked to the High School gymnasium where refreshments were served to the tune of delightful piano and radio music.

The chaperones, Dr. and Mrs Cummings and Miss Butcher and escort, were late due to the deflation of the tires of Dr. Cumming's automobile. They arrived in time to be in on most of the fun, however. At an auction of self-sketched caricatures of various members of the faculty, those of Dr. Cummings and Miss Caldwell brought the highest bids. There were more than twenty clever drawings in the "art gallery".

Advanced Students Give Fall Concert Next Friday Night

Combined Glee Clubs And Orchestra Offer Music From Opera "Carmen"

One of the outstanding musical events of the year will take place on Friday night, Nov. 22, when advanced students in voice, piano, and violin give their annual fall concert in Voorhees Chapel.

Miss Hale, under whose supervision the concert is given, has assembled a program that promises to be a real treat to all lovers of music.

An innovation will be the music from the opera "Carmen", offered by the combined glee clubs with accompaniment by the orchestra. Following is the program.

Fantasy in C Minor — Bach
—Evelyn Brunson.

Listen to the Lambs—Dett—Nash
Marie Carlson, Harriet Barber, Carl Fisher

Improvisation (for four pianos)—MacDowell
Grillen—Schumann
Florence Butman, Laverne Emert, Miriam Waggoner, Ella Stephens

Margaret Brient, Mary Snelson.

PLANS UNDERWAY FOR BARNWARMING FETE

Students Vote for King, Queen In Chapel Wednesday, November 27

The annual Thanksgiving Barnwarming, sponsored by YW and open to everyone will be held in the college gymnasium on Thursday evening, Nov. twenty eighth, at eight o'clock. Plans are under way to surpass similar occasions of the past several years with Miss Cathryn Smith, athletic director for the Y. W. C. A. in charge of activities

A committee consisting of representative members of the entire student body have nominated the following as candidates for the positions of King and Queen to rule the ceremonies of the evening. For King: Arnold Brown, Herbert Hunt, Robert Lodwick, Archibald Pieper. For Queen: Eleanor Bell, Mary Gladys Brown, Roberta Howie, Harriet Huffstetler.

The student body will vote for the final selection in the Chapel on Wednesday morning, November twenty seventh.

OPPORTUNITY GIVEN TUESDAY FOR FRED HOPE CONTRIBUTIONS

During the coming week there will be three opportunities of imp rtance for students and faculty to learn of tne interesting and important work done by the Christian missions in western Africa and of other matters of importance in Africa just now. The occasion is the annual Fred Hope Drive, the only event of the college year when a public appeal is made for contributions.

At the close of the Wednesday morning chapel service opportunity will be given for the making of pledges to the Fred Hope Fund.

Mother Atchison Takes Council Chix Out To a Big Feed

The Student Council took time off from its round of arduous duties to pause for refreshment last Wednesday evening.

The group, hovering under the protective wings of President Atchison and his escort, visited a local cinema house long enough to see the picture thru once from start to finish. Then, accompanied by Professor and Mrs. Howell, the hungry mob descended on Mrs Blazer's eatery and proceeded to eat themselves into a cozy corner of dreamland.

Foundationless rumors have it that the president of the organization was the first to leave the table.

Juniors Win Touch Football To Take Lead Y. M. Sports

A pass from Meeks to Kosloski for a touchdown followed by another from Meeks to Brittain for the extra point, in the third quarter gave the junior class touch football team a 6-0 victory over the seniors in the final tilt of the Y. M. C. A. tournament and a lead in the competition for the Cup given by the Y. each year in its athletic pro-

Deadline Arrives On Dues Payment

Enforcement of Rule By Chilhowean Is Certain

Thanksgiving is the deadline on payment of dues by all students who desire to have their pictures in the 1936 Chilhowean. Acction has been taken in the upper classes and this rule of payment will be observed.

It will be necessary for students to pay their dues or make arrangements with class treasurers for payment, or their pictures will not appear in the annual. The class organizations have to pay for the pictures in their sections of the annual, and in the past have been forced to go into debt because students whose pictures were printed did not pay their dues. That will not be the case this year, for when the class sections of the annual are officially closed, only the picturse of those who have paid their dues will be included in the section.

All students are urged to see the treasurers of their respective classes as soon as possible. The following are the class treasurers: Senior—Edwin Best, Junior—Dick Schlafer, Sophomore—James Proffitt.

The freshman class has not made any time limit on thir dues as yet, but Jack Dunn, class president, requests that all members of the freshman class pay dues as soon as they can to Bill Cooper, class treasurer.

Wilde Play Is Theta's Choice for Mid-winter

"Lady Windermere's Fan" Partrays Eternal love Triangle and Unusual Solution

Oscar Wilde's "Lady Windermere's Fan" has been selected by Theta Epsilon Society for its annual Mid-winter production.

The major interest of the plot is a love triangle formed by Lord and Lady Windermere and Mrs. Erlynne. The introduction of Lord Darlington turns the triangle to a square and leads to a climax, in which Mrs. Erlynne discovers that Lady Windermere is her daughter. Lord Augustus Lorton is the other major character in the play; he in in love with Mrs. Erlynne.

Sylvia Ammons is managing the stage, with Lynn Anne Brown as assistant.

Debate Squad Begins Work On Official Topic

Works Toward National Convention To Meet At Houston In March

Already pointing toward the National Convention, a squad of twenty has been working for three weeks on the official Pi Kappa Delta debate question for the year. Eight of the group are members of Pi Kappa Delta and most of the others have had previous experiences as members of freshman debate squads.

The groups meet every Tuesday night under Prof. Queener's leadership to discuss the question and matters related to it. The debate question is a timely one in keeping with current economic-social problems. It is: "Resolved that Congress should have the power to override, by a two-thirds majority vote, decisions of the Supreme Court declaring laws passed by Congress unconstitutional".

The season's schedule has not yet been completed but present indications are that it will be similar to last year's extensive program. It is possible that the schedule will be larger than

(Continued on page four)

Campbell Attends Economics Meeting

Occasion is Eighth Conference of Southern Group

Dr. C. A. Campbell, accompanied by Dr. C. P. White, Professor of Economics at the University of Tennessee, spent Friday and Saturday of last week in Durham and Chapel Hill, N. C. attending the eighth annual conference of the Southern Economic Association held at Duke University and the University of North Carolina.

At this conference, Dr. White, well known in the field of economics spake on "The Effect of Southern Tax Policies on the Distribution of Income."

Speaking also in a later session was Lloyd W. Reeves, Director of Personnel and Social and Economic Divisions, The Tenessee Valley Authority. His topic was "Trained Personnel in Government." Mr. Reeves will be remembered as having addressed the student body two years ago concerning problems confronting the operation of TVA.

JAMES PROFFITT WILL SERVE ON 1936 CHILHOWEAN STAFF

James Proffitt has been appointed to serve on the staff of the Chilhowean as an apprentice in the place recently vacated by David Maas. Maas resigned from the staff, giving lack of time as his reason for the move.

New Linotypes Do It All Except The Hardboiled Chores

Hear ye! Hear ye! The Editor has a new pet peeve!

During the past week the Maryville Enterprise Publishing Company, publishers of the Highland Echo, replaced the old linotype, long since bloody but unbowed with the hurts of twenty-five years of service, with one of Mergenthaler's latest creations.

This new mechanical god holds three sizes of type in both light and bold face, 18- and 12-point for headings, and 8-point text-type, together with bold in the two lowest faces.

This means that Echo publication time will drop to half, that Mr. , who on Saturday morning can be found down in the shop, with his belly hung methodically over the type-trays, patiently deciphering your writer's hieroglyfic headlines, will have more time for his morning chew, and that Jo, the young linotypist, had to buy herself a new smock before she could operate the new machine.

Besides setting copy and heads accurately, Linotype will sweep the floor, oil the big press, collect advertising bills, and feed the chickens in the back yard behind the shop. It is also a plastic surgeon. If you don't believe it, look at the Echo's new face.

But alas, and again, alas! There is one weekly chore it will not do. It will not criticize the editorials.

But we do not weep long, for somehow we feel that the reactionary group will continue to delight us.

SOCIETIES KNOCK OFF FOR PETER IBBETSON

Will Hold Joint Meetings Next Week; Theta in Thaw, and Bainonian, Bartlett

Due to the presentation of "Peter Ibbetson" following the formal dinner tonight, Dave McArthur, president of Athenian and Bob Godfrey, president of Alpha Sigma, have announced that no meetings of those societies will be held this week.

All men are reminded that next Saturday evening the societies will hold their first joint meetings of the year. Athenian will meet with Bainonian in Bartlett Hall, and Alpha Sigma will meet with Theta Epsilon in Thaw Hall at 7:00 next Saturday, November 23.

College Players Make Ready For Peter Ibbetson

Production Group Spares No Expense to Secure Colorful Costumes

After nearly four weeks of preparation culminating in a promising dress rehearsal last night, the College Players are ready for their presentation of John Raphael's adaptation for the stage of George du Maurier's novel, "Peter Ibbetson."

The titular role will be played by Gordon Bennett, who although he has not appeared before on the Maryville stage has had a great deal of experience in the dramatic art. John Barrymore played the part of Peter in the original very successful run of the play in New York. The part of Colonel Ibbetson, which will be played by Peter Kosloski, was given by Lionel Barrymore in the New York premiere. Martha Sue Cornett, also new to Maryville dramatics, will play opposite Bennett.

The scene of action lies in France and in mid-Victorian England. The scene shifts from France to London and Newgate prison, where Peter has been imprisoned for the murder of Colonel Ibbetson. The story is built around the love of Peter and Mary, his childhood playmate, who has risen to be the Duchess of Towers. The play is intensely human. The hero comes close to the hearts of all his audience. His longing for love and happiness—his tender, wistful childhood, his tragic ending are all depicted in this play with master strokes.

Miss Holland is coaching the production. The stage-manager is Bernard Boyatt, assisted by Dorothea Stadelman. Besides Gordon Bennett, Peter Kosloski, and Martha Sue Cornett, those taking part in the play are: Evan Renne, Robert Gillespie, Wilson Leathers, Malcolm Brown, Edmond Opitz, Ellis Hill, Catheryn Smith, Sylvia Ammons, Clara Balcolm, Florence Parks, Marjorie Fleming, Dorothea Stadelman, Margaret Armstrong, Irene Browder, Virginia Pennington, Ruth Lloyd, and Tom Bryan.

Old students will remember the superior presentation of "Double Door" that was given by the College Players last year, with Ellen Hitch as the outstanding performer. Entirely new stage scenery has been constructed and no expense has been spared by the production committee to secure costumes of the picturesque mid-Victorian age. Many visitors come from Knoxville and other nearby localities each year to attend the production of the College Players. Those interested in dramatic art or in good entertainment will not miss the presentation of "Peter Ibbetson" tonight.

KNOXVILLE STATION ARRANGES COLLEGE BROADCAST SERIES

Radio Station WNOX in Knoxville has instituted a series of Maryville College programs to be given each Friday evening, from 7:30 to 7:45. The first of these programs was given on November 8, when the Faculty Women's Trio, composed of Miss Frances Henry, Miss Jessie Johnson, and Mrs Newberry presented fifteen minutes of semi-classical music.

On November 15, the mixed quartet which has previously been heard over this section represented the College on the air. Next week the music will be supplied by a trumpet quartet from the Music Department.

This series of programs has been under taken in order to further the interests of the college, and to present music of a semi-classical and classical nature to those who are interested in music of this type. Different organizations will be heard from time to time, and the programs will be varied as much as possible.

Roving Reporter Tells of Week-end Trip To Land of Palms and Balmy Weather

By SIMPSON SPENCER
(Echo Roving Reporter)

Had anyone suggested Wednesday that a week-end trip to Miami, Florida, was a possibility, we would have doubted the sanity of the person. At one o'clock Friday afternoon, November 8, however, those who saw the group of six students packed into Don Rough's sturdy Model A, sincerely intent on reaching Miami, leave the campus headed southward, doubted the sanity of the hare-brained individuals undertaking such a feat. Only the graciousness of the authorities, the services of Western Union, and our pin money for the next months made the trip possible.

The afternoon was brisk and clear as we sped southward parallel to the Chilhowee Mountains to Cleveland, Tenn. Crossing the Georgia line late in the afternoon, we had supper at Marietta. Heavy fog between Atlanta and Macon made visibility poor. After midnight the air was clear again as we sped through the sleeping towns of south Georgia, the roofs of the houses white in the bright moonlight. Eloise Bundy, Don Rugh, and your correspondent, being Yankees, were intent on seeing the first palm tree, but soon all but the driver and Marvin Minear, whose turn it was to keep the nut that held the wheel in place, were sleeping.

We were already at Gainesville, Florida, when the gray of dawn broke, and we saw our palm trees on the campus of the beautiful University of Florida. Breakfast at Ocala, stops at Orlando and Leesburg, in the heat of

WEEK-END TRIP

(Continued from page one)

the orange groves and beautiful lake country, a long straight road through a swamp, and we stopped at the home of Evelyn Brunson at Cocoa for lunch. We left her there and for the rest of the day we sped southward along the coast highway in sight of Indian River and the Atlantic on the east and swamps and pine forests to the west. At Stuart a woman asked us if we knew Raymond Wilbar. Having a college tire cover and college stickers on the car it was useless to deny it.

South of West Palm Beach we began to notice billboards lying flat and trees torn by the hurricane. Wires were down in all the towns as we drew near to Miami late in the afternoon. When we finally reached the home of Jean Thomson at 7:15 Saturday night, we found that there were neither lights nor telephones in that section of the city. The rest of us drove on through Miami, in which there was not a single street light on, to the beautiful Coral Gables home of Marvin Minear, where we fell asleep as soon as we hit the beds, to the rustling of palm leaves in the warm night breeze.

At the Coral Gables Presbyterian Church the next morning we found it difficult to maintain a reverent attitude. The roofing of the building had been torn off by the hurricane, and each time we sang a hymn, the vibration shook loose plaster from the ceiling—a quite distracting factor when it goes down the neck of the woman in front of one. The sermon and the meal that followed it left nothing to be desired.

The girls drove over after noon, and together went through a huge Pan-American Clipper at the Dinner Key base, drove out to Coconut Grove, Tahiti Beach, the Venetian Pool, the Miami Baltimore Hotel; we saw beautiful Bayfront Park, its royal palms torn considerably, the Barrymore yacht, VAGABONDIA, and all the beauty of the palm trees and the Spanish architecture of the buildings along the way.

We were delayed for an hour each way when driving out across the free causeway, popularly known to Miamians as the Jewish Passover, due to repairs and one way traffic. We took many snapshots of the palms, the ships, the skyline, and us in Miami, and only wish we could have captured the "red sails in the sunset" out to sea.

After supper and a service at Dr. Thomson's stately church in downtown Miami, we drove out to Miami Beach were some of us went swimming in the surf in the light of a perfect full moon. We hardly took time to think of the rest of the school at Vespers while we sat out on the beach under the palms watching the light of the moon on the water and listening to the pounding of the surf as we watched the white caps roll in on the beach. A steady warm breeze was blowing in from the water, rumpling our hair and swaying the tall palms. It was a scene none of us will ever forget. It hardly seemed real, yet none of us has ever felt more intensely alive and glad of his youth.

We left Miami at 4:30 Monday morning, having risen at 3:00 with only two hours' sleep. Foolish? maybe, but it certainly was worth it. We came back by way of St. Augustine where we took time to go through Ft. Marion. Supper at Waycross, Georgia, several stops for gas, and a considerable delay when a tire blew out twenty miles south of Atlanta where the only events of the night was sped back northward. We arrived at Maryville at 2:00 Tuesday afternoon, after driving through heavy rain all morning, the only bad weather of the whole trip. It seems as though everyone has asked, " Was it worth it?" —and the answer of every one of us is, " It was."

The Weakly Filibuster

Bainonian entertainers at Athenian pulled some real stuff last week. Their debaters fought on—"Resolved that the faculty should be equipped with cow-bells after 5 P. M." The main point of the affirmative was that the Faculty have nothing on their minds, so why not put something about their necks? One debater even offered to put a cow-bell on Ralph Irwin. I suggest a mill-stone or an anchor.

* * *

I hope Coach Honaker brought something back from Columbus, Ohio, besides ticket stubs. Possibly some new plays, eh?

* * *

The Senator has learned that the Student Council was instrumental in obtaining more light and an extra day at Christmas for the students. Good news, and ought we not have more publicity about the council and its deliberations?

* * *

After Sunday dinner the Senator enjoys those male gatherings in front of Pearsons, even till the last word. But why doesn't someone bring their hymn-book or their lunch?

* * *

Question in American Government—"What is a civil officer?" The best answer was whispered by a student. "A civil officer is one that doesn't cuss you out when he finds you parked in front of a fire plug!"

* * *

The Senator's roommate was photographed in a tie that looked like it had been laid out in the sun to dry while a flock of pigeons was flying overhead.

* * *

Now that Maryville College sponsors a weekly radio broadcast, I hope that Mr. Mac will ease up enough to allow the boys to listen to the college talent. What say, Mr. Mac?

* * *

Here's hoping that our managing ed. and Haliburton-interviewer is slick enough to whiz into the presence of Wayne King and grab an autograph or a French horn without paying thru the nose.

* * *

Sometime next Wednesday, pie and ice-cream money may be found in the Who's Who in the college library. Don't all of you rush the jernt.

* * *

Certain campus gents stand at the head of their class in one field of extra-curricular activity. The senator has a corps of observers and each week will give the standing of the leaders. The ranking: Pieper, Shaw, Osborne, Lavendar, Hallam, Blair, Ormsbee.

The Melting Pot

A WEEKLY FEATURE

The group about the dinner table was discussing in a very heated manner the question of fairness in the giving away of Fords and Plymouths. No one had said anything about winning the prizes until a brawny Bell Telephone Linesman swallowed his meat, shifted his booted feet, and spoke with a drawl, "Well, I don't believe I'd want to win that Ford."

"Why not?" questioned the surprised group.

"Well, you see," he dryly explained, "I only won one thing in my life, and that was up at Middlesboro. It was a right purty pearl- handled, nickle- plated, Spanish pistol I won on a punch board up there. Well, on the way home I stopped on top of the mountain and told my friends I was goin' to shoot if off once, just to see how she did. Well, the blamed thing flew off into forty thousand pieces, and I lost three days work nursing an injured hand. Nooooo sir! I don't want that Ford."

—B. P.

* * *

Superstitious people have their day once in a while, just the same as leap-year babies and Republicans do, but it isn't so often that they have any tangible basis for it.

A few nights before the Maryville—Teachers game at Johnson City a campus group was enjoying a few hours at a cabin back in the hills. The moon, which was pretty full at the time, was riding high. A lone watcher stood on the cabin porch.

"Come here, you all!" she exclaimed. And when they had all gathered 'round, "See that Scottie up there?"

Everybody looked, and sure enough there stood out on the face of the moon in bold relief the neat figure of a Scottie.

"That must be a good omen," said someone.

"Let's hope so", said another.

On the following Saturday afternoon a scrappy Highlander contingent tore into the Bucs from Tennessee Teachers College and came out with a 6-0 victory.

Some think the Scottie in the moon was a good omen.

Well, everybody has his day once in a while.

—B. P.

* * *

The other day a small, printed paper was handed to me. It was a fairly clever dodger called the "Maryville Moonshiner." Obviously the product of hospital wit, it is fortunate that it was born in a hospital. That is probably where it will soon die. Its platform was good, but what good is a platform that you can't get anyone to stand on?

—S. H.

* * *

Maryvillians will find ways of getting into the news! Fred Young has been sentenced to two years in the penetentiary for murder. Carl Fisher is leading his orchestra in a Florida night-club. And, in a recent prison break, one of the "MacArthur boys" went over the wall first. Of course we all know that Maryville also has a Isham Jones.

—W. P. W.

* * *

Maryville's faculty must be above the average in looks, because last week when the faculty trio was in Knoxville broadcasting the announcer looked them over and said to a boy standing near, "Boy is that one a student. If she is, I sure would like a date with her." The teacher in mind has been married and teaching for several years.

—L. T. W.

Daddy Webb says:
Christmas
IS COMING!

It's time to think about that Christmas Gift.

Have your annual sitting made now so you can use photographs for personal gifts.

THE WEBB STUDIO

Kiwanian Causes Matrimonial Upset

By LELAND WAGGONER

Many prominent Maryvillians, including some of the best known merchants, lawyers, doctors, and college officials, have been sorrowfully singing, "I wish I were Single Again". It even appeared that the local bus company would run a special bus to Reno!

With knowledge comes forgiveness, however, and as it is slowly discussed, many mates are becoming more and more reconciled.

Here is the story: Several days ago, as a prank to get more members out to Kiwanis meeting, one of the local merchants, (who is a single man), mailed letters to the wives of each of the Kiwanians. The letter "s" in the word "Mrs" was made resemble an "r" made improperly. On the inside the letter, which was on feminine stationary and made to smell like something fallen from heaven, the heading began, Dear John: (or the particular pet name of the woman's husband).

Then fololwed a mushy letetr that no college boy's epistle could compare with, a letter so worded that only a man with previous experience could have written it. There was flattery, de-

(Continued on page four)

Of course, you say, there will be a little time after you get home for the holidays in which to do your Christmas shopping. But whose best girl wants a gift from the home town store?

Maryville is a college town, and that is just the sort of glamorous touch you want to add to that very special gift.

And why not buy it here? Maryville shopping centers are fashionable and completely stocked with the latest styles in merchandise.

Let the Highland Echo be a guide to your Christmas shopping.

BADGETT STORE CO.

"THE STORE OF BETTER VALUES"

Murfreesboro Adds Scots To List Of Victims, 20-7

On The Bench

... with ...

The SPORTS EDITOR

Now that nine-tenths of the 1935 football season has passed and the Highlanders are battling an even .500 with four victories, four defeats, and a tie, all that is needed to make the season the best in at least three years is a smashing triumph over our dearly beloved playmates, the Carson-Newman Eagles, on Thanksgiving Day. While a victory in this classic is enough to make any season look good (last year, for instance), a win on Thanksgiving would have the added attraction of ousting the Eagles out of second place in the Smoky Mountain Conference to make room for the Highlanders in that slot.

* * *

Cumberland It Is!

The question of who will be in first place when the curtain drops on the 1935 Smoky Conference season seems to have been very well settled, however, two weeks ago at Lebanon, when the "favored" Carson-Newman lads suffered a jarring upset at the hands of a vicious band of Cumberland Bulldogs. The score was 20-0, just one point less than the Scots were defeated by the erstwhile Lawyers three weeks ago. With only Teachers and King, both of whom have been beaten or tied by Maryville and Carson-Newman, remaining on its slate, Cumberland apparently is headed for a perfect record within the conference. Nothing short of a miracle could stop Cumberland now, but the race is not sewed up yet.

* * *

Fragments

The Highlanders have a mathematical chance to win the conference championship! The only necessities for a Maryville title are victories by both Teachers and King over Cumberland and a win over Carson-Newman by Maryville. It's in the bag, gents!

King and Queen Selected For Water Carnival Nov. 30

Kent, Blazer Will Reign At Carnival

Coach Fischabch Announces Plans Near Completion

The selection last week of George Kent and Reba Blazer to serve as king and queen of the 1935 Water Carnival marked the completion of plans for this event to be held November 30 in the Bartlett pool.

Swimming Coach George Fischbach, who is directing this third annual aquatic affair, reports that only a few details of the event remain to be worked out, and that initial preparations are well underway.

Coach Fischback hopes to make the 1935 Carnival the best since the beginning of the attraction three years ago, and with such a combination of fun and beauty as George (Red) Kent and Reba Blazer can supply to set off the other events, the chances that this will be the best yet are good.

One of the innovations of the 1935 Carnival will be the presence of girls as well as boys in the group of performers. Included in the acts to be put on by the girls will be an exhibition of fancy diving. Other plans for the affair will be announced next weeek.

R. BATTAGLIA WINS FALL GOLF TOURNEY

Winner Covers 54 Holes in 185; Granger Wins Second Place

Leading the rest of the field by a wide margin, Dick Battaglia, junior golfer, clinched first place in the men's fall golf tournament to repeat last year's victory in the spring tourney.

The close of the current match found Battaglia stroking 185 over 54 holes, 11 points in advance of Herbert Granger, whose 196 provided the only close competition. Lavendar and W. Quigley tied for third honors at 233.

Next week the winner and the runner-up, together with James Battagilia and Pete Kosloski, will meet a faculty foursome in the closing match of the fall golf season.

HARDWOODERS FLASH SPEED IN WORKOUTS

Several Newcomers Give Promise Of Dealing Lettermen Rugged Competion for Positions

Speed will be the keynote of the Scot basketeers this season, it seems probable, since early workouts of the squad indicate the presence of a number of men gifted with that quality.

Under light workout until the end of the football season, a number of new men have shown promises, and the construction of a fast, accurately shooting quintet seems a certainty. Nothing definite can be known, however, until the football season closes and the majority of the lettermen change from the gridiron to the hardwood.

Twenty-six new men have been reporting for thrice-weekly practice, and out of this group probably will come some stiff competition for the five lettermen who will be on hand when the season opens. With only two members of last year's Smoky Mountain Conference championship aggregation missing, and the newcomers promising to give the veterans a keen battle for positions, the outlook for the 1936 season is even better than last year.

FACULTY TOURNEY ADVANCES SLOWLY

Coach Fischbach and Miss Henry Lead Their Respective Fields

Maryville's faculty are progressing slowly through the rounds of their Faculty Medal Golf Tournament. In the Men's division, Coach Fischbach is leading with a 38 and a 34 on the first two rounds. Dr. Cummings, hero of the Men's Tennis Tourney, is second with a 41. Prof. Collins has a 56.

In the Women's division, Miss Clemmie Henry is in the lead, having shot a 55 for the first nine. Miss Hunter is second with a 57. Miss Carroll and Miss Johnson have both a 70 to their credit. Other entrants expect to finish the play on the first nine during the next week.

Highlanders Top E. T. T. By 6-0 to Break Even In Two Teachers Games

Gray Scores Against East Tennessee Teachers

With a blocked punt in the second quarter furnishing the only score of the game, the Highlander gridiron forces fought their way back into the winning ranks last Saturday by downing East Tennessee Teachers 6-0 in Johnson City.

By conquering the Buccaneers, the Scotties took over third place in the Smoky Mountain Conference, swapping places with the Bucs. Maryville has won two, lost one, and tied one within the Smoky loop, while Teachers has won three and lost two. Only Cumberland, who is undefeated, and Carson-Newman have better percentages than the Highlanders.

Captain O'Neal Gray scored the Scot touchdown in the second period by scooping up the ball on the Teachers 12-yard stripe, after the Maryville line had smothered an attempted quick kick, and running across the goal line.

The Highlanders showed considerable improvement in returning to their winning form, with several performers showing up well. "Skeeter" Shields, 139-pound quarterback, was the out-

(Continued on page four)

Forward-Lateral, Odell To Henry To Shields, Scores

Special to the Echo

MURFREESBORO, November. 15, —The powerful Middle Tennessee Teachers eleven continued its relentless march through all opposition here today to remain undefeated and untied by subduing the Maryville Highlanders 20 to 7.

After putting up an impregnable defense throughout the first quarter, the Highlanders gave way in the second period long enough for Murfreesboro to chalk up two touchdowns. The first came on a 30-yard pass from Smitherman to Murphy and the second on a 14-yard jaunt by Murphy over his own right tackle.

Maryville came back in the same period to score on the most spectacular play executed by the Highlanders all season. With the ball on the Maryville 30-yard stripe, Jim Odell dropped back and fired a pass to John Henry, who then lateraled to "Skeeter" Shields on the 45-yard line. Shields took the ball in at full speed and outdistanced the Murfreesboro backs to the goal line, a total gain of 70 yards. Overly place-kicked for the extra point.

Shields continued his sparkling play at quarterback for the Highlanders, and Odell saved the Scots several times by breaking up Murfreesboro passes.

DEBATE

(Continued from page one)

other years' as invitations to debates have been received from colleges not on former schedules. Try-outs will be held on Saturday, December 7 and the first intercollegiate debate will be about the beginning of the second semester.

The most important event on the debate calendar is the Eleventh National Convention of Pi Kappa Delta, National Honorary Forensic Society, at Houston, Texas, from March 29 to April 3, 1936. Maryville will send a good representatation to the Convention with high hopes of finishing among the winners.

Those who are working on the question are: Seniors, J. Badgett, M. G. Brown, A. Christie, P. Hartman, R. Howie, E. Pflanze, A. Pflanze, A. Pieper J. Wilson, Juniors, D. Andrus, D. Hallam, V. Pennington, R. Schlafer, F. Young, Sophomores, L. Black, M. L. Chittick, E. Gillingham, D. Maas. H. Maguire, L. Waggoner, W. West. Others who are interested in varsity debating are invited to attend the Tuesday meetings in Prof. Queener's classroom and to participate in the try-outs on December 7.

KIWANIAN CAUSES

(Continued from page two)

ceit, love, smoothly worded into each carefully written note, a note that no man(or his wife) could resist. And then came the fatal ending—Lovingly, Your Secretary.

It is actually true that one woman went into hysterics and cried all day. Another called up her husband's unsuspecting secretary and started a conversation that could not even be printed in a True Story magazine. One woman, who has been married about fifteen or sixteen years, tearfully explained, " I always thought it was so, and now there it is in black and white." A local lawyer bitterly complained, "I wasn't gettin' along so well at home anyway, and this has just about fixed things".

Some of these women "bruise easy, but heal quick". Two of the men have bought $2.00 boxes of candy and another a $1.00 box and charged them to this merchant. This, they say, is for a "heart balm" to soothe their injured pride.

E. T. T. GAME

(Continued from page three)

standing back on the field, making several good gains and calling a smart game for the Scotties. The two Scot fullbacks who saw service, Bob Jackson, and Jack Overly, both played well, with Jackson's defensive work particularly good.

In the line, Gray continued his march toward all-conference honors with his usual brilliant play, while the opposite flankman, Toll Coulter, subbing for Bruce Alexander, who was operated on last week for appendicitis, turned in what was probably the best game of his career. Archie Pieper, at guard, and Jack Dunn, subbing at tackle for the injured Buck Millsaps, also played steady line games.

A 9 Letter Program

This is our own idea for the public works program most likely to succeed in the near future. It takes nine letters from the overworked alphabet, it's true—but you still need all of them to make it—Christmas!

Christmas! The one project sure to receive the endorsement of every professor sociologist, reformer, political economist, efficiency engineer, man on the street, die hard, tax payer and Supreme Court member. Of every one, in fact who still thrills to the message of a bit of holly and grows younger at the sight of a street corner Santa.

Whatever your politics, you'll agree with experts that its going to be a grand Christmas. A Christmas with only one public problem—what to buy and where to buy it. If you want to solve that problem you'll add another four letters right away —CITY— enough to spell our store name —and follow the leaders.

We have spent a large part of the summer in search of new and novel gifts for Christmas. We found them and they are now in our store and will be on display for your shopping convenience.

Shop early—purchase the pick of the new things—a small deposit will have it laid back for you to be called for or delivered when desired.

CORONATION CEREMONY AT BARNWARMING

Frantz To Thrill Music Lovers December 6

Classical Centers Hail His Playing With Superlatives

Maryville To Be One Of Few Colleges Visited By Frantz In Tour

Dalies Frantz, tall, blonde, and handsome, and known widely in the classical music centers as the "Titan of the Keyboard," will make his appearance in Voorhees Chapel Dec. 6 at eight o'clock in the second presentation in the Maryville College Artist Series.

The immense successes created by Dales Frantz with major symphony orchestras of this country and in recital were outstanding sensational events of last season. Making his New York debut as soloist with the Philadelphia Symphony Orchestra, Leopold Stokowski conducting, the metropolis hailed Frantz in such terms as, "His playing was that of a master".... "Brought down the house."

Prior to this and appearing with the same orchestra in Philadelphia, Frantz was declared, "In the first rank of today's pianists," at Chicago with the Chicago Symphony Orchestra, Frederick Stock conducting, it was proclaimed of him: "He is the sensational American artist that people have claimed they were looking for."

Maryville College is one of the few colleges at which Frantz will appear during his travels throughout America.

o

LOCAL EDITOR WILL SPEAK TO ECHO STAFF TUESDAY NIGHT

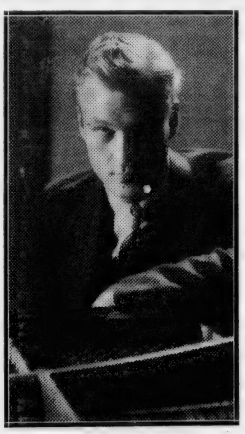
James B. Hedge, Jr. owner and editor of the Maryville Enterprise, will be the guest speaker at the Highland Echo staff meeting to be held in Dr. Field's classroom Tuesday night at 7:30.

Mr. Hedge, whose associations with journalism have been long and large, will relate many interesting experiences encountered during his life of newspaper work. Eash staff member may bring a guest if he desires.

o

COLLEGES JOIN OBSERVANCE OF CARNEGIE BIRTHDAY CENTENARY

Many colleges and universities of the United States which benefited from grants by Andrew Carnegie will join with Carnegie libraries and the various Carnegie trusts in the observance on Nov. 25 of Andrew Carnegie's birthday centenary.



Carnegie's grants to (educational) institutions have aggregated approximately $80,000,000, in addition to his public library expenditures, which were in excess of $60,000,000.

Carnegie's memory will be honored on Nov. 25 in his native city of Dunfermline, Scotland, from which he emigrated with his family to the United States in 1848. Other ceremonies will be held in New York, Pittsburg, and Washington, D. C., while special programs and exhibits will be arranged by many Carnegie libraries.

o

Love is the feeling that you feel when you feel you are going to feel a feeling that you're never felt before.

On Artist Series

Maryville Graduate Directs U. T. Musical Organizations

An announcement was made last week by the University of Tennessee that Prof. Alvin Keen, former student and graduate of Maryville College, has been appointed as director of all musical organizations except the band for the coming year. The University states that these organizations have not been what they should have been in the past few years, but with the new appointment new interest is expected in them.

Prof. Keen graduated at Maryville and obtained his masters degree from the University of Iowa where he has been teaching for the past two years. He is the son-in-law of Prof. and Mrs. McMurray of the Maryville faculty.

o

ALPHA SIGMA PLANS PROGRAM OBSERVING REMODELING OF HALL

Terminating an expenditure of some fifty dollars for the remodeling of the A. S. Hall in Anderson, Alpha Sigma Society next week plans one of the biggest celebrations in the history of the society.

All alumni are invitel to attend the gala re-opening ceremonies next Saturday night, at which time an extensive program will be presented. Further announcement will be made in the Highland Echo.

Athenian Presents Play Written By Beloved Tarkington

"Man From Home" Initiates Midwinter Season With Good Cast, Play

No living American writer is more widely read or more universally loved than is Booth Tarkington. So well known and beloved has he become that no boy can call his period of boyhood complete without having read either "Penrod" or "Penrod and Sam", and preferably both. Nor can any young man or any young woman say his or her experience is "puppy love" is complete, unless he or she has read "Seventeen." The Hoosier novelist and statesman, now in his sixty-sixth year, has written some twenty-odd plays and novels. Whenever one of Tarkington's plays is

o

Athe-Bains Open Bartlett Bastille

Guard Clubbing Features Prisoners' Entertainment

Promptly at 8 this evening, Athenian and Bainonian will open, Bartlett Bastille in its true prison garb to the public.

Iron bars and stone walls will make a prison, if one is guided by outward appearances. But inside the Big House whoopee will be made by the convicts in company with their ball-and-chains. Trusties, with the kind aid of their bosom friend, Warden Muggs, have laid gigantic plans for a stupendous evening. The death-house of football men has been converted into a theatre and from its stage will be presented intimate skits by inmates.

Following the footlite festivities will be games such as wall scaling, bar-filing, guard-clubbing, and all the other gentle forms of recreation practiced in the best of prison society. If one lives thru the strenous games, one will be dashed in the face with toothsome refreshments.

The price is only two-bits per couple, or fifteen cents per solitary. Come and club your favorite guard!

We Need Music

AN EDITORIAL

No one who attended the fall concert in Voorhees Chapel last night doubts that the addition of the combined glee clubs and orchestra made this annual presentation an event of pleasure unequaled through the years past. True, the solo numbers were excellent, as they have always been, but the offering of the music from "Carmen" was delightfully different.. Those who are familiar with professional presentations of the Bizet opera must have been cognizant of the work which surely was spent by the parties involved in preparation for this concert.

Coming directly as results of last night's success, two valid conclusions stand oue before us. The first is that last night's concert made us conscious more than ever before of the need in Maryville College for a more widespread and individually intense appreciation of good music. A program designed to bring about such an appreciation would not be time wasted, but rather would develop into an educational standard of which Maryville College, in later years, would be proud.

The second conclusion is that the glee clubs last night "feathered" their nests" with music from Carmen. Those who heard them sing will not miss hearing them again in their concerts to follow.

o

TOM HUTSELL VICTIM OF BURNS FROM POWER-HOUSE ACCIDENT

Tom Hutsell, assistant engineer of the College, is back at work today on the campus after recovering from serious burns on the face and hands last Monday. Hutsell was investigating an erratic check-valve in the power-house when hot steam and water spurted up into his face scalding his face and hands painfully. He will be unable to resume his regular job as fireman for several days yet. E. C. Brown, College engineer, said the accident was the worst on the campus in his twenty-five years of service here.

Many a man's better half is the whole thing.

Committees Work Hard On Annual Thanksgiving Fete

Kleemeier To Be Master Of Ceremonies At Occasion Of Coronation

The various committees involved have been working hard during the past two weeks to make the annual Thanksgiving Barnwarming, always one of the outstanding events of the year, an affair which no student can afford to miss. Ceremonies are scheduled to begin Nov. 29 at eight o'clock.

A Penny Fair is the theme for the early part of the program. Booths in charge of repesentatives from each of the four societies and classes will provide entertainment and refreshment. Also of interest will be the "House of Horrors" sponsored by the faculty under the direction of Dr. Cummings, who will be assisted by Miss Carrol, Miss Hunter, and Prof. Collins.

Robert Kleemeier will act as Master of Ceremonies for the coronation ceremony. The King and Queen will be selected by vote of the student body in Wednesday morning chapel. Alpha Sigma Orchestra will render popular music for the entire occasion.

Among those responsible for the Barnwarming program are Cathryn Smith, YWCA director and head of the refreshment committee, Bill Young, overseer of decorations, Ernest Crawford, advertising manager, Madge McQuagge, in charge of tickets, Allen Stevens, supervisor of booths and Sylvia Ammons, head of the program committee.

o

FRED HOPE PLEDGES SWELLED OVER LAST YEAR'S TOTAL GIFTS

The results of the Fred Hope Fund drive which was presented during Wednesday's chapel service are very gratifying. A larger number of participants than that of last year has brought the sum pledged up to $700.00 to date. This shows an increase of about $55 over the total of the pledges for the year 1934-1935. A part of this amount has been paid in already.

Anyone who has not had opportunity to take part in the contribution to this fund may secure blank pledge cards at the Student Help office, and pledges should be paid at the same office.

o

CHILHOWEAN STAFF REPORTS PROGRESS IN 1936 YEARBOOK

With the closing of the senior section of the 1936 yearbook last Thursday work has been begun on the junior section, it was announced by Morgan this morning. Over a hundred senior pictures will appear in the new book.

Luminati reports that the many clubs are responding eagerly with contracts for space, especially the horde of new ones which have sprung to life recently on the Hill.

Anyone having snapshots which he would like to submit to the critical eye of the feature editor will present them to Bernice Gaines, or at the Chilhowean office in Thaw Hall.

o

It isn't often you find a young man on a country lane a night who hasn't a miss in his motor.

Fayerweather's Unexpected Gift Came In Time of Need

By ALEX CHRISTIE

Towards the end of the last century there was in business in New York a prosperous leather manufacturer with a disposition to philanthropy. A friend of his became interested in Maryville College through the endowment campaigns of Professor Lamar, and through this friend the wealthy manufacturer in turn developed an interest in the College. His name was Daniel B. Fayerweather.

When Mr. Fayerweather died he left the bulk of his estate to some twenty colleges, one being Maryville. The gift was entirely unexpected and came at a time when the College was hard pressed for funds to care for needed expansion. Mr. Fayerweather's estate was in litigation for some years and when it was finally settled the school found itself in possession of a fund that was larger than the value of all the property then owned. The administrators of the college looked on the gift as providential and disbursed the funds as a sacred trust.

There were no restrictions to the gift and some of it was added to the permanent endowment, some applied to current operating expenses, and invested in additional improvements to equipment. An addition was built to Anderson Hall and other improvements made, the most important of which is Science Hall, named in honor of the donor.

When it was first built in 1898 Fayerweather Hall had only two stories and housed the science departments. Fifteen years later, in 1913, there was contributed additional funds to build another story to Fayerweathe Hall and to set up there a home economics department with its necessary equipment.

The unusual contsruction job of jacking up the roof and building the third story was undertaken and completed while classes were in session in the building. The new addition is now called the Mary Esther Memorial and provides quarters for the Home Economics Department.

Like most of the buildings on the campus Fayerweather Science Hall stands a memorial to those interested in Christian education and we who profit from the generosity and sacrifice of others should come to appreciate more and more the heritage that is ours.

The Highland Echo Is A Charter Member of the Tennessee Collegiate Press Association

The Weakly Filibuster

By SENATOR HEGNER

Our Faculty has a good volley-ball team with Campbell, Cummings, Fischbach, Honaker, Shine, and Thrower. Why not more campus interest and perhaps a league?

Famous personalities to be interviewed: the man that retrieves the oysters from our oyster stew just before it is served.

On the campus we need more men that are Esquire men in manners, and not just in clothes.

The Director of Women's Residences has instructed the waitresses not to allow boys to linger at the tables. Soon we'll wonder: "Why visit Pearson's at all."

The following will probably forget to give me a nickel for including their names in this column: Paterson, Peterson, Richey, Barton, Hall, Gabbard, Kleemeier.

Our first Formal dinner flopped because music was lacking. Alpha Sig's orchestra needs money to purchase orchestrations and carry on. Shall the Senator start a fund?

As a member of the After-Dinner Dining-Club which meets daily at the "Y. M." store I feel that the Director of Maintenance should be asked to install tables and a soda fountain.

The chocolate cone goes to Minnie-Lou Chittick for suggesting that they be given the tag, "C. C. C. Boys" This week's leading "Constant Campus Courters" are: Pieper, Osborne, Hoffman, Battaglia, Shaw, Lehr, Hallam, Lavendar.

Several irate students have accussed Walter West of being the Senator. Cut it out. You can't do that to my old friend, Col. West. In fact, you can't do that to me.

From a glance at Phillip's ONCE OVER—"Fifty Italian airmen, the cream of Mussolini's crop, dropped five tons of bombs on a mud hut, two goats, and an abandoned well. The goats are considering asking the League for sanctions."

The Senator would appreciate any pertinent stories from students. Write them, address them to me, and leave in the Echo office.

Reba will be some Queen at the

(Continued on page four)

The Poetry Corner

E. J. B. to E. A. P:

You never hitch-hiked; therefore you knew little of the depths of despair.
I was cold that day in winter, for my clothes were somewhat thinner
Than the fuzzy flannels worn by men in fleecy days of yore—
As I stood there, slowly freezing, always on the verge of sneezing,
Pointed as I stood there wheezing—pointed toward the Chesapeake shore,
With a thumb quite numb from frostbite pointed toward the Chesapeake shore,
Toward my home in Baltimore.
As I stood gesticulating, o'er the highway undulating,
Came a car perambulating, with one rider and no more.
Then I waved my thumb in frenzy, for the license plate said Pennsy,
Dear old, good old Pennsylvania, dearer now than ere before,
For I never hitch-hiked home from school in all my life before—
Never home to Baltimore.
But my fondest expectations, predications, aspirations,
Came to nothing in the auto and the driver which it bore,
For the driver, smugly smiling, honked his horn, my temper riling,
While my thoughts on him were piling maledictions by the score;
"May ye wreck, ye Son of Satan!" was a curse among the score,
"Wreck ere reaching Baltimore!"
Muchly did my coat-tail flutter, vainly did I curses mutter,
As the man from Pennsylvania pushed his foot-feed to the floor;
And he let no eyelid flicker as he eyed my college sticker
Stuck as tight as I could stick 'er on the suitcase which I bore,
On the travel-worn and ancient bit of baggage which I bore
On my way to Baltimore.
As the shades of night were falling, down the hill a car came crawling—
Ancient carriage known as Model T in tinny days of yore—
And with many a sundry shudder and an apoplectic sputter
Came the V Eight's great grandmother to a halt with open door,
To a shaking, quaking, silence-breaking halt with open door,
As I shouted, "Baltimore?"
But my loud interrogation brought a head-shake of negation,
And the ancient man behind the wheel spoke words I'd heard before;
With a voice tobacco flavored and with accents onion savored
Said he thought I might be favored with a three mile ride or more,
Three whole miles at least might travel, and perhaps a fraction more
On my way to Baltimore.
I refused the offer kindly, struggling for excuses blindly,
Bravely saying I would wait for rides that had not come before;
And the Model T went coughing, disappearing in the offing,
Leaving me behind it scoffing, sneering at "Three miles or more,"
Haughtily refusing offers of a "Three mile ride or more—"
Many miles from Baltimore.
Like the sad uncertain flirtin' of a certain purple curtain
Flapped my coat-tails in a night-wind sent from some Plutorian shore.
As the winter's chillness chilled me, a desire within me filled me,
And with words so strong they thrilled me, from hitch-hiking I foreswore,
And returned me to the hamlet to fulfill the vow I swore—
And caught a bus to Baltimore.

—Edwin J. Best

ADVICE

(By the voice of experience)
If a neighbor would razz a friend
Also a friend of yours
Be careful that you in the end
Won't —

The Melting Pot

A WEEKLY FEATURE

Noting Haliburton interviews and roving reports on Florida, I have decided to be a roving campus interviewer. A plethora of willing-to-be interviewer individuals exists; the words of the first three I present: Whisking into the room of Gordon Bennett I queried him about his life of success. "Wal, my young cub" said the white-haired colonel while twirling the tips of his mustache, "I owe it all to my family honah, suh." As I retreated in awe, knocking over a full glass of mint julep, the colonel's look told me that the interview was at an end.

While sharpening a pencil in Scientist Gabbard's room, I asked him to what he attributed his success. He replied, "To the scientific construction of the atom, which is indeed incredible." Without another word he fell asleep on his desk, a work-weary picture of one whose life and fortune has been devoted to the cause.

Before retiring I dropped in on the great swimmer and ichthyologist, Art Herries. I put the question to him. Shaking the salt-makerel out of his hair, he said. "Speak louder, I'm hard of herring." Without waiting for me to repeat he shouted in a waterfront bass, "I owe it all to my love of the deep, briny sea." Such pathos cut me to the quick and I rushed back home as fast as the dogs could cross the ice.

Arising early I was greeted with rain, sad biscuits, and a Fred Hope Drive. Love.

—Bard of Old Salem

Get your foot in it.
If he says things and you agree
To all he says and let it be
Honest to goodness you shall see
You'll —
Get your foot in it.
If he says yes and you say yes
Or pro and con or iffs and ands
Can't you see and understand
That you too will —
Get your foot in it.
Now here is how, take my advise
Always say everything nice
Never say yes or no but just uh-huh
Then we will say that surely you
Will never —
Get your foot in it.

Scot-Eagle Grid Feud To Be Renewed Thursday

Tradition

... BEHIND ...

The Scot-Eagle Encounter

By WALTER WEST
(Echo Sports Writer)

Turkey Day always brings football rivalry. Bands blare, drums beat, rooters snake dance, and gridiron warriors battle to the end. Just that very same thing happens on the campus of Maryville College this coming Thanksgiving Day. The Highlanders will be battling the Eagles in the final game of the season. And if you don't believe there is glamour in the Scottie—Eagle rivalry, you ought to look at the history of it.

Thirty years ago this year, Maryville defeated the Carson-Newman Eagles, 45-0. Even before those days, the Maryville—Carson-Newman football game was a bitterly fought and valiantly contested affair. Thirty years after that triumph, a new group of Highlanders will be fighting to make history repeat itself.

To those students who are new and who don't know what lies behind the with the Eagles, it may well be said that no other so-called "small college" game in the entire South has so much and so colorful background. For years Carson-Newman and Maryville have been the outstanding colleges in this section and for years their teams have fought it out on the gridiron, storing up a wealth of gridiron lore in each battle. Last year, for instance, Carson-Newman scored a touchdown early, on the Highlanders. But a valiant Scottie machine fought off defeat and scored a touchdown in the last minutes of play. Jack Overly's toe provided the slender margin of 7-6. Only once in the past eight years has Carson-Newman beat Maryville. In 1933, the game ended with Maryville on the small end of a 27- 6 score. But scores of 7-0, 18-12, and 12-0 betoken the battle that this Baptist vs Presbyterian game always is.

This year will be no exception. Eight of those fighting Highlanders will be playing their last game for the orange and garnet. They will be fighting to make the day glorious in victory, so that the garnet and orange will wave triumphant over the field of battle when the last whistle is blown. They are: Captain Gray, Alternate-Captain Atchison, Pieper, Blazer, Loessburg, Gamble, Millsaps, and Holloway.

Let us, the other students on the Hill, help these graduating players by making the campus watchword, from now till after the teams leave the field after the Turkey Day conflict, "BEAT CARSON-NEWMAN."

O

Jinx Follows Alexander

The injury jinx which kept Bruce Alexander, fighting Highland end, out of the first few games of the season caught up with him again last week, only in a much more serious form, and now he is recovering from an appendicitis operation. Alexander has gotten some tough breaks this season, but we are glad to hear from G. Stanley Hall, Bruce's roommate, that Bruce will be back in school in a few weeks.

Such Basketball Players!

It's about time to start talking about that 1936 Highlander basketball team, and how good it ought to be. If size is any indication of the strength which is to develop, the Scotties will have a perfect season. The squad will include such players as Kleemeier, Hannah, Odell, Henry, Bagby, and Hayes, the last two freshmen, all well over six feet tall.

Hardwooders Fail To Hold Fast Pace

Few Newcomers Continue Steady Performance

Several of the potential first-string performers among the newcomers to the Maryville basketball court, who showed up well in the first two weeks of practice, failed to keep up the pace this week and few showed promise of giving the varsity players much competition for positions on the 1936 Highlander machine.

The old members of the squad continued to instruct the green material in the absense of Coach Honaker, who will take over the squad after the Maryville—Carson-Newman game next Thursday ends the football season.

During the past week, only three new men continued the good work of the week before. Kleemeier, lanky center, gave indications of future development, while Czepiel and Baird flashed good form at times. The other members of the squad, however, probably will show considerable omprovement when Coach Honaker takes charge and the workouts take on a more serious nature.

Manager Dowell is now working out the 1936 schedule and has several games already corded, with a good many others tentatively arranged.

O

Cross Country To Be Run Thursday

Snedeker Favored To Win Y. Race Third Time

The annual Y. M. C. A. five-mile cross country run wil be held during the Maryville—Carson-Newman football game next Thursday afternoon, with the runners expected to cross the finish line at the half. The home stretch is to be down the sidelines of the field, ending on the 50-yard marker.

At least five runners are to enter the meet, with Stuart Snedeker favored to lead the field with ease in his last five-mile run the last two years and was timed only a few seconds behind the winner his first year.

Other members of the cross country team, which defeated Tennessee and L. M. U. in the only two meets of the season, probably planning to run are Talmage, Rugh, Dmytriw, and Baird.

Beach Party Will Feature Carnival

Wide Variety of Stunts To Be Enacted for Royalty

A beach party in honor of King George Kent and Queen Reba Blazer, with Bill Downes' Alpha Sigma orchestra furnishing music in a background fully decorated for the gala occasion, will be the setting for the third annual Water Carnival to be held next Saturday night at Bartlett pool.

The King and Queen, the latter accompained by two attendants, Harriet Gray and Ethel Flannery, will review the many aquatic feats performed by their subjects. Included in these feats will be every kind of water stunt from nightgown races to suicide from greased pole scrambling to exhibition diving by two girls and two boys, from a bathing "beauty" review to a sensational fire dive. There will be several side attractions in addition to the numerous water features.

Coach George Fischbach, who is sponsoring the Carnival, and his swimming team and other performances have been working hard to perfect the program, with the finishing touches to be added the later part of next week.

O

Faculty, Students Tie In Volleyball

Monday Night Games End With 2 Victories Each

The Faculty and Student Vollyball teams opened their first series of games last Monday night at Y. M. C. A. by battling to a deadlock, two games apiece.

It was a nip and tuck battle throughout, neither team being able to show any apreciable advantage over the other. The scores were very close with the Students taking the first and third games and the Faculty retaliating by taking the second and fourth games.

The faculty team included Professor Campbell, Cummings, Fields, and Shine and Coaches Fischbach, Honaker, and Thrower.

O

With Reba Blazer queen, "Red" Kent king, and " Blondy" McEnteer court fool, the Water Carnival November 30 can't fail to be a success. Coach Fischbach is trying to get another big feature lined up for the event, but preferred to hang on to his secret until he is sure it will be available. We want bird-meat for supper Thanksgiving . . . Preferably Eagles.

Student Golf Team Outshoots Faculty

Dr. Stevenson Scores Only Win as Faculty Loses

Athletic competition between members of the student body and the faculty was evened up yesterday as the student golf team defeated a faculty quartet by a score of three matches to one. The faculty had held the upper hand previous to the golf match through a victory in the fall tennis tournament and a tie in a volleyball game last Monday night.

Dr. Stevenson carried off the lone faculty triumph yesterday by defeating James Battagilia 2-up on the seventeenth hole. In the three student victories, Richard Battaglia outstroked Coach Fischbach to win, also by a margin of 2-up and one to go, Peter Kosloski topped Dr. Cummings, winner of the tennis crown, 4-up and three to go, and Granger won over Dr. Hunter on next to the last hole of their match.

O

RAIN DELAYS GIRLS TENNIS TOURNAMENT

The Y. W. C. A. Women's Fall Tennis Tournament, delayed for some time by inclement weather, has progressed through the third round.

In the upper bracket Brown, Nicolai and Sharp have reached the fourth and quarter-final round while the other quarterfinalist is yet to be decided by the match between McSpadden, first seeded player and Todd.

In the lower bracket McNamara, third seeded player, has gained the semi-final round by defeating Murphy in a match of the round of eight. The two remaining quarterfinalists will be decided in matches to be played between Eddins and Watson and between Worth and Stephens.

You are expected to do your task in life today just a little better than you did it yesterday.

Highlanders Seek To Replace C-N in Smoky Loop Race

Eight Seniors End Careers Against Carson-Newman On Thanksgiving Day

By JOHN McINTYRE
(Echo Sports Writer)

The Eagles of Carson-Newman descend on Wilson Field next week to renew the years-long conflict with Coach Honaker's gridmen on Thanksgiving Day. Highly touted as conference winner earlier in the season, the Eagles, under the expert manipulation of a scrappy eleven from Cumberland, have descended to second slot. The forthcoming battle with the Scots will decide the final holder of that place, since Cumberland clinched first place by defeating King Yesterday.

Under heavy practice this week, the Highlanders have exhibited a welcome supply of power and versatility for the coming game. Three stellar Scot performers, Johnson, Holloway and Millsaps have been on the injured list recently, but are expected to be in entering shape by next Thursday.

The final whistle of next week's game will sound the swan song of a number of Scot gridsters. Millsaps and Gamble, human bulwarks for a thousand smashes through the line, Pieper, Atchison, and Holloway, excellent guardsmen, Loessberg and Blazer in the backfield, and Captain O'Neal Gray, whose end position will be one of the coaching worries of Honaker next season, will be playing their final games for the Highlanders.

A comparison of the scoring records of C-N and the Scots against the same opponent this year gives a slight edge to the Eagles. However, against King, tied by the Highlanders, the Holtmen eked out a 13-12 win. Again, Cumberland, who rode over the Scots 21-0, also took the Eagles for a 20-0 ride. Scores, in the past, have meant but little in this battle, however, and any prediction from percentages and book-

FILIBUSTER

(Continued from page two)

Water Carnival, but since Red Kent do that, what will he do? Incidentally, don't miss the Water Carnival, it will be good. At least that's what George Fischbach tells me.

The Athenian-Bainonian joint meeting may be favored with a bit by the Senator, providing a clean shirt and haircut-money arrives from home.

Mark Frisch will pay two-bits for the best name suggested for his galloping clock.

The pie and ice-cream money was found by Art Herries. Looks like a roommate conspiracy to me.

To those who may stare awhile and then feel aloof—Esquire, fashion magazine for men, has arranged for paupers such as we are to drag one more season out of the besmudged hide of white shoes. In simpler language, they're good all winter for campus wear, without benefit of polish.

Scot-Eagle Game

(Continued from page three)

work is generally upset. The Highlanders wil take the field on even odds with the Eagles.

Still smarting from their defeat last year by the margin of one point, the Eagles will be out to add the Scot scalp to their list of trophies this year. However, stellar Scot play will undoubtedly be a prominent feature of the game, and victory again over the Holt-coached eleven is more than a possibility.

ATHENIAN PLAY

(Continued from page one)

to be presented, an ample audience is assured.

Athenian Literary Society, therefore, feels most fortunate in the choosing of Tarkington's "The Man from Home" as the Athenian Midwinter. "The Man from Home" was Tarkington's first play and has been the favorite among his plays ever since. Once before this play has been presented on the Hill, some fifteen or twenty years ago. Athenian presents it again, like the rare book Shakespeare spoke of, "to be read over till its lines are graven upon the memory".

Picture a girl, alone—lonely, perhaps—in a foreign country, surrounded by counts and dukes, all seeking to marry her. And then, there comes a man from home. Whom would she marry? Of course, she would marry the man from home. But how would she get rid of all her other suitors? That is a problem that must remain to be solved when you see the Athenian Midwinter, "The Man from Home."

The excellent cast which Athenian has placed in the play is laboring daily on the production, under the direction of Mrs. West. The play promises to be one of the best ever seen in Voorhees Chapel. The play, "The Man from Home," by Booth Tarkington, will be presented on Tuesday evening, December 3rd, at 8:00 o'clock, by Athenian Literary Society, winner of the 1935 Theta Alpha Phi Dramatic Cup. Tickets now on sale at the Y stores and the Book Store.

Students— Tourist rooms for visiting relatives and friends. New beds in comfortable home all conveniences. Look for sign in 900 block beyond High School. Phone 95.

Coughed

The tenderfoot thought he could ride, and in front of a lot of cowboys mounted a pony. The pony soon threw him. A cowboy, helping him up, said: "Hello! What threw you?"

"What threw me? Why, she bucked something fearful! Didn't you see her buck?" cried the tenderfoot.

"Buck?" said the cowboy. "Rats! She only coughed!"

Great Plans

A very kind old lady was calling on a prison convict in order to cheer him up prior to his being set free. "Have you any plans for the future when you are released?" she inquired, sympathetically.

"Yes," said the culprit, "I've got the plans of three banks, two post offices and a gas station."—Pathfinder Magazine.

HER GREAT EFFORT

"And you have had the same servant for two years?"

"Yes; she says she doesn't believe in changing after she has gone to the trouble of teaching the family her ways."

Rushing It Through

Hicks—I'd like vaudeville if I didn't have to endure a blackface comedian, a ventriloquist and a roller skater on every bill.

Wicks—You'll like this program. It's headed by a blackface ventriloquist who does his act on roller skates, thus getting it over with quicker.

Didn't Take Effect

"I am delighted to meet you!" said the father of a college student, shaking hands warmly with the professor. "My son took algebra from you last year."

"Pardon me," said the professor, "he was exposed to it, but did not take it."

We deny the evil reports about our friends in the same proportion that we love them.

The Highlanders threatened to score again in the last two minutes of the game. After advancing the ball down the field on a series of end runs and line plays, the Scots fell short of the touchdown when Henry muffed a pass in the end zone.

The Scots succeeded in effectively bottling up the elusive Boyer, diminutive back who dealt the locals so much misery last season, and stopping the Buccaneer attack in general. Teachers never threatened to score, and reached

Source of Given Names

Old Greek and Roman mythology was the source of many given names in use today. Others hark back to the lusty pursuits of the Teutons. The Kelts, on the other hand, made much of the varying shades of complexion among themselves, and thus names derived from that language frequently refer to "the swarthy," "the ruddy," "the white," etc. In almost all tongues, words meaning bright, clear, famous, strong, kind, and so forth, were made the roots for various names, dozens of which still are in common use.

When Do You Do Your Christmas Shopping?

Do you rush in at the last moment and grab the first thing you can get, regardless of whether it is appropriate or not? Or are you one of the wise ones who shop in comfort before the Christmas rush begins?

We have left no stone unturned to make our Christmas stock more complete and attractive than ever before. Any article will be put away and held for you on payment of a deposit.

Come in early and look at our gift suggestions. You are under no obligation to buy. There is a wide variety to choose from, and you will be surprised at the remarkably low prices. We are never too busy to give you personal attention.

We have gifts for every member of the family—useful as well as ornamental.

Don't put off your Christmas shopping till the last minute. Come in today while the stock is complete and you can have first choice.

We are not conceited, but we are proud of our holiday display. Therefore we challenge any merchant to present to you a better display or a more complete assortment of Christmas merchandise than we have to offer. Have you seen it?

Athenian Cast Is Ready For Action Tuesday Evening

Will Conclude Weeks Of Heavy Work With Rehersal Monday

When the curtain goes up on the Athenian Midwinter next Tuesday evening at 8:00, it will rise on one of the greatest casts ever placed before a midwinter crowd. Athenian has not spared any expense or labor in making "The Man from Home" to surpass even the prize winning play of last year, "The Goose Hangs High". The advance sale of tickets gives promise of the good crowd a Tarkington play really deserves.

In the titular role of this play will be Robert Downs, as Daniel Pike. Robert Downs is one of the outstanding dramatists on the Hill. In the past he has played numerous roles that will be recalled by older students on the campus. A good performance may always be expected from Downs.

Opposite him will be Lois Brown, daughter of E. C. Brown, College engineer. Miss Brown appeared in the prize-winning Athenian play of last year, " The Goose Hangs High.,, She is a member of the national honorary dramatic fraternity, Theta Alpha Phi. She plays the role of the American girl in a foreign country who is finally rescued from exasperating circumstances by "The Man from Home."

Every play has to have a villian and his henchman. Athenian has chosen a typical pair fir this role. William MacCalmont plays the role of the Earl of Hawcastle, the dastardly villian who has designs upon the defenseless American girl. His henchman is Gerald Beaver. Beaver, although new to the Maryville stage is due to give an excellent performance and will provide plenty of comedy for the audience.

More comedy will be provided by George Kent, the sensation of the Barnwarming. Kent plays as Horace Granger-Simpson.

Supporting roles are played by Charles Allen, who is familiar to Maryville audiences, Bernard Boyatt, Willis Garrett, Marion Lodwick, Arnold Brown, Juanita Herrington, Robert Goff, James Wade, and Fred Young.

Staff Writer Tells Of Summer Cruise

Visits Points of Interest In U. S., Canada

By EDWARD GILLINGHAM
(Echo Staff Writer)

Without any thought of ever making the voyage, I was secretly wishing I would some day have the opportunity to make such a trip as was outlined for me in a letter I received from Cap't Ed last June. The "Nymphaea," for that was the name of the small but very complete and comfortable sail-motor yacht on which this delightful vacation cruise was to be taken. was to follow a water course almost entirely inland from Toms River, N. J. to Ottawa, Ontario, and return.

At first it was hard for me to believe my wish was to be realized when I received a second letter from Mr. Huntington saying that his nephew, the crew, Warren Thomas, through the gods of fortune had landed a job and would be unable to go to Canada and wanted to know if I would like to take Warren's place on the "Nymphaea." I did with pleasure. We began our six weeks cruise of twelve hundred miles on July 15.

On the fourth day came the first

Frosh Candidates Work On Debates

Varsity Squad Prepares For Final Tryouts

Forty-eight students, under the direction of Prof. Verton Queener, are preparing debates for the 1935-36 freshman tryouts. The tryouts in the form of regular squad debates will be held during the early part of the second semester.

The group is divided into two sections, one meeting at the a period on Tuesday and the other at the e period on Wednesday. The sections chose their own debate questions, the morning class using the Federal Housing Act and the afternoon class, Federal Radio Control.

Of the forty-eight freshmen trying out, only twelve men and six women will be selected for the team. Last year every member of the freshman squad made one trip, but the schedule for this year has not yet been completed.

On Saturday, December 6, the varsity debating tryouts will be held. About twenty experienced debaters are expected to compete in the contest, and from these twenty a squad of four women and six men will be chosen to represent the college.

Alpha Sigma Selects "The Mad Hopes" for Midwinter

Three Act Comedy Contains Many Hilarious Situations And Speeches

Alpha Sigma Society has chosen for its mid-winter play "The Mad Hopes", a three-act farce comedy by Romney Brent, filled to overflowing with witty sayings and comic situations.

The cast has been chosen after extensive try-outs and is as follows: Mrs. Clytemestra Hope, Roberta Howie, Geneva Hope, Lynn Ann Brown; Charlemagne, the chauffeur, Bill Downes; Claude Hope, Donald Hallam; Eugene, Mimi Baez; Hilton Hope, Harold Jones; Henry Frost, Robert Gillespie; Lady Ingleby, Muriel Mann; Comte Rened'Entain. Robert Godfrey; Maurice Klein, Richard Battaglia

The producing staff is composed of Edward Gillingham, stage manager, Gordon Bennett. assistant stage manager, and Alex Christie, business manager. The play will be coached by Mrs. Nita E. West.

Council Organizes Social Committee To Guide Program

New Group Provides For Class, Council, Faculty Voice in Social Events

Student Council, in conjunction with members of the faculty, this week organized a committee, to be known as the Social Committee of Maryville College, for the purpose of guiding the Social program of the college.

The group is composed of six persons from the three upper classes, one member of the student council, and at least three persons from the faculty. From the senior class are Roberta Howie, Madge McQuagge, and Arthur Herries; from the junior class, D. M. Lewis and Don Hallam; from the sophomores, David Maas; and from the student council is Archibald Pieper. Faculty representatives have not yet been named.

The duties of the committee will not overlap with those of program committees from individual organizations, but will be confined to activities in which the college as a whole participates.

WOMEN'S GLEE CLUB BROADCASTS FOR WEEKLY RADIO SERIES

The Women's Glee Club, composed of twenty four students, presented the third in the series of Maryville College broadcasts Friday evening oved station WNOX.

Four selections were charmingly sung by the group. "Serenade" from "Donna Juanita" by Suppe, "Around the Gypsy Fire" by Brahms, "Pieper June" by Molli Carew, and "It Is the Sunset Hour" from Arabian Song Cycle No. 5 by Spross, were the numbers presented on the program. Miss Frances Henry directed the singing, accompanied by Mrs. Snelson at the piano.

It is doubted that the college will sponsor a broadcast Friday, December 6, since that date is the night of the Frantz concert. However, the broadcasts will be conducted regularly again after the holiday season.

Alpha Sigma Opens New Hall Tonight

Invites Many Distinguished Alumni To Hear Program

Tonight Alpha Sigma will meet in a newly decorated hall to celebrate the completion of the work of renovation and to honor former members of the society.

The redecoration of the hall is the result of several month's investigation and preparation. For almost a year some members of the society have worked on the idea and now that their work is complete the society will celebrate with an unusual program in honor of the event.

The program will be one of contrast, presented in part by freshman members and in part by alumni of the society. Some of the graduates who have consented to be present and participate in the program are: Dr. McCulloch, Bob Overly, Judge Pat Quinn, Mr. Harry Gauding, and Louis Krainock. Other alumni will be present including Dr. Lloyd and Steve Boretsky.

The occasion is a gala one for Alpha Sigma and all members are urged to attend. The program will be over in time for the Water Carnival.

Bainonian Society will meet in Bainonian Hall. Saturday evening at 6:45. The program, a number of classical selections with piano and violin, will be in the form of "An Hour with the Masters."

Young Staff Members Descend Upon Office For Annual Purge

Led by Dickie Osborn, gay young Casanova from the Hoosier plains, twelve "honored" freshmen last week invaded the Highland Echo Office, with its accumulation of four months of journalism, with broom and brush and rag, and left not a cobweb unturned.

The occasion was the usual beat assigned the frosh apprentices upon their election to the staff of the Highland Echo. Those to comprise the apprentice staff are Doris Woodwell, Betty Fell, Virginia Allen, Virginia Todd, Ruth Kartkamp, Richard Osborn, Robert Brandriff, Bruce Morgan, Ellis Hill, George Felknor, William McGill, and Wando Colombo.

Further penalties imposed by the staff require the "clean-up committee" to address staff members as Mr. and Miss.

Theta Picks Cast For Midwinter

M. G. Brown, Edward Opitz Have Leading Roles

Theta Epsilon has selected for the fourth midwinter of the year "Lady Windmere's Fan", by Oscar Wilde. The leading roles will be played by Mary Gladys Brown, Edmund Opitz, Gloria Miller, Deane Bell, and Carl Fisher. The complete cast is as follows:

Lady Windmere, Mary Gladys Brown; Lord Windmere, Edmund Opitz, Mrs Erlynne, Gloria Miller; Duchess of Berwick, Deane Bell; Lord Darlington, Carl Fisher: Lord Augustus, Wilson Leathers; Lady Stutfield, Edith Nicolai; Lady Agatha, Minnie-Lou Chittick; Lady Jedburg, Irene Browder; Lady Plymdale, Mary Frances Dunlap; Mrs. Cowper, Betty Fell; Rosalie, Margaret Armstrong; Cecil Graham, Arthur Herries; Dumby, George Greiner; Hopper, Archie Pieper; Parker, Alex Christie.

The Business staff: Stage Manager, Sylvia Ammons; Assistant Stage Manager, Leone Ann Brown; Business Manager, Eleanor Pflanze; Properties Manager, Marjorie Fleming; Costumer, Helen Tullock.

College Editors Favor Roosevelt, Poll Indicates

Enterprising Magazine Plans Other Polls To Show American Trends

Editors of college newspapers, magazines and yearbooks favor the reelection of President Roosevelt, according to the results of a poll recently conducted by PULSE OF THE NATION, a monthly magazine of opinion edited by Albert J. Beveridge, Jr. The complete returns, announced November 1, gave Roosevelt 408 votes. Borah 52, Frank Knox 26, Herbert Hoover 23, Norman Thomas 23, Governor Alfred Landon 22 and other candidates from 1 to 8.

The separate poll for parties showed: Democrats 386, Republican 183, Socialists 45, Independents 20 and Communists 10. The Democratic party led in all sections of the country except New England, where the Republican party was ahead. Complete returns are listed in the November issue of PULSE.

This poll is the first of a series of polls which PULSE OF THE NATION is planning to conduct among various groups in American life.

Frantz Will Bring Unaffected Style To Chapel Stage

Noted Pianist Not Far From Campus Years At University of Michigan

All the informality and geniality of the truly unaffected American artist will be brought to the Voorhees stage when Dalies Frantz, widely acclaimed pianist, makes his appearance there next Friday night.

Born in Denver, Colorado, he comes from the Middle West. He has the build of an athlete, and being handsome in addition, makes a striking figure on the stage. In spite of this, he is modest, which heightens the appeal of his delightful personality.

There is evident in him small awareness of an audience when he comes out to play; no ingratiating smiles or set stage manner, merely a bow. Going straight to the piano he sits down and plays. It is as though he would first introduce himself through his music. When the number is ended and applause begins he smiles, a smile of genuine boyish pleasure. He and his audience have met as friends.

If any artist should understand college audiences that man is Dalies Frantz. He is not far removed from his years on the campus at the University of Michigan where he was graduated with highest honors. He earned his way through school and university by his own efforts.

When it comes to playing the piano, critics everywhere voice their reviews on Frantz in much the same strain. He is hailed as a master whose captivating work is brilliant, lucid, and illuminating. He won outstanding success with the Philadelphia Symphony Orchestra, Leopold Stokowski conducting, in his New York debut. He was received enthusiastically in Boston, Philadelphia, Detroit and Chicago, and other great musical centers.

Y. M. C. A. TO HEAR FRANKLIN IN MEETING SUNDAY AFTERNOON

The Y. M. C. A. meeting on Sunday, November 1, wil be in the form of a Hill-Billy program. The speaker will be Reverend C. McCoy of Madisonville, Tennessee. There will be special music in keeping with the theme of the program.

Mabel, The Guinea, Was A Tough Bird

Staff Writer Captures Bird Near Local Bastille

By LELAND WAGGONER
(Echo Staff Writer)

Mabel, the guinea, is dead. She was a good bird, but as hard boiled and tough as the city editor of a big newspaper.

Dr. Campbell graciously excused me from his economics class to go to the "Foul Throwing" at Proffitt's last week at which about fifty guineas, turkeys, geese, etc. were thrown out the window to a hungry mass that was crowding and yelling like a mob fixing to lynch some poor victim. He made this accommodating allowance on the condition that I would divide everything I caught with him. Naturally this did not include any black eyes, colds, etc. that I might get.

The first thing to come flying out the window was a guinea. It flew down over the crowd and down the hill toward the local bastille, then flew down over the crowd and down the hill toward the local bastille. then flew in the window of a parked car.

SUMMER CRUISE

(Continued from page one)

of many wonderful major experiences. This was the occasion of "locking through" for the first time as we entered the Eric Canal at Troy, N. Y. In the vernacular of the sailor I was ship's "monkey", that is, I climbed the lock walls with two ropes which I dropped over bollards after I reached the top. On the boat below the other ends of these ropes were hauled in as the lock was filled. This gave those on board control over the boat so that no accident due to swirling of water might happen.

Perhaps the biggest thrill of the whole trip came at Little Falls, N. Y. At Little Falls is the deepest lock in the United States and possessions. It is forty feet five inches deep. With the other dimensions, three hundred twenty-eight feet long and forty-five feet wide, one can imagine how small our thirty foot boat appeared to me as I looked down at it as it lay in the bottom of the lock. This was one of the one hundred fifteen locks we passed through as we traveled on seven rivers and seven canals.

The journey across Lake Ontario was the roughest boat ride I have ever had. I kept my breakfast down, even at that. At Kingston, Ontario, the customs inspector didn't as much as look at the boat. He did tell us to get a Canadian flag and fly it at the bow. The American Yachting Flag at the stern and the Canadian Flag at the bow indeed dressed up our little yacht.

A crash into the wall of the first lock in the Rideau Canal provided a touch of excitement. The lock tender admitted it was his fault. It was fortunate that no damage was done because one of the conditions in the agreement signed for permission to use Canadian canals was, "No charges may be filed against lock tenders. It is even unlawful to swear at the King's lock tenders. Imagine! That rule concerning sailors!

At four in the afternoon of August 1, we tied up at the Ottawa Boat Club, at the peak of our trip. Ottawa is a very beautiful city. The parliament buildings are copies of those in England and are magnificent. The "Redcoats" were there, too. There is more to a "Redcoat" than a uniform. The one I looked up to in the Victorian museum was six feet eight. In Ottawa, August 3, the National Canoe Races were held. They were extraordinary. The one which held the most interest was the race of ten giant war canoes with fifteen men in each. It was a great sight.

Montreal, also, is a very beautiful city. Other than Paris it is the largest French city in the world. I ate a meal in a restaurant in Montreal and after using some poor and rusty French to order a meal I learned that the restaurant was Italian.

I went to a picture show in Canada. After the performance, which was the last one of the evening, I was surprised when everyone stood up but no one started out. In a moment the national anthem "God Save the King" was played. I wondered if an American audience would wait after a show long enough for "America."

At Burlington, Vermont, we saw and held to the sides of the Revolutionary warship "Philadelphia", which had been raised the day before from sixty feet of water in Lake Champlain where it had been for one hundred fifty-eight years, and got first hand information from one of the raisers. This we considered the most interesting bit of history we found on the trip. interest second only to the Benedict Arnold warship.

The weather was so unusual it would not be fitting to tell of the cruise without saying that we had only two and one half days of rain, all of which came on Sundays, during the six weeks, except a few thunder showers. A heavy downpour greeted us on Thursday night late in August as we neared home. We had traveled very little at night, but we were so near home we wished to finish the cruise. The rain stopped as we neared Money Island in Toms River.

The Weakly Filibuster

By SENATOR HEGNER

The smouldering McArthur—McCleave feud burst into flame when Kleemeier stopped crooning. Still, thats enough to make anyone burn.

A WEEKLY FEATURE

In the Faculty—Student Golf Match last week, Dr. Cummings and Dr. Stevenson carried with them the "Sign of the Cross." In Dr. Stevenson's case, at least, it must have worked. The crosses were small rakes to level off the greens. It is believed that because Dr. Stevenson has been a minister longer than Dr. Cummings, the cross did him more good.

— W. P. W.

* * *

The prize for the week's biggest boner goes to Jack Ormsbee. In Miss Heron's English class the other day, she explained to the freshmen that a good way to start off a story is with an anecdote.

"And who knows whan an anecdote is?" she concluded.

"I know," spoke up Ormsbee; "it's a medicine."

— W. P. W.

* * *

One of those cold days last week, while the boys were practicing, Mose Gamble happened to say, "If it gets much colder I'll break into a pile of frozen splinters."

What a pile of splinters Mose, who weighs but 210 pounds, would make.

— W. P. W.

* * *

There seems to be little doubt about who holds the purse strings in one faculty family on the Hill. When the Red Cross canvas was being made in Thaw Hall, Prof Queener was called upon.

"I'm sorry," he replied. "You'll have to wait till I get my wife to give me the money."

— W. P. W.

* * *

Have you seen Coach's new car? The other day, Mrs Honaker drove it out to practice and Coach forgot all about the team; he just turned and gazed at the beautiful streamlines of the new Oldsmobile.

Coach, it seems, acted on the promptings of Miss Heron and promised to let the boys off at 5:00 each afternoon. The first afternoon Miss Heron was there to see that the agreement was kept. And, it was. The next afternoon, it was 5:20 before the boys were released. In the shower room, one certain fellow, whose voice is very good for calling signals and pepping up the team, shouted out, "Oh Mr. Honaker! He's just a twenty-minute liar."

— W. P. W.

* * *

One thing my old friend Senator Hegner might do is to start a collection to buy Dan Remine some new pants. Dan, who is working to become football manager next year, has one pair of pants to wear while at work during practice and one pair to use at games. Neither pair is in too

MABEL THE GUINEA

(Continued from page one)

Not being very well versed in orthonology, I didn't know whether she should have been designated as Mabel or by some masculine name, but when I first got one grasping hand on her there was no doubt as to what sex she belonged.

No human or animal of the masculine sex could snuggle, could cuddle, or could perfectly relax under the warmth of a protecting arm as did Mabel.

Mary once set a precedence by taking a lamb to school with her, so Mabel visited school that morning. All went well until about the middle of the period when she broke the strings that held her and managed to scatter many of the few feathers she had left all over the room.

On the way to town that morning Millie Shartle said if she caught anything I could help her eat it and then if I caught anything she would do the same.

Last Friday night an over expectant group gathered at my home. There was Dr. and Mrs. Campbell, and Millie.

As a precautionary measure, Mother had purchased a hen to go with the guinea. Mabel boiled many hours, and long after the hen was thoroughly tender, she continued to boil. When she was finally served she was then far from being the toothsome delicacy we had hoped for. Yes, Mabel was certainly tough and hard boiled.

MARYVILLE, TENN.

Honaker, Thrower Take Up Basketball, Wrestling

On The Bench

... with ...

The SPORTS EDITOR

The old saying that "you never can tell what's going to happen in a football game"—and particularly in a Maryville—Carson-Newman scrap—was verified again on Thanksgiving Day in a manner most disappointing to Highlander players and fans alike. It is hard for a team to play the brand of ball the Scotties did during most of the Eagle game and then have one long run turn the tide in favor of the other team. Carson-Newman took advantage of the temporary lapse in the Scot defense and made good its only opportunity for a score.

* * *

Most Powerful Drive of the Season

Trailing the Eagles by 6 to 0 at the half, the Highlanders opened the third quarter with a drive which for its sheer irresistability during a sustained march of 60 yards probably will go down as one of the most brilliant exhibitions of charging on the part of both the Scot line and backfield that the local grid warriors have displayed this season. While in midfield the ground attack was clicking beter than at any time since the Hiwassee game two months ago, but the drive bogged down twice almost in the shadow of the goal posts. Had either of the marches ended across the double-lines, it undoubtedly would have been termed the greatest playing of the year.

* * *

Two Seniors See Last Game from Bench

While six seniors, "Butter" Atchison, "Toots" Blazer, Mose Gamble, O'Neal Gray, "Buck" Millsaps, and Archie Pieper, all were turning in performances worthy of praise in almost any league, two seniors saw the entire Carson-Newman game from the bench. Wilbur Loessberg and Jim Holloway didn't even get in for one play, but neither seemed to have any hard feelings toward the Coaches, who might have let them go through one or two plays just for the sake of " playing their last games for the Highlanders against Carson-Newman." Neither was fully recovered from injuries, however, and both probably realized that a player weakened by injuries might furnish a vulnerable spot for the enemy that would prove disastrous in a conflict so uncertain as the Scot-Eagle struggle.

* * *

"The Carnival Comes To Town!"—Tonight

Big things are underway at the pool for the Water Carnival tonight. Coach George Fischbach is leaving nothing undone, and everything will be in readiness for a program including a greater variety of fun than either of the previous carnivals. Coach Fischbach and his large group of performers have put in some hard work in an effort to add variety and "spice" to the entertainment, and the showing made in the final practice Friday afternoon indicates that they have been highly successful.

* * *

Watch the Knoxville papers today or tomorrow for the Coaches' All Smoky Mountain Conference football team. If O'Neal Gray's name is not on the first team, throw the paper in the waste basket and tell the other coaches what you thing about 'em. No coach can vote for one of his own ployers.

Cumberland could place almost eleven men on an all-conference team, since they swamped all five opponents by scores of 25-0, 21-0, 20-0, 26-0, and 27-0.

Wisdom and Experience

Wisdom and experience should make one more responsible and strict as regards one's own actions, and more lenient and tolerant of other people's.

AQUATIC ACTIVITIES BEGIN TONIGHT AT 8:00

Honaker Delivers First Instructions To Cagers Friday

Scot Mentor Has Veteran Squad To Build 1936 Machine From

With Coach Honaker having taken charge of the squad in yesterday's practice, the Highlander basketballers will begin intensive daily workouts next week in preparation for the pre-season games to be played before the Christmas vacation.

The squad of about 25 players continued its three drills a week through Friday with the fourth week of practicing behind is ready for Coach Honaker to begin teaching the fine points of the game.

The returning players from last year's squad, led by the usual good work of big Lee Hannah, veteran center, and the steady improvement of Dave Brittain, reserve guard last season, have set a fast pace for the newcomers to follow.

Czepiel, Kleemeier, and Baird continued to hold the upper hand among the first year men, and showed possibilities of becoming first-rate performers under Coach Honaker's tutelage. Several others looked fairly good, also, but all will find a rough road ahead before breaking into the ranks composed of such players as Hannah, Henry, Overly, O'Dell, Atchison, Brittain, and the other experienced court men.

Wrestlers Report To Thrower For Practice Monday

Coach Bob Expects Large Squad To Report; Team Hit By Loss of Stars

Coach Bob Thrower will hold the first meeting of the 1936 wrestling squad Monday at 3:30 P. M. in the second-floor gym of Bartlett Hall, according to an announcement made by him Friday morning.

All new men who wish to go out for the team should report to Coach Thrower at this time dressed to begin working out at the first meeting. Football players will not have to report until the following Monday, however.

Chances for newcomers to break into the line-up their first year out are better than in several years, since vacancies were made in the 118, 126 and 165-pound classes by the graduation of Captain Ridder, Hoglan, and Richardson. Other positions may be open when the season starts, and Coach Thrower expects a large number of contestants to report for all weights.

The prospects for the Scot grapplers to uphold their record of only one loss in the last four years to carry off the state championship four times in a row will depend largely on finding capable replacements for Ridder and Hoglan and the continued good work of the returning lettermen.

STUDENTS SHUT-OUT FACULTY VOLLEYMEN

Victory Gives Students Lead In Volleyball Series; Faculty Adds New Players

Scoring a 5-0 victory to blank the faculty volleyballers, the student last Monday night, in the second of a series of games between the two squads. Last week's game ended in a tie at two-all. The faculty vollymen are preparing to even the count at the next meeting of the two, to be held next Monday night.

The faculty team for the last game consisted of Coaches Honaker, Thrower, and Fischbach, and Doctors Lloyd, Shine, and Cummings. The student aggregation included Bagby, Dowell, Hannah, Kleemeier, Maas, and Peery.

Snedeker Sets New Mark In 5-Mile Run

Veteran Harrier Clips 36.4 Seconds Off Old Record

Smashing all previous records, and setting up a new college time, Stuart Snedeker, senior Scot harrier, covered the 5-mile course Thursday afternoon in 26:08.6, to win his third consecutive championship, and the YMCA trophy. In spite of mud, which was bothersome over a great deal of the course, Snedeker and the others ran a very fast race. Close behind the winner came Talmage, Baird, and Rugh, in the order named.

The race was run at the half of the Maryville — Carson-Newman game. Snedeker's mark breaks the college record of 26:45 made by Spec Moore in 1932 by 36.4 seconds.

Fancy Frolicking For Fischbach's Frivolous Funfest

Whether Wetter Water Or Whether Weather What—'er—You Say It

Murmuring mermaids and mimicking mermen mingle and make merry to the murdering of modern melody by Maestro Bill Downes' Maryville Misnomers—in short, you just musn't miss it! This year's Water Carnival is sure to be one of the best, splashing good times on the Hill. The most interesting and varied array of talent possible to collect has been gathered, and the stage is set for merriment.

Coach George Fischbach has a couple of secrets up his sleeve, and the results of them must be left to the imagination. Certain it is that time spent at the Carnival cannot be spent for a better thing.

Reba Blazer and "Red" Kent, as King and Queen, will lead the party in a round of festivities unequalled in the Court of King Neptune. The price is small—the dividends large. No investor could ask for more. Put on your wading boots and c'mon over!

Marriage Was Compulsory

Marriage was compulsory in Peru during the Inca regime. The state did the pairing off.

Eagles Annex Annual Classic

Neal Steps 61 Yards To Score Eagle Touchdown In Lone Carson—Newman Threat; Scots Lack Scoring Punch On Three Drives

One long touchdown dash by Joe Neal, Eagle halfback, proved more than the Highlanders could match in the annual Scot—Eagle battle on Thanksgiving Day, and Carson-Newman walked off with a 6-0 triumph over the Scot gridders in the final game of the season to take possession of second place in the Smoky Mountain Conference.

The game was fought throughout by evenly matched teams, with the Highlanders able to do everything on terms equal to or better than the Eagles, except on the 61-yard run for a touchdown by Neal in the second period. The Scotties made three drives down past Carson-Newman's 20-yard stripe, but were unable to push across a touchdown. Carson-Newman made only one other threat, a 40-yard pass over the goal late in the second quarter.

The Scottie's first threat was started in the first few minutes of play by a forward pass from Odell to Crawford, with Crawford tossing a lateral to Overly, and the latter running 25 yards to the Carson-Newman 25-yard line, a total of 35 yards. This play, one of the prettiest of the game, placed the ball in striking distance of the goal, but the Scots failed to make another first down and Carson-Newman took possession of the ball on its own 18-yard stripe.

After this thrust, the Eagles did most of the gaining during the first half, with long punts by Odell, of Maryville, and Dowling, of Carson-Newman, forcing both teams back into their own territory a large part of the time.

Neal's touchdown jaunt gave Carson-Newman a 6-0 lead at the half, but at the beginning of the third period Maryville opened up with a savage running attack aimed at all spots in the big Eagle forewall. With little "Skeeter" Shields, 140-pound quarterback, Jack Overly, and "Toots" Blazer ripping the C-N line for consistent gains, the Scotties carried the ball down to the 12-yard stripe before being held for downs. Carson-Newman punted out to Maryville's 40, but the Scots drove back again as far as the 16-yard line, only to have the Eagle defense to stiffen and halt the drive a few feet short of a first down.

A series of fumbles, intercepted passes, and "bad breaks" kept Mary-

Athenian Presents Tarkington Review

Election of Officers To Be Held During Early Part Of Program

At tonight's meeting of Athenian Literary Society, at which Dr. Hunter will be the guest of honor, a program based on the life and works of Booth Tarkington, famous writer and author of the Athenian Midwinter, "The Man from Home", will be presented. Sam Blizzard will act as master of ceremonies, and Lois Black, Ruth Proffitt, and Walter West will give readings from Tarkington's works.

An election of officers for the present school year will be held during the early part of the program. The ballots will be counted during the program's presentation, and the results of the election announced before the end of the meeting.

Mrs. Brown—Clarence DeBroke has had dreadful luck at bridge lately.

Mrs. Smith (eager)—You don't say? Dear me! I must invite him out before it changes.

He Got It—Bad

Jake—That dollar you gave me yesterday was counterfeit. What do you mean by that?

Jack—Well, didn't you say to me "I want a dollar and I want it bad?"

Fervent Words

Speed Fiend (as he slowed down a bit)—Gosh! Don't you feel glad you're alive?

Timid Passenger—Glad isn't the word—I'm amazed.

Dressy Answer

Burglar (to mate, as telephone rings)—Yus, you'd better answer it, but speak as if you 'ad evening dress on.

THANKSGIVING GAME

(Continued from page three)

ville backed in its own territory throughout the last quarter, although Carson-Newman was unable to penetrate the Scot defense when gaining possession of the ball.

While Neal, Dowling, and Henderson were doing most of Carson-Newman's gaining and Stafford and Blevins most of their tackling, six seniors played outstanding roles for the Scots along with two juniors. Captain Gray, Alt. Capt. Atchison, Pieper, Millsaps, and Gamble closed out their careers in the Scottie line with hard, consistent playing all around, while Blazer was doing a large share of the running with Shields and Overly, junior backs.

The Scots chalked up ten first downs to nine for Carson-Newman. Seven of Maryville's first downs were made in the last half, while the same number was made by Carson-Newman in the first half.

The line-ups:

C-N	Pos	Maryville
Green	L E	Henry
Conner	LT	Gamble
Booth	LG	Pieper
Stafford	C	Renfro
McWilliams	RG	Atchison
Grubb	RT	Millsaps
Blevins	RE	Gray
Roberts	QB	Shields
Henderson	LH	Crawford
Dowling	RH	O'Dell
Ramsey	FB	Overly

Substitutes—C-N: Lambert, Nixon, Joe Neal, Goldston, Malcolm, Wilson.

Maryville: Blazer, Jackson, Coulter, Holaday, Hulette, Dunn, Rich, Proffitt.

—O—

The Word "Customs"

The word "customs," meaning tariff dues, is of early origin and arose as an abbreviated form of customary dues. It was used to describe such dues whether payable to church or state. In 1266, in the Exchequer Statute, reference is made to yield of customs duty on wool.

Betty was a freshman at Maryville College and had decided to wait until she got home to buy Christmas presents. Now on her arrival home, numerous invitations awaited her, and suddenly was so busy that, before she realized it, it was December 24th and therefore no Christmas presents purchased.

Betty was sadly disappointed with her purchases made that last day — but what could she expect— waiting 'till the last minute.

The next year Betty was wiser and did her Christmas shopping in Maryville, before the holidays. She was pleased and so were her friends and relatives.

VOLUME 21 | MARYVILLE, TENN. DECEMBER 7, 1935 | NUMBER ELEVEN

Committee Named To Judge Merits Of Society Plays

Cup Competition Begins In Earnest As Athenian Presents Play

The annual rivalry of the four societies for dramatic preeminence on the Hill has begun again with the presentation of Athenian's mid-winter, "The Man From Home." The committee which will select the winner and present the reward for these past weeks of effort has been named.

The judges for this year will be Miss Green, Miss Heron, Dr. Hunter, Dr. Shine, and Prof. Collins. They will compare the four competing plays on the basis of selection, stage management, and acting—the greatest emphasis being placed upon the last.

The award is a silver loving cup offered by Theta Alpha Phi, National Honorary Dramatic Society, of which Maryville College has a chapter. Maryville is one of the oldest members of this organization, having joined when only a dozen colleges throughout the United States were members.

Permanent possession of the cup is obtained when a society wins it for three consecutive years, a feat which remains to be accomplished. Last year's winner was Athenian, and for the two years prior to that, Theta Epsilon.

Editorial

Athenian Has a Way of Making it Tough

Without assuming the role of dramatic critic we feel that we can safely say without clan prejudice, that Athenian Literary Society succeeded last Tuesday night in setting one of the highest standards in Mid-winter circles ever set by a society since the Mid-winter season has been the vogue. Characters entered and left the stage with the poise of professionals meanwhile portraying their roles with a genuine interest and realistic touch that caught quickly and lastingly the attention of the audience.

By no means, however, does this success indicate that Athenian has undisputed right to the Theta Alpha Phi cup. Rather, it signifies that the dramatic trend for the year will be one of sincere, honest effort on the part of the producing casts to delineate their parts as vividly as possible in the interest of good drama, for in no other way can they equal the standard of this season. Such a trend is one that makes for the success of the dramatic season.

Editorial Comment

Dalies Frantz last night performed precisely in accordance with advance information concerning his masterful playing and great power. Presenting a program suited exactly to his audience, he projected himself into the lasting memory of those who heard him play.

Those who wish to have a better understanding of the coming Oratorio, "The Messiah," will not fail to attend the discussion of the life and works of George Frederick Handel in the Y. W. room after Vespers tomorrow night. This discussion, to be conducted by Mrs. Snelson, will be worthwhile in every respect, and will be illustrated by selections from the works of the great master.

ATTENTION
N. Y. A. Employees

May we call your attention to the fact that it is necessary for all time sheets be in the Student-Help Office on the morning of the first day of each month, in order to be included in the pay roll. The Federal Government does not permit us to include time in any pay roll except that of the month in which the work was done. Our pay roll must be in Nashville not later than the fifth day of each month, and therefore must be closed here at noon on the first day of the month.

Time sheets should be turned in each Monday during the month, if possible. This facilitates the handling of the pay and this co-operation will be appreciated. Please turn in all December time before you leave for the holidays.

Clemmie J. Henry
Director of Student-Help

THETA EPSILON WILL HAVE VARIED PROGRAM TONIGHT

Drama, music, and business will join hands tonight to assure members of Theta Epsilon of a full and varied program.

Students of advanced French will present "La Surprise d' Isidore," a skit full of surprises and difficulties. Those who will take part are Joan Dexter, Lois Brown, Mimi Baez, Red Kent, and Bill Patterson. Music will be supplied by Catherine Ponds, who will play several trumpet selections. Election of officers will be the business at hand.

Band Members To Enjoy Party Monday

Theatre, Refreshments Will Provide Evening Program

Twenty members of the Band will be permitted to date off the campus next Monday night. The occasion is the annual Band Party, which will be at the Capitol Theatre, now showing C. B. DeMille's "Crusades". After the party the band members and their dates will repair to one of the drug stores for refreshments.

Works of Handel Form YW Program

Mrs. Snelson To Lead Discussion, Offer Selections

YMCA will present a special program based upon the life and works of Handel tomorrow night after Vespers in the YW rooms, Thaw Hall. Mrs. Snelson will lead the discussion, and will supplement it throughout with selections from the works of the composer. Everyone is invited.

ATHENIANS INSTALL OFFICERS

Athenian Literary Society held its annual election in Athenian Hall on November 30. The following officers were elected for the present school year. Paul Hartman, president; Joe Andrews, vice-president; Stanley McCleave, recording secretary; David Brittain. Walter West, program secretaries; George Kent, James Wilson, critics; James McNeal, Richard Meadows. seargents-at-arms: Beecher Bailey, editor and Gerald Beaver, pianist.

Bainonian Presents Second Midwinter Saturday, Dec. 14

Fitch's "The Stobborness Of Geraldine" Is Midwinter Pick

The second Midwinter play of the season will be given Saturday, December 14, when Bainonian presents "The Stobbornness of Geraldine," by Clyde B. Fitch. The play, which is under the direction of Mrs. Nita West, will start at 8 P. M.

In the plot, Geraldine, an American girl who has spent most of her time in Europe, falls in love with an Hungarian nobleman. The nobleman, Count Kinsey, has little money and is going to America to earn his living. Misguided by reports about the degenerate brother of the Count, Geraldine's friends endeavor to keep her away from Kinsey. Geraldine's stobbornness of belief and her faith in the foreigner provide the backbone of the play. A great deal of humor is introduced by an English Lord, a breezy western gal, and four bridge beginners that don't even know how to kibitz.

The part of Geraldine will be capably filled by Ellen Hitch, one of Maryville's most attractive actresses. The peppy, talkative girl from Montana, Vi Thompson, will be played by Lois Black. Bob Lodwick handles the monacle as a humorous Englishman, Lord Tilbury. Dorethea Stadelmann, Ruth Proffitt, and Lois Biggs are well cast in their respective parts as: Fraulein Handt, Mrs. Wrighton and Mrs. Jars. The remainder of the cast includes: Count Kinsey, David Maas; Mr. Wrighton Harold Truebger; Mr. Jars, Sam Blizzard; Mrs. Mathison, Leola Halsey; Mrs. Dreed, Florence Bruno, Mr. Crager, Eddie Brubaker; Mrs Whipple Elizabeth McDade; Stewardess, Florence Butman; Steward, Stanley McCleave; Passengers, Mark Andrews and Martina Robinson; Butler, Leland Waggoner.

The producing staff includes: Business Manager—Ann McCambridge; Stage Manager—Cathryn Smith; Assistant stage manager—Maxwell Cornelius; Property manager — Ellen Sauer; Prompter—Mary Emory.

ALPHA SIGMA PROGRAM

Invocation—Charles Luminati.
Flute solo—John McCoy
Trumpetduet— Harold Truebger and Eddie Opitz
Saxophone solo—Mark Frish
Piano solo—Ellis Hill
Alma Mater—lead by George Greiner
Benediction-Carl Fisher.

MEMORANDUM

The following members of the faculty have been appointed as members of the newly created Social Committee to be made up of faculty and students and to have general supervision of the "social" activities on the campus:

Dr. Cummings, Chairman
Dr. Hunter
Miss Josephine Hunter
Miss Carroll
Dr. R. W. Lloyd
President

Officials Attend Conference Meet

Smoky Mountain League Meeting At Milligan

The annual Smoky Mountain Conference business meeting will be held next Monday at Milligan College, at which time will be arranged the 1936 basketball and football schedules. The meeting will be attended by representatives of all the colleges in the Conference. Those who will attend from Maryville are: Dr. McMurray, Chairman of the Faculty Committee on Athletics and President of the Conference; Dr Lloyd; Coaches Honaker and Thrower.

FACULTY DINNER DEC. 10

The next faculty dinner will be held Tuesday night, Dec. 10. with Dr. Orr in charge of the program. He has made arrangements to have a special speaker, who has not yet been announced.

Lloyd, Cummings Attend Convention

Meet With Southern College Association At Louisville

Dr. Lloyd and Dr. Cummings left on Wednesday afternoon for Louisville, Kentucky, where they planned to attend the annual meeting of the Southern College Association. This Association is composed of colleges in the southern United States, from Washington, D. C., to Texas, and is the official accrediting agency for the educational system in the South.

Recent Survey Shows That Pearson's Hash Comes In Wholesale Quantities

By DORIS WOODWELL
(Echo Staff Writer)

Two thousand individual meals are served in Pearson's per day. There is a story of efficiency and hard work. with a fair share of comedy and tragedy in the background. In the capable hands of Miss Ware, dietitian, rests the problem of sustaining the strength and happiness of a great portion of college students. Have you ever thought of the great quantity of food necessary for this?

Bread, the staff of life, is used to the extent of six thousand loaves per month, or two hunderd per day, spread with ninety pounds of butter. Somewhere around eighteen hunderd biscuits are ready each morning for those who get up in time to consume them. The scrambled eggs that surprised us one morning this week must have kept a lot of chickens out of the ranks of their unemployed. Over a thousand of the white ovals were cracked and cooked.

It seems we eat a lot of beans. They are served on the average of once a day. Since they are almost unmentionables let us forget them while we can and turn our attention to something more popular. The next time you see your waitress carrying in a plate of eight doughnuts remember that out in the kitchen sixty dozen others are prepared for a like fate. Did you ever gaze on a hunderd shiny, golden pies at one time- Pies, pies, pies, as far as the eye can see. That sounds like a little boy's dream, but there are days when one can find them in the kitchen —under lock and key.

Meat is an important item. Hundreds of pounds of ham and fish are purchased for a single dinner and it takes forty pounds of lard to fry the latter. Did you ever think of turkey by the half-ton? Not so much less than that was needed for the Thanksgiving dinner.

Big John Henry, with as colorful a

(Continued on page four)

Twenty Debaters To Enter Varsity Competition Today

Debate Heads Organize Full Schedule To Occupy Forensic Season

Twenty experienced debaters were to meet this afternoon in the philosophy class room in a formal contest to decide the varsity team for the 1935-36 season. The contest, which was to begin at 1:30, will be finished too late for the results to be published in this issue of the Highland Echo.

The tryouts were to be held in the form of regular debates, but with only one person on each team instead of the customary two. The contestants will argue the regular Pi Kappa Delta debate question for this year, "Resolved: That Congress should have the power to override, by a two-thirds majority vote, decisions of the Supreme Court declaring laws passed by Congress unconstitutional." Miss Johnson, Dr. Hunter, and Dr. Knapp will act as judges.

Three debates have already been scheduled for this year. The women's team will debate Virginia Intermont on February 1, there. Triangle meets have been arranged for the women with Milligan and Tusculum, and for the men's team with Tusculum and East Tennessee Teachers. Triangle debaters are those in which each school sends one team to each of the other schools to debate; with no team debating at home. Although definite arrangements have not yet been completed, Maryville will probably debate L. M. U., Carson-Newman, Emory and Henry, King, and West Tennessee Teachers in addition to the schools already named.

The debaters who will represent each side of the question on Saturday are as follows: Affirmative, Minne-Lou Chittick, Donald Hallam, Lois Black, Mary Gladys Brown, Helen Maguire, Virginia Pennington, Charles Pflanze, Eleanor Pflanze, Walter West, and Fred Young; Negative, James Badgett, Alex Christie, Paul Hartman, Roberta Howie, David Maas, Archibald Pieper, Leland Waggoner, James Wilson, Richard Schlafer, and Edward Brubaker.

Freshmen debaters expect to complete the briefs for their debates by Wednesday, December 18, but the tryouts for the freshman team will not be held until after Christmas.

An optimist is a man who has lost his front teeth and is thankful for the space to spit through.

Point System Girls Take Up Basketball

Pierce Wins In Aerial Dart; Jr.-Sr.'s Cop Soccer

Having completed the Soccer and Aerial Dart Tournaments, the Point System Girls began practice last Tuesday for a Basketball Tournament to be held after the Christmas vacation.

Edith Pierce won the Aerial Dart Tourney this week, defeating Hazel Eddins in the final match. Pierce and Eddins had reached the finals by topping Mary Elizabeth Lyons and Minnie Belle Watson, respectively, in the semi-finals.

The junior-senior team captured first place in the Soccer Tournament a few weeks ago, with the freshmen second and the sophomores last.

COLLEGE BROADCASTS

Miss Frances Henry and Mrs. Snelson charmingly presented the weekly college broadcast Friday evening over station WNOX. They sang four duets, accompanied at the piano by Louise Orr.

The Highland Echo Is A Charter Member of the Tennessee Collegiate Press Association

The Weakly Filibuster

By SENATOD HEGNER

All I get when I try to put my typewriter back together is a machine gun. When he told that joke I got up to look for the soap box.

* * *

All students living in or near Tampa, Florida are requested to invite Leland Waggoner to visit them while in Tampa at Christmas.

* * *

Don't look now, but it would be a good idea if someone would put up coathooks in the coat room at Pearsons, and in the halls of Thaw. Of course, some coats will just stand in the corner, but that's hard to do with new ones.

* * *

Three good after-dinner-cigars will be dedicated to Beaver, Goff, and MacCalmont for their good work in the Athenian play. Downes is chewing his now. And Kleemeier and McArthur will soon retired as program secs for Athenian. Two good workers.

* * *

The Gabbard-Steakly School of Applied Business wishes to announce the addition of Professor Stanley Hall to their staff of capable lecturers. Prof. Hall will make his debut with an informal address on "How To Interpret a Babsonchart." There will be practically no admission fee. Just kick the door open.

* * *

Billy Paterson is trying pretty hard to earn a place for his name in the C. C. C. Keep it up, Bill.

* * *

Mary had a little watch,
She swallowed it one day;
Now she takes castor oil
To pass the time away.

* * *

"You not only keep foul company, you can't spell correctly. The town is Rockford, the playground of the South." In the little note above from Edith Pierce, she refers to her home town, a suburb of Spring City. So sorry, Miss Pierce.

* * *

The Senator is preparing a frequency chart for the beans at Pearsons. We get them practically every day, and soon I'll need a new pencil.

* * *

One of the boys says that the ideal gal would be a combination of Leishman, Shartle, Ray, Glasing, Blazer and Armstrong. Agreed.

* * *

Today I announce the All-Maryville C. C. C. team as chosen by The Committee. It is composed of: Kleemeier, Morgan (Cliff), Staley, Greiner, Stevens, Peterson, Bennett, Rochelle, Pieper, Osborne, Waggoner. Pieper is captain, Shaw serves as manager, Lavendar as water-boy, and Thrower will serve as graduate coach.

* * *

A callow observer reports that the Faculty it at last learning to appreciate the merits of the student body because they insist on keeping students in class after the bell. There's nothing to that report—they just don't hear the bell.

* * *

I had to ask one of the football men why he called Harriet Gray "Oleo." The answer was that she is a substitute for Butter.

* * *

The Senator attended a bull session in which the Weakly Filibuster was most thoroughly slaughtered, ripped and slashed. Everybody took turns using the sheepclippers, but the best one of all was the remark that the proofreader of the W. F. has to use a gasmask while reading the column. And on top of that someone asked if Bill Collins wrote the stuff. That's adding insult to injury.

* * *

"Do you have a question, Mr. Staley?" asked Prof. Queener. Said Staley, "Well, its not exactly a question—but, it could be quieter in this classroom." Aha, Mr. Staley, just how did you arrive at such a momentous conclusion?

* * *

Why should I help buy pants for Bemine as the Kuhnel suggests? Mine are so thin now that I can read a newspaper by just sitting on it. And if I get a new pair I won't be able to put them in my stamp-sized closet, for I've got a hat in there now.

EDITORIAL COMMENT

(Continued from page one)

It is our opinion that Dr. Sam H. Franklin, Jr., gave one of the most significant addresses ever to be given from Voorhees stage last Wednesday morning. Not only did students hear of facts concerning foreign systems of government, but also they heard them from a man who has been upon the scene, and of whose integrity they can be sure.

The Poetry Corner

TO AN OLD MAID

She took a pill for breakfast,
And just before she went to bed
She took a pill for lunch,
She swallowed quite a bunch.

She knew a pill for every ache,
Five grains for every twinge,
Each time she felt a chill come on
A capsule would impinge.

She took a pill while sewing,
Each time she took a tuck.
Invited out for auction bridge
She took a pill for luck.

She led a perfect pellet life
Alas, she is no more.
St. Peter is her druggist now,
Upon the other shore.

—E. D. H.

Thirty Grapplers Report For First Week of Practice

Footballers To Swell Squad Monday; Six Lettermen Expected To Return

From the thirty ambitious grunters out for first practice, Coach Thrower has begun to weld one of his famous wrestling units in preparation for the coming season.

Generously sprinkled with returning lettermen, the squad has shown much improvemen. during first workouts. There is a noticeable vacancy apparent in the 118 and 126 lb. weights, where Garry Ridder and George Hoglan held undisputable sway last year. Both matmen will be missed during the coming year.

Ridder, the biggest fear of all invading coaches, won every inter collegiate matches during the past season. Hoglan, fast light weight man, was a dependable source of points.

Millsaps and Gamble, 175 and unlimited weight men, will be back to provide their heavy weight grappling for the Scots this year. All indication point toward a successful season if capable grapplers can be developed for the vacant posts.

On The Bench...

Now that old man Football is making his final splurges, and the Monday-morning quarterbacks have little left to discuss other than the various Bowl games and All-America teams, it will soon be time for the athletic spotlight to be focusses on the basketball courts throughout the country. If many other colleges have as good prospects for a successful season as the Highlander hoopmen, basketball fans should be in for the fastest play in many years. The Highlanders seem destined for as great a record as they hung up last year if the returning stars can keep up the burning pace set in sweeping through the Smoky Mountain Conference for thirteen victories in as many games during the 1935 season.

* * *

Replacing Rex Allen Will Be Difficult Task

Unless some other conference team improves considerably, the only thing besides "cockiness" which seems to be in the path of the Highlanders to another championship is whether a capable performer can be found to fill captain Rex Allen's shoes at forward. Filling the guard post vacated by Crumbaugh, however, should not prove

(Continued on page four)

All-Conference

Editor's note—The following All-Smoky Mountain Conference team was selected by Coaches Honaker and Thrower from the ranks of the Conference teams who were played by Maryville this year or who were rated highly by almost every coach who saw them in action.)

First Team

Letters Awarded To 23 Footballers

Twenty-three football players, eight of whom are seniors, and two managers were awarded letters for the 1935 season at a meeting of the Athletic Board of control Friday afternoon.

The following will receive letters in football.

Linemen— Seniors: Captain O'Neal Gray, Alt.-Capt. Frank Atchison, James Holloway, Archibald Pieper, Mose Gamble, Leon Millsaps; Juniors:

(Continued on page four)

Tank Team Starts Drills With 17 Out

Only Three Letermen Back; Divers Show Promise

Coach Fischbach's current squad of ambitious mermen began practice Wednesday in preparation for a stiff current schedule. Under daily workouts in the local pool the squad is fast rounding into shape.

The return of three lettermen to this year's squad sounded a helpful note. Bradbeer, sophomore speed demon, and Herries and Meeks, breast stroke stars, are back to make the Scot swimmers strong in their departments. Very greatly missed, however, will be Burckhalter, backstroker, and Esbach, distance man, who ran up a nearly perfect array of points against Scot opponents last year.

The diving department, weak point in last years squad, is expected to be strengthened this season by several freshman newcomers, some of whom show much promise. All together, the available information points toward a successful season for the Highlander swimmers.

Final Smoky Mountain Conference Standing

Team	Won	Lost	Tied	Pct
Cumberland	5	0	0	1.000
Carson-Newman	6	1	0	.857
Appalachian T.	3	2	0	.600

Work Speeds Up As Varsity Court Men Begin Drills

Squad Reaches Full Size As Lettermen Report; To Be Cut Today; Henry Sick

With football of 1935 a thing of the past, the Highlanders of the hardwood got underway in earnest this week with a squad of some twenty five or more working out regularly in the main gym every afternoon. The squad will be cut this afternoon to about eighteen men.

Of the 1935 champions, only two are gone. Rex Allen, star forward was lost by graduation and "No. 2" Crumbaugh, guard, did not return to school this year. However, with such men as O'Dell, Brittain, Atchison, Hulette, and Peery to use their years of experience to fill these positions, Coach Honaker should have little to worry about in the way of material. One freshman candidate, Bagby, in particular is showing up well and should be heard before the season is over.

One of Coach's biggest worries at present is the absense of John Henry, star forward, who has been ill for a few days and has not been in uniform yet.

The first game of the season will be played Friday, December 13th, on the college floor. The opponents will probably be the Blount Motor team.

THEY Look EXPENSIVE
Ties?
OF FINE FABRICS

BUT ARE ONLY $1
YOU'D never take these ties to be only $1! They look expensive... they feel expensive . . . they even tie the way expensive ties do! All simply because they're made of fine, rich silks, satins, reps and mogadors, and made the way expensive ties are made, by hand! Excellent for Christmas gifts!
CHANDLER-SINGLETON CO.

Some taxi-drivers get to be so good that they can turn around on a dime, but they charge you thirty cents for doing it.

Let Us Help You—

We have fooled away a whole year and here we are again with our noses smack up against Christmas and the same old punishment—"What the heck are we going to give the ladies?"

You men worry so about gifts for the girls when really it is so unnecessary.

In our store Mrs. Martha Tarvin is in charge of our Cosmetic and Candy Departments. She knows just what women love and expect. She knows exactly the sort of thing they are always in need of.

If you want to bat a thousand on Merry Christmas morning let her help you select a nice cosmetic sets in a special holiday package, or a beautiful toilet set, or perhaps the latest thing in manicure sets, of which we have a grand assortment.

We also have some splendid boxes of Christmas Candies by Nunnally and Gobelin. Perhaps she could tell you just what your girl friend would like.

If you are shy about picking out gifts in public, if you are busy and wish to be sure of a nice gift, just phone Mrs. Tarvin and you will receive special attention.

SURVEY SHOWS

(Continued from page one)

personality as any on the Hill, is master of the kitchen. Out there things run as smooth as clockwork from four-thirty in the morning until six-thirty at night. In this scheme of efficiency what happens to the food that is untouched after each meal? It sometimes finds its way back to the table in new and surprising form. There's soup, for example. Soup is made eighty gallons at a time! Two great pots, not unlike those you have always imagined surrounded by a group of yelling, naked, hungry cannibals, hold all that is necessary for approximately one thousand bowls.

And now, a secret . . . ! Do you know about the time an intoxicating drink was actually made in the basement of Pearson's? It happened like this. One of the boys who is very fond of fruit juice hid some in the storeroom for his future refreshment. In the course of some time another student who is also fond of this juice came upon it and yielding to temptation. tasted it. No matter how little he had it was a little too much. The rest of the night was a blank to him. Because he is a ministerial student we will drop the matter here.

ON THE BENCH

(Continued from page three)

such a difficult task, with Odell and others on hand from last year's squad. And with Henry back at one forward, Hannah at center, and Overly at guard, it is very likely that Coach Honaker will pull a forward out of his sleeve, or somewhere, who will soon fit in to make another smoothly-functioning organization.

Conference Coaches Overlook O'Neal Gray

How the coaches of the conference could select an all-conference team without putting O'Neal Gray, sensational Scot end, on the first eleven is a mystery to everyone who followed closely the play of the Highlanders this season. Gray played outstanding ball in every game this year, and was the most brilliant performer on the field in most of the tilts. Such omissions as this are what make all-star teams seem unfair to many coaches and sports writers, but after all, most people like their all-conference teams, and there is no good reason for disappointing them. Take a look at the all-Smoky team selected by Coaches Honaker and Thrower and see if you don't think it is a better one than that selected by the coaches as a group.

Bainonian To Make Strong Bid For Theta Cup Tonight

Ellen Hitch, David Maas Have Support of Experienced and Trained Cast

After weeks of preparation, culminating in a promising dress rehearsal last night, Bainonian is prepared to make a strong bid for the mid-winter cup tonight. Promptly at eight o'clock the curtain will rise upon Clyde B. Fitch's "The Stubborness of Geraldine."

The part of Geraldine will be taken by Ellen Hitch, the outstanding actress of "Double Door" presented last year by the College Players. Opposite her will be David Maas, who makes his first appearance on the Maryville stage as Court Kinsey, with whom Geraldine falls in love. The remainder of the cast includes: Vi Thompson, Lois Black, Lord Tilbury, Bob Lodwick, Fraulein Handt, Doretha Stadlemann; Mrs. Wrighton, Ruth Proffitt; Mrs. Jars, Lois Biggs; Mr. Wrighton Harold Truebger; Mr Jars, Sam Blizzard; Mrs. Mathison, Leola Halsey; Mrs. Dreed, Florence Bruno; Mr. Crager, Eddie Brubaker; Mrs. Whipple Elizabeth McDade; Steward, Stanley McCleave; Passengers, Mark Andrews and Martina Robinson; Butler, Leland Waggoner.

The producing staff includes: Business Manager—Ann McCambridge, Stage Manager—Cathryn Smith, Ass't. Stage Manager—Maxell Cornelius, Property Manage r — Ellen Sauer, Prompter—Mary Emory.

Seniors Sponsor Closed Function

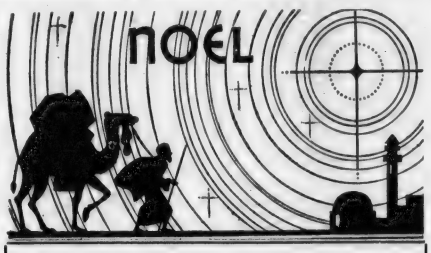
Group Will Go To Theatre; Eslinger's for Grub

Senior class will close activities for 1935 with a grand flourish, beginning at seven p. m. Monday night.

At this time members will leave the Hill for the Capitol Theatre, where they will see Kay Francis in "I Found Sheila Parrish." Following the theatre program, grub will be consumed at Eslinger's Cafe, where a novelty program will be carried out.

Gerald Beaver will commence the ribaldry with several selections on the piano. Ellen Hitch will then give several readings.

Maryville's "Famout Four," Calista Palmer, Bernice Gaines, Carl Wells and Don McArthur are going to harmonize. Louise Orr will accompany on the piano. Last but not least these mighty Seniors will reminisce with Leland Waggoner while he tells of his experiences as a cocky sophomore.



It is conjectured by those who scan the enterprise with interest that the group will then return, (mad impulses to the contrary not withstanding), to the Hill, heavily laden with funfest and much drowsiness.

NOTED PREACHER, EDITOR ADDRESSES STUDENT BODY

Dr. James Clark of Nashville, Tennessee, was the guest speaker at chapel Wednesday morning.

Based on the rediscovery of the Bible, Dr. Clark's interesting address was presented in commemoration of the four hundreth anniversary of the printing of the Bible in the English language.

During his life Dr. Clark has been a minister and an editor of the Presbyterian Advance. To-day he is well known as both speaker and author.

Accept the season's salutations, offered with high respect and good cheer...from the staff of

The Highland Echo

Experience a Great Teacher? So Is a Bronco, Says Writer

By ELLIS HILL
(Echo Staff Writer)

The bronco is what the cowboy calls "high-strung." If you want to know just how high he is strung, climb upon his apex. We rode a bronco once. We didn't travel far, but the ride was exhilarating while it lasted. We got on with great pomp and a derrick, but we didn't put on any unnecessary style when we got off. The beast evidenced considerable surprise when we took our location on his dorsal fin. He seemed to think a moment, and then he gathered up his loins and delivered a volley of heels and hardware straight out from the shoulder. The coil was fearful. We saw that our seat was going to be contested, and we began to make a motion to dismount, but the beast had got under way by this time, so we breathed a silent hymn and tightened our grip. He now went off into a spasm of tall, stiff legged bucks. He pitched us so high that everytime we started down we would meet him coming up on another trip. Finally he gave us one farewell boost, and we clove the firmament and split up through the hushed ethereal until our toes ached from the lowness of the temperature, and we could distinctly hear the music of the spheres. Then we came down and fell in a little heap about one hundred yards from the starting point. A kind of Samaritan gathered up our remains in a cigar box and carried us to a hospital. As they looked pityingly at us the attending surgeons marveled at the nature of our mishap. One said it was a cyclone, another said it was a railroad smash-up; but we thought of the calico-hided pony that was grazing peacefully in the dewy mead, and held our peace.

From the advertisement we learn that there are 201 parts to a telephone. The most complicated part, of course, is getting the right number.

Student Volunteer League To Hold Convention Soon

Local Vol Group Plans To Send Delegates to Indianapolis During Vacation

There will be held in Indianapolis from December 28 through January 1st the Twelfth Quadrennial Convention of the Student Volunteer Movement which will bring together some three thousand students from the United States and Canada.

The Convention has attracted world-wide attention and present indications are that it will be the most significant student gathering under Christian auspices since the World War. Its leadership alone is sufficient to insure for it a commanding and far-reaching influence for years to come.

Among the speakers are many men and women of international reputation

(Continued on page four)

STUDENT VOLS OBSERVE X-MAS

The Student Volunteers will present a special Christmas program Sunday evening at 8:15 in the Y. W. C. A. rooms. Readings, vocal and instrumental music and pictures will be used in portraying Christ's nativity and the adoration of Him that followed. This unusual and interesting program is the result of much planning and preparation.

CORNET TRIO BROADCASTS

Maryville's broadcast Friday evening was skillfully presented by the Cornet Trio, composed of Eddy Opitz, Kathernine Pond and Claude Riley.

The talented trio gave the selection "On Wings Of Song." by Felix Mendelossohn, "In the Glooming," "Old Long Syne," and "A Kerry Tune." Eddy Opitz and Margaret Pond played a cornet duet. Gerald Beaver accompanied them at the piano.

Many a man who is a big noise on job is only a little squeak at home.

Sixteen Qualify At Tryouts For Varsity Debate

Completed Schedule Shows Four Home Debates, National Meet

As a result of two ties in the decisions of the judges in the tryouts held last Saturday, the varsity debating team will be composed of seven women and nine men, it was announced this week. This means an addition of one member in each division over the teams in previous years.

Eight persons of those qualifying for the team are seniors, two are juniors, and six are sophomores. Seniors are Mary Gladys Brown, Roberta Howie, Eleanor Pflanze, James Badgett, Alex Christie, Paul Hartman, Archibald Pieper, and James Wilson; juniors are Virginia Pennington and Richard Schlaffer; and sophomors are Minnie-Lou Chittick, Lois Black, Helen Maguire, Walter West, David Maas, and Leland Waggoner.

Teams which have been scheduled to oppose varsity debaters this season are those from Tusculum, Milligan, East Tennessee Teachers, and Virginia Intermont. In addition to these, a debate for a mixed team has been arranged with Waynesburg College (Pa.) to be held at Maryville on March 9 and 10. The subject for this debate will be chosen jointly by the two teams on the day preceding the contest.

Avon Players Give Othello January 10

Proceeds to be Used By New Social Committee in Work

Avon Shakespearian Players of New York will present "Othello" in Voorhees Chapel January 10, it was announced by the newly created Social Committee this week. The performance is being sponsored by the Social Committee, and the proceeds will be used to buy equipment for college entertainments.

The Avon company is under the direction of Jack Selman of New York, who has played both in his native city and at many colleges throughout the country. Mr. Selman is widely known for his portrayal of Shakespearian roles.

Admission to the performance will be thirty-five cents for students, and fifty cents for others. Arrangements have not yet been made for reserved seats.

Officers Plan Observance Of Athenian Anniversary

Occasion Will Mark Sixty-eighth Birthday of Oldest Society

David Brittan and Walter West, newly elected program secretaries of Athenian are planning a birthday celebration, for the early part of next semester, in honor of the sixty-eighth anniversary of the founding of Athenian. Athenian, the oldest society on the Hill and the only one still retaining the word "literary" in its name, was founded in 1867 and has had continuous existence since then. Though no definite plans are being announced as yet, the secretaries promise one of the greatest celebrations in the history of the societies on the Hill. All those requested to take part in the program, are kindly asked to co-operate.

Knoxville Singers Will Render Solos In Great Oratorio

Audience Will Be Given Opportunity To Join In Hallelujah Chorus

Handel's magnificent oratorio, the Messiah, will be presented by the Maryville College chorus on December 15, at three p, m. in Voorhees chapel.

The mixed chorus of 142 voices consisting of students and a few singers from town will be conducted by Miss Frances Henry and accompanied by Mrs Mary Snelson. The solo parts will be taken by Muriel Angle, soprano; Telia Tishie, contralto; Robert Faulkner, tenor; and Kyle Jenkins, bass, accompained by Elizabeth Shugart—all of Knoxville.

Almost the entire oratorio will be presented, including the seldom-sung "Amen chorus" and other parts usually considered too difficult for college singers. The audience will be given the opportunity of joining in the singing of the inspiring Hallelujah chorus.

The Messiah is generally conceded to be the greatest of all oratorios, and even ranks higher than Mendelssohn's "Elijah" or Haydn's "Creation." Handel was an indefatigable composer, and wrote the entire Messiah in three weeks and three days. It was first performed in 1742 in Dublin where it was received with the tremendous success which has since always characterized its presentation.

The one part which is best known and most universally appreciated is the famous Hallelujah chorus. Of it's composition Handel said he "thought he saw Heaven opened, and the great God Himself." Of the Dublin performance, the audience was so affected by the awful majesty of this particular chorus that when the part that begins "For the Lord God omnipotent reigneth" was reached they all jumped to their feet, even the king, and remained standing until its conclusion. This tribute to Handel's genius as a composer has become a custom which is still observed.

Because of the length of the oratorio, everyone is urged to be prompt.

THETA EPSILON WILL INSTALL NEWLY ELECTED GROUP TONIGHT

This evening Theta will hold a short meeting for the installation of officers. At this time the officers of the past year will place in the hands their of their sucessors the fate of Theta for the following year.

Those elected are as follows:
President, Roberta Howie.
Vice-President, Deane Bell.
Secretary, Sylvia Ammons.
Pianist, Dorothy Armstrong
Program Secretaries, Joan Dexter. Minnie-Lou Chittick
House Chairman, Evelyn Smith
Poster Chairman, Evelyn Coddington.
Sergeant-at-Arms, Betty Fell.

BAINONIAN INSTALLATION SET FOR MONDAY NIGHT IN HALL

Bainonian will hold a short installation ceremony for their new officers Monday night at 6:30 in Bainonian Hall. Those taking office wil be:

President—Katherine Orr
Vice-President—Calista Palmer
Secretary— Dorothy Mae Lewis
Poster Chairman—Jane Brown
House Chairman—Elizabeth McNamara
Sergeant-at-Arms— Helen Bobo.
Secretaries of Programs—Anne McCambridge, Marion Lodwick.

EDGAR BAYLESS

The Weakly Filibuster

By SENATOR HEGNER

"Eight-ball" Hulette offers a good tip for those that must read papers before large audiences. He suggests that something very funny be read, and while the audience is laughing the reader should hurriedly mumble thru a paragraph or two, so that with the help of several humorous stories the reading can be quickly ended. This advice should be heeded by more than one on the Hill.

* * *

The stork that brought Peterson was arrested for smuggling dope. Harry Rodgers and James Carey two of a kind.

* * *

The distinction of being the only section to appoint the Senator as publicity agent goes to Carnegie fourth floor, north. In such a position, my first, and probably my last announcement is: "Bing Lehr's Furniture Wallopers will provide the music for a farewell tea to be held Tuesday afternoon in 422 Carnegie. All music lovers will enjoy the weird rhythms of this group of idiots."

* * *

Even now my knees are beginning to shake, and by supper time they will sound like drum-telegraph system of a jungle tribe. And before I forget it—seventeen metropolitan newspapers have rejected the Senator's offer to write a series of articles to be called "Thru Florida On Colossal Nerve, Two Clean Shirts, And A Nailfile." Its the truth, two sponging artists, the managing editor and myself will probably bother every Maryville student in Florida before January 3.

* * *

The competition in the ranks is so close that this week the Committee was unable to list the C. C. C. leaders. The Senator indicates that pre-holiday excitment and post-holiday disillusionment wil bring about many changes among the Constant Courters. Watch for the opening January listing.

A WEEKLY FEATURE

After the dress rehearsal for the Athenian Play, Monday night, Miss Holland was checking, from her notebook, things wrong with the rehearsal. Calling Charlie Allen to the center of the stage, she asked him if there wasn't something he could do to make his coat hang straighter in back. Nonchalantly Mr. Allen drew from his rear pockets one small book and two large handkerchiefs. Miss Holland's critical eye was not yet satisfied, however.

"Isn't there something else you can do so your coat won't bulge so, Charles?"

Mr. Allen looked sheepishly in his coy little way at Miss Holland and at the rest of the cast standing around.

"No, ma'm, I'm afraid I can't. You see, the rest of this bulge is me."

—S. E. S.

Is Love Blind— Or is it Timid

By LELAND WAGGONER
(Echo Staff Writer)

This is not a love story but the old saying love is blind seems to have been true in one instance here this week.

A shy looking embarrased young couple walked timidly up the court house steps and cautiously, entered the building. There was a look of expectancy on their faces as they walked slowly down the side of one corridor and then back the other side.

They seemed to be looking for something and yet were afraid they would find it. They entered as does a timid cow into a new stable—slowly and cautiously at first, but after once getting well within taking the last few steps in a hurry.

The man, now having firmly decided the best policy for action, bravely asked one of the conventional brick-pressers, (men who aid the county by leaning against the wall each day and help hold up the public building), where he could get a marriage license.

After filling out the proper blanks and paying for the license with silver half dollars he said, " I have a suggestion I would like to offer," and when asked what it was said, "I think it would be a good thing if you had the names of the offices posted so when strangers come in they wouldn't have to look all over the court house before they find the clerk they want to see.

It happens that the names are printed in large letters on the glass of each door, but in the day time when the doors are propped open it is very inconvenient for ambitious lovers to awkwardly enter each office to find if that is the one particular office they so much desire.

ELDER'S extends to you...

CHANDLER-SINGLETON CO.

Henry Runs Up 15 Points As Scotties Top TVA 5, 51-31

Hannah-Henry Scoring Duo Works Smoothly During Net Season Opener

By JOHN McINTYRE
(Echo Sports Writer)

John Henry, star Scot forward, flashed championship form to grab high scoring honors totaling fifteen points as Coach Honaker's cagers chalked up a 51-31 victory over the Knoxville TVA squad Friday night.

The season's curtain-raiser proved to be a fast encounter, and from the opening whistle the Highlanders showed evidence of power and speed. The starting quintet, consisting of Henry and Hulette at forward positions, Hannah as center, and Overly and Odell guards, was a smooth-working five that immediately ran up the score on the Knoxville quintet.

Hannah, lanky pivot man, turned in customary stellar performance, and looks to be a likely contender for conference honors at the end of the coming season.

Crawford led the Knoxville scoring with nine counters, followed closely by Goddard, with eight, and Corbett, who rang up six points. The visitors presented a well-knit team, but the result of the tilt was never long in doubt.

Colombo, freshman forward, tallied eight counters to present a creditable initial performance in Scot basketball. Coach Honaker used sixteen men in all, and the material presented gives promise of another highly successful season for Highlander basketball.

The Scot "B" team took the opener from the Maryville High quintet 22-17. Russell, of MHS led the high school's scoring with 12 points. Baird, Scot forward starred for the Scots.

Summary of the game:

M. C.		TVA
Hulette,4	F	Smith, 0
Henry, 15	F	Goddard 8
Hannah, 12	C	Hug, 5
Overly, 0	G	Corbitt, 6
Odell,0	G	Eldridge, 0

Substitutions: Maryville: Steakly, (1) Brittain (2), Colombo (8), Baird (2), Perry (2), Walker (0), Bagby (0), Thoms (2), Land (2), McGill (0), Atchison (1).

Knoxville TVA: Rouse(0), Crawford (9), Wood (3).

o

Warren Jones and Joe Arrendale are trying to get up a few intercollegiate fencing matches . . . Professor Jones reports quite a large class of foilsmen report regularly for instructions in the gentlemen's sport.

POP TURNER
Says:
"Have a Happy Holiday Season and Start the New Year Right by being a regular patron of Turner's Cafe."

Crawford, Renfro Elected 1936 Captains

On The Bench...

The Henry-Hannah scoring combination was up to its old tricks again last night to start the basketball season off right by hitting the hoops for 15 and 12 points, respectively, during the TVA rout. With these two scorers hitting their stride by the opening of the season, with Jack Overly and Jim Odell making the opposing offense look ragged, and with several first-year men turning in neat performace, the Highlander court aggregation made a very auspicious start.

* * *

One feature of both the preliminary tilt between the "B" team and Maryville High and the varsity tussle was the effort on the part of the newcomers to make an impressive showing in order to get an inside track on the forward post filled by Rex Allen last year. Baird, Thoms, Colombo, Jerry and others are all in the running for regular duty if they continue to show improvement with more experience. All in all, the future of the 1936 Scot basketball squad is very promising.

* * *

The Smoky Mountain Conference football Honor Roll listed by the News-Sentinel last Sunday seems the fairest way yet brought forward to give recognition to outstanding players in the loop, with each coach sending in a list of the performers on his team who have played well consistently throughout the season. Lindsey Donnell, Cumberland's snake-hipped quarterback, was listed as probably the most outstanding player in the circuit . . . O'Neal Gray was mentioned next. Recognition where recognition is due.

* * *

Here's wishing the best of luck to Captain-elect Lynn "Corky" Crawford, Alternate-Captain-elect, Jim Renfro, and the 1936 Highlander football team. You used your heads when electing your 1936 leaders Thursday night, lettermen . . . and your mouths, I'm told, were used for something more than speeches!

* * *

Coach Bob Thrower will have a tough job moulding a mat team to stack up with former great teams, with the varsity ranks thinned by graduation, but it's a fairly safe bet that the squad will hold it's own with most of the teams in this section of the country.

Election of Future Leaders Features Banquet Festivities

Sixty-Nine Guests Present For Speeches, Dining, and Popular Music

The final event of the football season, the annual banquet was served to sixty nine guests in Pearsons dining hall Thursday night. The versatile Dr. Cummings proved to be an excellent toastmaster, and under his direction the program moved smoothly.

Lynn "Corky" Crawford, hard-driving halfback, was elected captain of the 1936 team and James Renfro, scrappy center who received conference mention this season, alternate- captain, succeeding Captain O'Neal Gray and Alt.-Capt. "Butter" Atchison.

A number of interesting speeches was made including talks by Drs. Lloyd and McMurray, Earl Blazer and Joe Gamble, Coaches Honaker and Thrower and the captain and alt-captain of 1935 and 1936.

Special guests of the evening were Miss Jessie Heron and Miss Mildred Butcher, who provided the feminine element in an otherwise stag gathering.

The Alpha Sigma Orchestra, Bill Downes directing, played during the serving.

o

Swimmers Show Increased Speed

The Scot tankmen continued their drills this week with increased speed and better form being displayed every day.

The breast stroke and dashes remained the probable strong points of the team, while two freshman divers, Crane and Chandler, showed steady improvement. Coach Fischbach has hopes of grooming these divers into sure point-winners before the opening meet.

Filling the distance and back stroke divisions remained Fischbach's chief problem and the strength of the team depends somewhat on whether speed can be developed in these departments to aid the other swimmers.

Only a triangular meet with Florida and Tennessee in Knoxville has been definitely arranged, but Coach Fischbach and Manager Downes are working to get up eight or ten meets for the season.

Lavendar Aces

Eddie Lavendar, star Scot pole-vault man, reached another high point in athletics Wednesday afternoon when he found his "elusive pill" lying in the cup in the 7th hole of the college golf course.

Lavendar had about given up the search for the pellet after his drive when he noticed a tell-tale track on the sand of the green. Finding the ball, he solemnly averred to Coach Fischbach, witness to the event, that he would quit golf on the spot.

Lavender's hole-in-one is the first made on the college course, according to all available information.

Wrestling Forces Lack Power Only In Light Divisions

Lettermen Return For Each Weight Above 135; Squad Now Totals 41 Grunters

The Highlander wrestling squad reached what probably will be its largest size this season when the football players and several additional newcomers reported this week to boost the total to 41 grapplers.

In spite of the large squad, however, Coach Thrower is none too optimistic over the prospects of uncovering winning performers for the light weights. The new men have not had time to learn much about the game yet, however, and Coach Thrower probably will be able to have dependable grunters for all weights by the opening of the season near the middle of January.

From the 145-pound class through the heavy-weight division, the Scots should have things their own way a large part of the time, with lettermen for every weight. Coulter is back in the 145-pound class, Dean and Renfro in the 155, one of whom will probably have to wrestle in the 165 division as last year, Millsaps in the 175, and Gamble in the unlimited.

The schedule is not yet complete, but probably will include at least nine matches.

and influence. Some of them are Toyohiko Kagawa of Japan, T. Z. Koo of China, Baez Camargo of Latin America, and Induk Pak of India. Notable American leaders will also be present including John R. Mott, Robert E. Speer, and Samuel Zwemer. These are only some of the outstanding speakers who will address the Convention.

The Maryville Student Volunteer Group has been looking forward to the Convention with considerable interest and is planning to be represented at Indianapolis by six or eight delegates.

Bridal Veil Old Custom

The bridal veil is the relic of an ancient superstition dating back to the time of the Greeks and Romans, if not much earlier. It was first worn to conceal and protect the bride from evil spirits which it was thought would harm her if she were not veiled.

WEEKLY FILIBUSTER

(Continued from page two)

there is absolutely no connection between E. C. G. and W. P. W. Jack Ormsbee, offering to share a piece of pie with the Senator, and being quickly taken up. Crowley got a postcard. No more coathooks as yet. Phillips, prize punster. The floor of the Echo office is clean enough to walk on. That boy's door into Pearsons needs an automatic closer. Beef Myers is an art student, so they tell me.

* * *

An observer reports that some of the faculties were seen in the Coffee Shop orangeading and exchanging trivialities of the day. This seems a good indication of something or other.

* * *

An above mentioned staff member walked in a Western Union office in Knoxville and asked for student rates to Trenton, N. J. This supports my contention that staff brains are inversely proportional to the amount of material turned in for publication.

the football banquet. Do you have all your jokes ready?

Doc. Cummings: Yes, I'm to be the toastmaster, but I have only one joke. But, say, are there to be any women present?

Question: Yes, for this time, there are to be women present.

Doc. Cummings: Aw! Too bad! There goes my one and only joke!

—W. P. W.

Carnegie Hall authorities are urging metropolitan newspapers to give in and consent to syndicate Senator Hegner's feature on "Thru Florida with One Shirt, Two Feet and a Thumb." It he gets the job, maybe the Senator can buy extra light globes and won't have to confiscate them from the fourth floor hall. The other night, two roomies from the first floor were on an excursion to the Teague-Llewellyn room and they came upon the Senator and his esteemed roommate going through weird maneuvers in the dark of the hall. The Senator was holding up the roommate, his arms clasped about the roommate's feet very affectionately. Petit was unscrewing the light bulb from the ceiling. For once, the Senator, whose Weakly Filibuster keeps the campus agog for the next week, was flustered. All he could say was "Hello, uh-Fred."

— W. P. W.

The king has fallen! And great was the fall therof. Paul Hartman, arch-woman-hater of the campus, was forced to have a date for the Barnwarming. However, he made his Hi—Trail friends pay for it. The last that was heard, he had collected about $2.35 for a 30 cent show. And by the way, does anyone know what became of Dave Brittain's Milky Way in the astronomy show? Who stole the Milky Way?

—W. P. W.

Santa Claus By Proxy

On December 1, 1935 we received an official "Proxy," duly signed by "S. Claus" and properly witnessed by one Mr. Blitzen—

"—— hereby authorizing you to act for and in my stead, in all matters pertaining to the sale of said Christmas gifts in your city, with full power to make Christmas Shopping easy, convenient and highly satisfactory to one and all."

"Mer-ry Christmas!" we exclaimed, " we wonder what size shoes Santa wears—but never mind, we'll do our best to fill them."

You will be delighted with the wide selection of articles which we have to please your fancy. Not cheap bargains, but gifts of worth which look their value to present to your friends.

We can save you weary hours of holiday shopping for Christmas gifts. We have been trained to look for quality through a miscroscope. The gift selections on display in our store, though moderate in price, are all quality articles. This year we have gifts which are really new, novel, and different.

Jolly Saint Nick is the biggest man in the world right now—but come in and let us show you how well his shoes fit us.

Any package purchased from us will be wrapped in holiday paper, tied with gay Xmas ribbon and have Xmas Seals and Cards supplied at no extra cost to you.

Packages delivered to any part of the city.

Sixtieth Series Of Meetings Opens February 4

Scots Break Even In First 2 Games On Road Series

Smoky League Champions Play Roanoak College In Final Tonight

BULLETIN

EMORY, Va., Jan. 17—The Highlander basketball team, champions of the Smoky Mountain Conference, were resting here tonight in preparation for their game with Roanoak college tomorrow. In the two games played, they broke even, winning from Tusculum, 50-29, and losing to Emory-Henry, 56-30.

EMORY, Va., Jan. 17—The Emory and Henry Wasps breezed through to their second victory of the season over the Maryville Highlanders by a 56 to 30 score here tonight.

As in the first encounter between the two teams last week, the play was on fairly even terms throughout the first half, with the Scotties trailing by 18-14 at the half-way mark. Again the Wasps put on steam as the second period and the Scots were unable to successfully guard their basket before the whirlwind attack.

Levicki, giant center, led the Wasps with 21 points, while Hannah and

(Continued on page three)

Varsity Debate Squad Holds Regular Meetings

The varsity debate squad of 16, nine men and seven women, has met every evening since the vacation for a discussion of the Pi Kappa Delta question for the year. At tonight's meeting teams will be selected and possibly some definite assignments for debates will be made.

During the week-end, March 7-9, the South Atlantic Regional convention will be held at which Maryville will be represented. The Convention will be held at Wafford College, Rock Hill, N. C. It is expected that debates will be arranged to take place on the way to and from Rock Hill, one at Ashville Normal, and one at Erskine college, Due West, N. C.

In addition to the regional convention and these two debates an extensive schedule is being planned to prepare the squad for the National Convention which will be held in Houston, Texas, from March 29 to April 3.

The debate question is-Resolved:That Congress should have the power to override, by a two-thirds majority vote, decisions of the Supreme Court declaring laws passed by Congress unconstitutional.

Y. M. C. A. TO HOLD BANQUET

The annual YMCA banquet will be held in the New Providence Presbyterian church winthin the next two weeks. The definite date will be announced later. A good meal and a program of a highly entertaining nature will be given for a nominal sum.

PROFESSOR COLLINS WILL GIVE TRAVEL TALK AT THETA TONITE

Many exciting tales of an unique method of travel are in store for Theta Epsilon sisters at their regular meeting tonight at 6:45 p. m. Professor Collins, guest speaker, will relate experiences gathered while attending the University of Munich and bicycling through Germany. His subject will center about the customs and speech of the European people. Dorothy Andrews and Pat Mann will conclude the program with selections from popular music.

Business Manager Restates Ad Policy

The following statement is made by Herbert Hunt, business manager of The Highland Echo, in answer to recent inquires concerning the advertising policy of this publication. Mr. Hunt says:

"It has been the policy of The Highland Echo for some twenty-five years not to accept any advertising contracts from Knoxville retail firms selling goods in competition with similar establishments in Maryville. This does not apply to Knoxville wholesalers or companies supplying goods not purchasable in Maryville.

"The Echo has striven in the past to cooperate with Maryville business houses, and it will continue this policy in the future."

Singers Rehearse For Club Concert

Popular Soloists Will Be Featured February 3

Intensive rehearsal has been in progress since the first of the year for the annual concert of the Women's Glee Club, to be presented on February 3.

The Glee Club did not sing in concert last year, but collaberated with the men's organization of Glee Singers in the production of the Opera fantasy, "Briar Rose," which was well received by the Maryville audience. In November these two organizations admirably interpreted selections from Bizet's "Carmen" at the Fall Festival of Music. At present the women's group is preparing for an entire evening of music, and rehearsals are progressing favorably.

Popular soloists will be featured on the program, in addition to the chorus music of various types. One of the most interesting arrangements is of Brahms' "Hungarian Dance No. 5" which embodies all the fire and wild abandon of gypsy life. Charles' "Sweet Song of Long Ago" is a modern composition with unusually effective harmony and syncopation.

Another highlight on the program will be the "Song of the Rhine Nymphs," from Wagner's opera, "Gotterdammerung." This is the last of four operas concerned with the magic ring made of pure gold by the fairies. which confers upon the wearer power over both gods and men. While Siegfried, the hero, is out upon a hunting expedition, the Rhine-maidens beseech him to restore the ring to

(Continued on page four)

Two Piano Duets Feature Eighth College Broadcast

Two piano duets were featured on the Maryville college radio program, broadcast over station WNOX in Knoxville last week. This program, the eighth in the 1935-36 series, was directed by Miss Laura B. Hale, head of the Department of Music.

Florence Butman and Laverne Emert played two selctions, "Improvisation" by MacDowell, and "Whims" by Schumann. Both numbers were written for two pianos. Following these, Letha Ross and Evelyn Brunson played two duets, "Morning Word," and "In the Hall of the Mountain King" by Grieg. The program was the first to be presented by the Piano department this year.

Increasing Demand Brings New Course In School Music

Many States Require This Before Issuing Certificates

Because of an incerasing demand for it by the students of Maryville college, a course in public school music has been arranged for the second semester.

The reason for the introduction of this course is that in many states, before a certificate will be granted for elementary teaching, a certain amount of knowledge of public school music is required. In the past, this requirement has compelled many of the graduates to attend summer school at additional expense before they could secure positions.

The new course does not presuppose any particular amount of musical training, for it will give only the foundation of general song leadership, such as will be useful in public school work. It will also present sight-singing material suitable for different ages, and the methods for presenting this material.

Mrs. Snelson, graduate in public school music, will have charge of the course. Regular credit hours and points will be given for this work.

MINISTERIAL ASSOCIATION ELECTS BLIZZARD PRESIDENT

The Ministerial association met last Monday night in Athenian hall and elected officers for the second semester. Those elected are:

President, Samuel W. Blizzard;
vice-pres- program- secretary,—Willie E. Garrett;
secretary-treas., Arthur Herries;
editor, Charles W. Allen.

Dr William P. Stevenson addressed the association, basing his remarks on his South American tour.

DR. WILSON IN FLORIDA

Dr. Samuel Tyndale Wilson, President Emeritus of the College, and Mrs. Wilson are spending the winter months in Florida. Their address is Box 1225, R. F. D. 1, Miami, Florida. They have usually spent the winters in Maryville but decided to go to a warmer climate this year. Reports indicate that they are in good health.

BAINONIAN TO HEAR LOIS BLACK

Tonight Bainonian society will have as its feature guest artist Lois Black, who will present one of her inimitable readings. Also appearing on the program will be Helen Maguire and Anne McCambridge, who will debate a subject concerning college affairs. The meeting will convene at seven p. m.

ATHLETIC DIRECTORS ANNOUNCE CHECKER, NET TOURNEYS

For the men who do not partake in varsity sports, the Y. M. C. A. is planning its winter sports program, which will consist of a checker tournament and an interclass basketball tournament. Both tournaments will begin soon, say the Y sports directors.

OTHELLO POSTPONED

The presentation of Othello by Jack Selman's Avon Shakespearian Players of New York, originally scheduled for January 10, has been indefinitely postponed.

The next issue of the Highland Echo will be published January 25, 1936.

To Conduct Meetings

Women Will Storm Bastille Carnegie

Leap Year Party Promises To Be Great Event

Once in every four years comes Leap Year, and with this Leap Year comes a most unusual party for Maryville students. January 28, the Social Committee will sponsor a Leap Year Party that gives all promise of being a most enjoyable and a most interesting event.

According to present plans of the Social Committee the party will be held in five different places, Bartlett, Baldwin, Pearsons, Thaw and in the Y. W. C. A. rooms. Tickets to each place will be given free of charge, admitting to the different parties. Refreshments will be served.

The most unusual part of the plans is that the women on the Hill are to ask the men. Not only that, but also they are to call at the mens' dormitories for their dates. In connection with this, Mr. E. E. McCurry, proctor of Carnegie Hall, hopes to have the lobby of the dormitory sufficiently fixed by that time to receive fittingly. With such plans already laid, and more on a larger scope to follow, Maryville's celebration of an extra day in the year will surely be something no one can afford to miss. The committee will meet again next week, after which further plans will be made known.

Student Labor Builds New Circular Driveway

For the past two months a small army of student workers has been excavating and grading in preparation for the long promised circular driveway around the campus.

Commencing behind Pearson Hall, where it will connect with a strip of the old drive in front of the President's home, the new project has advanced n down the hill toward the hospital. From here it will cut across the golf course in a wide curve to join Dodge Avenue, proceeding thereon to Carnegie, where the sharp curve will be broadened. Further designs indicate that a new stretch will be cut across the campus from this point to the paved entrance, running between Memorial Hall and the power plant.

Although it is hoped that the new drive will be hardsurfaced, authorities in charge have as yet no assurance that this will be the case.

Dr. Louis H. Evans, Noted Young Pastor, Will Conduct Series

Rev. Sidney E. Stringham Will Return to Lead Program of Song

Rev. Dr. Louis H. Evans, Pastor of the Third Presbyterian Church of Pittsburgh, Pennsylvania will be the leader of the sixtieth series of February Meetings which opens on February 4.

Dr. Evans is pastor of one of the large and prominent churches of America, one which has given two Moderators (the highest office of the denomination) to the Presbyterian General Asembly and has had among his members many noble and well known persons such as the Thaws, who, prior to Mrs. Thaw's death seven years ago, were large benefactors of Maryville college. Dr. Wm. L. McEwan, pastor emeritus of Third Church is a Director of Maryville college. Dr. Evans became pastor of this church four years ago, going to Pittsburgh from Pomona, California.

Leading Conference Speaker

During his last year on the Pacific Coast Dr. Evans addressed some thirty thousand young people, and during the year just closed he addressed twenty-nine thousand students in the colleges, universities, and high schools of Pennsylvania. He was one of the leading speakers at each of the last two World's Christian Endeavor conventions in San Francisco and Philadelphia..

Dr. Evans is the son of Dr. William Evans, well known Bible teacher and conference leader, and is a graduate of Occidental college, Los Angeles, California, and of the Presbyterian Theological Seminary, Chicago. The honorary degree of doctor of divinity has been conferred upon him by both Washington and Jefferson and Jamestown colleges.

Prominent in Athletics

He is a young man still in his thirties. His college course was interrupted by the World War in 1916 and 1918 and he left college for a period of war service, returning after the war to graduate. He is of athletic build, being probably six feet four inches tall. In college he was an All-Cali-

(Continued on page four)

After missing one series of February Meetings Rev. Sidney E. Stringham, pastor of the Epworth Methodist Episcopal Church of St. Louis, is to direct the singing again. This is the fourteenth year he has rendered this service, having been the song leader for thirteen consecutive years. His directing ability, his friendly interest, his devoted Christian life, and his good common sense, make him a welcome visitor and leader on the Maryville campus.

LLOYD ATTENDS CONFERENCE ON EXTENSIVE EASTERN TRIP

President Ralph W. Lloyd left this week for New York City, where he will attend a conference of the Association of American Colleges to be held at the Roosevelt Hotel. While in New York he will also attend a meeting of the Presbyterian College union and other similar meetings.

From there he will go to Harrisburg, where he will speak; thence to Philadelphia and back to New York. He will return to the College January 30.

We Should Quit Hiding Our Light Under a Bushel

Recently we chanced to make one of our "thumb-in-air" excursions with an apparently well-read student of law from Knoxville. As is usually the case on these excursions, the conversation drifted from "where are you from" to religion and politics, the last two topics finally centering on Russia. During the exchange of viewpoints on the Soviet government, we quoted from the address of Dr. Franklin, who spoke here several weeks ago.

"When did you say he spoke?" inquired our benefactor. "I didn't know a thing about it. I should certainly have come to hear him, had I known."

This is just the point. He did not know. Had he known, he would have heard the address, and would have been the wiser for his experience.

If Maryville college is to mean anything to the community, other than in a religious or financial way, it must advertise what it has to offer. The only way in which it can do this systematically and accurately it through the efforts of a publicity committee. It is true that from time to time certain bits of information concerning college activities find their way to East Tenessee news papers, but these times are few in comparison to the number of worthwhile events, and the news items give no evidence of an organized publicity scheme behind them.

We who spend our days on the campus know of coming events, but we can not be too sure that the outside is aware of activities of public interest. The columns of the local newspapers are always open to the acivities of the College, and through them we should give the public a chance to share in our program.

—0—

Deeding Our Lives To The Future

Editor's Note—Mr. Albright, Maryville student, has contributed here an interesting bit of thought in connection with one of the important problems of the day. The readers of The Highland Echo will be interested to know what YOU think, either in reply to this article, or in view of another problem.

By EDWIN W. ALBRIGHT

Why does life among the American people yield so little contentment? Because, it seems to me, our civilization has deeded their age to the future, socially, economically, and politically. Consequently we look with anticipation to better conditions in the future—even that anticipation has destroyed our capacity for making the best use of our time at present.

Parents put an over emphasis on their children, because they are a symbol of that future. They plunge themselves hopelessly into debt, spending money that may never be seen, making debts that the third and fourth generations will have to face. All of their possessions will be obligation.

We wonder how one can hope that the future will be any better than the past or present, which we so deplore, unless we make it so? I believe the answer has already been indicated. The future cannot be made any better than the past. Our foreknowledge does not reach [illegible] future, nor does it [illegible] control. This present is our world. We can improve it just as much as we want to. This is our [illegible] and it cannot be [illegible] the future.

Attempts to control the time course of human life only wastes the future as well as the present [illegible] let us accept our opportunities on this rich earth, and work now to show ourselves approved workmen.

The Weakly Filibuster

By SENATOR HEGNER

Greetings and stuff from the Senator for the year of 1936. The Senator is hale, hearty, and still paying for what he doesn't eat. Scores of readers may be disappointed because I'm not dishing out a diary of my Florida trip. What I can say about the Florida temperature is not fit for print—at least in the Echo. Besides, my typewriter is respectable. And if any of you are still recovering from that holiday-hangover, I sympathize with you, and I hope it is nothing trivial.

* * *

For the new year I'm warning each and every person that will pause long enough when I come up to give out advice—a few gents have formed quite an observation corps for the Senator. If you are not careful I may omit your name from this column, and wouldn't that be the very dickens!

* * * *

New nicknames for the second semester have been adopted by the following notables: 'Opitz" Crowley, "Crowley" Opitz, "Everybody's Friend" Compton, "Illiterate" Hartman, "Passion Flower" Woodwell, "Honey Bear" Hall, "Butch" Pieper, "Barfoot" Alexander, "Detroit" Kortkamp, "Lotus Blossom" Brothers, "Governor Halliburton" Waggoner, "Faculty" Kunkel, "Gus" Gillespie. The Senator used to know a peachy iceman named "Gus".

* * *

Several wise guys have found that the Senator's mind is not entirely a blank. There you are, isn't that a dandy opening I've provided? Three or four heels thought they were putting something over on me when they snitched fistfuls of candy from a box on my desk (frequently referred to by my roomamte as his). The box had spent two weeks in the post office and the candy was stale, to say the least. And just last week the managing Editor, no one knows why they call him that, broke his wrist snatching for a cigar that I held up for him to admire. He ripped off the cellophane, and feigning nonchalance as only a sophomore can do, tried to look like he knew how to hold a cigar in his teeth. The weed was aged and went to pieces in his mouth. The resulting blast lifted two pictures from the wall and blew a pane from the center window. Moral:don't ask the Senator for anything but advice.

* * *

The chocolate grapefruit imbedded in lettuce goes to Mr. Robert Caperus Thrower, B. A., for the best remark of the week. While riding me about that Florida trip, Mr. Thrower, B. A., said — "When you got to the state line did they dip you for ticks?" I answered negatively, for I haven't been bothered with ticks ever since that volleyball class last year.

* * *

With a fresh enlistment, the C. C. C. ranks are listed for the first time in 1936. New names appear and many are to be congratulated on their aggressiveness. The leaders are: Peterson)who takes the lead by moonshining a gal for 3 weeks), Sams, Jones, Frishe, MacCalmont, Wade, Woodling, Remine, Fleming (who really greets them when they come back from the holidays), and last but not least by a long shot, Rich. All old members not

(Continued on page four)

The Melting Pot

A WEEKLY FEATURE

Ethics class Thursday morning saw a furious discussion on the question of whether the criminal was a greater menace to society than the beggar.

Said Bill Meeks, "Well, Dr. Orr, I think that a beggar does some good."

How is that?" inquired The Last Analysis.

"Well," said Bill, "if I walk down the street and see a beggar sitting in the snow, I resolve I'm never going to be a beggar."

—P. C.

* * * *

Our beloved philosopher and friend, Dr. Orr, has an effective way of not letting another person

(Continued on page four)

Seen In The Exchange

By ANNE McCAMBRIDGE

Dickinsonian college rag, produces a masterpiece in the way of an article on college regulations of a century and a half ago. The prize example found was the regulation which postively forbid any form of play. This was the rule of all rules at Cokesbury college, the first Methodist college, founded in Maryland in 1785.' 'Let this rule be observed with the strictest nicety for those who play when they are young, will when they are old was the warning.

* * * *

Quoted from the "Lenoir Rhynean": "You can always judge a lady by her clothes, and in a trolly car you can always tell a gentleman by his getup."

"Exercise will kill germs, but the trouble is to get the dern things to exercise."

* * * *

Lenoir—Rhyne agrees with Dr. Conant, Harvard's new president, who has decreed that no college bells shall be rung to disturb the sleep of the needy until 8:40 in the morning.

* * * *

From L. M. U. we get a real touch of college life. "In a certain class the teacher is so interested that he never heard the first bell and it takes the second to wake up the rest of the class."

* * * *

Another college paper remarks that Ghandi had to leave college because so many of the co-eds pestered him for his pin.

Banks and the Younger Generation

The young men and women who are coming into citizenship today, have not the slightest thought of "traveling the back trail" to a nation with a narrower future . . . They are planning confidently for a "Bigger America," and larger futures for themselves—which is their privilege and birthright . . . But, they have no happy-go-lucky attitude toward the future. They are seriously working and planning and saving for the things they desire . . . We are proud to offer the services of this bank as one of the tools of their accomplishment.

BANK OF MARYVILLE

THE OLD RELIABLE

Wrestlers, Swimmers Open With Knox "Y" Tonight

Scotties Lose To Wasps Following Rout of Tusculum

Locals Play Roanoke Tonite In Final; Hannah, McGill Star; Henry Injured

(Continued from page one)

Baird connected for 9 each for Maryville. Although the Scots won easily over Tusculum without the services of John Henry, star forward, his absence was keenly felt by the Scots tonight.

The line-ups:

Maryville		Emory-Henry
McGill (2)	F	Fulk (12)
Hulette (6)	F	Garuand (4)
Hannah (9)	C	Levicki (21)
Overly (1)	G	Countiss (11)
Odell (3)	G	Fields (8)

Substitutes—Maryville: Baird (9).

Scots Conquer Tusculum, 50-29

Greenville, Jan. 16—In spite of the fact that John Henry, stellar Scot forward, was out of the line-up with a leg injury, Coach Honaker's Maryville Highlanders swept over the Tusculum Pioneers for a 50 to 29 triumph here tonight for the Scotties' second conference victory.

Big Lee Hannah, center, and diminutive McGill, scrappy forward, had their eyes glued on the basket when anywhere near shooting distance, and this pair accounted for the major portion of the Highlander tallies. The entire squad played a steady game to completely outclass their conference rivals.

Althongh Henry accompanied the squad to Greenville, he was unable to play when an old injury, which has hindered him most of the season, was worse at game time. He returned to Maryville Friday when the rest of the team moved on to Emory, Va., to battle the Emory and Henry Wasps.

Scots Trounce J. B. C. Quint, 50-26

With Lee Hannah, star center, hitting the hoops for 22 points to continue his outstanding performance for the Scots, the Maryville basketballers coasted most of the way to an easy 50 to 26 triumph over the Johnson Bible College quintet here last Monday night.

The Highlanders got off to an early lead and held the situation well in hand throughout. Coach Honaker used his entire squad during the game.

Emory and Henry Wins Easily, 53-27

Coach Pedie Jackson's Emory and Henry Wasps proved too fast for the Scots here January 6 and ran away with a 53 to 27 victory over the locals in the first game after the Christmas vacation.

The Scotties kept within striking distance of the lead throughout the first half, but the Wasps came back strong after the intermission and proceeded to ring up points consistently until the end of the game.

Late Rally Provides Win Over Cullowhee

Scots Overcome 50-38 Disadvantage To Win, 54-51

After trailing 29-22 at the half and 50-38 with only five minutes left to play, the Highlander hoopmen staged one of the most sensational recoveries seen on the local court in several years to defeat Western North Carolina Teachers 54 to 51 in the first conference game of the season for the Scotties on January 10.

Entering the game with the Scotties 12 points behind and only a few minutes left to play, McGill, 5-foot 7 inch substitute forward, seemed to supply the spark which set off the exploding rally. His field goal also tied the score at 50-50, and after the Cullowhee lads sunk a foul, McGill again tied the count by doing likewise. Henry made good on a free shot to provide the winning point. and Baird looped in a field goal for good measure as the game ended. Hannah played an important part in the triumph by scoring 18 points.

Swim Line-up To Include New Men For Opener at 7

Fischbach To Present Fast Outfit In Spite of Return Of Only 4 Lettermen

Coach George Fischbach's Maryville mermen open the 1936 tank season tonight against the Knoxville Y. M. C. A., with the first event slated to get underway at 7:00 o'clock.

Beginning practice with only four lettermen back from last year's squad, the Scot swimmers seemed headed for a poor season, but several freshmen and members of last year's squad who failed to letter have shown marked improvement, and the locals' stock has risen appreciably.

The return of Bradbeer and McEnteer for the dashes and Meeks and Herries for the breast stroke fortified those departments, while increased speed by several freshmen and second year men, including Lowe, Clemmer, Hilditch, Brubaker, and Stafford, and better diving form by Chandler and Craine, freshmen, have made the outlook for the team as a whole much brighter.

The second meet of the season will be held with Tennessee here next Saturday at 3:30 p. m. Several other meets are on the slate, but the schedule is not yet complete.

Tonights lineups:

Free-style relay—"Y": Copper, Gammon, Crews, Ledford. Mc: McEnteer, Stafford, Clemmer, Bradbeer.

Breastroke—"Y": Elmore, King, MC: Meeks, Herries.

Backstroke—"Y": Chaffin, Powers. MC Lowe, Hilditch.

50-yd. dash—"Y": Ledford, Capper. MC: Bradbeer, McEnteer.

400-yd swim— "Y": Crews, Curtis. Mc: Brubaker, Cleaver.

100-yd. dash "Y": Ashton, Ledford. MC: Bradbeer, Hilditch.

Diving—"Y": Elmore, King. MC: Chandler,C raine.

200-yd swim— "Y": Ashton, Crews. Mc: Lowe, Brubaker.

Point System Girls Elect Cage Leaders

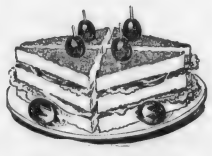
Basketball Tourney Will Be Held Next Week

The girls' point-system basketball tournament comes to the fore with the election of captains and managers by the three teams engaged. Minnie Bell Watson and Martha Evelyn McSpadden have been chosen captain and manager, respectively, of the junior-senior team; Edith Pierce and Janet Talmage of the sophomores; and Louise Murphy and Hazel Eddins of the freshman squad.

Injuries Handicap Grapplers On Eve Of Season Opener

Coulter, Battaglia, Propst On Injured List; Close Bouts Anticipated

Scot wrestling opens its current season tonight as the Throwermen, state champions the last four years, oppose the Knoxville Y. M. C. A. squad in Alumni gym., at 8:00 o'clock.



The Scotties are seriously crippled by the absence of Toll Coulter, 145-pound ace, and Jim Battaglia, 126-pound "little giant," who were injured in practice this week, but the squad will enter the contest on even terms with the "Y" grapplers. Guy Propst, 160-pound newcomer who has been going strong in practice, also has been out this week with injuries.

With the four heaviest weights well taken care of, however, by such veterans as Frank Dean in the 155, Jim Renfro in the 165, Leon "Buck" Millsaps in the 175, and Mose Gamble, heavyweight, and continued improvement of the lighter wrestlers, the Scot matmen will furnish plenty of competition for the Knoxville crew. Coach Thrower announced that the remainder of the positions probably will be filled as follows: 118 lb., R. Battaglia; 126-lb., Bob Gillespie; 135-lb., Edgar Meares, 145-lb., Rom Meares.

Knoxville will present one of its strongest teams in several years, according to reports from the "Y" camps, with all but one position filled by veterans.

If You Were Drowning

You would grab at the first offer of assistance, for that would be your last chance to continue in the pleasure of this life.

You will not drown, most certainly, if you do not subscribe to the 1936 CHILHOWEAN, but at the same time you will miss the one chance to preserve for yourself in permanent form the memories of your days at Maryville.

The management of the CHILHOWEAN, is offering a limited number of these beautiful books to you at the low price of $2.25. A deposit of one dollar reserves your book.

THE 1936 CHILHOWEAN
"A Book of Permanence"

Wilson's New Book Now Off the Press

Addition of New Chapters Brings Romantic Tale Up To Date

In December there came from the press President Emeritus Samuel Tyndale Wilson's book CHRONICLES OF MARYVILLE COLLEGE, a volume of 334 pages containing 41 illustrations.

This is a history of Maryville College from its foundation in 1819 until the year 1935. It is composed of Book One which is a reproduction of "A Century of Maryville College— A Story of Altruism—1819-1919" and Book Two "Second Century Beginnings— 1919-1935."

Book One, except for some changes in illustrations, is identical with the book published in 1916 and 1919. Book Two consists of new chapters recently written by Dr. Wilson.

A number of these new books has already been distributed to special friends of the College, and many letters are being received telling of the great interest and inspiration connected with the reading of it. The story of the College is indeed a romantic and inspiring one. Dr. Wilson, above all men ever connected with the College, is qualified to write it, for he himself has been a part of the institution for sixty-two years. During much of that time he has been the principal character connected with the institution.

Friends of the College may obtain the book from the Personnel Office at $1.00 the copy, postpaid.

Singers Rehearse

(Continued from page one)

them, telling him that thus only can he escape death. Their song is one of the most beautiful selections in the entire opera.

In addition to the numbers sung by the Glee Club, a tableau-fantasy is being worked out, on the "Wedding of Jack and Jill," when the toy characters of Mother Goose Land will come to life for the entertainment of the audience. The program closes with the cantata, "A Midsummer Night," which brings in the moods of a spring night, and ends on a joyous note.

The selections run the gamut of music moods and interpretation from opera to fantasy, and the concert promises to be one of the most entertaining and worth-while productions of the college year.

The Melting Pot

(Continued from page two)

get the better of him, mentally speaking. For instance, on a certain day during the holidays, he was attempting to pass another on the Knoxville highway. The person in the other car, however, frustrated his attempts by alternately speeding and slowing in disgusting accordance.

"And so," quoth he, "after a few miles of this, I just settled back and thought how I was making that other fellow go as fast or as slow as I wanted him to."

Following this, he said, "Now you take these people who live in one-log shacks—."

—M. B.

* * * *

A student in trigonometry had given a formula in such a low voice it could not be heard. Another student asked, "What did she say?"

"What would you say?" asked Mrs. Newberry.

"What was it she said before I say what I'd say?"

"You say what you'd say before I say what she said," answered Mrs Newberry.

"You say what she said so that I can say what I'd say before you say what she said," was the reply.

—V. C. A.

Dr. Louis H. Evans

(Continued from page one)

fornia State end in football and both an All-conference and All-southern center in basketball. After completing his war service and before re-entering college he played with the Los Angeles Athletic Club basketball team which that year won the championship of the United States. During his theological seminary course a little more than a dozen years ago, he was a star center on the seminary basketball team, whose schedule included universities of the Big Ten, colleges of the Ohio conference, and other teams. He is a good tennis player and can play several musical instruments. He is earnest and business like in his preaching and speaking, and when you meet him he has a strong hand shake and a big laugh.

Rejects Largest Pastorates

But above these things Dr. Evans has been an amazingly useful man. In his seminary student days his personality, spirit, and ability won for him invitations to consider the largest pastorates or other positions open to the graduating class; but he declined them and went to two small home mission churches in North Dakota where he remained, heedless of invitations elsewhere, for three years. Then he accompanied his father on a trip around the world, visiting colleges, universities, and missions in Japan, China, Korea, and India, and traveling with representatives of the Near East Relief through Northern Africa, Palestine, Syria, and Greece.

Upon return from this world tour, he became pastor of the Presbyterian Church at Wilmington, California. During a pastorate of something over three years there, he received four four hundred persons into the church and doubled its membership. In 1928 he accepted a call to the Presbyterian Church at Pomona, California, where he remained until he went to Pittsburgh four years ago. The Pomona Church had some nine hundred members when he became pastor and twelve hundred and sixty when he left, less than four years later. He took almost six hundred persons into the Pomona church during his pastorate, two hundred and fifty of them the last year. The writer of this sketch was once told by a man on the Pacific Coast: "Louis Evans could be pastor of any church on the Coast were it vacant." Since he went to Pittsburgh four years ago, his church there has grown from less than fifteen hundred to seventeen hundred.

The Weakly Filibuster

(Continued from page two)

named should not stop trying.

* * *

Have you noticed: That Bill Nelson is slowly getting back to normal? That "Footloose" Frishe seems to be that no longer? That no one can unbutton and button a double-breasted coat with more eclat than Dr. Lloyd? That Mose Gamble's bit of down went the way of all flesh? That a certain gent with a broken kicker still claims that someone fell on top of him? That when it rains the campus roads become quite soupy and messy? That it rains? That Athenans smirk when they see Alpha Sigs using toothbrushes?

* * *

For frakness the medal goes to Dr. Shine who said, "It just happened that I had fifty cents in my pocket on the same day that I was in Knoxville."

* * *

Who was the Maryville freshman gal that slept on a bench in the Chicago train station until a cop woke her up and told her to move?

* * *

Someone has asked about that cigar store Indian that can be seen in the center of the front row in the Athenian picture. I investigated and found that it is neither a wooden Indian nor a traffic signal. It is the president, hiding behind a motorcycle

The other night, Bob, you asked me what the word "Loquaciousness" meant. This column is a good example.

Carnegians Push Elaborate Plans For Leap-Fest

Work Out Call System On Cooperative Basis

With the Leap Year party only a few days off, plans are being pushed for a fitting reception of the young ladies who take advantage of this opportunity to visit Carnegie Hall. Those who call for their Leap Year dates Tuesday evening are promised an interesting welcome.

The following rules governing the calling for dates have been issued: Women are urged to make their dates early. Women whose names begin with the letters A through K are requested to call at the Hall from seven o'clock until seven-fifteen, and those whose names begin with the letters L through Z are requested to call from seven-fifteen until seven-thirty. This arrangement will greatly facilitate matters. Men will not be required to sign out, but women must sign in, giving both their name and the name of their date. All men are requested to be ready in their rooms at the time appointed to answer the call boys, who will bring the cards up from the lobby. Any town men may be called for at the dormitory in the same manner.

Couples may not travel from one party to another, but must stay at the ones to which their tickets direct them.

Collegiate Flashes!!

By NSFA Service

WASHINGTON, D. C. (NSFA)—A bill to establish a permanent program to provide opportunities for employment and education for young people between sixteen and twenty-five was introduced in Congress on January 12 by Representative Thomas Amlie (Prog., Wis.) and Senator Elmer Benson, Farmer-Laborite recently appointed by Governor Floyd Olson of Minnesota to fill the vacancy left by the death of Thomas S. Schall.

INDIANAPOLIS, (NSFA)—Representatives of college cooperatives in eleven states meeting here December 31 organized the National Committee on Student Cooperatives to speed the development of cooperative eating clubs, book stores, dormitory, gas stations and cleaning and pressing shops on college campuses.

CAMBRIDGE, (NSFA)—A limited number of Fellowships, not to exceed six in number, with a variable income for not more than three consecutive years, will be granted to students who plan to enter the Government or other forms of Public Service as a career.

BERLIN (NSFA)—Athletes in Germany who show by their attitude that they do not understand or do not desire to understand the true significance of the Third Reich from the Nazi viewpoint will be barred from "the honors of victory." This, in brief, was the statement made by Kurt Muench, head of the Reich's Diet, an institution "for the promotion of national characteristics," in his New Year's message on "Politics in Sport."

CHAPEL HILL, N. C. (NSFA)—Two thousand of the twenty-five hundred undergraduates at the University of North Carolina are now members of a cleaning and pressing cooperative which did a business of $15,000 in 1934 and far exceeded that in 1935. The co-

(Continued on page four)

The Spot Turns On— BRADSHAW

Popular Young Professor Who Does and Says What He Thinks, and Makes You Like It.

Editor's Note—This is the first of a series of articles by staff writers exposing the human side—if we find any—of popular college professors. Beginning as an experiment—but the staff writer got the surprise of his young life. He found a human side to Dr. Bradshaw. Read it!

By JOHN McINTYRE
(Echo Staff Writer)

The most un-human characteristic we could find in Dr. Bradshaw, popular young chemistry Ph. D. from Harvard university, is that he says what he thinks, meanwhile thinking what he says.

Coming to Maryville college in the fall from Harvard, where he had just completed work for his degree, he immediately impressed students with his individualistic attitude and earnest scholarship.

He continues to impress them. For instance—answers "yes" to all questions—uses bicarbonate of soda for toothpaste— writes to three or four girls at a time—is an avowed optimist— wouldn't be a philanthropist—unless broke—says Italy and Etiophia will both win the war—doesn't lose temper—just mislays it—likes Chinese girls.

In addition to these, he likes to ride horses, having owned one back at his home in Pembroke, Ky.—approves of marrying childhood sweetheart, even if already married. Bradshaw is not married. Conclusion: Childhood-sweetheartless—born on a farm in Ole Kaintuck—once fell out of a tree. Once in a while he eats an apple

ECONOMICS CLASS HEARS ABOUT STORE MANAGEMENT

D. W. Priffitt, president of Proffitt's Department Store, spoke to Dr. Campbell's Business Administration class Thursday on the topic "Management of a Retail Store."

Mr. Proffitt told of the types of department stores, which vary according to the size of cities in which they are located. Using his own store as an example, Mr. Proffitt illustrated the system of departmental budgeting. Various phases of merchandising, buying, selling, and advertising were also discussed.

Outside speakers will be heard in this class at times in place of field trips.

Beauty and Power Will Characterize Glee Club Concert

Athletic Department Gives Consent for Advance In Game Time

Two unusual imitative numbers of special effectiveness, "Echo Song," by Orlando di Lasso, and "The Galway Piper", by Fletcher, will be one feature of the women's glee club concert to be given Monday night, February 3, in Voorhees chapel.

"Echo Song" features a divided chorus and realistic echoing responses, while in "The Galway Piper" the women's voices realistically reproduce the mournful tunes of the bagpipe as it passes by and dies away in the distance. These numbers and many others of equal delight will be sung at the concert.

Special arrangements have been completed with the Department of Athletics to advance the time of the basketball game so that the concert scheduled to open at 8:15, may have undivided attention.

Concert tickets went on sale yesterday at the bookroom and Y stores.

Maryville Woman Will Review Popular Book Tonite At Theta

Theta Epsilon sisters tonight will relive the fascinating life of their "sister" of long ago with Ethel Dorn Martin, (Mrs Kenneth Martin), guest speaker, who will review Stephen Sweig's popular book "Mary, Queen of Scots". Virginia Dyer and Elizabeth McDade will conclude the program with tap dancing.

—O—

PLANS FELLOWSHIP BANQUET

Alex Christie, chairman of the Y. M. C. A. fellowship committee, is making plans for a banquet to be held sometime before the February Meetings. Neither the exact time nor place of the banquet has yet been determined.

Shine's Furnace Shines Him Out Of Fifty Dollars

Although the sun didn't shine very hot Thursday, something was evidently shining pretty hot over at Dr. Shine's house.

About nine a. m. the local fire brigade clamored up Court street, and on to Wilson avenue to extinguish a small blaze resulting from an overshining furnace. Firemen estimated the damage at only $50.00

Social Committee Suggests Changes In Dining Hall

The Student Social committee wishes to ascertain the feelings of the student body on the following matter: Is the student body in favor of making arrangements in the dining hall so that a certain number of times each year the personnel of each table will be changed so that individual students have the opportunity of meeting and knowing a greater number of fellow students?

Tell the members of the committee what you think about the idea.

PROMINENT HYMNAL EDITOR WILL LECTURE MONDAY NIGHT

Dr. Calvin W. Laufer, who is the editor of the Church School Hymnal for Youth, which is the book now in use in our chapel services, and assistant editor of the Presbyterian Hymnal, will be in Maryville on Monday evening. At 7 o'clock he will deliver in the chapel a brief address on "The Ministry of Music in Worship", and with the leadership of our choir, will conduct a service of song.

Dr. Laufer is one of the outstanding leaders in the field of religious music in America, and this service should be an inspiring one. We hope there will be a large attendance from among the college group.

—O—

DICK MEADOWS WILL READ PRIZE SHORT STORY TONITE

"Communism in the Cotton Patch", one of the two Athenian prize short stories of 1935-36, will be read by its author, Dick Meadows, this evening at Athenian Literary society.

Don McArthur will conclude the short program with several solos.

—O—

GLEE CLUB PREVIEWS CONCERT IN BROADCAST FRIDAY NIGHT

Maryville college women's glee club, under the direction of Miss Frances Henry, will give a preview of its coming concert over station WNOX at seven-thirty p. m. Friday night. The preview will constitute the tenth broadcast in the Maryville college radio series.

Last night the String Ensemble, directed and accompanied by Miss Mildred Butcher, represented the College over the air. The personnel of the Ensemble is: Edward Brubaker, first violin; Elizabeth Spahr, second violin; Paul Schalles, third violin; May Haines, fourth violin; and Miss Butcher.

February Meetings Have Foundation Before Civil War

First Series Was Led In 1877 by Bachman, Known as "Father"

By ROBERT K. BRANDRIFF

The foundation for the series of services which we know today as the February meetings was laid before the Civil war, during the presidency of Dr. Isaac Anderson.

Dr. Anderson was, at that time, pastor of the New Providence Presbyterian church in Maryville, where he was in the habit of holding special services every year in which the students of the College took prominent parts. Even after Dr. Anderson's death, and for ten years after the close of the Civil war, the meetings in turn continued to attract large numbers of students. Dr. Samuel Tyndale Wilson, in his estimable book "A Century of Maryville College" says, "In the course of time, however, the institution grew to such size that it became expedient for it to have its own meetings. From these beginnings grew the February Meetings."

First Series in 1877

The first series of February Meetings was held in the month from which it takes its name, of the year 1877. They were held in the old chapel on the second floor of Anderson hall, and were led by Rev. Dr. Nathan Bachman, now known as the father of the February meetings. Dr. Bachman was one of the earliest and most loyal of Maryville's supports. It was he who, out of savings laboriously accumulated during years of work as an evangelist, established a fund of two thousand dollars for loans to students who were eager enough for an education to be willing to pay for it out of their future earnings.

Determines Future Character

In those initial meetings, Dr. Bachman set the precedent for the future character of the meetings, and his doctrine of building noble characters through the powerful influence of religion is still fundamental in present-day February meetings.

Since their inception sixty years ago, the meetings have held a prominent position in Maryville's religious program, and the coming series should prove no exception in bringing about that willingness to dedicate self to Christ and to His service that has characterized former meetings.

—O—

ALPHA SIGMA SOCIETY ELECTS ADMINISTRATION FOR NEW TERM

A special meeting of Alpha Sigma was called to order Tuesday night, January 21, for the purpose of electing officers for the third term, beginning with the second semester. The following persons were elected: George Greiner, president; Carl Fisher, vice president; O'Neal Gray, recording secretary; Mose Gamble and Bill Morgan, program secretaries; Charles Luminati and Archie Pieper, sensors; Ray Buxton, sergent-at-arms; Joe Cortez, pianist; Bruce Morgan, editor; Bob Godfrey, janitor. Installation will take place at the next meeting.

—O—

VIRGINIA CLUB ELECTS

The Virginia club met last week and elected the following persons to offices of administration:

Alvin Toms, president;
James Bruce, vice-president;
Ethel Ann Flannery, secretary;
Gerald Beaver, program secretary;
Reginald Garrett, editor.

The real secret of a happy life is the ability to put one's powers as far as they will go.

Staff Writer, Exploring Origin Of Moonshining, Finds It To Be First Social Privilege

By DORIS WOODWELL

Maryville is the first college we have ever known that welcomes in its student body an ever-increasing group of "Moonshiners." Undisturbed by the forces of law and order, these young men and young women (indeed the women are indispensible) carry on their part-time occupation quite openly. As a matter of fact, they have been known to complain very bitterly because secrecy and darkness are forbidden them. "Moonshining" at Maryville is strictly a day-light procedure,—but it has not always been so. Let us take you back to the dim, romantic past of yesteryear, back to the undergraduate days of some of our present faculty, who were, in truth, the only real "Moonshiners."

No Written Rules

Once upon a ime there were only two dormitories on this, our cedar-crested Hill. The young men dwelt in the one which has come down to us as Memorial Hall. The young ladies (there were ladies in those days) lived in Baldwin, as many of them do at present. Close together but yet, so far! There were no written rules concerning conduct because such extremes were not necessary. Social gatherings were few; social priveleges, fewer. Young men and young women knew what they could and could not do. Dating "wasn't done." That is, not until . . . .

It happened one night. A full moon, riding high in all its silver splendor, touched and transformed the waiting campus. Magic lay deeply on the earth It was a night made for youth, and youth recognized it.

Bravest Enter Plea

Certain brave fellows, sensing the desire of the maidens nearest their hearts, called upon Mrs. Bartlett, the kind fairy of the story, who ruled with an understanding heart all the young women residents of the dormitory. These young men asked her, in carefully rehearsed phrases, if on this particular night they could escort her charges to a Christian Endeavor service in

Yellow Cords Usually Wear Out

From "Russia Postpones Utopia," condensed in Reader's Digest, January, 1936, from Scribner's magazine:

"Recent dispatches out of Moscow convey an impression of far-reaching change in mood and manners . . . . the Soviet Union . . orders its men to be gallant, its children to be more considerate of their elders . . . There is no question that a revolution in manners has taken place . . . "

It is a long step from Moscow to the Maryville campus, but nevertheless, the same principle involved in the Soviet movement can well be, yea, needs to be, applied here. Reeking yellow cords and a dirty sweatshirt excuse the college man from a multiude of sins, but at the age of thirty he can not sail into society surrounded by such scanty embellishments.

Society will never go off the gentleman's standard, nor will it declare a moratorium on the paymen of common courtesy.

—O—

This Columnist Forgot to Think

In support of paid college athletes, a Knoxville News-Sentinel sports columnist one Sunday morning flayed seven college presidents for their condemnation of this practice. In part, he said, "College men who spend their time on the practice field deserve something for it . . . . . University alumni want a winning team, and this is one means of getting it."

The former statement is the somewhat calcified backbone of an age old argument. Out of it the attitude toward college athletics has shifted from one of "body given" to one of "services rendered," thus destroying the principle upon which athletic competition is founded.

The latter remark looms more as an admission of guilt on the part of alumni organizations than as a substantiating argument in behalf of paid athletes, for if they mean to secure winning teams in this manner they are guilty of violating the supreme principle of the amateur athletic code. Not only do they violate the code, but they also imply that the football program should take precedence over the academic system of the university.

Our own league, The Smoky Mountain Athletic Conference, has been dubbed "the white conference" because its officials exact a strict observance of the amateur code. It would seem that this distinction is worth more than all the paid athletes which enterprising alumni choose to pile upon us.

The Weakly Filibuster

By SENATOR HEGNER

St. Valentine's Day s not far off, and the Senator suggests that we have a big Valentine box on the campus. That would save postage on those comic Valentines that we plan to send to our friends, our enemies, and the Faculty.

* * * *

Many students think that there ought to be some good place on the campus for dates in winter time. Why not remodel the men's "Y" store, put in booths, serve sandwiches and hot drinks?

* * * *

Dear Senator:
Yes, we've sailed the skies together
In fair and foul and middlin' weather,
But mustachios you can't assail
Or you'll have me on your tail.

Yes, in spite of what you call 'em
I still read your? ! !—33-44—column.
—Bard of Old Salem

* * *

A friend told me that he thought the last Filibuster was filled with veracity. He probably meant verbosity.

* * * *

I quote Huffy in saying—"this Maryville weather is almost as bad as Isham's jokes." And after a long session I got Guy Propst to admit that he had offered to loan his roommate a necktie.

* * * *

The Senator set out to find out about babies from members of the faculty. Said Prof. Queener—"It is a mistake to walk the baby every time it cries in the night. It is also a mistake not to walk the baby when it cries in the night."

According to Dr. Shine— "You can't tell by a baby's eyes what business it will enter when it grows up. I don't take much stock in ears either."

Dr. Cummings expressed himself by saying—"At birth babies are the youngest members of the family and lack strong personal opinions."

* * *

It is interesting to know that:—the coathooks are up in the coat room at Pearson's, the Leap Year party will be free, the Campus Follies will be presented on March 28, Sam has a bone to pick with the Senator, it doesn't pay to flip coins with Bruce Alexander to see who sits next to the girl in the Capitol, the Bard of Old Salem's date record book has only a few entries, there used to be an old rule that men on the way to meals at Pearson's had to stop and wait at the postoffice until a bell rang that allowed them to enter the dining hall.

* * *

While comparing "Lycidas" and "In Memoriam," Bill Collins, Spring City flash, raved for some time. I finally found thaf he was trying to say that they were both "effigies." Could it be that "elegies" was the word?

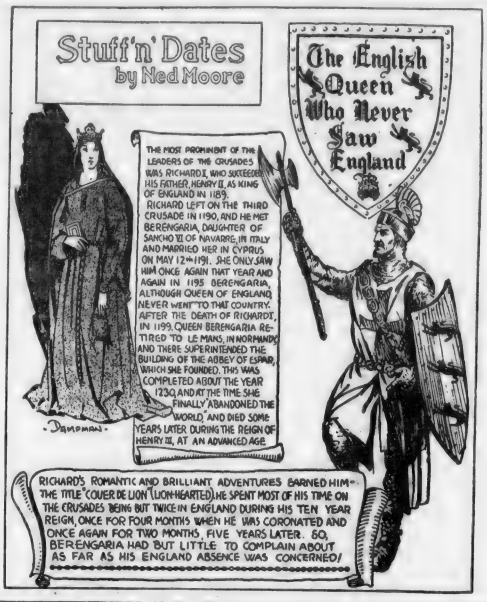
* * * *

According to last week's outburst of the Echo—"Mr. McCurry hopes to have the lobby of the dorm in shape to receive fittingly." I hope that means more than just laundering the curtains and opening the front and back door and allowing the dust and dirt to blow out.

* * *

With Leap Year in mind, the lineup of the C. C C. will be slightly different. This week's leaders are: the Brown gals, Ardern, Galloway, Dexter, Dyer, Tipton, Pierce, Armstrong.

(Continued on page four)



Bradshaw

(Continued from page one)

during lectures, and it is said that he used to pass around a box of chocolates. During vacation one Maryville student caught him down in Nashville in the railroad station curled up on a bench sound asleep, but didn't wake him.

Absent minded? Well, perhaps. Not a week ago a student, who daily rides to town with Bradshaw after classes, sat in the seat of another to "fill in" the cut. Bradshaw lectured and rode to town afterward as usual. No mention made.

He di'n't intend to be a chemistry prof (grounds for p on) but just went to college and ed it. Well, we like Bradshaw o.

The Melting Pot

A WEEKLY FEATURE

One enthusiastic freshman basketball fan was actually caught writing the following information home to his father: "Yessir, Dad! I actually saw this McGill fellow throw the ball to the other side of the floor, run over and catch it, and shoot before the referee's whistle at the center toss had quit blowing."

— P. C.

* * * *

Last Saturday night Lois Black was heralded as appearing on Bainonian society's program, but, because of misunderstanding in arrangements, did not perform.

All day Sunday she received congratulations from members who were not there, however.

—M. P.

* * *

Dr. Kiger's Bible Class was eagerly questioning the teacher in hopes that he would slip and give away a few questions.

This method failing, one of these Frosh decided to try new tactics by finding out the type of test. So, raising his hand, he inquired, "Professor, is this test going to be objectionable?"

—R. K. K.

* * *

The goat of the week is Paul J. Hartman. No sooner had the news of his chat with Miss Kunkel been spread about the Hill than Hartman finds the pages of his notebook glued together. Too bad some of us have roommates we cannot trust. But, do you think, Paul, that anyone merits the title of a "bluenosed hippopotamus?" "Ministerial" Propst, the room mate, wrestles in the 165 pound class, but little Paul J. who weighs but 145, has been browbeating Propst all semester with his superior intelligence (?). At last, Propst has evened things up.

—W. P. W.

* * *

ALEX—?

There was a chap who kept a store,
And thought there might be grander,
He sold his goods, nor asked for more,
They called him Alexander.
He mixed his goods with cunning hand,
He was a skillful brander,
And since his sugar was half sand
They called him Alex-sand-er.
He had his dear one to him come,
Then lovingly he scanned her,
He asked her if she'd change her name
Then a ring did Alex-hand-her.
"Oh Yes," she said with smiling lip,
"If I can but commander."
And so they framed a partnership
And called it Alex-and-her.

—E. D. H.

Interesting Interviews

By LELAND WAGGONER

An interview with Georgia's dynamic Governor Eugene Talmadge is a privilege, but an interview with him and his family in a pitch dark room is an experience.

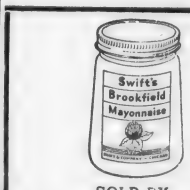
At dinner in Atlanta I called the Talmadge residence, stated my name and the fact that I was from the Knoxville Journal, and asked for an interview. I was told that the Governor would be glad to see me, but I would have to come right out since he was planning to leave town shortly.

Maas, (who was in the midst of a full course dinner), decided he would not go, and I went out to find a taxi. A cold rain and sleet storm had become so bad that street car service had been temporarily discontinued There were about ten people on every corner wanting a cab.

Waggoner's Secretary

At the end of fifteen minutes, when I hadn't got a ride, David called the Talmadge home to say that he was Mr. Waggoner's secretary, that I would be out just as soon as I could get a cab, and to please hold the Governor until I got there.

Upon arriving at the Governor's mansion, I was ushered into a large reception room, introduced to the Governor's wife, his two beautiful daughters, Margaret, a freshmen in college, and Mrs. Chas Smiley, his son Hermon, Judge Mas L. McRay, and then to Governor Eugene Talmadge himself.



If they had been a little cold or distant I would probably have felt more at ease than I did when Mrs. Talmadge insisted that I sit in the easiest chair.

Feared Georgia Politics

I told the Governor that this cold rain almost made me homesick for East Tennessee, what I thought of Georgia and that I would like some satements about nothing in particular and everything in general. I was afraid to get too particular in the discussion because I didn't know as much as I should about Georgia politics.

We talked of the coming presidential election, and of the present administration. As I rose to go, he asked me if my car were outside, and upon my negative reply, cordially invited me to

Scotties Risk Loop Lead Against Eagles Tonight

On The Bench

... with ...

The SPORTS EDITOR

With Carson-Newman bringing one of the strongest teams in the Smoky Mountain Conference to Alumni gym tonight, the continuation of the Scot-Eagle feud, transferred from gridiron to harwood, will go a long way toward answering a question raised a few weeks ago: Will the Highlanders be able to keep up the mad pace this season that carried them to the conference championship without a setback last year? Some sports writers are inclined to answer this question negatively, contending that the Highlanders are becoming too careless on defense. Be that as it may, if the Scots send the Eagles back to Jefferson City on the short end of the score tonight, the possibility of their burning up the conference again will be a much greater probability. Although Carson-Newman lost to Cullowhee the night following Maryville's last minute triumph over the same outfit, the Eagles have won four other conference games without a loss, including one-sided victories over Tusculum and East Tennessee Teachers.

• • •

Henry's Loss Will Hurt Scots

Last week the chief foe of the Scot cagers seemed o be a feeling of too much superiority. This week the announcement by Coach Honaker that John Henry, star forward the last two years, probably will be out of the line-up the remainder of the season with bad knees and ankles, added a new and darker outlook to the situation. The famous Henry-Hannah scoring combination is broken up, and both forward posts will have to be taken care of by freshmen and reserves. With Henry out, the Scots will have a much more difficult task in attempting to complete their second consecutive year with a clean conference slate.

• • • •

Hannah Still Hits The Spot

While injuries and sickness have kept Henry from reaching top form this season, rangy Lee Hannah, high point man the last two years, is continuing his uncanny shooting to lead the individual scorers by a wide margin. In the first ten contests, the big Scot center has swished the nets for a total of 150 points, an average of 15 a game. At this rate, Hannah would surpass his high record of last season.

• • •

In winning seven of ten games played thus far, the Scots have scored 432 points to 400 for opponents.

• • •

"Human Seal" Visits Local Tank

If Coach George Fischbach had a team of swimmers to compare with the merman who visited the local pool this week, his worries would be over. The visitor was Cel Mohawk, better known as the "human seal, who put on a ten-minute exhibition of fancy under-water feats last Tuesday in the hopes of securing permission to put on a one-man water show that night for the "public." The campus calendar proved too full, however, and Maryvillians missed an opportunity to see a first-rate swimming expert in action. Among other titles; Mohawk claims a world record for under-water swimming, having covered 427 yards on

(Continued on page four)

Swimming Schedule

Coach Fischbach recently announced the following swimming schedule for 1936, with the probability of one or two other meets being added:

Jan. 25—Tennessee—here.
Feb. 15—Tusculum—there.
22—Knoxville Y. M. C. A.—there
27—Tennessee, Florida, Maryville — Knoxville
29—Tusculum—here
Mar. 5—Auburn—there.

SCOT GRAPPLERS BOW TO TEACHERS, 18-6

Appalachian Wins All Matches With Time Advantages

Millsaps, R. Meares Carry Off Lone Scot Pointers As Teachers Win 6

A powerful Appalachian Teachers wrestling squad from Boone, N. C., won six time-decision in eight bouts none of which was decided by a fall last night to hand the Highlander team its second consecutive defeat in matches between the two teams. The final score was 18 to 6. The North Carolinians are the only grapplers holding a victory over Coach Bob Thrower's outfit in the last five years.

Rom Meares, 145-pounder, and Leon "Buck" Millsaps, 175-pound ace, were the only grapplers able to carry the Orange and Garnet to victory as the Teachers used a fast escape to get on top and then held the Scot wrestlers down for time advantages.

Most of the individual bouts were much closer than the scores indicate, with the grunters of each team coming out of seemingly inescapable holds on several occasions to cause every match to go the full time limit and two into the extra periods.

Although some were slow at times, a few of the matches were unusually fast, supplying plenty of action while they lasted.

The Scots do not have a match scheduled next week, but one may be arranged within the next few days.

Summary of the Appalachian meet with all decisiins recorded by time advantage:

118-pound class—Scott (A) defeated Battaglia. Time, 5:57.5.

126—pound class—Ben Norris (A) defeated Gillespie. Time, 3:59.

135-pound class—Crooks (A) defeated E. Meares. Time, 7:25.

145-pound class—R. Meares (M) defeated Bill Norris. Time, 5:18.5.

155-pound class—Moore (A) defeated Dean. Time 4:04.

165-pound class—Claude Farthing (A) defeated Renfro. Time, 6:12.

175-pound class—Millsaps (M) defeated Cline Farthing. Time, 2:33.

Unlimited class—Hobbs (A) defeated Gamble. Time 7:53.

Grapplers Trounce Knox "Y", 23-13

The Scot grapplers opened the season last Saturday night by coming from behind a 13-5 disadvantage at the end of the fourth bout to win the last four in easy fashion and cop the meet by a 23 to 13 count.

The Scot victories were earned by Dick Battaglia, Frank Dean, Jim Renfro, Leon "Buck" Millsaps, and Mose Gamble.

Nomination for the most improved player on the Scot basketball squad: Albert Hulette, who is doing a good job filling Rex Allen's old post.

Tankmen Elect Meeks Captain

Wilkison (Bill) Meeks, junior breast stroke star, was elected captain of the Scot swimming team last Saturday night before the meet with the Knoxville Y. M. C. A, with the mermen who swam in that meet taking part in the election.

Meeks, the second successive breast stroker to lead the local tankmen, teams with last year's captain, Arthur Herries, to form the strongest department in the Highlander organization.

Tank Squad Meets U. T. Mermen at 3:30

Coach Fischbach's rapidly improving Scottie swimmers are to engage their second foe of the season today when the University of Tennessee aquatic forces invade the local pool at 3:30 p. m.

Although the Scot mermen lost to the Knoxville Y. M. C. A by a large score last week, several swimmers showed considerable improvement over practice performances, and with added experiences should develop into point winners.

Workouts were interupted the first part of this week, but the squad in several hard sessions the latter par

(Continued on page fuor)

Scotties Triumph Over Roanoke, 38-27

The Maryville Highlanders climaxed their three day road trip with a smashing 38-27 victory over the Roanoke Maroons, last Saturday night in Salem, Va.

Led by the phenomenal shooting of Lee Hannah, who personally accounted for 22 points, the Scotties piled up a 22-6 lead at the half. The Highlanders then coasted through to an easy win although the Maroons put on a spurt in waning moments of the game.

Scots Take Lead By Winning Over ETT Quint, 48-31

Highlander Cagemen Have Little Trouble Disposing Of Third League Foe

By WALTER WEST
(Echo Sports Writer)

Coach Honaker's Highlanders kept out in front in the Smoky Mountain basketball race by defeating the Eastern State Teachers team, coached by Gene McMurray, son of Maryville's Dr. J. H. McMurray, by 48-31, here Thursday night. The game was featured on the Maryville side by good defensive work, backed up by a fast offense. Both teams played a rather spotty floor game, with numerous bad passes going askew throughout the play.

Teachers jumped off to a 4-1 lead, with Maryville's first point coming on a foul shot by Colombo. Hulette, Maryville high-point man, scored a long one, and Hannah batted another in before many seconds had passed. Early in the first half, the game became a series of spills for players with bad passes being made by both teams. McGill, the freshman spark-plug, re-

(Continued on page four)

"Chief" Smith To Enter Golden Gloves Tourney

The opening of the News-Sentinel Golden Gloves Tournament, Knoxville's annual amateur boxing tourney, will see at least one Highlander in the role of contestant. "Chief" Smith, Scot junior, will enter the match in the welterweight division when the melee begins early next month. The Chief has fought over a score of bouts in the amateur ranks, and will be a dangerous opponent for any aspiring wearer of the golden trophy. He hails at present from Carolina, but did most of his fighting in Oklahoma, his former residence.

C-N To Place One Of Ranking Teams On Floor at 7:45

Eagles Have Lost Only To Cullowhee; Indications Point To Close Tilt

Scot basketball reaches its high point tonight when the Highlanders meet the Eagles of Carson-Newman on the local floor at 7:45. Pre-game dope indicates that the Scots and the Holtmen will be evenly matched when the opening whistle sounds.

The Eagles, already on the short end of a conference tilt with Cullowhee, will be out to add the Highlander scalps to their already imposing list, in an effort to even the conference averages and the always-present glory of supremacy over the Scots. Nothing need be said concerning the earnestness manifested in the outcome of both of the Scot-Eagle conflicts of the basketball season.

Coach Frosty Holt's men registered a 46-30 victory over the East Tennessee Teachers' basketmen a short time before the Teachers dropped a game with the Scots, 48-31. The evenness of these scores gives indication of the matched abilities of the teams.

Road Trip Features 4 Scot Tilts Next Week

A two day road trip to Kentucky next Tuesday and Wednesday features the Highlander basketball card for next week. The Scots play Union College Tuesday night and Lincoln Memorial University the following night in a conference contest.

Following the road-games, the Highlanders return to the local court for an important conference battle with the strong Milligan Buffaloes Friday night, and then close the week's competition in a return engagement with Carson-Newman in Jefferson City Saturday night.

Junior-Senior Team Meets Sopho Tonight

With each team holding a victory over the sophomores, the junior-senior and freshman basketball squads clash tonight for the Women's Point System championship. The contest will be plyaed as a preliminary to the varsity tilt between the Highlanders and Carson-Newman.

In the first combat of the tournament on Monday, the junior-senior team defeated the sophomores by the narrow margin of two points, winning 28 to 26. The frosh definitely eliminated the sophomores and established themselves as favorites for the championship by topping the sophs 34 to 23 on Thursday.

Collegiate Flashes

(Continued from page one)

operation owns its own truck, employs a manager, two clerks and six cleaning and pressing experts. In spite of the fact that it paid higher than code wages, the co-op cleaned and pressed suits of clothes for forty cents compared to seventy-five cents charged by private cleaners. The success in cleaning and pressing led the students to add clothing to their cooperative service. A private clothing merchant in Chapel Hill is reported to have advertised that he would run the co-op out of business if it cost him $100,000. Today, the merchant is in bankruptcy. The cooperative was started on a capital of $760 raised by $1 membership fees from the charter members.

* * *

For the coming Leap Year party the Senator suggests that the girls follow these rules:

1. Call for your date on time, and don't look at the clock when your date comes down the steps.
2. Apologize for being late—even tho you were 20 minutes ahead of time, and your date is half an hour late.
3. Carry on a brilliant conversation all evening, never once mentioning the weather, the rules, or the faculty.
4. Elbow thru the crowd and grab refreshments for three. Eat two, ask your date if he isn't reducing, and then eat his.
5. Don't take your date back to the dorm until time for lights, and then LE BAISER BONSOIR.

Staff Writer Explores

(Continued from page one)

town. "Let me see how the moon is," she replied with some hesitation. The moon played its part well, bathing the earth in brilliance. A flickering kerosene lamp, burning weakly in the room, seemed pale and insipid compared with the luminous night. Thus it was that she made her momentous decision. It was nearly as bright as day out there. Yes, the girls could go . . . .

Becomes First Rule

But would it ever happen again? Was the memory of one glorious night to be the sole outcome of their efforts? Mrs. Bartlett was again made acquainted with their problem. Her answer made history. It became the very first rule of social privilege at Maryville college: "One Sunday night a month, on the occasion of the full moon, or on the Sabbath nearest to that date, young men may escort young women to church."

On such nights she would greet the young men by asking, "Is the moon shining?" "Yes!"

We have had "moonshining" ever since.

You can tell a self-made man the moment he hits a French menu card in an American cafe.

BAINONIAN PRESENTS PROGRAM SCHEDULED FOR LAST MEETING

Interesting Interviews

(Continued from page two)

wait for about half a hour and ride down with him.

Lights Go Offff

Five minutes later every light in the house went off. This provided something different as well as allowed me a much needed chance to regain the fragments of any poise I might have had at any time.

The ladies had left the room to finish packing the bags.. Governor Talmadge, his long mop of black hair hanging over his forehead, his big rimmed glasses shining before the rays of a log fire, spat accurately into the ashes and explained, "Son, it sure is dark as hell here."

I struck a match and helped Mrs. Talmadge down the stairs. As we went to leave, Margaret told her dad she had seen his picture at the theatre that afternoon and that several people had hissed and booed. "Oh, that," he explained, "That's just some of the city slickers who don't like the way I comb my hair."

During the three mile ride back to Atlanta, in a more private talk with Mr. Talmadge, I decided that notables, after all, are just like everybody else, and just as hospitable to a timid reporter.

TEACHERS GAME

(Continued from page three)

placed Colombo, and Maryville broadened the gap to take a 14-10 lead near the end of the half. After Odell had scored a shot and McGill had added another, clever passing from Hannah led to a score by Baird. Cash scored a shot for Teachers and the half ended with Maryville on the long end of a 21-14 score.

Shortly after the second half, Maryville turned on steam and, with Baird and Hulette supplying the punch, led by 28-18. Hannah scored two goals and Teachers called time. Hulette and Odell scored again before Teachers added any, but Cash added two goals for the visitors. Odell left the game on fouls, and shortly after, McGill scored two shots bringing the score up to 46-29. Baird took a pass from Bagby under the basket and scored. Braynard added the last shot of the game making the score 48-31 for the Scots.

For Maryville, the defensive play of Overly and Odell was outstanding, while McGill and Hulette showed up well on the offense. For the visitors, Kilday played best defensively with Cash leading the offense.

The line-ups:

Rayburn 2	F	Hulette 10
White 2	F	Colombo 2
Kilday 2	C	Hannah 9
Todd 1	G	Odell 7
Dyer 5	G	Overly 2

Substitutes: Baird (8), McGill (9), Bagby, Atchison, Steakley.

Teachers: Thornton, Glover (4) Braynard, (2), Cash (12) Oaks (1).

Refree: Taylor.

VOLUME 21 | MARYVILLE, TENN. FEBRUARY 1 1936 | NUMBER FIFTEEN

Women's Glee Club Is Well Rehearsed For Annual Concert

Excellent Program Includes Cantata, Tableau-Fantasy, Many Solo Numbers

Following weeks of intense rehearsal under the direction of Miss Frances Henry, the Women's Glee Club is well prepared to offer one of th distinguished musical programs of the year Monday night at 8:15.

The opening number, "Serenade,,' from von Suppe's "Donna Juanita", has a most interesting story behind it. In the opera, a young cadet in the French army is sent to Spain as a spy to obtain valuable information. This young man, in order to save his life, pretends to be a woman disguised in man's clothing (the part is usually played by a soprano). Having completely deceived and captivated the English governor of San Sebastian and also the Alcade, or governor of the Spanish fortress, the cadet is escorted to the Alcade's palace. Both the English governor and the Alcade, anxious for the favor of their guest, hire a group of students to awaken "Donna Juanita" (the disguised cadet) the next morning with this serenade.

Versatile Program

The following program will be presented.

Serenade from "Donna Juanita"—Suppe-Deis.
Around the Gypsy Fire—Brahms,
Sweet Song of Long Ago—Charles;
It Is the Sunset Hour—Spross;
Piper June—Molly Carew;
Echo Song—Orlando di Lasso;
Song of the Rhine Nymphs, from "Gotterdammerung"—Wagner;
The Dancing Doll—Poldini;
The Galway Piper—Fletcher;
Tableau-Fantasy—The Wedding of Jack and Jill;
Cantata—A Midsummer Night—Bliss; (Incidental solos by Calista Palmer, Lilian Borgquist, Harriet Barber);

Miss Frances Henry will direct the program, and Mrs. Mary Snelson will be at the piano.

Jack—Jill Nuptials

The tableau-fantasy, "The Wedding of Jack and Jill", will feature a popular male quartette from town and the following characters:

Jill— Lynn Ann Brown;
Jack—Mary Gladys Brown;
Queen of the May—Elizabeth Kunkel;
Little Miss Muffett—Helen Chambers;
Doll—Mimi Baez;
Little Boy Blue—Jean Northrop;
Old King Cole—Harriet Barber;
His Fiddlers—Constance Johnson, Gloria Davies, Catherine Smith.
Farmer-in-the- Dell — Katherine Adams;
Jack- in-the-Box—Ernestine Tipton;
Salesman—Ruth Romig.

Plan Joint Concert

This concert is the only program which the Women's Glee Club will present alone this year. It is probable that it will cooperate with the men's organization of Glee Singers and the Orchestra in the production of an opera later in the spring.

—O—

NO ECHO FOR THREE WEEKS

Today's issue of The Highland Echo will be the last one for three weeks. Decreases in volume of advertising make publication undesirable next week. During the following week the editor and business manager will attend the annual state convention of The Tennessee College Press association, of which The Highland Echo is a charter member.

—O—

Some girls are like soup—always in your lap.

When In February, We First Think Of—

If You Promise Not To Tell—

By DORIS WOODWELL

Rumors are very discerning. For one thing, the mystery of their beginning is unfathomable. One can never trace backwards; one must go on, even unto the end. There is a special thrill, however, if what you have heard, and what you have spread, is true. Very recently someone whose word is still unquestioned, whispered into my ear that a certain member of the faculty is a writer and publisher of short-stories. What is more, this supposed authoress is said to have been selling her work since college days. Then and there I resolved to determine, if I could, the truth of the matter. I decided upon the direct method of attack.

We had a very entertaining chat, this writer and I,—for the rumor is fact. In the course of the conversation Miss Jewell reluctantly admitted that the latest of her efforts was published last month. She confessed that the plot she had used had its origin on this, our college campus. Many of her former stories have also revolved around the little everyday dramas in which you perhaps have taken part. Her most recent publication is based upon a little adventure concerning ham being fried illegally on third floor Pearson's. Incidentally, this story will illustrate that Miss Molly is the rightful successor to Sherlock Holmes.

One evening during study hours the tantalizing aroma of sizzling ham came floating down the corridor finally to seep into the matron's living quarters. Alert as ever, Miss Molly stepped softly into the passage. Surely this was hardly a case requiring great powers of deduction or detection. But we are wrong. At times, too much evidence is worse than none. The luring smell from the cooking meat seemed to be equally strong throughout the entire length of the hall. Miss Molly hesitated. Being an experienced sleuth, she was well aware that the first false move might spoil the case. Should she chance to open the wrong door the real culprits would have time to hide the evidence. Seconds, valuable seconds, slipped by. Then fate stepped in on the side of right. A little dog came trotting down the hall. Watson to the rescue! Without a moment of uncertainty he stopped at one door and sniffed, his curious nose pressed hard against the impenetrable crack. His little tail wagged. Miss Molly went to that door and knocked . . .

Miss Jewell used this incident in developing a story entitled "Out of the Storm", released by the Dayton, Ohio, publishing company in the issue of January 6, of "The Watchword" magazine.

—O—

Social Committee Lays Plans For Valentine Party

Since the announcement last week by the Social Committee, several people have asked about the membership of that committee. Faculty representatives are: Dr. Hunter, Dr. Cummings, Miss Carroll, and Miss Hunter. Student members are: Archie Pieper, chairman Roberta Howie, Dorothy Mae Lewis, Madge McQuagge, Art Herries, Don Hallam, and David Maas.

This committee laid the plans for the Leap Year parties, and is now working on the Valentine party. Comments, criticisms, and suggestions are welcomed by all members.

New Faculty Arrangement Part of 1936 Annual

Bill Morgan, editor of the 1935-36 Chilhowean, has set February 3 as the last day for photographing freshmen. The pictures of the three upper-classes have been completed and most of the clubs and athletic teams photographed.

There will be an entirely new arrangement of the faculty this year, said Morgan, and all of the class sections will be enlarged. In fact the whole annual will be slightly larger but the exact number of pages has not yet been determined. Over half of the copy has been completed and the editors are looking forward to an early delivery of the book.

First Meet Of Sixtieth Series Opens Tuesday Morning, 9:45

Varsity Debaters In Bristol Tonight

Two Teams Vie with LMU Emory-Henry Last Night

A Maryville college women's debate team consisting of Roberta Howie and Mary Gladys Brown will argue the Pi Kappa Delta question tonight with a team from Virginia Intermont college at Bristol, Va.

The varsity season opened last night for Maryville debators when two men's teams opposed Emory-Henry university at Harrogate, Tenn., and Lincoln Memorial university at Emory. For the local varsity, the teams were composed of Paul Hartman and Archibald Pieper, affirmitive, and James Badgett and Alex Christie, negative.

Teams from Emory-Henry and LMU debated here last night, with Emory-Henry winning the judges' favor. The next meets to be held here will be between Maryville and Due West college of North Carolina on February 18. Both afternoon and evening meets are scheduled.

Debate Eliminations Begin Tuesday for 37 Frosh Candidates

Thirty-seven potential frosh debaters will meet in the philosophy classroom Tuesday afternoon at three o'clock to complete in final elimination tryouts for the freshman debating team.

The contest will consist of a series of debates between teams of two members each picked from the ranks of candidates. The judges will be Miss Heron, Miss Gamble, and Prof. Kiger, it was said.

Divided into two groups, the frosh have spent the past semester in study of debate form and methods of preparing speeches. In the contest Tuesday, one section will debate the question of Slum Clearance, and the other, Federal Radio Control.

The sixteen men and women who qualify will have the opportunity to debate some other college team during the second semester. One meet with Carson-Newman has already been scheduled.

—O—

The guy who threatens to kill himself if the girl turns him down, generally lives to be happy that she did.

* * *

I can't see how football is considered such a howling success. Only half of the teams ever win any games.

* * *

A beautiful girl to behold is not half as tempting as one to be held.

Class Treasurers Request Immediate Dues Payment

With the start of the second semester, class treasurers request that all students pay their second semester dues as soon as possible. It is necessary that these dues be collected quickly so that annual pictures may be paid for, and that socials may be given in the second semester. Treasurers are: senior class—Edwin Best, junior class—Dick Schlafer, sophomore class—Jessie Proffitt, freshman class—Bill Cooper.

Dr. Evans Arrives Monday; Will Be Twenty-sixth To Lead Services

The first service of the February meetings will be held next Tuesday, February 4, at 9:45 a. m. There will be two meetings daily until the close of the series, one at 9:45 a. m. the other at 6:30 p. m. The absence of chapel services on Saturday evening, and on the following Sunday morning are the only exceptions

As previously announced, th meetings will be conducted by Rev. Dr. Louis H. Evans who comes from the busy pastorate of a large Presbyterian church in Pittsburgh While on his southern visit. Dr Lloyd found Dr. Evans at his home in Pittsburgh, working on the plans for the trip to Maryville. Dr. Evans is glad to give this extended period from the midst of a busy church year because of his interest in Maryville College and in the purposes of the meetings.

Schedule During February Meetings
A period 8:10—8:55
B period 8:55 —9:40
CHAPEL 9:45—10:35
C period 10:40—11:25
D period 11:25—12:10
Afternoon Schedule unchanged.

Dr. Evans will be the twenty-sixth leader of the February meetings in the sixty years of their exsistence, and his name will be added to the list of distinguished men who have lead these meetings founded by Dr. Nathan Bachman in 1867.

Dr. Evans is expected to arrive Monday afternoon, and during his stay will be the guest of Dr. and Mrs. Stevenson in the House in the Woods.

—O—

Avon Players May Give Othello Soon

Celebrated Shakespearean Troupe On Sixth Tour

The Avon Players, well known New York Shakespearean company, will present "Othello", here in the near future. The exact date of their appearance has not yet been settled.

The Avon Players are under the able direction of Joseph Selman, who had had a long and varied career in the theatre, having been associated with George M. Cohan and the late Mrs Fisk.

For the members of his company, Mr Selman has drawn heavily from the ranks of experienced players. The leading portrayals are all made by actors with successes on Broadway, in stock companies, or in radio to their credit.

The Avon Players, unlike most touring companies, do not present their Shakespeare before one drab black drop for all scenes. Mr. Selman feels that the true romance and dramatic color of the plays can only be brought out against appropriate backgrounds, so he makes use of many beautiful scenes and unusual, elaborate lighting equipment.

This appearance of the Avon Players is part of their sixth tour of the South.

Attention, Malcontents! We Are On the Way Up

The series of Leap Year parties conducted last week under the direction of the Student Social committee and its five sub-committees stands as an excellent example of what organization and efficient management can do in the way of promoting successful social events on College Hill.

From a recent survey of the five parties mentioned above it was found that almost to a couple they were thoroughly enjoyed. This, most certainly, is creditable endorsement for the activities of the Student Social committee.

But this is not all. From the faculty side of the question, as never before, come reports of satisfaction over the cooperation of the student body in general. In a statement issued by Dr. Cummings, he said, "The cooperation of the committees, both in planning and in good, hard work could not be improved upon."

It is such events as this one that will boost the progress of the social side of the College. When the administration feels that students are willing to cooperate satisfactorily in such enterprises, then we shall have more of them.

—o—

The Glee Club Is Ready—Are you?

Not infrequently in the course of the college calendar appears an event of such calibre that it stands out boldly from among the lesser attractions surrounding it. Such an attraction is the annual appearance of the Women's Glee Club in concert Monday night.

Members of the organization together with their capable director, Miss Henry, have spent many hours in hard work for this appearance. Their only reward for this work is the honor of belonging to the club and the pleasure which they derive from music.

The thirty-five cents which we shall pay to hear them is not all they ask. In addition, they would like a genuine appreciation of their efforts on the part of students.

We can offer no greater appreciation than to greet them with a packed auditorium Monday night.

—o—

The modern kid is like a mosquito. The moment he stops making a noise, you know he's into something.

* * * *

Father has a hard life— Daughter thinks she owns the bathroom and Son thinks he owns the car.

The Weekly Filibuster

By SENATOR HEGNER

Dr. Bradshaw settled a couple of fidgety students in his class by saying in the midst of a lecture:—"What are you doing, having a ladies aid society?"

* * *

Many of the femmes failed miserably at the Leap Year parties. They didn't provide gum, mints, peanuts, or brilliant conversation.

* * *

Those sterling thespians, West and Truebger, demonstrated real histrionic ability in their initial appearance on the local opera house stage. Both were well cast, and with good directing may someday reach the peak. With a clash of the gong and a roll of the ticket mixer, the two worthies appeared as witnesses, tried and true, at the last bank night drawing. Something blue accompained West's shoe—it might have been a straggling garter.

* * * *

The place begins to look like a hospital. Note: Ted Gillingham's shiner, Bill Wood's forehead, Millie Sharlte's hand, Arnott's bum kicker, Patty Fell's shoulder, John Henry's limp.

Sometimes the conversation gets around to what there is to do on Sunday. The answer is usually nothing. No afternoon dating, no snow sliding, and as a buddy says—"The next thing you know they will put a ban on the funny papers."

* * *

I am told that there are muscles in the body known as the psoas major and the psoas minor. After I fell down on the ice I had plenty of trouble with a psoas, and it seemed at the time to be major and not minor.

* * *

Have you noticed that: someone snowballed a window in Baldwin Ralph Shartle lived thru his visit, Roger Marmon is quite a card, friends call Kleemeier "Bed", Remine is heading for managership of the C. C. C., the meetings are nearly here, Leitch Johnson, Marinaro, and Dr. Lloyd are back?

* * * *

The Leap Year parties seem to have made a hit, and the plan of staging a number of parties is a good one. Much credit goes to the student party committees. Some of those responsible for the success of the parties are: Kent, Gillespie Chittick, Dexter Palmer, Pierce Stevens, MacCalmont, Kosloski, Lodwick, Andrews, and others.

* * * *

When the weather reaches sub-zero
I always say:—"Oh dammee
I wish I had enough dough
To winter in Miami."

Philobilia

Dear Thisbe,

I felt I had to write you to tell you to be sure to read Charles Nordhoff's and James Norman Hall's "Mutiny on the Bounty" before you see the picture. This book and the two others of the "Bounty" triology, "Men Against the Sea" and "Pitcairn's Island," are three of the most thrilling and really worth while redblooded novels I've seen in some time. This week's "Literary Digest," by the way, says that the motion picture, in which Charles Laughton plays the part of Captain Bligh, is the suspreme masterpiece of the screen industry. We'll go together, Thisbe dear, if you'll promise to read the book first.

Two books published this year which I found to be strangely parallel are "Land of Promise" by Leo Lania and "Grandsons" by Louis Adamic. The former is a translation from the German, presenting a picture of the lives of the Jewish youth of Germany, the story of their persecution, and the effect of the World War upon that nation. Grandsons, the initial scene of which, like that of Lania's novel, is laid in the front line trenches of the recent War, is the story of the effects of the conflict on the youth and ideals of America, and especially upon the lives of the young immigrant Czechoslovakians around whom the story is centered. Neither story is a masterpiece. Both seem to drag terribly, especially Adamic's novel, with the weight of moral and political interpolations of the respective authors. Both, however, are interesting accounts, from the sociological point of view if not the literary.

A book which you must, by all means read, Thisbe, is a truly American epic, a significant book. I am speaking of "Time Out of Mind" by Rachel Field, just off the press this year and already in our college library here. This is a story of the Maine coast during the declining days of the great clipper ships. It is an excellent picture of New England, its forests, streams, coast, and people in an age not so far gone. I'm glad you're not at all prudish, Thisbe, or you might be "shocked" by parts of it. The novel isn't sordid, however, but is a vivid account of the lives of three young people, their sorrows and loves, as they grow up in

BIGGEST OF SCREEN MUSICALS!

SCOTTIES ROUT MILLIGAN BUFFALOES, 46-38

Lee Hannah Tops Scoring As Scots Grab Early Lead

Buffaloes Rally Too Late To Overcome Margin; Baird, Hulette Star

The highly rated Milligan Buffaloes proved just another basketball team to Coach Honaker's championship-mad Highlanders last night as the Maryville aggregation added the Johnson Citians to their rapidly mounting list of victims with a 46-38 triumph in Alumni gym .It was the sixth straight victory without a defeat for the Honakerites and the second loss for the second-place Buffs within the Smoky Mountain Conference.

With Lee Hannah, sure-shot center, playing in his usual sensational manner to dominate the scoring with 19 points to his credit, followed by 12 counters for Baird, freshman forward, the Highlanders presented a closely-knit, well-balanced organization that held the game well in hand for all except a few minutes of the second half. The entire team played a steady floor game most of the way, backed by a tight defense in the pinches, with Overly and Odell continuing their fine guard duties.

The Scots seemed headed for an easy night after the first few minutes in which the locals hung up 12 points before Milligan could find the basket for a score, and the Buffaloes, long-time rulers of the conference before the Highlanders breezed through undefeated last season, did not appear to be the team pre-game dope had in dicated.

Overly started the fire-works for the Scotties by slipping through for an easy crip after the edge had been taken off both teams following early wild passes and tight defense. Baird came through with a one-hander from the side a moment later, followed by another from Hannah as the big center started off on his scoring spree.

Two Milligan substitutes were rushed into the game at this point in an escort to curb the Maryville attack, but Hannah looped in another pair of two-pointers before a third substitute entered the game for the Buffaloes, following which Varnell rang up the first markers for Milligan with a field goal, making the score 12-2 in favor of Maryville.

The Scots slowed down momentarily with each team connecting fairly consistently, except for Milligan's missing several long shots, but put on steam as Odell, Overly, and Colombo hit the hoops for a basket each just before the half ended with Maryville leading 29 to 12.

The Buffaloes opened the second period with a rush which seemed destined to sweep away the large Scot lead. With Shelley setting the pace on offense and Albright shining on defense, Milligan played like a champion outfit to chalk up 11 points before Odell sunk a free toss. Albright swished the net for another two-pointer to bring the score up to 30-25 for Maryville. Free throws by Hannah and Baird and a field goal by Hannah were offset by three Milligan goals, and the Highlanders led 37-32.

From this point the Highlanders slowly widened their lead until sub stitions began to slow down the game. Baird scored six of the last seven points for the Scotties.

Line-ups:

Milligan (38)		Maryville (46)
Bolling (5)	F	Baird (12)
Shelley (7)	F	Hulette (3)
Perkins (4)	C	Hannah (19)
Albright (6)	G	Overly (5)
Ayers (2)	G	Odell (4)

Substitutes—Milligan: Nave (1), Varnell (4) Fair (6), Gilley, Labowicy, Hamblen (3).

Maryville: McGill, Colombo (2), Atchison, Steakley, Hayes (1).

Refree—Harry Paylor.

—O—

Sometimes we wonder if the frontier of civilization does not now run down our magnificent boulevards, on whose frontage lie the stately mansions of the rich, closely curtained.

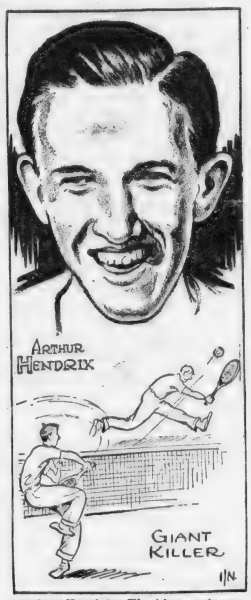
"On The Bench" Sees New Scoring Duo

Hannah - Hulette Combine Brings Return of Scot Championship Form

Time was when the earnest Scot hardwood fan could be seen sadly shaking his head and murmuring, "There'll never be another basketball team like last year's, because there'll never be another Rex Allen." We agree with the statement, in part. The memory of that leather sphere rolling off the tips of Allen's fingers as he coasted along the sidelines, and how it sought the hoop like a belated carrier pigeon ... all that is something that couldn't be duplicated. But there the agreement ends.

In short, we do have a team equal to, or better than that of last year. Early this season it was the Hannah-Henry combine that gladdened the heart of the fan. Then John Henry, ace member of that pair, dropped out of the lineup with a bad knee. The Highlander stock promptly took a stiff blow in the mid-section.

Now, however, we are told that the depression is over. Certainly it has lifted rising from the Scot hardwood. Albert Hulette, rising Highlander forward, has stepped into a difficult job and made play of it!



It is with pride that we announce the formation of another Scot scoring duo. Hannah, dependable stretch man, and Hulette, the forward in mention, have begun a new series of scoring sprees.

LMU Drops Tilt To Scots, 43-36

The high-flying Maryville Scotties swept the LMU Railsplitters from their path to the count of 43-36 Wednesday night at Harrogate, Tennessee. Winning their fifth straight Conference victory of the season, the Scots turned back the Railsplitters for their fourth reversal in six starts in Smoky Mountain Conference competition.

Led by Lee Hannah and Albert Hulette, sensational Scot basketmen who amassed a total of 31 points between them, the Highlanders scored their way to a victory never long in doubt. A total of 40 personal fouls were called, disqualifying three players from each five. The Scots held a 23-16 advantage at the halfway mark.

For LMU, Kennedy, guard, played an outstanding game, and led the scoring for the Railsplitters with 11 counters.

Arthur Hendrix, Florida tennis sensation, became a Davis Cup prospect after he trimmed Wilmer Allison, America's No. 1 man, and Bitsy Grant, Southern ace, in the short space of a week. His feat ranks with that of Ellsworth Vines who, then unheard of, first sprang into prominence when he started knocking off the topnotchers in 1930. Hendrix, holder of six state championships will be seen in action on Eastern courts this summer.

U-T Mermen Top Scot Swim Team

The Scot swimmers took their second setback of the season last Saturday afternoon as the U. T. mermen erged out a 44-40 win in a close and interesting meet. A noticeable improvement in the Scot lineup has developed, however, and later meets should prove to be wins for the Highlanders.

Maryville totalled three firsts, seven seconds, and three third places to amass 40 markers. The University swimmers edged to the front with a total of six firsts, two seconds, and four thirds, totalling 44. The best department of the Scot squad was the breast-stroke, Art Herries and Captain Meeks taking first and second places.

Baird and McGill Score Freely to Promise Possible Third

This year is the first season of active varsity playing for Hulette. Known by everyone on the football field as "the guy that laughs harder the harder he is hit", Hulette has earned a spot on the hardwood aggregation that surpasses even his grid record.

Nothing can be said about Hannah that justifies his spot in Highlander athletics. As the freshmen remarked, "All of a sudden, there's the ball, and there's Hannah, and we've got two more points." That just about covers the subject.

Baird and McGill, freshman firebrands, seem to be entering that season of scoring power for the Scots. No Highlander follower can deny that. But whether the scoring is done with a duet, a trio, or all five basketmen, we'll wager that, at the end of the season, Old King Basketball will be taking orders from Maryville again.

—O—

Road Trip Cancelled

Due to existing weather conditions Coach Honaker and the Athletic Council decided to cancel the basketball tilt previously scheduled with Union College at Barboursville, Kentucky. The game, which was to be played Tuesday night, was part of a planned road trip which included the LMU encounter at Harrogate.

Basketeers Face Return SMC Tilt With C-N Tonight

Honaker Will Play Line-up Used in Milligan Tilt; Holtmen Prepare

The Scot basketeers enter their second rigid test in as many nights when they engage the Carson-Newman Eagles in a return game at Johnson City tonight. The Holtmen, holding the advantage of playing on the home court, will be out in a last effort to even the score with the Highlanders, to whom they dropped a hard-fought contest here last week.

The tilt with the Eagles is one of the last serious obstacles to oppose the Scots' repitition of last years' record in conference games. Coach Frosty Holt has been drilling his squad in preparation for the tussle, which promises to be close and exciting. The Scotties' starting lineup will probably be the same as the one started against Milligan last night.

—O—

Frosh Capture Girls' BB Tourney

The final game of the Point System girls' basketball tourney, played between the Junior-Senior and Freshman teams, resulted in a sweeping win for the Frosh, 34-24. Murphy, Frosh forward, scored 30 points to lead the scoring of the yearlings. Cooper, who totalled 10 counters for the Junior-Seniors, starred for the older squad.

THE WEBB STUDIO

C-N Falls Before Scot Basketmen, 48-36

The Scottie basketeers marched one step nearer the Conference crown last Saturday night by defeating Carson-New man sphere-tossers by a score of 48-36. Lanky Lee Hannah, center and Hulette, forward flash, shared the honors of high points with 16 counters each.

Although weak on ball handling in the opening moments of the game, the Highlander offensive machine tightened so that the Scots were never on the short end of the score. Both aggregations employed a tight defensive game, and through the first three quarters, but little advantage could be seen.

Fouls were called freely on both quintets, and three men from each five left the game by that route. Both coaches used eleven players in the contest. The lineups:

C-N (36)		MC (48)
Hawkins (8)	f	Hulette (16)
Stafford (5)	f	Baird (9)
Hudson (15)	c	Hannah (16)
Hamblen (3)	g	Odell (1)
Roberts (2)	g	Overly (1)

Substitutions: C-N, Waldrop, Nixon (1), Murray, Doyle (2), Reed, Wilson. MC, McGill (4), Atchison (1), Colombo Steakley, Bagby, Hayes.

Refree: Chambers.

—O—

Wrestlers to Meet Knox "Y" There

Tonight the Scot grunters journey to Knoxville for a return match with the Knox "Y" aggregation. Although the Scots clinched the last meet by victories in the heavy weight divisions, the meet tonight will not be an easy match.

Coach Thrower announced a tentative line-up consisting of, 118 lb. Dick Battaglia; 125 lb., Gillespie; 135 lb., Edgar Meares; 145 lb., Rom Meares; 155 lb., Propst; 165 lb., Renfro; 175 lb., Millsaps, unlimited, Gamble.

The Knoxville squad was defeated by the U. T wrestlers by a close score Thursday night.

—O—

Blonds Have Larger Feet

Maybe it's an inconsequential thing to bring up, and a little rough on certain persons, but the truth must out—blonds have bigger feet than brunets. This scientific note is the outcome of an interesting and novel experiment made with the more than 300 show girls working in three musical pictures in Hollywood. Fitting shoes for the girls proved that blonds—real ones—wear shoes a full size larger than brunets.

Things Used as Money

Nations have stamped or printed many kinds of things for use as money. In addition to paper and various kinds of metals, including platinum, they have used animal skins, glass, rubber, porcelain, wood, clay cardboard and satin.

Benedict Arnold Scorned

After he betrayed his country, Benedict Arnold was commissioned a brigadier general of the British army and was awarded an amount of 3,315 pounds as compensation for his property losses. He led an expedition in Virginia and in New London. After the war he engaged in outfitting privateers. He was the object of scorn and neglect in England and died in London June 14, 1801.

Crutches Made in 1100

A pair of crutches, made between A. D. 1100 and 1200 by aboriginal Americans who inhabited the prehistoric cliff houses of southeastern Utah, is on exhibition in one of the halls of North American archeology at Field Museum of Natural History. The crutches are fashioned from forked yellow limbs. The cross-pieces are mostly cushioned with yucca fibers and buckskin.

POME ABOUT FLOWERS

I.

To begin with, we must confess that this
pome will not rhyme, because
we are much to busy fixing
beautiful flowers
to compose pomes that will rhyme
beautifully, or at all.
Now, we are not in the habit
of bragging loudly about how handsome
we are, or what a good game of
bridge we play,
but we are definitely quite boastful
about the extremely marvelous way
we fix flowers. Many people
have informed us that our boasting is very
obnoxious to them which worries us
considerably, for when we have a good thing
to shout about we want to shout, and do
not wish to make anyone unhappy in doing so.

II.

You are quiet fortunate if you
have reached this second stanza, because
we calculate that only
one person out of ten would be able to wade
through more than one stanza
of such
high-brow Literature. But here is a reward
for you people who are more lenient: We
have a very extra-special Valentine
box of our usual marvelous flowers
at a very extra-special price and while
we know that it is just awful to
introduce the sordid element of price
into a work of Art like this pome
we feel that you patient people deserve to
know. It is $1.50
for a nice assortment and we
are very proud of ourselves. End of
pome

drop in and let us tell you about it.

SCOTTIES CLINCH SECOND SMOKY TITLE

Alpha Sigma Society Presents as Cup Bid "The Mad Hopes"

Romney's Brent's Comedy is Streaked with Humor, Comic Situations

Alpha Sigma will make its bid for the Theta Alpha Phi cup this year with the presentation of the third midwinter on Friday evening, February 28, at 8 o'clock.

The play is that uproarious farce-comedy, "The Mad Hopes", which the staid New York Times described as "—incorrigibly funny.—streaked with comic lines." This sprightly comedy was written by Romney Brent, who has peopled his production with the most delightful irresponsible characters consistent with good dramatic construction. Mr Brent has had a wide stage experience and was once recognized as one of our leading American comedians. That he has made good use of his comic talents in this play has always been made most evident by its popular reception.

Committee Throws 2nd Party Tonight

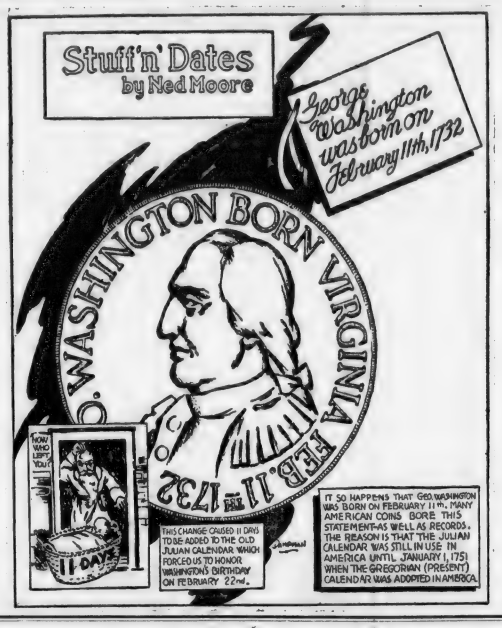
Five Divisions Offer Free Refreshments, Fun

Tonight's five parties are under the general management of the Social Committee, and are to be individually handled by committees appointed from each of the classes and the Y. M. C. A.

Parties will be held at the Y. W. rooms, at Baldwin, at Pearsons , at Thaw, and in Bartlett. There will be no charge, and refreshments will be served. Tickets must be obtained in order to obtain admission and refreshments, and only one party may be attended during the evening. All students are invited to attend and may go to any one of the five parties.

DRAMATIC GROUP BROADCASTS COLLEGE SERIES OVER WNOX

The College Broadcast last night was the presentation of a one act comedy entitled "There's a Crowd." The cast was composed of Gloves Leech as Eddie, Ellen Hitch as Madeline, Edward Brubaker as Elmer, and Ruth Priffitt as Ellen. The Skit was presented at the usual time, 7:30, over station WNOX, Knoxville.



MRS PROFFITT RETURNS

Returning last Saturday, February 15, to the college after a three months leave Mrs. Addie K. Proffitt resumed her matron duties in Baldwin Hall. Mrs Proffitt left Maryville November 15 for a visit with her brother in Oklahoma City, Oklahoma.

Y'S PLAN JOINT BANQUET

The Maryville Y. M. C. A. has been invited to participate in a joint banquet with the Knoxville Y in Knoxville on April seventh. The Maryville Y Fellowship Committee, composed of Christie and Pieper, is planning for a like event here at some time in March.

Freshmen and sophomores interested in applying for positions on the staff of The Highland Echo must submit applications to the editor in person not later than Monday noon, February 24.

Staff Loses Dick Meadows, Sports Editor

Dick Meadows, former sports editor of The Highland Echo, last week resigned his position to accept another in the messenger service of the government at Washington, D. C. He left immediately to begin his new duties.

For three years, Meadows was a key member of the Highland Echo staff. He joined the staff as a freshman in 1933, served as assistant sports editor the following year, and was appointed sports editor for the current year.

The editor has appointed John McIntyre, Echo staff writer, to succeed Meadows at the sports desk.

Frosh Debaters Have Two Practice Tilts

The freshman debaters will meet Hiwassee College in two practice tilts on March 2 it was announced by Prof. Queener Thursday evening. Maryville will be represented by an affirmative team composed of Doris Woodwell and Curtmarie Brown; and a negative team, Ernest Crawford and Arthur Byrne.

Prof. Queener also anounced that James Badgett had been appointed to take charge of the work of the freshman team. Under the direction of Badgett the debaters will prepare arguments for the Phi Rho Pi convention at Hiwassee on March 21 and 22. At the present time the entire freshman squad is expected to make the trip.

During the convention each of the six teams composing the squad will have an opportunity to debate three or four times. Since this is Maryville's first trip to the convention, though, it is agreed that the teams will not receive any award should they win. No other debates have been planned for the freshmen.

In addition to those persons (ing on March 2 the members of the freshman squad are Thelma Mider, Catherine Pond, Etta Culbertson, Louise Murphy, Bruce Morgan, George Felknor, William McGill, and Raymond Nelson.

Theta Cast Labors On Midwinter Final

Well-known Wilde Play Backed By Veterans

One of Oscar Wilde's best known plays is "Lady Windermere's Fan" which Theta Epsilon will present on the Maryville stage Saturday, March 14. The play, a semi-tragedy but with many amusing incidents, has been revised to bring the action up to the present time in modern London.

Has Experienced Cast

The cast, every one of whom has had previous dramatic experience, has shown itself to be one of the most capable ever seen at Maryville, to judge from the results of a month's intensive rehearsals. Outstanding has been the performance of a newcomer to Maryville, Gloria Miller, whose wide experience in radio dramatics has vividly shown itself in her sincere portrayal of the difficult part of Mrs. Erlynne. Miss Miller had a comparatively difficult time memorizing her part in spite of her experience, due the fact that she has always read her part from the script in performances before the microphone. Edmund Opitz and Mary Gladys Brown have both shown themselves capable of carrying the difficult parts of Lord and Lady Windermere. Glover Leitch and Wilson Leathers, both veterans to the Maryville platform, are certain to do credit to their respective parts of Lord Darlington and Lord Augustus Lorton.

Twenty-four Hour Action

Others who are to play in Theta Epsilon's production, the last of the 1935—'36 Midwinters, are: Duchess of Berwick, Deane Bell; Cecil Graham, Robert Borcer; Lady Agatha Carlisle, Minnie-Lou Chittick; Lady Plymdale, Mary Francis Dunlap; Lady Jedburgh, Edith Nicolai; Lady Stutfield, Irene Browder; Mrs. Cowper-Cowper, Betty Fell; Mr. Dumby, George Greiner; Parker, Alex Christie; Rosalie, Margaret Armstrong; Mr Hopper, Archie Pieper. The entire action of the play, in four acts, takes place within twenty-four hours.

Versatile Lee Hannah Scores 19 Points In Uphill Battle to Lead Champions to Victory Over Tennessee Teachers, 40-35

High-flying Honakermen Approach Season's Finale Boasting Nine Conference Triumphs as Against two Reversals by Milligan, Carson-Newman

By JOHN McINTYRE
(Echo Sports Editor)

Coach L. S. Honaker's high-flying basketeers definitely clinched the Smoky Mountain Conference championship for 1936 by turning back the East Tennessee Teachers quintet in a furious thrillfest Tuesday night to the score of 40-35.

Lanky Lee Hannah, captain and pivot man, led in the scoring with 19 counters as the Scots triumphed over the Johnson City men on their own floor.

Clinging at first to the short end of a score that seemed to indicate certain victory for the Corsairs. the Scots waged an uphill battle during three of the quarters to tie the Teachers, building up a scoring lead in the final period that was never seriously threatened by the ETT quint.

Hannah, playing one of the most brilliant games of his career, led in the offense against the Teachers. directing the smoothworking Scot machine to a repitition of the conference leadership gained last year. Championship form in every department of the Scot five was shown as the scalp-hungry Teachers fell before the impregnable Highlander defense.

The victory over the Corsairs was the ninth conference win for the Highlanders against two reversals, one by Carson-Newman, and the other by the Milligan Buffaloes, suffered the night after the Scots' sensational win over the Teachers. The only event that can cause a postponement of the Conference championship award is a win over Maryville by the Tusculum Pioneers, who engage the Scots here next week.

Varsity Debaters Split Dual Skirmish With Erskine Teams

Erskine Negative Team, Ignoring Status Quo, Switches Tactics to Offer More Radical Plan of Action

In a dual debate with Erskine college of Due West, N. C. Wednesday Maryville forensic forces broke even, winning in the afternoon and losing at night. Professor L. P. Moorehouse of Knoxville college acted as critic judge.

Maryville's negative team, composed of James Wilson and Walter West, won the decision in the afternoon contest; and the affirmative team, David Maas and Richard Schlafer lost in the evening debate.

Erskine Advocates Plan

The evening debate was unusual in that the Erskine negative team, instead of defending the status quo in the proposition, Resolved: That Congress should have the power to override, by a two-thirds majority vote, decisions of the Supreme Court declaring laws passed by Congress unconstitutional, advocated a more radical plan than the affirmative. The Erskine team declared that if the Court was incompetent to judge the constitutionality of a law, the law should never be sent to the court in the first place.

Plan is Impracticable

Prof. Morehouse in criticising the debate complimented the Erskine team on the presentation if its case; but added that the plan of abolishing judicial review as advocated by the team was impracticable because of the difficulty of adopting such a program in the United States.

Miss Henry Begins Drive For Rotating Loan Fund

Miss Clemmie Henry, Director of Student-Help, left on a train from Knoxville at 9:15 Wednesday evening to begin her annual period of concentrated field work in the northern states. She went directly to Boston, and from there will make calls at various points in New England, New York and Pennsylvania. She will be in the north for three or four weeks.

This year Miss Henry's efforts will be centered upon raising and establishing a rotating student loan fund. Already several very favorable opportunities for presenting her work to various organizations have arisen.

COLLEGE LIBRARY INSTALLS NEW CONTEMP LIT CABINET

The college library recently augmented its facilities with the addition of a new cabinet for the filing of periodicals on current affairs and developments in widespread fields.

Some of the topics covered by these publications concern the science, education, Modern and ancient languages, athletics, and literature.

STAFF LOSES MEMBERS

Virginia Todd, freshman member of the Highland Echo staff, tendered her resignation this week, attributing her decision to lack of time. Miss Todd was elected to the staff in November.

Ann McCambridge, exchange editor, resigned earlier this month because of an illness which prevented her from returning to college for the second semester.

Girls Try New One

Speedball, a game combining features of basketball and soccer, is the next sport slated for the girls' Point System competition. This innovation promises to become one of the most popular sports in women's athletics.

Three teams of eleven members each will start next Tuesday in the opening tilts of these sports. Captains of the teams have been chosen as follows: for the junior-senior eleven, Carol Nelson: for the sophomores, Frances Taylor: for the freshman group, Jean Brand.

Has This Become Another Frontier?

One afternoon last week a United Press correspondent was browsing down along the dingy shop fronts of lower New York in search of a story. Upon entering one of the dim, stuffy rooms he found an old cobbler hard at work mending shoes. The cobbler was singing while he worked—singing an aria from the opera "Rigoletto". Withdrawing after due conversation, the correspondent wrote a small item about it—a story that made the front page of many of the nation's newspapers.

Had the great composer Verdi been living then, he surely must have been honored by the hearty voice of the old man who pounded away at the nails in his customer's shoes. He must have been touched, also, to know that his music had gone deep into the heart of a simple cobbler.

Can it be that this signifies a slowly receding frontier of the older music? Does this point to the time when we shall have to invade the shops of cobblers in order to live in the centuries of the old masters?

We have, you say, conservatories of music. But what stand can these scattered institutions make against a jittery, shin-wiggling, moon-drunk youth—Youth who have thrown Brahms to the mercy of 4-4 time, and who have conditioned love to the wail of a saxophone.

In this section of the country we have societies whose sole purpose it is to preserve the rapidly disappearing Anglo-Saxon dialect of the southern mountaineers. Must we also organize leagues for preservation of the great compositions when finally their age and scarcity have made them desirable?

Were we like the cobbler, we should not have to do this.

—o—

This Horse Won't Die, But . . . .

It may have indigestion for a while.

At least that's what you would reasonably expect of a horse who has been deprived of its meadows and pasture lands.

Last week Uncle Sam and the government took our Meadows, Dick Meadows it is, away from us, and gave him a position in the messenger service.

It's a funny thing that one never realizes just how much he comes to depend upon another person until that person goes away. As sports editor of The Highland Echo, even as apprentice and general flunkie, Dick discharged his duties in a thorough, earnest manner, thereby filling a large place in Highland Echo publication. Dick was no ghost-writer. He got his material first hand. If the editor wanted a story on trout fishing in the college creek, Meadows was sure to try it out for himself first.

We're happy for Dick's sake that . . got that break in Washington, but we do dread the indigestion.

The Weakly Filibuster

For once the Senator is serious. He thinks that the Student Council ought to point out to the administration that Carnegie Hall is becoming Carnegie Hell. Old Andrew would be pretty disappointed were he to see the condition of his gift. Floors are worn, splintery, and dirty; halls are dark and in need of bright paint; the woodwork is rotting or badly shot in many rooms; doors, furniture, and windows are all in bad shape; labatories are poorly lighted and unclean; and all in all the thing is a mess. Why not spend some money on improvements and repairs, before depreciation makes such a move useless?

* * * *

When and if you run across the new sports ed in a rational mood, ask him about the time he asked Adkins (the supposed checker champ) for an interview, only to find that Steve had not played a game.

* * * *

The sea-green orange bathrobe goes to Speedy McLaughlin for his novel method of paying second semester bills. Speedy took out a note and thought his troubles were ended. They were only beginning. And to Bert Howie goes the leather medal for her brave battle against temptation while recording the roll in Theism.

Three years of football has put Archie in pretty good shape for his meal-time exercises. The lad wields a wicked chair. The same sport prepared Gray for basketball, but it is his cheering section that really keeps him going.

* * * *

Mathematician Hall has figured that Shorty Eversole's grade points cost him 100 bucks each, and at that rate it will cost about $36,600 to graduate.

* * * *

From one of Dr. Field's lectures—"You can have your hands full and still be able to talk in the dark." Tsk, tsk, Dr. Fields.

* * * *

Remember the story of D. D.'s in Cocktail parties. Here's one about the Ph. D.'s in other parties. One calls for his date feeling Phrank and Delightful. After two hours of rum or hearts people begin to feel Phoolish and Dopey. Toward closing time things become Phrightfully Drab, and then the party takes a Phlop and is Dead. Already I'm on the way to my mountain retreat.

* * * *

From the time the kitchen ceiling fell into the potato salad I've noticed that the salad tastes peculiar. Either the celling falls weekly or else the salad has lasted pretty long.

* * * *

Though now a member of the Early Bird Club the Senator will still accept and endeavor to smoke any cigars that you may offer.

From The February Meetings

"My heart will never, never be yours alone.
Too many things I love to speak the lie:
Red tides of sunset breaking on the sky,
Slow twilights and the first rose blown
To fiery splendor of a day in spring;
Cold mountain water passionate and strong
And wild with music, and the sharp sweet song
Of birds when day has folded like a wing.
There is a love that worships God alone as King
A service that to Him alone I bring
If thou shouldst kill that love that is my God's by right
How could I love thee as I might?
But cherish that and bid me live for Him
Then shalt thou know that I would die for thee;
Both close to Him—close unto each other we will be.
And I shall find you fair beside me
And swing the gates to Heaven in my sleep
And tho' my lips shall always seek your own
My soul will never. never be yours alone.

The Melting Pot

A WEEKLY FEATURE

Two disgruntled Athenians in one of the society's recent meetings were commenting upon the evidence that Athenian Literary Society seemed to be going to the ministerials.

"Why, just look," said one; "count 'em. There's fifteen here."

"Tch,tch," said the other. "But wait! All is not lost. I see Maas and Payne."

—B. D.

* * *

Dr. Evans was quoting statistics.

"It has been estimated," said he, "that for every twenty-one persons who fish, only one fish is caught. Now our religion is like that," he continued. "Sometimes it takes a whole congregation just to catch . . . to catch one fish."

—P. C.

* * *

One morning during the meetings your editor was introduced to Dr. Evans.

"Will you publish these poems?" he asked.

"Yes, I'll publish the poems," I answered.

And that was the first day.

Came the second day, and, feeling familiar in the new acquaintance, I approached him in the hallway.

"Uh, Dr. Evans," I began. "I'd like to have the poem from this morning."

"Yes sir!" he said briskly. "I just saw your editor yesterday. He's going to publish them. You just give your request to him."

"Yes, I will," I answered meekly, as I stole quickly on down the hallway and around the corner.

— B. P.

Frosh Crax

Man should be master in his own home or know the reason why. Most married men in this town know the reason why.

* * *

Never try to kiss a girl. Either kiss her or don't.

* * *

Sophistication means not feeling guilty about anything you do.

Just think, if it wasn't for journalism, we wouldn't know what a rotten world we're living in.

* * *

* * *

The eagle may scream but it takes the stork to deliver the goods.

* * *

Senator Hegner is like a man who owns a second-hand flivver. He may not have a quarrelsome disposition, but he's always trying to start something.

Aspiration

"You hold my stature. I may grow no higher
Than you will let me, for I grow in you;
We are but one, who first met life as two;
I learn of loveliness as you aspire.
If you are small, my spirit too will shrink;
If you lack vision, then I know I have no goal;
You hold the boundaries of my very soul;
I sip the wine of living that you drink.
Then you must seek the mountains and the snow,
And grasp at shimmering worlds that gleam afar,
So that I, following, may glimpse a star,
And learn of heighths and mysteries, and go
Out to the rim of life's wide glimmering sea,
Seeking the boundaries of eternity.
For what meet rapture in a valley's cup
Hemmed in by hills and held down to the sod?
The souls that yearns for mountain Paths of God
Follows the high road upward—always up.
There is no turning back nor standing still
Life goes too swift, too keen its aching pleasure;
I would know happiness' extremest measure,
Standing beside you on some wind-swept hill.
And since you hold me in your heart's still garden
I cannot go unless you take my hand;
Long have you known me, and you understand
My urge for mountain tops. I ask no pardon
For this strange ache to glimpse eternity.
Love, lead the way, and make a path for me."

Scotties Bow To Praying Colonels Of Centre, 51-37

Centremen Flash Defensive Perfection To Bottle Scot Scoring

The fighting Highlanders, Smoky Mountain Conference leaders, lost a thrilling game last night to Centre College of the S. I. A. A. by a 51-37 count. Flashing a brilliant defense coupled with accurate shooting by Cooper and May, Centre pulled away from the charges of Coach Honaker in the second half, after trailing 20-19 at half time.

Centre started action as the game began but couldn't seem to find the basket. Cooper, rangy centre for the visitors, found his aim and sank a shot, and repeated the action a few seconds later. McGill opened the scoring for Maryville and Hannah added two more points to tie the score. McGill followed up a Centre shot and dribbled through the entire Centre team to score two more points in a brilliant play. On the play, the little Maryville forward was fouled, and he scored the free shot also. Accurate passing from Hannah to McGill led to a score by Hannah. May scored for the Colonels and Hannah matched the basket for Maryville. Cooper added two more baskets for Centre and the Colonels went ahead by 15-14. Odell scored a free throw and Hannah followed with a field goal to put Maryville again in the lead. Odell and McGill added points for the Scots and Cooper scored a basket as the half ended, with Maryville leading 20-19.

May opened the scoring in the second half, scoring six points in a few minutes. Bell entered the game for Fitzpatrick and scored four points in short order. Odell scored a foul shot for Maryville. Centre's defense worked to perfection and they were enabled to freeze the ball for long periods. Hannah scored a free throw and a few seconds later. McGill came through with Maryville's first field goal in the second period. Odell went out on fouls, after playing a good floor game. Cooper and Bell scored again. McGill marked up two points for the Scotties.

Honaker . . . Professor of Hardwood

Sensational Development Of Scot System Is Honaker's Keynote

With the crowning of the 1936 Highlander basketball machine as Smoky Mountain Conference champions a virtual certainty, Coach Lombe Scott Honaker has added another member to his list of title-winning aggregations since he took charge of Scot athletics in the fall of 1921.

Finding interest in Maryville sports sadly lacking on his arrival, Coach Honaker immediately launched a wide program of athletic competition, which has resulted in enviable records in all the departments under his management.

Before this new deal in Scot sportdom, athletic contests had been limited to a few games with small colleges in the vicinity, and the annual spanking administered by the Tennessee Vols. Soon after Coach Honaker's management started, Maryville became a member of the old Appalachian Conference, which was succeeded by the Smoky Mountain Conference of today.

Prior to 1933, the Highlander grid squad regularly won conference honors The Scot nine has held conference championships since the conference was organized, and has topped such teams as Oglethorpe, Ohio State, Michigan State, and Indiana University.

Supremacy in basketball came to Coach Honaker for the first time last year. Before that season, the Milligan Buffaloes had held unquestioned superiority in cage athletics. Last year, however, the Buffs bowed to the high-riding Scots, who swept their conference slate clean.

Champ. Coach Honaker, maintaining his usual poker-face attitude over the success of his basketeers, volunteered only one comment about the record set up this year. "We were lucky" he said. However, the generalship and success of this capable mentor's fourteen-year stay at Maryville completely block out the element of luck.

Coach Honaker has proved again that he can put "lots on the ball."

Stretch Man

All of this drivel reminds us of last year's Conference crowning when we made the then seemingly rash statement that the performance of the Highlander cagers would be duplicated this season. Tape measures being elusive right now, we fail to fully appreciate the glory that we feel in keeping the dope bucket intact, as our chests proudly inflate. But the biggest pride-raising feeling we get is in looking over the record of that long-legged center of the Scot varsity; namely, Lee Hannah. Piling up a total of points that resembles the national debt, and guiding the efforts of the Highlander cagesters with true generalship, Hannah has carved a niche in the Scot hall of fame that few basketball men will ever attain. Nothing would give us greater pleasure than to place Hannah where he belongs; in short, the role of all-conference center belongs right here at Maryville, and the man that fills that role, with no exceptions, is that rangy Hannah fellow. Lee. you're nominated!

ON THE BENCH

There's an awfully big empty spot in the Echo sports department today.

Dick Meadows, faithful follower of every Scot athletic team and personal friend of every Highlander athlete, has gone to Washington to assume duties in the capitol, with Uncle Sam as boss.

No one feels that going with more force than does your scribe. Dick went about his business of being a sports editor with a system and an accuracy that earned him the respect of editor and reader alike. We are glad that he got the opportunity to fill such a position, and we know that he will fill it to the best of his ability. But we wish someone were here to tell us what kind of a headline to put in, here and there.

Coach Has A Word

Eagerly we rushed up to Coach Honaker when he returned to the campus after this week's road trip. "Well, coach," we began, "we'—ve done it again," What have you to say about it?" The mentor pondered. "We were lucky", he finally drawled. "But look, now" we countered, "there's more than luck in that. Teams don't win Conference championships on luck alone. Didn't you have something to do with it?" "Well, a little", he replied, "but I guess you better give most of the credit to Manager Dowell." "Yeah" we said.

And then it came out. Coach had a pet peeve. "The trouble is," he said. "everybody we played said that we had a good team because all of last year's men were back. Here we play two freshman forwards all year. That's where we were lucky. Baird and McGill happened along." "Something in that," we agreed.

Swimming Team Travels

Coach Geirge Fischbach's mermen travel to U. T. next week to engage in a triangle meet with the Tennessee Vols and Florida. The U-T Vols have already topped the Scots in a meet this season. Next Saturday the Tusculum swim team comes to Maryville for a meet, the final home meet for the Scots, who close the current season in a meet with Auburn March 5.

Thrower's Matmen Trounce U-T Vols In Fourth Meet

Scots Lose In Two Weights To Overcome U-T Men By 26-6 Margin

The Highlander wrestlers of Coach Bob Thrower won their third decision in four starts by defeating the U-T Vols last night on the home mat by 26-6. The match last night was the last home match of the season, but the Scotties leave soon on a road trip on which they will meet Davidson College and Appalachian Teachers, the latter of which defeated Maryville here by 18-6.

Maryville carried off victory in six of the eight classes, winning three matches by fall, two by time, and one by forfeit. The wrestlers of Capt. B. C. Clarke won two time decisions.

The best match of the evening was the bout between Edgar Meares and Pierce, which furnished most of the action in the lighter classes. Meares pinned his man in 7:33. The Battaglia brothers, wrestling in the 118 pound class and in the 126 class, also turned in fast performances. Dick Battaglia won by time advantage and James Battaglia lost over the same route.

The match between Guy Propst and Jack Hayes created the excitement of the evening. The two men were evenly

(Continued from page one)

Many Homorous Possibilities

Mr. Brent has developed a perfect situation offering innumberable humorous possibilities. It concerns Mrs Hope, a featherbrained English matron living in Nice with her three children. Faulty investment has made her penniless, but, indifferent to the persecutions of bailiffs and bill collectors, she blithely makes expensive purchases of jewelry and finery, untroubled by any trepidations about the source of her income. However, the Hopes seem to be under the auspices of the same kind fate that takes care of drunkards and sailors, and the play has a happy ending, as all good comedies should.

Roberta Howie Takes Part

The part of the perfectly charming but unreliable Mrs Hope will be taken by Roberta Howie. Harold Jones is Hilton Hope, her goodlooking and good-for-nothing son, and Lynn Ann Brown is Geneva, her daughter. The elder son, Claude, will be acted by Donald Hallam

The Hopes will be supported by Mimi Baez as Eugenie, Peter Kosloski as the Counte Rene d' Entain, Carl Fisher as Henry Frost, Robert Godfrey as Maurice Klein, Muriel Mann as Tady Ingleby, William Donnes as Charbemague, the chauffeur, Edward Gillingham as the sheriff, and Bruce Morgan, the butler.

Mrs West Directs

"The Mad Hopes" is being produced by Edward Gillingham, stage manager; Gordon Bennett, his assistant; and Alex Christie, business manager. The extensive rehearsal has been under the able direction of Mrs Nita E. West, who has been largely responsible for previous midwinter successes.

Scot Cagers Close Season

Next week the Scot hardwooders play host to the Tusculum Pioneer quintet, in a game scheduled for Tuesday night. Tusculum, cellar team of the Smoky Mountain Conference, is not given much chance for a victory over the Scots.

Thrower's Matmen

(Continued from page three)

matched, and the bare margin of six seconds in an over-time period proved the winning margin for Hayes. Neither man had enough time in the regular period, the margin being but two seconds in favor of Propst.

Renfro defeated Shafner in the 165 pound class in an over-time period on 1:40 time advantage. Shafner's right arm was injured during the closing minutes of th match. Millsaps won from Lefler by forfeit, in the 175 pound class. The closing match in the super-dreadnaught class was won by Mose Gamble who gained a fall from Hayes in 9:14.

Buffaloes Rout Scots, 39-34

The Milligan Buffaloes gained a measure of revenge Wednesday night when they turned back the loop-leading Scotties by a 39-34 count in a thrilling tilt at Johnson City. A last minute rally brought Coach Eyler's cagemen from behind to edge out a victory over the Highlander five.

The opening of the game found the Herd in possession of a 10-1 lead before the Scots started clicking. Keeping the advantage through two quarters of fast basketball, the Buffs played an excellent defensive game to hold the score at 16-14 at the end of the first half.

The second half found a hard fought conflict, with the score alternating rapidly. Neither five held a distinct advantage, until the rally by the Eylermen in the last quarter decided the outcome.

Hannah, big center man, found the hoop for 13 points, and McGill tossed a total of 10 markers. For the Buffaloes, Varnell collected 13 counters in playing an outstanding game.

When the modern girl is jilted, she doesn't take it to heart, she takes it to court.

Theta Alpha Phi Initiates 10 Worms

Week of Bowing and Scraping Brings Dramatic Honors To Ten

Following a week of bowing and scraping, ten Theta Alpha Phi "worms" will be formally initiated into the society tonight. The new members will be Cathryn Smith, Ruth Proffitt, Martina Robinson, Robert Lodwick, Charles Allen, Robert Downes, Stuart Gillis, Bernard Boyatt, Carl Fisher, and William MacCalmont.

Initiation procedings began on Monday when the group was instructed to bow to all old members whenever they met, and to greet them with the words, "Most worthy member of Theta Alpha Phi, I am a worm!"

On Tuesday all costume wardrobes were to be repaired, and the windows and rooms of Mrs. West and Miss Holland were thoroughly cleaned.

Wednesday morning after Chapel the initiates were provided with brooms with which all the walks of the campus were swept.

Prospective members were obliged to take part in a very entertaining program given on the P. O. steps on Thursday noon.

This feature was a Communist rally with all the trimmings of red flags and soap-box speeches. The crowd was finally dispersed with the arrival of a lone mounted policeman.

In conclusion, a play from Shakespeare was presented in Banionian hall at three o'clock today.

Triangle Debate Postponed for Tourney

Due to its conflict with the South Atlantic Forensic Tournament, a triangle debate with Tusculum and East Tennessee Teachers, formerly scheduled for March 7, has been postponed. It will probably be held on March 20.

Campus Shorts

Women from all classes are being selected for the feature section of the Chilhowean.

Miss Caldwell is recovering slowly from a serious attack of flu, which has confined her to her apartment in Pearsons.

The laundry for the use of women students was completed last Saturday in the basement of Baldwin.

Construction of the circular drive around the campus is now making rapid progress.

The vote taken on the question of dining-hall seating was overwhelmingly in favor of retaining permanent arrangement.

Mrs Addie K. Proffitt, who recently resumed her matron duties at Baldwin, was called to Oklahoma Tuesday evening.

The current epidemic of influenza is somewhat abated. The present occupants of the hospital are Jean Miller, John Lancaster, and Lucille Roberts, all of whom are recovering. Joan Dexter and Juanita Harrington have been discharged.

An historical skit entitled "Aluminum" was presented Sunday evening over station WNOX, Knoxville, by a group of Maryville students under the auspices of the Aluminum Company of America. The cast was composed of Gordon Bennett, Bob Gillespie, Carl Fisher, Gloria Miller, Leola May Halsey, Charles Allen, and Eddie Opitz. The sketch was in commemoration of the fiftieth anniversary of the discovery of Aluminum.

You Can't Blame Shakespeare For This One

Bainonian will exchange programs with Athenian Saturday evening. An all-female cast will present a "Julius Caesar" the like of which Shakespeare never never saw. The part of Caesar, Emperor of Rome, will be taken by Jane Brown, Brutus, leader of the conspiracy against Caesar, will be Marian Lodwick; Mark Antony will be Connie Johnson; Calphurnia, Caesar's wife, Calista Palmer, and the Soothsayer, Dottie Mae Lewis.

Y. M. C. A. OFFERS MUSIC

YMCA will present an all-musical program at the regular meeting Sunday afternoon.

2 Maryville Women Found To Possess Perfect Pitch

One of the rarities of music, perfect pitch, is possessed by at least two young women of Maryville college, Garnet Mangus and Evelyn Brunson. Perfect pitch is the faculty of being able to identify, by ear, any note which may be struck on the piano. It also includes being able to identify all of the notes of any chord which may be struck. This ability can be obtained only one way: It must be born in one. It is found in only one out of every four or five hundred persons. Years of cultivation will bring one only relatively near the point where he can identify any note or group of notes.

Miss Hale, Head of the Department of Music says: "Anyone may have perfect pitch—even those who are not musically inclined; however, they may not know it. We can't know that a person has perfect pitch unless it is shown in his study of music. That is, in part, the reason why so few possessors of perfect pitch are known."

Eminent College Alumnus Now Residing in Maryville

The Hon. Edwin S. Cunningham, former consul-general to China and one of Maryville's most distinguished alumni, is now residing at the home of his brother Ben, in Maryville.

Mr. Cunningham was graduated from here in the class of 1889 and entered the consular service in 1898. In recognition of his valuable diplomatic services he was given the honorary degree of LL. D. by his alma mater. He also holds an LL. B. from Michigan. Major Ben Cunningham, his father, was also associated with Maryville College, serving for many years as treasurer of this institution.

Bainonians Hear Station ALS Tonite

Societies Will Exchange Novel Programs at Regular Meetings

Athenian Literary Society will present a program called "Station ALS" at the meeting of Bainonian tonight. At the same time Bainonian will present a program at the Athenian meeting.

"Station ALS" will include such Athenian luminaries as the following: Dave Maas who will be the announcer and incidentally expound upon some choice bits of campus dirt; Bernard Boyatt who is known as Maryville's Fred Astaire; Don McArthur, singer of romantic songs will make every girl's heart beat a little faster; the Cunnel from Kaintucky, suh, the Honorable Walter P. West will deliver a Jewish imitation; and McQuagge's String Quartette, consisting of Gene MrQuagge, Bob Roberts, Howard McGill, and Charley Holland, accompained by Gerald Beaver will play a few numbers.

In addition to this array of talent, Paul J. Hartman, president of Athenian, will grace the presiding officers chair with his parliamentary presence.

Frosh Prepare For Phi Rho Pi Tourney

In preparation for the coming Phi Rho Pi tournament the freshment debating team will meet Hiwassee in two practice non-decision contests next Monday.

A women's team, Doris Woodwell and Curtmarie Brown, will debate at three o'clock in the afternoon, and a men's team, Ernest Crawford and Arthur Byrne, will debate at seven that evening.

Former Maryville Chorister Sings With Westminster

Naomi Willingham, a recent graduate of Maryville college and former Vesper choir singer here, is a member of the noted Westminster chorus which is to give a concert at the University of Tennessee early next week. A voice student for two years, Miss Willingham was prominent in Maryville musical activities, singing in the Women's Glee Club as well as the chapel choir. Her very pleasing, natural contralto voice is now heard in this famous symphonic mixed chorus of forty singers.

Membership in this organization is a marked distinction since it has in the few years of its existence given over seven hundred concerts in the United States and Canada, and has conducted two European tours.

Maryville People Attend Student Vol Conference

Nashville, Tenn. was the scene of the annual State Student Volunteer Conference held at Scarritt and A. and I. Colleges February 21, 22, 23. With the help of Dr. C. A. Logan, a personal acquaintance of Dr. Kagawa, Dr. O. Davis a former missionary to the Philippine Islands, and Mr Earl Moreland a missionary to Brazil, the students directed their thinking toward finding their place in promoting a World Christian Community. The following persons represented Maryville at the Conference: Macy Maples, Joy Pinneo, Suzanne Fickes, Willis Garrett, Robert Lodwick, William MacCalmont, Walter Maude, and Robert Smyrl. Suzanne Fickes was elected secretary of the State Union for the coming year. A feature of the conference was an inter-racial banquet held on the Saturday evening attended by one hundred delegates, twenty of whom were Negroes.

Theta Epsilon Midwinter Ready For Presentation

After five weeks of rehearsals, the cast of the Theta Epsilon Midwinter, "Lady Windermere's Fan," has the play ready for presentation. Oscar Wilde's popular drama will be given Saturday, March 14, by one of the most experienced groups of actors the Maryville stage has seen.

The remarkability of Gloria Miller has amazed those who have seen this experienced young Thespian in rehearsal. Other principal members of the cast are Glover Leitch, Mary Gladys Brown, Edmund Opitz, and Wilson Leathers.

Four Debate Teams Leave For Tourney

Will Hold Return Contest With Erskine College Enroute

By GEORGE FELKNOR

Prof. Queener and four debate teams will leave Maryville next Wednesday for the South Atlantic Forensic Tournament at Winthrop College, Park Hill, S. C.

Approximately twenty schools from seven states will participate in this tournament scheduled for March 5, 6, and 7. The Maryville women's teams, Mary Gladys Brown and Roberta Howie, affirmative, and Eleanor Pflanze and Helen Maguire, negative, will take part in five debates each. The men's teams, Paul Hartman and Archibald Pieper, affirmative, and Alex Christie and James Badgett, negative, will debate seven times each. Last year Maryville college took first place in both divisions.

Compete in Other Contests

Beside the debates, Maryville speakers will take part in several other forensic contests. Archibald Pieper and Mary Gladys Brown will represent the college as orators, Paul Hartman as ex tempore speaker, Roberta Howie as after dinner speaker, and Alex Christie as impromptu speaker.

The tournament contests will be judged by coaches and faculty members of the schools represented. These judges, of which each school is to furnish one, will also criticize the speeches.

Will Debate Erskine

On the way to the tournament, a men's negative team will debate Erskine College of Due West, S. C., on the evening of March 4. The two women's teams will debate Asheville Normal on March 7 on the return trip.

This is Maryville's third year as a contestant in the tournament.

Teams Engage Carson-Newman Tonight

Leland Waggoner and Archibald Pieper will represent Maryville College in one of the contests of a dual debate with Carson-Newman this evening at 6:30 in the Philosophy class room. At the same time a team composed of Alex Christie and James Badgett will debate at Jefferson City.

The debate will be on the Pi Kappa Delta question, Resolved: That Congress should have the power to override, by a two-thirds majority vote, decisions of the Supreme Court declaring laws passed by Congress unconstitutional. Waggoner and Pieper will uphold the affirmative side of this question, Christie and Badgett, the negative.

Dr. John Emperor, of the English department of the University of Tennessee will act as judge of the contest held at Maryville.

Women Take Two From Carson-Newman

In a dual debate with Carson-Newman on last Monday, Maryville won both contests. A negative team composed of Helen Maguire and Eleanor Pflanze debated here, and an affirmative team, Lois Black and Minnie-Lou Chittick, debated at Jefferson City.

Dr. J. Kelly Giffin, president of Knoxville College, acted as critic judge of the debate held here. In commenting on the debate, Dr. Giffin said that the rebuttal of Miss Maguire, in which she took up each of the points of her opponents and reflected on them one by one, was as fine a piece of work as he had ever seen.

Requested Poems From The February Meetings

Aspirant

My love has called me good, so I would be.
He called me gentle, so I would acquire
The gentleness he dreams there is in me.
And such brief patience have I to admire
I would add more to it, and always more.
He thinks me generous, so I would give
More freely than I've given heretofore.
And he has called me good, so I must live
Up to his dear ideal of me, somehow.
He is so confident in often saying
My life is lovely to him even now,
I must attain to it without delaying—
Lest he should find, in horrible surprise,
He has but seen me with a lover's eyes.

—Elaine V. Emans

Great Heart

Where are you going, Great Heart?
With your eager face and your fiery grace
Where are you going, Great Heart?
To fight a fight with all my might
For truth and justice, God and right;
To grace all life with His fair light.
Then God go with you, Great Heart?
Where are you going Great Heart?
To lift today above the past;
To make tomorrow sure and fast;
To nail God's colors to the mast.
Then God go with you, Great Heart.
Where are you going, Great Heart?
To set all burdened peoples free;
To win for all God's liberty;
To establish Christ's sweet sovereignty.
Then God go with you, Great Heart.

Student Council Saved? For What?

Last fall, when the future of Student Council was thrown to the mercy of senior class politics, certain forces successfully opposed a motion to quash the Council, arguing that it was the only official medium for contact between students and faculty.

We contend that these forces are still in the right. But we also feel that Student Council, being so saved from disintegration, has failed to exercise its full prerogatives as a cooperative organization, and, in so failing, has not satisfactorily justified its existence.

It is true that Council has accomplished certain things. Specifically speaking, it has (1) sponsored informal parties, (2) obtained holiday extensions, (3) secured full Saturday afternoon social privileges, and (4) installed coathooks in Pearsons Hall.

These commendable acts are appreciated. BUT, what has Council done toward establishing an Honor System at Maryville college? What has Council done toward establishing in Maryville students a regard for college property? What has Council done toward creating a newer and more satisfactory orientation program for college freshmen? What has Council done toward organizing the many scattered societies and clubs into an integrated system of administration? The answer is—nothing.

Student Council has met but once since the Christmas holidays. In the meantime, one-half the student body continues to pay for a yearbook which purports to represent the entire college. Members of the body which it represents continue to cheat their way through courses. Thoughtless college "men" continue to mutilate college property. Malcontents continue to gripe, and no effort is made to trace it down to the individual problem.

Unfinished business such as this does not befit an organization as respectable as the Student Council. With its ranks filled with liberals it is in a position to accomplish acts of major proportions, the disheartening drawback being, however, that it now has only three months in which to function.

The Weakly Filibuster

By SENATOR HEGNER

It is a pleasure to see busy, dignified seniors and juniors drop their dignity and slip back to their youngster days when fun was fun and not "intellectual amusemene." At a recent debate the Senator saw Ellen Hitch, Calista Palmer, and Paul Hartman having just oodles of fun with paper aeroplanes. And "Pres" Bryan didn't seem to consider it beneath his dignity to sail them back across the aisle.

• • •

Yesterday, I remarked that a certain young lady seemed quite attractive. Came this acid retort—"She isn't as pretty as she is painted. Her beauty is only skin dope."

• • •

This week's crop of nicknames includes—"Dimples" Propst, "Cab" Hartman, "Cutie" Badgett, "Boots" Campbell, "Citizen" Lewis, and "Pete" Richey.

• • • •

According to Richey, chem cabinet knocker-overer, Peterson entered the Knoxville library, sat at a table, and called for a menu card. Probably the only thing on the card was applesauce or boloney.

• • •

C. C. C. boys include Kimball, Bryan, Williams, Remine, Quigleys, Kosloski, Swan, Pieper, Fahnestock.

• • •

A slip that didn't pass. Do any of you remember the time that Slim Evans referred to Sir Malcolm Campbell's speedy racing car as the "Bluebeard?"

• • •

If you have a radio and an alarm clock you should not miss these "Early Bird" broadcasts. They are lots of fun and are full of peppy music. With so much requesting going on the Senator hopes that no one will ask that "You Are Bound To Look Like A Monkey When You Grow Old" be dedicated to our dear friend, guide, philosopher, and confidante, the night-watchman. Far better would be the song—"Isn't This A Lovely Night To Be Caught (In The Rain?)"

• • • •

Walter has been doing a lot of bell ringing lately and a number of people are beginning to wonder. Is he sounding off for silence, or pulling a Major Bowes gong on the sustenance offered? All of which brings to mind the Swiss bell-ringer that I saw on the show boat last summer. He yodeled while he rang the bells. Shouldn't Walter yodel, or am I putting my foot into something? For the best answer a nickle cigar will be awarded.

• • •

At the last wrestling match many of us thought Maryville was losing the toss with Peewee's coin. That was not the case, for Maryville won the toss each time and took the bottom position.

Song Titles

"We'll have to handcuff Grandpa or fire the new French maid."

"No matter how young a prune may be, it's always full of wrinkles."

"I'll come home to you in honey time, and we'll have the hives together."

—Ellis Hill.

Price of a Wife

It is said that among the Ainus the price of a wife is a bear ham. The Kaffir figure varies from four to eight oxen, according to the competition for the particular bride. A score of cartridges buys a wife in Uganda, and the Australian black gives the weight of his better half in butter, while the Tartars in Turkestan get as many wives as they want at the rate of a box of matches each.

The Melting Pot

A WEEKLY FEATURE

Who was the absent minded freshman boy who, while engaged in deep philosophical conversation with ye Scribe, vigorously salted the top half of a bun which held a scrambled egg? Answer—He is the same one who made a date for a football game, and then forgot about it, and made another date. He then remembered about the first date, and, to console himself and both parties at once, didn't show up for either one.

—E. D. H.

• • • •

If a man thought he left his watch at home, and then took it out of his pocket to see if he had time to go home and get it, I'd call him absent-minded.

During the Christmas vacations, Alex Christie—the man with the Scotch background—spoke in a Christian Endeavor Society to which Dick Schafer belongs. After the meeting was over, according to Dick, the president of the society, a very charming young lady, said: "Oh, doesn't he have the most adorable southern accent!"

Page Mistuh Christie, Suh.

—W. P. W.

Women are so generous—they just love giving one another away.

In Japan a man can buy a wife for 50 cents. Well, a good wife is worth every cent of it.

Tall Tales

As told to: FRANK E. HAGAN and ELMO SCOTT WATSON

Land of the Sky Blue Water

BABE was Paul Bunyan's big blue ox. He was quite a sizable animal although not all lumberjacks agree as to just how big he was. Some say he was seven axe-handles between the eyes but others declare the figures should be 42 axe-handles and a plug of tobacco. However, all agree that Babe could pull anything that had two ends to it. Paul often used him to pull the kinks out of crooked logging roads.

Occasionally Babe would run away and be gone all day. Paul was the only one who could track him because his footprints were so far apart that an ordinary man couldn't see from one of them to the next one. They were pretty deep, too. Once a settler and his wife and baby fell into one of these footprints and the baby was fifty-seven years old before he finally climbed out and reported the accident.

The winter of the blue snow Babe went on one of these rambles and wandered all over the present state of Minnesota. When the snow melted the next spring the water filled his footprints and that's why Minnesota is now known as the Land of Ten Thousand Lakes—the "Land of the Sky Blue Water."

Pioneers Bow To Honakermen, 57-27

Hannah Runs Count To 310 In Individual Scoring

After trailing the Pioneers of Tusculum through the first period Coach Honaker's Scotties opened up a smashing offensive attack that completely routed the last conference foe of the 1936 basket season. Hannah led the Scots march with 23 markers as the Tusculum five dropped to the count of 57-27.

Wild passing and shooting marked the play of the Scots from the opening whistle to the quarter period. Hannah usually near-perfect at foul-tossing, missed six of his first seven charity tosses. The Pioneers took advantage of this seeming slump to edge into a lead and hold it.

Soon after the second period opened, the Scots found the basket range. McGill rang up eight counters to lead in the Scots on the long end of a 21-13 count.

The Scots opened the third period with a vicious scoring spree that never left the final result in doubt. Hannah and McGill swung into a high-scoring duo that lifted the Scot total 41 points. The Scots exhibited both offensive and defensive power, and controlled the ball for the major portion of the time.

For the Pioneers Harris exhibited an uncanny eye for the hoop, ringing up 11 markers. Fithen, guard, was outstanding in offence, adding eight points to the Pioneer total.

The Tusculum tilt ended the 1936 cage season for the Scots, giving them a conference scoring of ten wins, two losses.

The lineups:

MC		Tusculum
Hulette	F	Hensley (1)
Baird (8)	F	McMillan (3)
Hannah (23)	C	Cacy
Overly (2)	G	Fithen (8)
Odell (4)	G	Beck (3)

Substitutions: MC, McGill (18) Steakley, Colombo (2), Atchison. For Tusculum: Monroe (1), Harris (11), Beets, Blanton.

Official—Stratton.

Frosh Win In Speedball

In the first presentation of speedball, new girls' sport, the junior-senior eleven was neatly outplayed and outscored by a fast sophomore squad, the score—5-3.

The bewildering combine of soccer, basketball, football and boxing has proved the most popular sport for the Point Sisters this season.

In the game Tuesday night, Pierce of the sophomores proved an excellent offensive player, scoring 4 of the sophomore goals. Johnson, goalkeeper, and McConnell, halfback, were also outstanding. For the junior-seniors, McGhee and Leaf contributed the scoring power.

Frosh Top Jr. Srs. 7-5

The junior-senior speedball eleven fell before the frosh Thursday afternoon in the second game of the series, the score being 7-5. Friday afternoon, the freshman team won over the sophomores in the final game of the competition.

BASKETBALL RESULTS

The Highlander cage team closed the 1936 season with a total of fourteen wins and eight losses. They scored 864 points, their opponents totalling 771 markers. The 1935-36 schedule:

Maryville	51	T. V. A. 31
Maryville	45	Johnson Bible College 38
Maryville	38	Woodruff's 58
Maryville	27	Emory & Henry 53
Maryville	54	W. C. Teachers 51
Maryville	50	J. B. C. 26
Maryville	51	Tusculum 31
Maryville	30	E. & H. 47
Maryville	38	Roanoke 27
Maryville	48	E. T. Teachers 31
Maryville	48	Carson-Newman 36
Maryville	46	Milligan 38
Maryville	34	C-N 39
Maryville	45	Tenn. Wesleyan 36
Maryville	49	L. M. U. 41
Maryville	40	E. T. Teachers 35
Maryville	34	Milligan 39
Maryville	37	Centre 51
Maryville	56	Tusculum 27

NINE TO BEGIN PRACTICE

Coach Honaker has issued the first call for baseball practice for the 1936 Highlander nine. The first workouts will be called next Monday afternoon. The schedule of games has not been completed as yet, but the 1936 season will feature such opponents as Indiana University, Emory and Henry, Carson-Newman, East Tennessee Teachers, and other conference and non-conference teams.

TRACKSTERS START PRACTICE

Coach Bob Thrower will call the first meeting of the 1936 track squad next Tuesday. All interested in trying out for positions in any event are asked to report to Bartlett auditorium at 4 p. m.

ON THE BENCH

There are ten or fifteen relieved-looking gentlemen on the campus who won't agree with me about this, but, here goes—

Seems to me almost a crime to see those fighting Scot cagesters break up a season, after watching them play rings around five bewildered Pioneers Tuesday night, in the second half of that final game—.

Grudge Bout

And were you down there Tuesday night to watch those twenty-two girls settle any grudges they had? I have a tip that they put the ball in there just for an excuse. Perhaps they do. But that red-headed Pierce gal knows what to do with it. She flipped the sphere through the net no less than four times, and with the greatest of ease. Watch the sophs!

Utility Man

"Butter" Atchison, loyal utility cagester, has played his last basketball for Maryville. Spending most of his time on the bench, Atchison has been a faithful, and well-needed reserve. Often, in the closing moments of a hard fought encounter, "Butter" has entered in place of a third first-line man, and deserves much more praise than the scoreboard shows. The best of teams have places for men like that.

Short Shots

Heard in a local eatery—Frank Dean "What can I get for a quarter that weighs only about a pound?" Ah, these grunters!

Wonder what Coach said to the boys during half-time Tuesday nite? Whatever it was, he got results.

Wish: to see, someday, a basketball game with Al Hulette playing with his shirt tucked in. No hope.

Scot Mermen Fall In Triangle Meet

Loss of Bradbeer Noticed In Dash Department

Handicapped by the loss of Bradbeer, crack dashman, the Scottie tankmen met defeats Thursday in the U. T. pool in a triangle meet involving University of Florida, Southeastern Conference champions, University of Tennessee and the Scots. The final score was Florida 65, Tennessee 35, Maryville 13.

Maryville proved best in the breast stroke event, with Meeks and Herries taking two places in that event. Brubaker and Spencer added the remaining Highlander points in the 440-yard event, and the back stroke event.

The results:

400-yard relay: Florida, Tennessee, Maryville; 4:02.8

200-yard breast stroke: Quixley (F), Bary (F), Meeks (M), Herries (M); 2:56.6

50-yard dash: Skipper (F), Zewadski (F), Richardson (T), Work (T); :26.2

150-yard back stroke: Collins (F), Charmichael (T), Peek (F), Spencer (M); 1:59

440-yard: Lee (T), Quixley (F), Bary (F) Brubaker (M); 5:52.8

100-yard dash: Meatgard (F), Richardson (T), Tuttle (T), Fussel (F), 1:01.6

Diving:Zewadski (F), Skipper (F), Bowling (T), Brown (T).

220-yard swim: Collins (F), Lee (T), Bary (F), Sayford (T); 2:33

300-yard medley relay: Florida, Tennessee, Maryville; 3:45.

INDIVIDUAL SCORING

	Games Played	Goals	Fouls	Points
Hannah	20	134	42	310
Baird	19	54	15	123
McGill	19	50	17	117

SHOEMAKERS'S SHOE STORES

The Call

Far and near, high and clear, hark to the call of war
O'er the grass and golden dells, ringing, swinging of clamorous bells
Praying and singing of wild farewells —War, War War.
High and low—all must go, hark to the shout of war
Leave to the women the harvest fields, gird ye men for the sinister field
A sabre instead of a scythe to yield, War—red war.
Rich and poor, lord and boor, hark to the blast of war
Tinker and tailor and millionaire, actor in triumph and priest in prayer
Comrades now in the hell out there— Sweep to the fire of war.
Prince and page, saint and sage, hark to the roar of war
Poet, professor and circus clown, chimney sweeper and fop of the town
Into the pot and be melted down, into the pot of war.
Waken all, hear the call, the pitiless call of war
Look your last on your dearest ones, brothers and husbands, fathers and sons
Swift they go to the ravenous guns, the gluttonous guns of war.
Everywhere thrill the air, the maniac bells of war
There will be little of sleeping tonight, there will be wailing and weeping tonight
Death's red sickle is reaping tonight— War, War, War.

Linley V. Gordon, Peace Advocate, To Visit Campus

Will Address Faculty Club, Student Body During Two-day Stay

HAS TOURED WORLD

Is Closely Associated With Armament Reduction Movement

Linley V. Gordon, actively connected with leading peace organizations of the United States, is to be on the campus Tuesday and Wednesday, March 10 and 11, to speak concerning the program of peace. He is to address the Faculty Club at its monthly meeting on Tuesday evening, and is to speak to the student body at chapel the following morning.

Mr. Gordon is one of the growing group of publicists working for more friendly international relations. Nearly all of his official connections are along these lines.

Mr. Gordon was educated at Yale and the University of Kentucky. He has written extensively on his favorite subject. He speaks at churches, clubs colleges and universities.

He has travelled widely and has only recently returned from a tour of the world in which he made a survey of the world peace movement. He visited the Hawaiian Islands, New Zealand,

'M' Club Members Get New Athletic Uniforms

New blue and white athletic uniforms have been secured for junior-senior members of the women's athletic teams through the efforts of the executive committee of the 'M' Club.

The uniforms are worn only by members of junior-senior teams in regular point system tournaments. Each one is laundered and returned by the person who wears it.

Securing of the uniforms fulfills one of the major objectives for the 'M' Club this year. Last year it was successful in obtaining dressing rooms in Alumni gym. The executive committee is headed by Kathryn Smith, president, with Mrs. Verton Queener as adviser.

MIXED QUARTETTE TO GIVE COLLEGE BROADCAST FRIDAY

A mixed quartette under the direction of Miss Frances Henry will offer a number of duets, solos, and quartette selections over station WNOX at seven thirty p. m., Friday night. The quartette will be composed of Calista Palmer, Bernice Gaines, Carl Wells, and Don McArthur. Louise Orr will accompany them at the piano.

Here Are 25 Faculty Members—Know Them?

(Answers may be found on page two)

1. A forest beside the water
2. Sign of old age
3. Dog language
4. She's a bird
5. A kind of fairy (no wings)
6. The top side of a whale.
7. Mae
8. Characteristic of freshmen
9. A graceful dancer
10. Very painful injuries
11. Cure for drowsiness
12. Where one got a cool drink in the old days

Y. W. HOUSEWARMING TONIGHT

Y. W. C. A. will open its doors to all women for a housewarming tonight at eight o'clock.

Members are asked to bring a ten cent gift for the kitchen, or the money if preferred. Lists for gift suggestions may be found posted on the bulletin boards in the dormitories. See these posters for further particulars.

A man doesn't necessarily have to be a bigamist to have one wife too many.

Debaters Sweep Four Firsts At South Atlantic Tourney

Encounter Teams From Waynesburg Here Monday Nite

Topic For Argument Will Be Picked This Week At Forensic Tourney

Maryville college forensic teams will encounter teams from Waynesburg college, Pa., Monday night at 7:30 in the philosophy classroom. The decision will be rendered by the audience.

The argument will be on some timely topic rather than the Pi Kappa Delta question. The subject for the debate will probably be picked this week in Rock Hill, S. C., since teams and coaches representing both colleges are there attending the South Atlantic Forensic Tournament.

The number and personnel of the Maryville team has not been decided.

Triangle Debate Postponed Until April, 3

The triangle debate with Tusculum and East Tennessee Teachers formerly scheduled for March 7 has been postponed to April 3. The change was necessary because of its conflict with the South Atlantic Forensic Tournament on March 5, 6, and 7.

'Skeeter' Shields Receives Appointment to Annapolis

Stanley "Skeeter" Shields, popular junior and fast-stepping quarter-back of the Maryville Highlanders, has just received notice of his appointment to the United States Naval Academy at Annapolis. He was sponsored by Tennessee's representative from the first district, the Hon. Carol Reece.

Shield's hopes to be admitted by certificate which will obviate the necessity of taking entrance examinations.

Student Council Wants To Know

The Student Council wants the opinion of Maryville students regarding the desirability of an Honor System in Maryville college.

Within the next few days a member of the Highland Echo staff will see YOU personally to record your opinion in terms of 'yes' or 'no'.

Chem Department Buys Sound Outfit

Will Introduce Visual Education in Classwork

With the purchase of a modern sound projector, the day of silent demonstration by film is over as far as the chemistry department is concerned. The apparatus will be installed next week.

The new projector will enable chemistry classes and others who are interested to see and hear lectures and demonstrations by such eminent scientists as Rutherford, Bragg, and Langmuir. Next year it is planned that parallel work in film lectures will be included in courses.

The first use of the new outfit will be made next week, when freshman classes will hear a lecture on liquid air.

SHAKESPEARE STAGES COMEBACK

Bainonian society will present a repeat performance of their original "Julius Caesar" Saturday evening. The cast is as follows:

Caesar, Jane Brown;
Brutus, Marian Lodwick;
Mark Antony, Connie Johnson;
Calphurnia, Lillian Leland;
Soothsayer, Jean Thompson.

Martina Robinson will tell of an interview with the night watchman.

Compete With 28 Other Colleges In Special Contests

Plan To Leave For Debate With Asheville Normal Forces Tonight

By Telephone

WINTHROP COLLEGE, ROCK HILL, S. C., March 7—Competing with public speakers representing twenty-eight eastern and southeastern colleges, five Maryville college debaters won four firsts and one second in individual contests of the South Atlantic Forensic tournament, held here March 5, 6, 7. Those winning honors are:

MINNIE-LOU CHITTICK, 1st place, women's impromptu;
ALEX CHRISTIE, 1st place, men's impromptu;
ROBERTA HOWIE, 1st place, women's ex tempore;
MARY GLADYS BROWN, 2nd place, women's oratory;
ARCHIBALD PIEPER, 1st place, men's oratory.

With the end of the tournament approaching, the Maryville squad was making preparations to leave for Asheville, N. C., where debates will be held tonight. No decision had been rendered in the regular debate contests.

Debate Erskine Enroute

The two men's teams, composed of Archibald Pieper and Paul Hartman, negative, and James Badgett and Alex Christie, affirmative, left Wednesday for Erskine college, Due West. N. C. where they encountered teams before moving on to the site of the tournament.

The women's teams, Mary Gladys Brown, affirmative, and Minnie-Lou Chittick and Helen Maguire, negative, left Thursday morning directly for South Carolina in company with Prof. Queener. Miss Chittick, sophomore member, was selected to attend in place of Eleanor Pflanze, who is ill.

Attending Coaches Decide

Maryville college will be represented in individual speaking contests by Archibald Pieper and Mary Gladys Brown, orators; Roberta Howie, after dinner speaker; Paul Hartman, ex tempore speaker; and Alex Christie, impromptu speaker. Attending coaches and faculty members will render cri-

(Continued on page four)

Staff Writer Reveals Noble Lineage Behind the Skewering of the Jones Boys

By ROBERT K. BRANDRIFF
(Echo Staff Writer)

With the increase of interest being shown in Coach Warren Jones' group of fencers and their matches with the Knoxville Y. M. C. A., a little of the history of this so-called gentle art may not be entirely amiss.

The use of the sword as a means of defence was old when Achilles slew mighty Hector before the walls of Troy; but the scientific method of skewering one's opponent as opposed to hacking him down, is of comparatively recent date. The invention and widespread use of gunpowder threw armor into limbo. With the primary cause of its existence gone—that of hewing through heavy armor—the broad-sword soon followed the coat of mail and the cast-iron trousers into disuse.

Italians Add Dignity

It is to the Italians that we owe the development of the rapier—the light sword designed for thrusting, with a cutting edge of only secondary importance. From this time (15th Cent.) swordplay really assumed the dignity of an art. Brute strength was of no avail against the lightening thrusts of the long thin rapier.

The new type of fighting became universally popular in a short time. In Spain, fencers constructed a complicated system of mathematics which confined every motion of the body to various angles, chords of circles, etc. In Germany, fencing masters formed guilds similar to those of the craftsmen. In England sword fighting was unable to get a firm foothold until Henry VIII, fond of all rough sports, gave it every encouragement.

Gentlemen Had To Fence

It was during this period that a knowledge of the rudiments of fencing was absolutely necessary to a gentleman's existence, and a side-arm, an important adjunct of his dress.

With the sword playing such a vital part in life at this time, the fencing-master did a thriving business. His search for the "universal parry" and miscellaneous "secret thrusts" resembled the work of the old alchemists in their futile hunt for the philosopher's stone. These instructors were an unscrupulous class, specializing in hamstringing and prehead lunges. One master was even reputed to be able to teach one how to "cut both eyes out of your adversary's face with a circular reverse of point."

Fencers Add Masks

Modern fencing with its light Coach Jones and his boys began in the last years of the 18th century with the invention of the mask. This comparatively simple innovation gradually modified the whole structure of friendly sword play to the sport now enjoyed by the group here at Maryville.

Modern fencing with its light, flexible foils and its artificial conditions of single combat, little resembles the blood-thirsty butchery of the 16th century Italian bravoes from whom it is descended, yet one can be sure that knowledge of this somewhat gory ancestry adds not a little to the pleasure of the modern practice of fence.

This Is An Age Of Expression

Mr. Butter Atchison, president of the Student Council, has informed the editor that the Council stands ready to hear student opinion concerning the desirability of an Honor System in Maryville college.

Expresson of this opinion in terms of 'yes' or 'no' will be made possible this week through the efforts of Highland Echo Staff members, one of whom will visit YOU personally. Since your opinion will largely determine council action, you should consider it carefully.

—o—

A Letter

To President R. W. Lloyd From Fred Hope

I have a stiff year's work ahead of me. Mr. Cozzens, who should be with me in the Professional School, was assigned by the mission to help out in the treasurer's office for part of this coming year and for the rest of the year to help out at one of the stations where both ministers were away. So that gives me the Frank James Professional School, the Halsey Memorial Press which turns out about 3,000,000 pages a year, the charge of about two hundred and fifty school boys when not in their class rooms, and the treasurership of Elat station.

We are very short this year and the mission felt that they could not afford two men for the industrial work when the need was so great in the evengelistic department. Ten years ago we had twelve stations and eighty-seven missionaries. This year we have eighty- eight missionaries and they have to be distributed among fifteen stations. There are fourteen ministers on the field now and they have sixty-four churches to look after, with a communicant membership of 38.000 and 52,500 more in the catechism classes, a total of 90,000 worshippers at 1294 different places. Connected with that there are 1148 village schools having 34,000 students enrolled. Also a theological school takes up the time of two ministers. This gives an average of 7000 to each minister and they are scattered over an average field of about one third of the state of Tennessee.

I judge this sounds different from the 10,000,000 unemployed that are said to be in the United States. We could surely furnish work for a few if they were here. I think that you can see the stress and strain that is thrown on our force out here, with the reduced salaries and a far reduced fund to quite a bit less than half.

The Frank James Professional School was allowed $3500 before the depression. That is reduced to less than $1200 now and of course that $1200 changed to francs cuts that amount nearly in two. You can see I do appreciate what Maryville college is doing.

With very kindest regards to you and Mrs. Lloyd, the faculty and the students,

The Weakly Filibuster

By SENATOR HEGNER

In one of the past outbursts criticism appeared. Criticism was promptly heard of that aforementioned criticism. The Senator now takes time out to flit about over the greensward, blowing kisses to the daisies, and spreading sunshine like soft butter spreads with a knife. Already I'm looking for a sponsor to break a bottle of distilled water over my head and christen me "Sunbeam". This week I shall not call a spade a spade, but an instrument of travail, or a suite of which I never seem to draw the ace.

* * *

According to Dave Birch—"blue sky laws" give property owners the right to build as high as they desire on their property. To clarify his explanation Dave went further to say that maybe they also meant that aeroplanes could not fly over property without the permission of the owner.

* * *

To the editorial department goes credit for last week's good editorial, but darn it, some credit ought to come to this column for the coathooks in Pearsons.

* * * *

Since credit is being bandied back and forth, lets give some to Alpha Sig for presenting a snappy comedy, to Bert Howie for her work as Mrs. Hope, and to Carl Fisher for superb ad libbing when the glimmers were doused.

* * * *

Thoms, Evans, and others gave this pork-pie hat business a rush there one day. I tried the thing months ago and gave it up. I'm in favor of changes in the old conventional dress—are you? If so, put on your best smile and come out in a new pair of shoe strings, and a feather in your hat.

* * * *

Straight stuff has it that overcuts due to sickness will be excused, but after that it will be impossible to take any regular cuts in classes. When the cuts are gone, sickness or otherwise, they are gone.

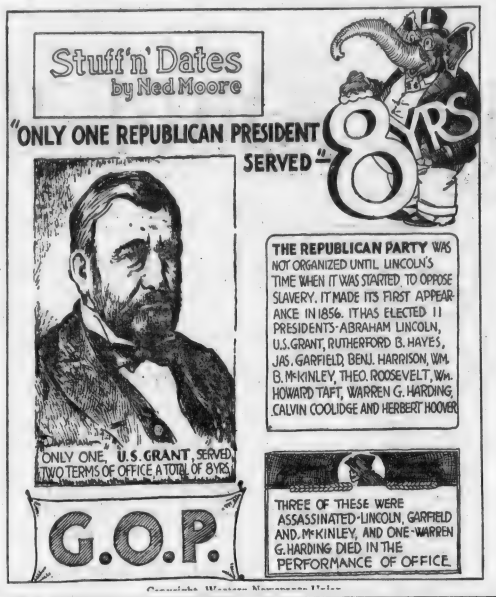
* * * *

Have you noticed: Athenian's pres singing "Gloria, Gloria, Halleluja" Corky Crawford moonshining, John Lancaster and Jean Miller well again, Louis Marinaro preparing to follow Corky's lead, the fresh air taxis of Craine and Hill, it is still pretty light when the 5 o'clock bell rings?

* * * *

I think they overlooked Mr. Mac when handing out these peachy titles. He should be known as the Director and Supervisor of Men's Residences.

* * *



The Senator thinks that it would be a good idea if someone would organize a group to be called "The Saturday Night Players" or "Little Theatre", and present short entertainments on these Saturday nights when the calendar is open, time is on our hands, and no money is burning holes in our pockets. Short plays, comedies, and melodramas could be presented which would provide fun and frolic for both actors and audience. Since the gals can't leave the campus, lets bring more activity to the campus. What do you think?

* * *

Paul Fox calls his rich relations the kin he loves to touch, while Ripper says that the athlete's song is "The Broken Record."

* * *

Tell me, Remine, what's all this about Thaw Hall last Wednesday?

The Melting Pot

A WEEKLY FEATURE

Has anyone heard about the elderly lady who made the interesting remark before the Maryville-Centre basketball game? The teams were warming up under either basket and staying mostly on their respective ends of the floor. The bewildered lady was heard to say, "I never knew that each team played on its own end of the floor with its own ball."

—F. B. M.

Maryville college is to have a wedding in its midst this spring, so says Mr. El Haren, the astrologer who answers questions daily in the Knoxville Journal.

According to predictions in the "crystal ball", the affair will take place sometime in May. Mr. Haren evidently forgets or it terribly ignorant to the fact that such things aren't allowed here.

Yes, one student wrote to see when he would marry the young lady he has been going with, and the answer came clearly through the gazing device "you will marry this girl sometime next May."

Some modern girls are so up to date that they have the spring fever in October.

Campus Short Notes

The annual sessions of the Tennessee Philological association are convened Friday and Saturday of this week at Murfresboro. The programs are filled completely by representatives of the colleges and universities of Tennesse. About ten members of the departments of Modern and Ancient languages and English of Maryville, are in attendance. Three papers are to be read in the meeting by Maryville faculty members.

The yearly banquet and dinner to the members of the basketball and wrestling squads was given Wednesday evening in Pearsons Hall.

Miss Caldwell has recovered from her recent attack of flu.

The flu still runs rampant on the hill although the number of new cases reported from the hospital has somewhat decreased. The patients now in the infirmary are Blanche Webb, Evan Renne, Bill Cooper, Lytha Royce, and Lawrence McDaniel. Paul Vaughan, Juanita Herrington, Darline Andrews, Jean Miller, Mary Lawson, Charlotte Browden, and John Lancaster have been discharged during the past week.

Several students attended the games of the recent Southeastern Conference basketball tournament, held in Knoxville.

Eliminations for the fencing team have been in progress this week.

Several faculty members and students attended the performance of the Westminster choir in Knoxville, Tuesday evening.

The tennis courts are being put in shape in preparation for the coming net season.

The point system girls are taking up volleyball as their current sport.

Preliminary practice for the three spring sports, tennis, baseball and track, is now in progress.

Some people say that there is no such thing as a useless article. Well, how about a glass eye at a keyhole?

On The Bench Says—

Sports Writers Name Hannah As All-Conference Center Man

Coach Thrower Leads Scot Matmen To State Title; Baseball, Track Open

Since the final curtain fell on Smoky Mountain Conference basketball competition, the biggest question has been the one concerning an all-conference team. Your scribe does not wish to open up any comment by personal choice. However, other followers of cage tactics have spun the fatal web. Earl Nidiffer, writing for the Press-Chronicle, picks three all-conference teams, and retires in grace. We offer Scribbler Nidiffer's choices:

Player	Position	School
Varnell	forward	Milligan
Cash	forward	Teachers
Hannah	center	Maryville
Todd	guard	Teachers
Roberts	guard	Carson-newman

* * *

Player	Position	School
McGill	forward	Maryville
Thomas	forward	W. C. T.
Odell	center	Maryville
Hamblen	guard	Carson-Newman
Dyer	guard	Teachers

* * *

Player	Position	School
Woodard	forward	W. C. T.
Kennedy	forward	L. M. U.
Rudson	center	Carson-newman
Ayers	guard	Milligan
White	guard	W. C. T.

Says Scribe Nidiffer in continuing: "Odell bolsters one quintet defensively and adds to it offensively by filling a center berth, although he normally occupies a guard post..... Few in the conference can keep pace with Cash, Dyer, McGill..... Hannah found the goal for 20 or more several times...."

Also says Nidiffer, "Five of the fifteen here picked own up to freshman standing." Coach Honaker could vow as to some of the worries concerning that.

Bill McDonald, writer for the Johnson City Chronicle, edges out of the honor roll scramble, saying merely that "if we were a coach, and the basketball squads of the conference were offered us from which to select a team, we would like to have Dyers of the Teachers College, Kennedy of LMU and Varnell of Milligan for forwards; Hannah of Maryville and Livesay from LMU as centers; and Todd of the Teachers College, Odell of Maryville and Ayers of Milligan for guards."

Well, as the victorious would say, "I told you so!" It was about two weeks ago that some mention was made in this spread to the effect that Hannah was due the honor of all-conference pivot man.....

Add State Champs

And about this time we start to figure out what Bob Thrower has done with the Scot gruntmen. Emerging on top of the state wrestling pile-up is such a seasonal event with Bob and the Scotties that it almost escapes notice. But to make matters short, the Highlanders are state wrestling champs again. Coach Thrower has welded another championship unit together, to take the fourth successive title in Tennessee mat honors. Congrats, Coach, and we know you'll keep it up!

Cup For Champ

Straight from the central office of the Conference comes the note that a very nice cup has been offered by the Sports Shop of Knoxville to the winner of the conference championship in baseball. That's something to look at, for the future.

No Golf?

A mild hue and cry is being raised by the members of the Scot golf team in regard to the failure of the Athletic Committee to appropriate funds to enable the golfers to engage in meets away from home. The team has arranged an excellent schedule for the year, but due to the lack of money, are unable to provide traveling expenses. The members of the squad furnish all their own equipment, even down to the lowly tees. We think it would be very nice if this sport could see a little development on the Hill and away.

Tracksters

Note to those who enjoy seeing someone else work as greatly as we enjoy it: Try watching those Scot cindermen work out in the coming weeks. There is some material developing there this season that is going to be excellent in competition. And there's always those gems of wit that flow from Bob Thrower in a steady stream.....

Tracksters Warm Up For Early Meets

Twelve veterans of the cinder path came back into harness to form the core of the 1936 Highlander track aggregation, as light indoor and outdoor practices started this week. Thirty-four men are working out at present, and although no performances are available as yet, the indications point to a successful season for the Scot tracksters. Lettermen reporting included Dowell, Gray, Johnson, Kleemeier, Lavendar, Rich, Ross, Savistky, Snedecker, Steakley. and Talmage.

Manager Guigou has arranged an interesting schedule for the runners this season. The schedule of games:

Apr. 10-11—University of Tenn. there
Apr. 15—Chattanooga—there
Apr. 18—L. M. U.—here
Apr. 25—Davidson—there
May 2—S. M. C. meet—Harrogate Tenn.
May 9—State Track Meet—Sewanee
May 13—Emory and Henry—here

Fencing Premiere Tonight Against Knoxville YMCA

Scot Sportdom Introduces Fast New Competition; Jones Is Founder

An introduction to a new sport will be given followers of Scot athletics tonight when the Maryville Fencing Club opens its season against the foilmen of Knoxville YMCA. Scheduled to begin at 7:30, the meet will bring to the campus a sport centuries old, yet forever new in its modern application to college sportdom.

Two years ago, Warren Jones, former member of the fencing team of Chicago's Crane Junior College, introduced this sport to a group of Maryvillians, and an informal club for the promotion of fencing was organized. This year, additions to the club include William McGill, Joe Arrendale, Bob Brandriff, Jack Mahaney, George Felknor, and Wm. Cleaver.

Schedule Meet

Until this year, the Scottie fencers had been unable to find an opponent for a match. Learning lately that a team was being formed in Knoxville, they secured a match. The strength of the Knox aggregation is not known, but since its members are former college and university men, as well as independents, the match will be a severe test for the Scots. Jones and McGill are the only members of the team who have competed in large meets before this time.

Foil Is Weapon

Fencing today has been modified by the formulation of many rules. The only weapon that will be in use in the present match is the foil. Ten bouts will be held, each member on the team participating twice. Scoring is tabulated by two judges, who decide the number and priority of the touches. Touches are made with the point of the foil on the body, above the waist-line and below the line of the collar bone. Masks and guards are worn by the contestants to prevent injury.

The priority of the touches is also decided by the judges. The attack in fencing must be made by one man, and a defense made by the other. Only touches of the attacker are scored. A total of five touches wins the match, and final scoring is based on the number of matches won.

Jones, McGill, Arrendale, Mahaney, and Felknor will compose the Scot team for tonight. A return match with the Y team has been scheduled for next week, and will be held at Knoxville.

Throwers Men Wind Up Season

Maryville's grapplers ended their 1936 season with three wins and three losses, winning the state title in wrestling. Summary of this year's meets:

Maryville 8 .. Davidson 18
Maryville 6 .. Appa. Teach. ~~22~~ ½
Makryville 1½ Appa. Teach. 22½
Maryville 26 .. U-T ~~22~~ ½ 6
Maryville 21 Knoxville YMCA 11
Maryville 23 Knoxville YMCA 13

Nine Prospects Good As Practice Starts

Light indoor workouts featured the first week of Scot baseball practice as twenty-five men reported for the current season. Among those starting were ten lettermen.

Coach Honaker has a strong mound department this season, with Hand, Ashby, Collins, Atchison, Carl Evers, and Gabbard working out at prestnt. On the other end of the battery Glen Evers and Burris form a strong catching department. Holloway, Loessburg, and Coker return to strengthen the outposts, and in the infield veterans Cross, Blazer, and Odell are back. Several of the freshman aspirants are showing up well, and the season's outlook is of the best. The schedule of games for the nine will be completed soon, it was announced this week.

Joe Cortese is going to enter a hog-calling contest, and asks all his friends to come out and root for him.

Cagers, Matmen Are Served Joint Season Banquet

Letters Awarded to Fifteen Highlanders; Gullion Is Guest Speaker

Winding up the Highlander basketball and wrestling seasons, members of both squads attended a joint banquet Wednesday night in Pearsons dining hall. Blair Gullion, coach of the victorious Tennessee Vols basketball aggregation, was the principal speaker of the evening.

Toastmaster Lewis H. Black presided as the thirty-five guests saw Lee Hannah, star pivot man, elected captain of the 1936 Highlander cage quintet, and Leon Millsaps chosen as the leader of the wrestling squad.

Talks by President Lloyd, Coaches Honaker and Thrower, and the newly-elected captains filled in the balance of the evening.

Gullion Speaks

Speaker Gullion, commenting upon the Highlander basketeers, termed them "one of the most closely-knit and fast-playing quintets of the season." Gullion, opening his first year as coach of basketball and track at the University of Tennessee, secured for the first time in Vol cage history the title of Southeastern Conference champions.

Letters in both Scot sports were awarded. Those lettering were: In basketball, Hannah, Overly, Odell, Baird, Hulette, McGill, and Manager Dowell. In wrestling, Gamble, Millsaps, Propst, Dean, R. Meares, E. Meares, R. Battaglia, and Manager Remine.

Cup Race Closes With Theta Play

Cast Makes Final Preparations For Next Saturday Night

The Theta Alpha Phi cup race will close next Saturday, March 14, when Theta Epsilon presents Oscar Wilde's classic, "Lady Windermere's Fan." This play was Wilde's first attempt at the dramatization of "society lip" and its tremendous success launched him into the popularity that makes him one of Ireland's best-loved dramatists.

A well-secured cast will tread the boards in this last midwinter. The lead will be taken by Gloria Miller, new to Maryville audiences, but a widely experienced thespian, having played many important roles in radio dramatizations. She interprets the character of Mrs Erlynne.

The title role is being taken by Mary Gladys Brown and that of Lord Windermere, by Edmund Opitz.

Other members of the cast are: Glover Leitch as Lord Darlington, Wilson Leathers as Lord Augustus Lorton Deane Bell as the Duchess of Berwick, Robert Borcer as Cecil Graham, Minnie-Lou Chittick as Lady Agatha Carlisle, Mary Frances Dunlap as Lady Plymdale, Edith Nicolai as Lady Jedburgh, Irene Browder as Lady Stutfield, Belly Fell as Mrs Cowper-Cowper, George Greiner as Mr Dumby.

Alex Christie will be Parker, the butler; Margaret Armstrong, Rosalie, the maid; and Archie Pieper, Mr Hopper.

"Lady Windermere's Fan," as Wilde himself described it, is " a play about a good woman. It is a semi-tragedy played before the scientific background of London's "Smart Set."

The cast, under the direction of Mrs Nita E. West, has been engaged in intensive rehearsal for over a month.

Debaters Sweep

(Continued from page one)

tic decisions on the contests.

Returning Saturday afternoon by way of Asheville, N. C., the women debaters will engage teams from Asheville Normal college. This year makes the third year of attendance at the South Atlantic tournament by Maryville college debaters. Last year they won first place in both men's and women's divisions.

Pieper, Waggoner Win Over Carson-Newman

Arguing the affirmative side of the Pi Kappa Delta question, Archibald Pieper and Leland Waggoner obtained the favor of the judge, Dr. John B. Emperor of the University of Tennessee, in a dual debate with Carson-Newman college in the philosophy classroom last Saturday night.

Another team composed of James Badgett and Alex Christie presented the negative case at Jefferson City, but absence of the judge resulted in no decision.

In his comment upon the presentation of cases Dr. Emperor praised Mr. Pieper for his constructive speech, emphasizing the effectiveness of indirect reference to his original points.

Frosh Debaters Complete Briefs

The freshman debate squad, which has been working under the direction of James Badgett for two weeks, expects to have all briefs completed by Monday. Each freshman is prepared to debate either side of the Pi Kappa Delta question.

In preparation for the Phi Rho Pi Forensic Tournament on March 21 and 22 two practice debates were held with Hiwassee last Monday. Both of the debates were non-decision. Doris Woodwell and Curtmarie Brown represented the affirmative; and Ernest Crawford and Arthur Byrne, the negative.

SONG TITLES

"I started paying her attention, and now I'm paying her alimony."

"It always pays to be good but it doesn't pay much."

Tall Tales

As told to: FRANK E. HAGAN and ELMO SCOTT WATSON

Private Life of Jonah

IT WASN'T a whale which swallowed Jonah, theorizes Stanley Suchwalko, it was a big-mouthed fish in northern Michigan. His friend, Laddie Hornik, captured the monster in 1930.

Laddie inspected the fish, which had laid down its life while being hooked, gaffed and beaten over the head with a pair of oars, and couldn't decide what to do with it. The size seemed to destroy the fish's commercial value and imagine Laddie's surprise, says Stanley, when the first stranger to arrive bid a fabulous price for the fish's scales.

Laddie yelled "Sold!" Then he recovered his poise, sheared off the scales, counted the money and watched the stranger bear the scales away.

"What'll you do with 'em?" asked Laddie.

"I'm a spade manufacturer from Moline, Ill.," replied the buyer. "I've got material here for 6,400 spades of the best chilled steel."

Buyer after buyer paid staggering prices for different parts of the fish and Laddie, says Stanley, didn't get wise until a tremendous price was bid and accepted for the fish's stomach.

The stomach buyer immediately slit open the fish's belly and revealed the golden throne upon which Jonah had been seated during his long captivity.

"It's cheap at half the price," stated the buyer with pardonable satisfaction as he brushed a stray fin from his precious purchase.

ATHENIANS ELECT TONIGHT

The regular quarterly election of officers of the Athenian Literary Society will be held in Athenian Hall at 6:45 p. m. A short program will be presented.

There are those who dream of the fusion of right and wrong. The fancy they can live in some borderland right and wrong are so completely blended as to be neither the one nor the other. They would live in a moral twilight—an indefinable moment when day and night approach so very near as to be neither—and all in this moral world. They utterly forget that to be negatively good and morally wrong are one and the same. Were you to starve a man to death, or if you were to shoot him down, you have reached the same end. There is a sort of moral fusion—it brings confusion— It ends in the utter diffusion of self, so much so as to put no stamp on character at all. He who thus seeks to blend right and wrong, without maintaining their shade of difference, courts an existence as characterless as the ground on which he stands.

When you tell your best girl a secret sorrow it becomes a public lament.

The Highland Echo

VOLUME 21 | MARYVILLE, TENN. MARCH 21, 1936 | NUMBER 19

Majority of 70 Voices Approval Of Honor System

Staff Survey Shows 300 Indifferent to New Proposal

The small group of 70 persons today marks the scant majority by which the suggested installation of an Honor System gained the favor of student opinion. Three hundred more don't care.

The college-wide poll was conducted during the past two weks by Highland Echo staff members in response to inquiry made by Frank Atchison, Student Council president.

It is thought that Council will begin action on the proposal this week.

Choir Rehearses Gaul's 'Holy City'

Oratorio Marks Observance Of Lenten Season

The Vesper choir is now engaged in concentrated rehearsals for the presentation of the oratorio by A. R. Gaul, "The Holy City",, on the evening of March 29.

Each year the choir presents a program of Easter music at the vesper service immediately preceding the spring holidays, and this year the musical observance of the Lenten season will be especially impressive because of the selection of this well-known and effective oratorio.

The composer-organist, A. R. Gaul. was born in Norwich, England, in 1837. He was early in life a chorister in Norwich Cathedral, and afterwards an articled pupil and assistant to Dr. Buck. He held the post of organist successively at several important Cathedrals. In 1863 he took the degree of Mus. B. at Cambridge, and was soon afterwards appointed conductor of the Walsall Philharmonic Society: He tought harmony and counterpoint at the Birmingham and Midland Institute, and other places.

His works, the superficial fluency of which has won them a wide popularity, include "Hezekiah,,' "Ruth", "The Holy City", Gaul's best known work), "Joan of Arc", "The Ten Virgins", "Una", , and "Israel in the Wilderness". Some Passion music, many psalms, hymn-tunes, chants, part-songs and some pianoforte pieces, are also included among his compositions.

CLASS OF '29 TURNS BUILDER AS NEW SIDEWALK PROGRESSES

For the past few days work has been progressing toward a new cement walk between Thaw Hall and the Post Office. The new walk will be an eight-foot wide continuation of the walk from the chapel to the Post Office. Its construction is made possible through contributions made by the class of '29.

Work has also been started on the walk from Carnegie to the chapel. The present one will be extended to the chapel.

BAINONIAN SOCIETY INSTALLS EIGHT NEW OFFICERS TONIGHT

President—Martina Robison
Vice President—Elizabeth McNamara
Secretary—Arlene Fuller
Program Secretaries — Winnie Berst. Jane Brown
Poster Chairman—Dean Brown
House Chairman—Joy Pinneo
Sgt.-at-Arms—Sue Tipton

Make It Toast, Tea and Milk

By LOIS BLACK
(Echo Special Writer)

The World War, to most of us, is an event to be studied in history, about which we have little first-hand knowledge, and in which we are thankful to have had no active part. Certainly it is hard to imagine that the hysteria of the War could ever have invaded Maryville college. But, according to Miss Jewell, who was even then instructor of history here, the College played its active part in the nation-wide program of war.

Immediately following the declaration of war, President Wilson sent a letter to the Secretary of War at Washington, offering to transform the college into a military training camp. In reply, the department sent a Lieutenant Cleaveland to take charge of the forming of an R. O. T. C. unit, and the college was placed under military command.

Epidemic of Flu

Lieutenant Cleaveland was a man of iron will, who did his duty where he saw it. And when, after he had been in charge a few days, a severe epidermic of flu broke out, the Lieutenant saw his duty in personally supervising the running of the infirmary.

"There is only one way to kill the flu," he is quoted as saying, "and that is to starve it." Accordingly, he issued orders that all people on the Hill, both the sick and the ravenously well, were to have tea, toast, and milk for breakfast; toast, tea, and milk for lunch; and milk, toast, and tea for supper.

"And," said the Lieutenant dryly, "if they get hungry, give 'em toast and tea and milk." And for weeks these starvation rations were all the food that was had. It was a military mis-

Plant Preserve Shows Results After Steady 2-year Growth

Juniors Publish Next Issues

In keeping with the program of publication as outlined by the constitution of The Highland Echo, the junior associate editors will supervise publication of the next few issues.

Next Saturday the editorial duties will be assumed by Bernice Gaines, activities editor. Miss Gaines, during her three years as a staff member, has won respect from her editors for efficiency as a news writer and editor. Last fall she received the award for the outstanding news story written up to that time.

John Magill Arranges Musical Interpretation Of Story Of Christ

John Magill, Maryville freshman and member of the Vesper choir, will present a specially arranged program of sacred music this Sunday evening, March 22, at seven o'clock in the Northern Methodist Episcopal church.

The program will be in the form of a "Musical Interpretation of the Story of Jesus." It is arranged in three parts:

I. Hope of a Messiah
  1. The annunciation
  2. The nativity
II. His Youth
  1. Ministry
  2. Triumphal entry
  3. Passion and crucifixion
  4. Ressurection
  5. Ascension
III. The Challenge of His Life
  1. Jesus' call to us
  2. Our answer
  3. Christ in the lives of others
  4. My task

The music, based on actual scriptural passages about Christ's life, has all been complied by the singer himself.

Although new to Maryville's musical activities, Magill has had much previous experience in church music, having sung in the a capella choir of the All Saints Episcopal church in his home city, Worcester, Mass.

Gift Of Mrs Walker Proves Invaluable to Botanites

In the spring of 1934 Mrs John Walker financed the preparation of two and one half acres of the college woods between the Amphitheatre and the home of Dr Stevenson for a plant preserve known as the College Botany Garden. Since the college woods is rich in different species of plants and also offers an excellent habitat for plants which can be introduced, this is immeasurably valuable for the words of the botany classes.

The only botany class whose regular work can include the stocking of the garden with new species is the taxinomy class. Since this class is scheduled for only one semester each two years, the work necessarily has been slow, but definite progress has been made. The garden has been surveyed and mapped; many species of plants have been brought in and the survey of all the plants growing in the garden is becoming more nearly complete. Soil and rocks for rock gar-

Miss Henry Reports Very Successful Trip

Word has been received that Miss Clemmie Henry, Director of Student-Help, who is traveling in the north-eastern states in the interest of establishing a rotating loan fund for Maryville students, is having a very successful trip. She has visited in many of the New England states, and will spend some time in New York and Washington, D. C., before her return

Maryville Well Represented At Philological Meeting

Maryville college was well represented at the annual meeting of the Tennessee Philological association held at Murfreesboro on March 6 and 7. attending the sessions were Professors Heron, Jackson, Johnson, Hunter, and Shine representing the English department, and Professors Bassett, Wilkinson, Collins, Davis, and Smith representing the department of languages.

Professor Shine reported that Dr. Hunter's paper on one of the Shakespearian plays was very well received and that Miss Jackson's paper, "Some Remarks on Dictionary Making" was the most discussed paper at the meeting. Dr Shine delivered the third paper of the Maryville group entitled "Carlyle's Ideas about the Relation between Poetry and History up to Early 1832."

Lecturer Opdyke To Speak Friday

Will Meet Combined Classes For Talks

On next Friday and Saturday, March 27th and 28th, George Howard Opdyke, M A., Ph. D., noted author and lecturer in the field of art, will be a guest at the College and will give several addresses.

Dr. Opdyke is coming under the auspices of the American Institute of Architects and the Carnegie Corporation. He is at present on a lecture tour among southern educational institutions. Through the courtesy of the American Institute of Architects a certain amount of his time was offered to Maryville college.

To Speak at Chapel

Dr. Opdyke will speak at the chapel service on Friday morning probably on the subject "The Influence of Art in Education." During the two days he will meet a number of combined classes or small groups. Announcement of his schedule will be made at chapel.

Dr. Opdyke is author of one well-known book, which is in our college library. The book is "Art and Nature Appreciation."

He has for a number of years spoken widely at universities and colleges through the country and at such summer schools as that at Harvard. He is not a professional artist but is really a business man whose ability and interest in the field of art led to his giving attention to writing, study, and speaking in this field.

GLEE SINGERS OFFER MUSIC AT EVERETT HIGH SCHOOL

Maryville college Glee Singers will offer a program of music, consisting of two choruses and a comic operetta, at Everett High School, Maryville, on Friday evening, March 27.

The operetta, "Captain Van der Hum" by Rhys-Herbert, is a comical "Piratical Tale in Two Rope's Length." Following the concert, the Singers will stop at the home of Mrs. Snelson for sandwiches and coffee.

MALE QUARTET TO SING

A male quartet, consisting of Stuart Snedeker, Fred Jewett. Donald Rugh, and Even Renne will sing at the University of Tennessee alumni banquet to be held in New Providence Presbyterian church Tuesday night.

Teams Chosen For College Entry In National PKD Meet

Will Leave Wednesday For Debates With Colleges In Louisiana

Two picked teams of debaters will represent Maryville college in the National Pi Kappa Delta conference held this year from March 30 to April 3 at the Rice Hotel in Houston, Texas.

The teams are composed of Mary Gladys Brown, Roberta Howie, Paul Hartman, and Archibald Pieper. Besides debating the regular Pi Kappa Delta question, each member of the teams will enter in some other form of forensic competition. Mary Gladys Brown will give her "Feast of the Ages" in the women's oratory division, and Archibald Pieper will present his oration "Marching Feet" in the men's Paul Hartman and Roberta Howie will try for ex tempore honors.

Meeting King college here tonight Leland Waggoner and Richard Schlaffer will uphold the affirmative side in a debate on the Pi Kappa Delta question. A negative team composed of Walter West and James Wilson will meet King at Bristol at the same time.

The teams will leave with Professor Queener on Wednesday, March 25. Wednesday night they will debate in Birmingham, and at Spring Hill, Alabama the next night. On Friday the squads will meet Loyola University in New Orleans and Louisiana Institute at Lafayette on Saturday.

The return trip will contain only one stop, when the teams will debate Union college at' Jackson, Tenn.

Frosh Debaters Enter Pi Rho Phi Tourney

The freshman debate squad left Thursday noon, on their trip to Hiwassee to take part in the Pi Rho Phi Forensic tournament there. This trip is the culmination of two weeks of hard work under the direction of their coach, James Badgett. The tournament is intended for Junior colleges alone, but the Maryville freshmen have been allowed to enter on the condition that any places won will not be accepted.

Those attending the tournament are Doris Woodwell, Curtmarie Brown, Ernest Crawford, Arthur Byrne, Thelma Mider, Catherine Pond, Etta Culbertson, Louise Murphy, Bruce Morgan, George Felknor, William McGill, and Raymond Nelson.

Women's Teams Defeat Tusculum

Two Maryville women's debate teams swept to victory over Tusculum in exchange debates last Monday night. A negative team, composed of Helen Maguire and Virginia Pennington, defeated a Tusculum affirmative team at Tusculum.

In the debate at Maryville, Lois Black and Minnie-Lou Chittick, affirmative, defeated the Misses McCarry and McCloud of Tusculum.

Professor Moorehouse, of Knoxville college, who acted as critic judge said that Miss Chittick's brilliant rebuttal easily won the debate for Maryville.

Berrere's Little Symphony Concludes Knoxville Concerts

The last of the Knoxville Community Concerts will be given Tuesday evening, March 24, at the Lyric Theatre.

Berrere's Little Symphony will complete the season's repertoire. An announcement will be made later concerning the time of departure.

Maryville College High Schoolers

One of the outgrowths of the great American urge to collect butts and trifles of minute matter for storage in empty trunk trays and attic corners manifested itself on the Maryville campus last week during the advertising program carried on by Theta Epsilon society.

The upshot of this adolescent urge was that many of the artistically drawn posters used by Theta to depict features of their midwinter production were cut down or disfigured before they had hardly accomplished their purpose.

In the grammar grades we forgive the lad who tramps gutters for bits of string and old nails. We say that he is curious, and curiosity is a sign of intellect. Again in high school we respect his collection of pencil stubs and chalk, feeling that in time he will grow out of it. In college, however, we give this petty urge another name. We call it pilfery.

String picker-uppers and chalk collectors won't mind this editorial, but what will the pilferers who stole Theta Epsilon's posters have to say?

Diadactic Dissertations

By ELLIS HILL

The cow is a female quadruped with an auto horn voice and a face in which there is no guile. With help from the pump she produces a liquid called milk. She also provides the filler for hash and at last is skinned by those she has befriended, as mortals commonly are. The cow's child is called a calf and is used mainly for the making of chicken salad. The tail of the cow is mounted behind, has a universal joint, and a tassel with which to switch disturbing flies. All of a cow's teeth are parked in her lower jaw. As a result, she bites up and gums down. The male cow is called a bull and is lassoed in Texas, fought in Mexico and slung in Washington, D. C. A slice of cow is worth 4 cents in the cow, 14 cents in the hands of the packers, 35 cents at the butchers, and $2.40 in toney resturants.

The Weakly Filibuster

By SENATOR HEGNER

Two years ago when I took that course "How To Become An Actor" I had no idea that fame would follow so swiftly on the completion of my course. Those six lessons were difficult and the last one cautioned me not to expect offers too soon. For many months I trod the boards in booking offices, and finally in desperation came to Maryville. Recognition was hard to gain, but only a month ago my dreams at last came true. An offer!

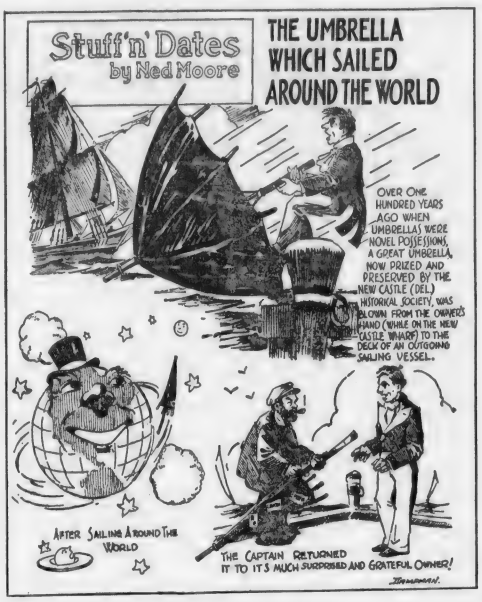
Clara Balcom approached me and in a striking tone said— "We want you for May Day." I quicked back with "Queen or nothing." However, I reconsidered and decided to hear out the offer of the lady. While preparing myself to accept a title role, I heard Clara say— "We want you to take part in the French episode. All you have to do is lead a cow, wear a French costume, and keep your mouth shut." It took them two days to scrape me up from the floor.

In spite of such a blow to my pride, you shall see me at May day, providing some impresario doesn't like the way I lead a cow or changes the script to include a mule. Wearing the costume of a French peasant and with my shanks unbared to the piercing winds of May, I'll lead the cow in a south France manner, and perhaps I may even drag on a north France pipe. Perhaps. All northern papers please copy.

* * *

Once again that time of the year rolled around when the doors of the Philosophy classroom were silently closed and the assembled Mohammedans awaited the call to prayer. Over the heads of the crowd rolled the solemnly peculiar chant of Muezzin Lloyd calling the faithful to turn toward Mecca. So true was the call that many bent to the floor to remove their shoes. Silence was so noticeable that the dropping of a pin would have sounded like the crash of a dollar watch on a hardwood floor.

* * *



Mr. (N. J.) Maninano asked permission from Dr. Campbell to write a paper on the history of the Socialist Party. "But don't think I'm a Red because I take that subject" meekly said Louis, the pride of the North.

"Oh no," responded Dr. Campbell in a silky-voice "you are a student seeking the truth!" If you find it Louis, don't let it bite you.

Shakespeare is a good author. I read all of his stuff as soon as it comes out.

Campus Short Notes

A group of thirty junior high school students, under the sponsorship of the college N. Y. A. workers, presented the operetta, "The Enchanted Island," with themes adapted from the works of Chopin, at the High School, last night. Those from the college in charge were William MacCalmont and Charlotte King, directors; Robert McKibben, stage manager; Kathryn Adams, pianist; and Earl Short, assistant stage manager. It was the first performance of such an operetta by Maryville Junior High School students.

Mrs. Addie K. Proffitt returned over the past week end from a trip to Oklahoma and resumed her duties as matron at Baldwin hall.

Leland Shanor, a member of the class of 1935 and former president of the Student Council, is spending a few days on the campus. Mr. Shanor is now a graduate student at the University of North Carolina.

The long continued epidemic of flu seems at last to be abating. During the past two weeks Marvin Minear, Evan Renne, Mary Barnett, Letha Madge Royce, and Blanche Webb have been discharged from the hospital, while the only present occupants are Helen Bobo and Henry Swain.

AUTOBIOGRAPHY

Alex was born in a revolving door and has been going 'round in circles ever since. On every birthday his father used to give him a kick in the pants. He spent so many years in the kindergarten that the other pupil's mistook him for the teacher. He was the cleanest boy in school. When he turned in an exam paper it was spotless—it didn't have a word written on it.it. When he was 16 he got a job on the stage. He had to say "Hail, hail" when the hero came in, but he got all balled up—he forgot which "hail" came first.

He is the guy who wrote Washington for a patent on his wonderful idea of cutting the expense of honeymoons in half—by leaving the bride at home.

Everybody felt sorry for Alex because he was so dumb, but today, that dumbell has a Rolls Royce to match each necktie and hires a window cleaner by the month to polish his diamonds.

ORCHID DROPS HARD

Noting the shower of orchids that lately has descended upon the protegees of Coach Honaker, past and present, we pause to recount the doing of another Highlander alumnus. Catching Coach with a sly grin on his face the other day, we asked for causes and were handed a letter.

Said that epistle, in part . . . due to the coaching class under Mr Honaker at Maryville, I have been able to develop teams that won the 17th district tournament (in basketball) . . . the boys played the Maryville type of ball." Came from Blondie Lampe ('34).

I looked at Coach. He didn't even blush. Ungrateful. Thanks for the letter, Blondie. Glad you're doing well.

* * * *

FAST MEN WITH FOILS

What seemed at first to be but the opening of a new sport session the other night turned out to be a flashing exhibition of super-speed and coordination. Though the men at Maryville emerged with the small end of the score, the fight that they put up was an indicative hint of what would happen in the return meet with the Knox Y.

We hear now that Coach Warren Jones is pulling for a triangle meet with the Y men of Chattanooga and Knoxville to take place here. Here's hoping, Jones!

* * *

CONFERENCE BASEBALL FLASH

Around the conference grapevine comes the word that Milligan, strong contender for conference honors in basketball, is returning to the field in baseball this season. For several years this sport has been off the Buffaloes' slate. The Milligan aggregation is not known at present, but reports are that material for a tough nine is available. Cumberland is also slated for a nine. Tusculum, Appalachian State, and Cullowhee have not decided as yet concerning teams this season. King is definitely not participatng.

Meeting of Fencing Squad

All those nterested in fencing are invited to attend a meeting in the wrestling room in Bartlett, at nine o'clock tonight. Plans for the continuation of the fencing club as a permanent organization will be discussed.

I get presents for my singing. I make lemonade out of them.

Toast, Tea, and Milk

(Continued from page one)

demeanor to leave the campus without permission, so no help could be obtained from town. Then one day an ill-fated bakery truck rolled onto the Hill. When it left, some time later, it was propelled by power other than its own, and the baker was hurling invectives at the "thieves", as he called the Maryville college people.

Many students, of course, left school

Students Entered Service

to go at once into branches of service. Sam Franklin was one of the first to go, as was Dr. Wilson's son. Numbers of boys from the city of Maryville enlisted, and the fever pitch of excitement was no lower in Maryville than anywhere else.

Came the rumors of Armistice, and on November 12, at 2 a. m., sleeping Maryvillians were roused by the ringing of church and college bells, and the insistent screaming of the Aluminum Company whistle. The word flashed from person to person that the treaty had been drawn up and that Maryville's enforced militarism was soon to end. There was no further sleep that night, for Maryvillians kept vigil with all the world in thanksgiving that the terrible war was through.

Early the next morning, the R. O. T.

ROTC Parades

C., with the band and accompanying citizens, marched through Maryville. The parade ended at the chapel, where Dr. Wilson led the services. Sympathy for him was expressed on all sides, for it was known that the command to "cease firing" could not have reached all along the front in time to keep many men from carrying out previous orders, and Dr. Wilson's son was known to be in the field of action. Several days later, when the Wilsons received a letter from their son, the message was that his detachment had been ordered "over the top" at 12 o'clock midnight, and that at 11 the word had come to "cease firing". All along the front the message was the same: "The Armistice has been signed; no one is to go over the top; absolute silence is to be maintained."

A very few days later military rule evacuated Maryville, and the college began a slow struggle back to normalcy.

A long time ago—yes. But it is a little heart-warming. and it makes us love her just a little more, to know that when our country, in need, sent out a cry for help, Maryville did not fail.

Smokies To Use Ruble on 1936 Basketball Squad

Former Scot First-Sacker Comes to Smokies from Birmingham Nine

By EDWARD THOM
(Echo Staff Writer)

Arthur "Speedy" Ruble, former star first baseman for the Highlander diamond men has been bought from the Birmingham Barons by the Knoxville Smokies, Southern league ball club, it was announced this week.

Speedy began his professional career playing for the Knoxville club of the old Appalachian league in 1924. He left Knoxville when the Appalachian league dissolved in 1925 and joined the Charlotte club of the South Atlantic league. Detroit bought him from Charlotte and he played ball for several years for Detroit and Toronto. Then he was traded to Toledo. From there he went to Minneapolis, playing for that club in 1932 and '33, and winning the batting championship of the American Associaton in 1932.

In the spring of 1934 Minneapolis sold Speedy to the Philadelphia Nationals. In the same year the Phillies traded him to Cincinnati, and Cincinnati traded him to Sacramento in the Coast league. In 1935 he was bought by Birmingham.

Although a natural outfielder, Speedy played first base during his two years at Maryville. He was all round baseball man. Coach Honaker describes him as the best natural hitter ever to play for the Scotties. At a game with Georgetown college in 1923, he walloped the pill seventy yards on the other side of the left-field fence for a total distance of well over four hundred feet.

In a baseball game in 1932, two men who would later be major league performers played against each other. One was Ben Cantwell, playing for the University of Tennessee. For the last nine years he has been with the Boston club. The other was Speedy Ruble, playing for Maryville.

Scots Lose First

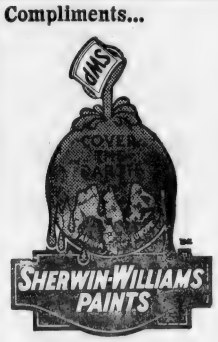
In the opening match of the current season, the Scot foil wielders bowed 22 points in winning four of the five scheduled matches. Captain Jones of the Scots was the only winner of a match, the Highlanders amassing 18 counters.

Jones (M) 5	Deming (Y) 2
Goddard (Y) 5	Felknor (M) 4
Webster (Y) 5	Arrendale (M) 3
Lincoln (Y) 5	McGill (M) 3
Nelson (Y) 5	Brandriff (M) 3

Scot Swordsmen Top "Y" Fencers In Second Meet

Jones, Arrendale, Brandiff Win; Scotties to Seek Third Match Soon

Following the priemiere of Scot fencing, which the Scottie swordsmen dropped to hte Knoxville Y aggregation, the Jones boys came back to take a return match with the Y fencers there last Saturday night. Jones, Arrendale, and Brandriff won their matches to clinch victory for the Highlanders, 3-2.



The Knox foilmen counted 22 points in touches to top the Scot total of 18. The Knoxville aggregation is one of the proposed teams to participate in a triangle meet here. The YMCA at Chattanooga has also installed a fencing squad, it has been learned, and efforts are being made by Captain Jones to schedule a meet with the two Y teams to take place later in the season.

Summary of the match:

Arrendale (M) 5	Deming (Y) 4
Jones (M) 5	Goddard (Y) 4
Webster (Y) 5	Felknor (M) 1
Lincoln (Y) 5	McGill (M) 2
Brandriff (M) 5	Nelson (Y) 4

Incongruities: Coach Badgett deeply engrossed in the Presbyterian Banner; debate meetings at 6 o'clock in the morning, Paul Fox's flashes to that Knoxville newspaper.

Alpha Gamma Sigma Recognizes 12 Today

The chapel service this morning was devoted to the intiation of new members into Maryville's honor society Alpha Gamma Sigma. The membership is limited to ten per cent of the graduating class. Requirements are comparable to those of Phi Beta Kappa, being a 6.5 average.

The members of this years graduating class receiving the distinction of membership were Jane Baldwin, Edwin Best, Alex Christie, Duncan Crowley, Michael Fogaris, Robert Johnson, Elizabeth Kunkel, Robert Ledwick, William Quigley, Elizabeth Reimer, Edward Scott, and Catheryn Smith.

Dr. Knapp, Prof. Lagerstedt, Prof. Hunter, and Prof. Collins having graduated from their respective schools as Phi Beta Keppa's automatically became members of the Maryville society. Miss Mary Sloane Welsh and Miss Viola Lightfoot were elected because of high standing at their graduating here in '34. Prof. Basset, President Lloyd, and Dr Hunter, Secretary of the society, were also elected to membership.

Weakly Filibuster

(Continued from page two)

about good old Colonel Hungah, whose presence on the campus has been noted in the last few months. In honor of that stout old veteran of many wars, famines, and lockouts, Eddie suggests that a suitable memorial be dedicated. He gave the matter real thought and suggested that the new road around the campus be known in the future as Hungah Drive.

* * *

Tough luck about Catherine Smith. Just as she was getting somewhere with Lance Staley in Theism, Dr. Lloyd moved Staley and put Jim Wade in his place.

* * *

Why Miss Hunter, I'm surprised at you! Don't you know that this is not the open season on movies? This is the closed season and the bag limit is only two couples. That man I saw the other day with the badge may be the game warden, and perhaps he is looking for you. But don't you worry, I'll go your bail.

It is interesting to know that Ruth McCampbell's mother was in the same class at Knoxville High with Clarence Brown, the director of the movie—"Ah Wilderness."

Defeat is only a reason for exertion.
We shall do better next time . . .
—GEORGE WASHINGTON

George Washington was not a brilliant man, but he was steadfast. In the early battles of the Revolution, he was not a great general. But he kept doing better each time, and when he finally received the sword of Cornwallis, he had become one of the mightiest military figures of history.

The life of George Washington is an inspiration for every American. He has shown us how to fight our small battles of everyday. He tells us to take each defeat as the signal for renewed effort. He advises us to learn from our difficulties—"to do better the next time."

Fields Accepts Chair at Ohio Wesleyan University

Dr. Fields Gives Impetus to Growth of Department

By BRYAN PAYNE

In the fall of 1936, ten years after his graduation from that institution, Dr. Paul E. Fields will go to his Alma Mater, Ohio Wesleyan university, as Professor and Head of the Department of Psychology. Four of those ten years have been devoted to the almost phenomenal development of the Department of Psychology at Maryville college.

The tale is one of expansion in every respect.

Coming to the College in the fall of 1932, Dr. Fields, with the collaboration of Miss Gamble, commenced immediately to build upon the foundation already so firmly laid by the late Dr. Barnes. From the three-room accomodations located in the west end of Thaw hall, the department spread into the rooms now known as Dr. Fields' office, and, later, down into the comparative laboratory section in the basement.

With the increase in space came the desirability of additional equipment. From the approximate valuation of $3,500 placed on the apparatus at hand, the total possessions mounted through increased appropriations until the value now is nearly $6,000.

The division of comparative psychology experienced a more humble genesis. From the few animal cages located in the upstairs office, the section soon moved to larger quarters in the basement of Thaw. Largely through the work of Mr. Saint, under the supervision of Dr. Fields, many types of apparatus designed for the investigation of learning in the albino rat were constructed from the raw material at hand.

With expansion in both space and equipment came an increase in student enrollment. From the total of two majors in the department, the personell has been increased to twelve students, some of whom are contemplating graduate study in psychology.

Many experiments of scientific value have come from these students. Among these are the work of Clark Lathan, who made a comparative study of rats and humans in maze learning; the Orr Poetry Test and associated studies by Donald Harris and Fern Metzger; the work of Clifton Moore,

Accepts

DR. FIELDS

Has Built Up Local Psychology Department to Place Of Recognition Among Those of State

President Lloyd today released the following announcement:

"Dr. Paul E. Fields, for four years Professor and Head of the Department of Psychology and Education and for three semesters also Dean of Men, at Maryville college, has resigned his position here to accept the position of Professor and Head of the Department of Psychology at his Alma Mater, Ohio Wesleyan university, Delaware, Ohio.

"Dr. Fields has been a successful and popular teacher at Maryville, and not only has impressed many with his excellent scholarship but also has built up the department of which he is head until it holds a recognized place among colleges of the state. The comparative psychilogy laboratory compares favorably with any in the South.

"Dr. Fields came to Maryville in September, 1932. after two years of work as a Fellow of the National Research Council; he had been for some two years at Leland Stanford university, had visited a large number of the Psychology laboratories throughout the United States, and had become well known by his experiments and his writings. He received his B. A. and M. A. degrees at Ohio Wesleyan university, and his Ph. D. degree at Ohio State university. During his service at Maryville he has published a number of articles and has supplied one of the chapters of an important book on Comparative Psychology. He is counted one of the most brilliant of the present younger psychologists.

"Ohio Wesleyan university, to which Dr. Fields will go in the fall, is a coeducational institution of about fifteen hundred students and is related to the Methodist Episcopal church.

"Dr. Fields is a man of charming personality, excellent ability, and strong character. He, and Mrs Fields, will be missed at Maryville by a large circle of friends among both students and faculty."

Theta Epsilon Wins Dramatic Honors

Wilde's Play Gains Favor Of Cup Committee

Theta Epsilon society, with her presentation of Oscar Wilde's play, "Lady Windermere's Fan," as the season's midwinter production, will receive the Theta Alpha Phi Cup Award, it was announced by the committee this week.

Four to one, the committee judged the Wilde play best in all phases, selection cast, publicity, and presentation. The cast included Eddie Opitz, Mary Gladys Brown, who played the leading roles, Gloria Miller, Deane Bell, Glover Leitch, Wilson Leathers, George Greiner, Minnie-Lou Chittick, Mary Frances Dunlap, Robert Borcer. Edith Nicolai, Archie Pieper, Irene Browder, Betty Fell, Margaret Armstrong, and Alex Christie.

Orators Prepare For State Meet

An oratorial contest, in preparation for the state oratorical meet to be held at Vanderbilt University, Nashville, April 10 and 11, took place Tuesday afternoon in the philosophy classroom. The orations were those of the peace division. James Wilson, winner of last year's Bates Oratorical contest emerged the victor. with his speech, "The Great Deception." Second place was taken by Mary Gladys Brown. Others participating were Donald Hallam, Walter West, and Fred Young. The judges were Miss Johnson, Dr. Hunter, and Dr. Campbell. The winner will represent Maryville in the state contest at Vanderbilt.

Art Authority Lectures

Dr George Howard Opdyke of new York City, lecturing under the auspicies of the American Institute of Architects and the Carnegie Corporation, spoke at the chapel services yesterday. His itinerary for this season includes the colleges and unviersities of the South. He is a noted authority on art appreciation. Dr Opdyke spoke in chapel on "The Importance of Art in Education." He gave three lectures during the remainder of the day to individual groups. " What is Art?," "Nature Appreciation," and "The Esthetics of Dress."

The Glee Singers will present their concert at Loudon. Tennessee, on Friday, April 3.

Junior Editors Publish Echo

In accordance with the constitution of the Highland Echo, each staff member of junior ranking shall supervise the publication of one issue of the paper. This issue is the result of three days of concentrated worry on the part of the Activities Editor. We don't mind getting our fingers blackened with printer's ink, but this business of writing an editorial has us down and out, And after we undergo all that agony, only the type setter and the proof reader scan beyond the first sentence.

Next week's Echo will be in the hands of Edward Thom, Associate Activities Editor, who has distinguished himself in Maryville literary society as a capable and effective author. Mr. Thom has been a member of the Echo staff for three years, and it is with pleasure that we turn over to him the editorial pen.

Varsity Debaters Have Full Program

Four senior debaters, Mary Gladys Brown, Roberta Howie, Paul Hartman, and Archibald Pieper, left Wednesday for the national Pi Kappa Delta convention in Houston, Texas. The debaters were accompained by Professor Verton Queener, who is provincial governor of this province.

Debate With King

Last Saturday night in a dual debate with King college Maryville lost one contest and won the other. The negative team, Walter West and James Wilson,debated at King and won the decision there. The affirmative, composed of Leland Waggoner and Richard Schlafer, debating at home, lost.

Dual Debate on Tuesday

Two Maryville teams will meet Vanderbilt University in a dual debate on Tuesday evening. The two debates will be held simultaneously. A women's team, Virginia Pennington and Helen Maguire, will represent the negative side of the Supreme Court question in the Philosophy classroom. David Maas and Richard Schlafer will uphold the affirmative ni Dr. Fields' classroom.

Choir Presents Lenten Oratorio

Competent Artists Will Interpret Solo Parts

At 7:30 tomorrow evening the Vesper Choir will sing A. R. Gaul's oratorio, "The Holy City," in observance of the Lenten season. Solo parts will be taken by Calista Palmer, Harriet Barber, Lilian Borgquist, Carl Wells, Don McArthur and John Magill, all well known and competent artists.

The music of the oratorio combines power and ethereal sweetness, majesty and cherubic harmonies. Probably the best known selections are the sanctus, "Holy, Holy, Holy," which is often used as a response, the quartette, "No Shadows Yonder," and "List the Cherubic Host," arranged for women's voices with a bass solo. The very embodiment of hope is contained in the chorus, "They That Sow in Tears Shall Reap in Joy," a beautiful, and somewhat tearful refrain. "Let the Heavens Rejoice," with its precision and volume, involves the use of a double choir. In the final chorus, "Great and Marvelous are Thy Works," and the protracted amen suggests the sublime majesty of the final chorus in Handel's "Messiah." The entire oratorio is beautiful and impressive, and well worth the attendance of the entire student body.

Eminent Scientists Address Psych Seminar

The Psychology department was host in a seminar Thursday evening, to two eminent psychologists, Dr. Grey of Johns Hopkins university and Dr. Haselrud of the Orange Park (Florida) station of the Yale Institute of Private Biology.

Dr. Grey spoke on the "Effects of forced activity on maze—learning in white rats." After explaining the maze, the animals, the method of forced activity, and the comparison of the experimental and control groups, Dr. Grey discussed the conclusions of the experiments, which were just appreciably positive in favor of the fatigued animals. Dr. Haselrud, who works in the Chimpanzee colony at Orange Park, spoke of the observations on the animals as to fears, insight, altruism, cooperation, and differentitation of intelligence by age. Both Dr Grey and Dr. Haselrud are at present at the University of Tennessee.

Frosh Debaters Get Experience

Twelve Freshmen Take Part in Tournament

Twelve freshmen debaters, under the direction of James Badgett and Mrs Verton Queener, journeyed to Hiwassee college for the district Phi Kro Pi convention last week.

At the convention, which lasted from Thursday through Saturday, the freshmen debated seven times against experienced junior college debaters. Since Phi Rho Pi is a junior college fraternity, however, Maryville could not win the tournament, but was merely allowed to debate, to give the freshmen experience for next year's varsity squad.

Plans are now under way for a freshman debating tournament between Maryville, King college, Wingate, Hiwassee, and Carson-Newman next Friday afternoon and evening. If the present plans are completed, all the teams will participate in three debates each, two in the afternoon and one in the evning after the varsity debate scheduled for that time.

College Orchestra Features Contralto

Varied Program Includes Herbert, Schubert

The annual concert of the Maryville college orchestra will be given Friday evening, April 3, at 8:15 in Voorhees chapel. The twenty-five piece orchestra, conducted by Miss Mildred Butcher, has been undergoing intensive rehearsal for several months in preparation for its first appearance alone this season.

The distinguished Knoxville contralto, Lelia Leslie, remembered by Maryville audiences for her beautiful interpretation of the recitatives in Handel's "Messiah" last Christmas, will appear with the orchestra as guest artist. She will be accompained by Knoxville's leading pianist, Professor Frank Nelson.

The program covers a wide range of selections well adapted to the tastes of a college audience: the muisc from Victor Herberts's comic opera "Mademoiselle Modiste," including the ever popular "Kiss Me Again," the melodious overture "Rosamund," by Franz Schubert. selections from Richard Wagner's immortal music-drama, "Tannhauser," the beloved "Blue Danube," by Strauss and many others. In addition, a very novel and

School Spirit

Honors system agitation has been the concern of the Student Council for several years. The results of the poll published in last week's Echo indicate that Maryville students as a whole are not favorable to this proposal, or that Maryville is not now ready for such a system. This program has been, and is effective in institutions having problems more formidable than ours, and in colleges similar in type and size to Maryville. It is granted, of course, that the system should be modified in order to meet Maryville's needs, and perhaps a statement of these modifications should have been included in the proposition on which the poll was taken.

Before attaining the goal of an ideal student government, we should have to undergo the transition period which follows any change. But the first step would be the cultivation of a student spirit which would make this innovation possible. There would follow, then, gradual steps toward a student government which would be effective and valuable.

Educational institutions are made, or unmade, by their students. If we, as a student body, can show ourselves ready to cooperate with organizations and individuals who can and will work toward our goal, we should soon find fewer conditions about which to complain, and should leave behind us a more desirable college life for Maryville posterity.

In politics the pains of glory lead but to the gravey.

The Weakly Filibuster

By SENATOR HEGNER

High in his tepee atop Carnegie sits big chief "Sockemwithanaxe" Steakley, last of the tribe of hatchetmen. In the olden times scalps were recorded by adding machines or by notches in guns or knife handles. This modern chief records his killings with a soft pencil on the wall of his tepee. In fact at the same spot he keeps a record of the number of times that he drops his watch! To get back to the tale, Chief Steakley used a trap for a time but discarded it because of inefficiency and now kills mice with a deft swing of the hatchet. In two days this nomad chalked up no less than 11 rats and mice. Pretty good hunting for early spring. Flash, flash and ful-lash! ! Just this minute the Senator looked under the radiator where sits the Chief's old trap, yippee, and what do you think he found? Zowie! A real mouse, kotched and daid! The thrill that comes once in a lifetime! (Editor's note: Hegner's tetched in the head.)

* * *

Patch my britches, patch my britches, Pettit's tetched in the head! That accomplished seamstress endeavored to repair his pants with needle and thread. To his surprise when finished he found that he had sewed the pants to the cover of the table. Counting ten and ripping off a hearty " dad-burn-it" he tore the two apart. In the next letter home he will probably ask for a tire patch outfit or a pressure riveter.

* * *

At a recent debate banquet the managing editor and intrepid interviewer was placecarded as "Casanova" Waggoner. And will you believe it he did not have the slightest idea as

Win Ross wishes to announce that he now has the agency for canoes, outboard motors, and hip boots. The next time Wilson lake is filled he will sponsor a regatta. Paid adv.

to the connotation of the title. After recourse to an encyclopedia he came back equipped with a broad grin, and a new bit of knowledge.

* * *

The Senator wishes to congratulate Mr. Duncan Crowley for his noble achievement of Alpha Gamma Sigma. It's just such things as that which prove that a hitch-hike trip to Florida will wear off if given enough time and encouragement.

* * *

I'm waiting with an axe and a shotgun for someone to say that a plant was left out of the column-long list in last week's Echo.

* * *

Despite the floods and cloud-bursts some of the lads are still faithful. C. C. C. boys include: Jones, Stevens, Stephens, Frishe, Stanley, Kleemeier, Greiner, Ormsbee, and—oh yes, I mustn't forget Remine.

* * *

To the poet's corner comes this dainty morsel from the pride of Van Wert.

The Late Edition

"May I print a kiss on your lips?" he asked.
She nodded her sweet permission.
So they went to press, and I rather guess,
They printed a large edition!
All of which goes to prove that printing is a great invention.

* * *

Surprise, chagrin, and sadness impotently describe my feelings when told by two attractive femmes that I am always accompained by a sourpuss. Hiding a sad heart with the flippant answer that black cigars caused my ill temper, I did not let them see that I am heavily burdened with cares. Dills and Greiner have given me a week to pay up. Oh death, where is thy sting?

Campus Short Notes

The members of the new administration and cabinet of the Y. W. C. A. enjoyed a buffet supper in the "Y" rooms on Wednesday evening.

On Friday evening, April 3, at 7:30 the Maryville college broadcast will be under the direction of the Expression Department. A play, "The Swamp Spirit," will be presented.

Dr. Lloyd and his family spent last week-end in Ohio and Illinois. On Sunday Dr. Lloyd spoke at Western college in Oxford, Ohio. After visiting with Dr. Lloyd's parents in Chicago, the Lloyd family returned to the campus on Wednesday.

There has been a serious revival of the flu epidemic on the Hill. Helen Bobo and Henry Swain were discharged late last week. Those admitted last week and recently discharged are Alex Culver, Joe Wallace, Charles Luminati and Anna Brown. Students now in the hospital are Stephen Dennis, Bill Radford, Gwen Bennett, Ruth Ray, Ethel Lent, Dorothy Roehm, and Annie Lou Dill.

Sixteen members of the swimming squad with their guests participated in an evening of entertainment on Thursday. The party attended the motion picture "Rendezvous" at the Capitol Theatre, under the chaperonage of Coach George Fischbach. Following the show they met at Eslinger's private dining room where refreshments were served in an hour of leisurely gaiety.

Pi Kappa Delta, honorary forensic society, gave a victory dinner Tuesday evening on the eve of the departure of the Maryville debaters for the National Convention at Houston, Texas. Mr Hartman and Mr Pieper rendered the selection as a duet, "How Beautiful Heaven Must Be," followed by an exhibition of yodelling by Mary Gladys Brown.

To the champion of the Smoky Mountain Conference baseball race will go this beautiful trophy, given by the Athletic House of Knoxville.

Cindermen Start Early Workouts

Thrower Hopes For Early Outside Practice

Although no indication of the strength of the Highlander track aggregation has yet been determined, due to inclement weather, Coach Bob Thrower is looking forward to one of the most promising seasons in Scot cinderpath history. With a number of veterans back in key positions, and green material showing up well, the prospects for a winning thinly squad seem even better than usual.

The Highlanders will open the current season against the University of Tennessee on April 10. Probably the strongest department of the Scots will be the dashes. Rich, Talmage, and Savitsky have returned to form the core of the speed event squad. In the longer distances, Snedecker will run the two-mile, Baird the mile, and Hoff the half-mile event. Meares and Dmytriw will return for the distance relay events.

Gray and Loessburg, together with Steakley will provide a strong jump department for the Highlanders. In the pole vault, Eddie Lavendar will continue his record-breaking work, assisted by Bert Chandler, freshman. Kleemeier and Dowell return to run the high and low hurdles, respectively, and Goff, freshman, is also showing well in these events.

Weightmen Gid Johnson and Winfred Ross are fast rounding into shape. Ross is specializing in the javelin throw this season. Also in the weight events are Baird and Propst, both of whom may provide competition for Scot opponents this season.

By next week Coach Thrower hopes to have his men on the track in preparation for the opening meet of the season.

AMERICAN OPERA TIBBETT'S DESIRE

When Lawrence Tibbett, America's foremost baritone, says that he is interested in a native opera for Americans, he is willing to do more than just talk about it.

Tibbett, whose return to films in "Metropolitan." the 20th Century picture which comes Monday and Tuesday to the Park Theatre, has created much comment, has done as much an any other man to create opera on American subjects for the home stage.

Tibbett helped launch "The King's Henchman," and sang leading roles in "Peter Ibbetson" and "Emperor Jones." Most recently. he took the leading role in the Metropolitan Opera debut of "Merry Mount," an opera with a story of the New England Pilgrims.

Tibbett's new picture, which was produced by Darryl F. Zanuck, traces the life-story of an opera singer, with its triumphs, tragedies, thrills and loves. His song repertoire in the new picture ranges from operatic selections from "Carmen" and "Pagliacci" to the colorful "The Road to Mandalay."

Virginia Bruce is featured opposite Tibbett.

Netters To Open Season Against Emory and Henry

Squad Reenforced By Four Veterans; Held Inside By Wet Weather

Rain during the early part of the week has definitely withheld placement competition for the Scot netmen, who are scheduled to open the current season with Emory and Henry in a meet here about April 10.

Scott, Woodling, Gillingham, and Morgan have returned to the Scottie lineup, and Coach Fischbach is hoping for an excellent season of Highlander tennis. A 15-match schedule

Quigley, Fogaris, Meeks, and Beamer are also valuable assets to the Scot net squad, and will probably see service during the coming season.

Emphasis will be placed on the chop stroke as a major offensive weapon this season, Coach Fischbach announced. The netters have been working on this stroke since the opening of the practice season.

In addition to the schedule announced, a Smoky Mountain Conference tourney is being planned, to be here on May 22-23. The Scots have also secured meets for a four-day road trip, during which time they will oppose Sewanee, Birm.-Southern, Chattanooga, and Tennessee Wesleyan.

Fields Gives Impetus

(Continued from page one)

James Saint, and Bryan Payne in cutaneous discrimination; and two experiments carried on by Clifford Morgan, "The Effect of Phenobabital on Learning and Retention of Maze Patterns." and "The Effect of Preliminary Feeding as Related to Motivation and the Goal Gradient Hypothesis." In addition to these have been the minor studies arising in class work.

One of the studies mentioned above, that of Harris on "Personality and Sex Differences as Shown by the Orr Poetry Test," was presented last year at a meeting of the Southern Society of Philosophy and Psychology. Another, by Clifford Morgan, has been accepted for presentation this year before the Society.

Dr. Fields' stay here has been further marked by the addition of four new courses in psychology; namely, comparative, minor problems, personality, and seminar. Meanwhile, in the education department, Miss Gamble has added the course in primary school, and has widened the scope of practice teaching instruction. Another innovation has been the joint conducting of two classes, personality and seminar, by Dr. Fields and Miss Gamble.

Throughout the whole development, the emphasis has been shifted from lecture to experiment and demonstration. The introduction of the seminar, in addition to increasing the number of periodicals, has served as a model for three other seminars begun this year; namely, in English. biology, and physics. And finally, the intimate and informal association built up between Dr. Fields and his students has served to knit the department into a progressive, cooperative unit.

College Orchestra

(Continued from page one)

interesting concerto for trumpet and orchestra has been arranged from variations on the theme of "Nellie Gray."

This year's orchestra is considerably larger than the group of last year and has received many valuable additions, especially in the brass and string sections. It is well equipped to render full justice to the majesty of a Wagner overture or the intricacies of a Strauss waltz, and the program promises to be one of the outstanding musical events of the year.

Committee Plans April Fool Party

The Social committee will sponsor a series of parties tonight, beginning at 8:00. Sub-committees from the four literary societies are supervising the preparations for the entertainment. Athenian's program will be presented in the Y. W. C. A. rooms, Alpha Sigma's in Bartlett Hall, Bainonian's in Thaw, and Theta's in Pearsons. Surprise elements will be featured, centered around the April Fool's Day theme.

1936 CHILHOWEAN GOES TO PRESS

The 1936 CHILHOWEAN has gone to press. It is expected that delivery may be made early in May. Much time, effort, and money has been spent on the annual this year, and as a result the book will be larger and more elaborate than it has ben formerly.

RUSSIAN PROGRAM AT THETA

Theta Epsilon has again found something unusual. This evening Vera Lugowski will entertain with a few Russian Songs and dances.

Miss Lugowski, a freshman, comes from China. She not only is a fine athlete, but also an accomplished linguist, speaking several languages freely.

ESSAY

What a wonderful bird the frog are. When he stand he sit, almost. When he hop, he fly, almost. He ain't got no sense, hardly, He ain't got no tall harly, either. When he sit on what he ain't got almost.

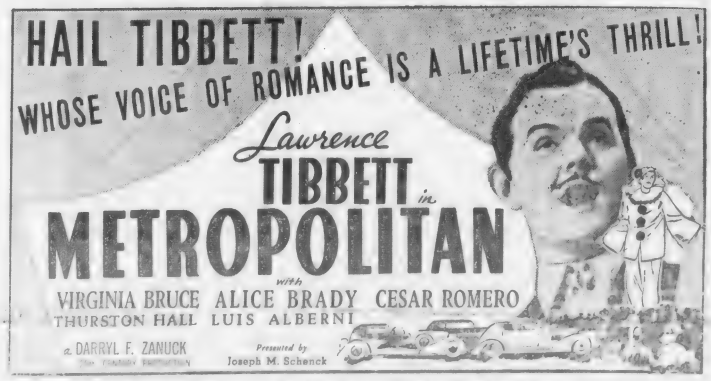
If it Works for Fords it will work for FLOWERS

Henry Ford has made American History by his modern production methods. Everyone realizes that his method of production has resulted in quality products at a reasonable price.



We have found, through our many years of experience that the large grower of flowers can duplicate Fords program with Seeds, Plants, Soil, etc., instead of Tin, Rubber and Iron, and as a result, produce higher quality flowers at a more reasonable price.

We have never made a practice of cutting prices, with it's resultant sacrifice of quality, because the beauty of any floral arrangement depends largely on fresh, high quality flowers. And Clark's Flowers always have to uphold their reputation for freshness and long lasting beauty. See Bob Borcer for any Easter Flowers you may need.—

We meet any advertised price with quality Flowers and workmanship

The Highland Echo

VOLUME 21 · MARYVILLE, TENN. APRIL 4, 1936 · NUMBER 21

Graduating Class Asks Hoskins to Deliver Address

U. T. President Prominent In Educational Circles

This year's graduating class is to have Dr. James Dickason Hoskins, president of the University of Tennessee, for its commencement speaker, it has been announced.

Dr. Hoskins is one of America's prominent educators. He began his teaching career at the institution of which he is now president as an instructor of mathematics in 1891. Two years later he accepted the position of first assistant in the Masonic Institute at Ft. Jessup, Louisiana. From 1894 to 1898, Dr. Hoskins was instructor and principal at the Knoxville Classical School and a little later became professor of history and associate principal of the Baker-Himel School in the same city.

In 1900, Dr. Hoskins returned to his alma mater as assistant professor of history. In seven years he obtained a full professorship which was soon followed by his appointment as dean. His presidency has occupied almost a quarter of a century.

Dr. Hoskins holds B. S., A. M., and LL. B. degrees from the University of Tennessee and a Litt. D. from Cumberland. In 1932 he was given an honorary LL. D. by Maryville college.

During 1933-34 Dr. Hoskins was president of the Tennessee College Association and he has also acted as vice moderator of the 142nd. General Assembly of the Presbyterian church.

Besides his manifold duties as the president of a University, Dr. Hoskins has found time to contribute two long chapters to an important work on "The South in the Building of the Nation."

ARTIST'S SERIES BRINGS BEAUTIFUL HELEN JEPSON

Miss Helen Jepson, stellar new prima donna of the Metropolitan Opera Company, will be heard in a concert at Maryville college Saturday night, April 18, at 8:15 p. m.

Miss Jepson is considered by critics the outstanding star added to opera in recent years. In addition, she is reported to be one of the most beautiful women in America.

Miss Jepson's voice is high and clear, with an unusual range, and a tone quality of exquisite depth, and she has further a fascinating stage presence wihch captures the heart of each new audience.

Publications Board Fills Staff Vacancies

The student-faculty board of publications met last week and elected three students to the staff of The Highland Echo. Those elected to staff positions are Arthur Byrne, Lois Black, and Minnie-Lou Chittick.

These positions were made vacant from time to time during the year by the resignation of former members. Following the procedure set forth by the constitution, the new members were subjected to the regular tryout routine which governs the selection of all staff members.

Expression Grads Prepare Plays

On the evening of April 8 the graduates in expression under the direction of Hiss Holland will present two one act plays, "A Wedding," and "Madame Butterfly." The performances will begin at eight o'clock and there will be no admission charge.

The students participating in the plays are those who have completed the full three year course in expression, together with the necessary related subjects. Those graduating in expression this year are Catheryn Smith, Sylvia Ammons, Ruth Proffitt, Lois Brown, Mary Frances Dunlap, Leola Halsey, Marjorie Flemming, and Charles Allen.

BAINONIAN GIVES STYLE SHOW

At the meeting of Bainonian tonight, in the Y. W. C. A. salon at 7:00 o'clock, ten girls will model the newest spring styles. In addition, Miss Armstrong will offer "Hints on Spring Fashions."

N. Y. A. Research Projects Produce Valuable Results

Federal Funds Employ 220 Students On Creative Studies

The National Youth Administration, which is an outgrowth of the F. E. R. A., instituted more than two years ago, has employed this year more than 220 students of Maryville college on projects of every description. The federal funds supplement the student employment funds of the college, and are apportioned at the same hourly rate as the regular college payroll. N. Y. A. funds are available for regular campus work, for specialized departmental research, and for a few extra curricular social projects. Since the results of this work have been of value to the students employed and to the departments in which they work, it was thought that an explanation of some of the projects might be of interest.

"Curve Tracing" in Math.

One of the more technical research projects is "curve tracing" which Edward Scott is working on in the Mathematics Department. His study, which requires a complete knowledge of calculus, deals with algebraic curves of two variables. His plots often take the form of a series of beautifully intricate curves, intelligible only to those with considerable knowledge of mathematics. A hundred hours have been allotted to this study.

Bibliographies Compiled

Catalogues for departmental work have long been a part of university libraries. Harold Quigley is working on such a project here for the English department. The aim of the work is the completion of a catalogue of all books relating to English and American literature. For every item relevant to this subject an individual card is made, giving title, author, date, and publisher. The value of this project is especially apparent where the title of the book does not clearly imply the content. "The Wheel of Fire," for example, is not a novel but a criticism of some of Shakespeare's tragedies.

In the Economics department, Robert Smyrl is studying the works of Albert Marshall, correlating his work on distribution and exchange with theories in American economics. Work is also being done on bibliographies for the use of the elementary economic class.

Compilation of bibliographies for Dr. Orr's classes is a part of Martina Robison's work in the Bible department. She has made also an extensive study of the Old Testament in search of specific material to be used in certain courses, in addition to grading

Queen of May

ELEANOR PFLANZE

Maryville Debaters Meet 4 Southern Colleges

Senior members of the varsity debating squad participated in four debates on the way to the national Pi Kappa Delta convention in Houston, Texas. The Maryville debaters lost to teams representing Spring Hill college and Loyola university. The debates at Birmingham Southern college and Louisana Institute were non-decision.

Members of the teams attending the convention are Roberta Howie, Mary Gladys Brown, Paul Hartman, and Archie Pieper. The debaters are accompained by Prof. Verton Queener, who is governor of this province.

Debater of '35 Attends Pi Kappa Delta Meet

Grace Proffitt. graduate of '35, left Maryville last week to attend the national meeting of Pi Kappa Delta in Houston, Texas.

Miss Proffitt was elected to the position of national student representative at the last meeting of the fraternity. Every two years a boy and a girl are selected for these positions. The boy now serving is Ray Nichols of Redlands, California.

At the last meet, Miss Proffitt, representing Maryville, reached the finals in extemporaneous speaking and the semi-finals in oratory. She is at present teaching school in Maryville.

Varsity Teams Will Attend State Debate Tourney

On April 10 and 11, the debating teams now attending the national Pi Kappa Delta convention in Houston, Texas, will participate in the Tennessee state debate tournament at Vanderbilt university in Nashville. Besides Prof. Queener, who is in charge of the teams, James Wilson will attend the tournament in order to enter the Peace oratorical contest.

Last year Maryville college won first place in this tournament, which is participated in by most of the major colleges and universities of the state. The debates will be on the Supreme Court question.

Eleanor Pflanze Chosen to Reign At May Festival

Popular Theta Will Be Accompanied By M. H. Gamble II

Miss Eleanor Pflanze, popular senior and resident of Maryville, will wear the crown of the Queen of May at the annual festival to be held in the college amphitheatre May 1. Moses H. Gamble II, president of the senior class, will accompany her.

Eleanor, a member of Theta Epsilon, has held office several times in her society and her capability, charm, and friendliness are realized and appreciated by all who know her. An outstanding member of Pi Kappa Delta, she has won recognition in numerous intercollegiate contests as an effective speaker. She is a chemistry major and active in the Chemistry-Physics club.

Those who were elected Wednesday morning to attend Miss Pflanze in the procession are Lillian Crawford and Lynn Crawford, juniors; Helen Armstrong and Don Stevens, sophomores; Mildred Fair and Robert Jackson, freshmen.

Those who will accompany the attendants have not yet been announced.

Freshman Debaters Split Contests With Wingate

In a series of eight debates with Wingate junior college of North Carolina yesterday afternoon in Thaw hall, Maryville's freshmen teams won four debates and lost four. A regular debate tournment with several schools in this section was planned, but could not be held because no college but Wingate was able to attend.

Detailed results of the debates are as follows: Ernest Crawford and Arthur Byrne entered two debates and won two; Raymond Nelson and Bill McGill entered one debate and won one; Doris Woodwell and Curtmarie Brown entered one debate and lost; Louise Murphy and Etta Culbertson entered two debates, winning one and losing one; Bruce Morgan and George Felknor entered one debate and lost one; Katherine Pond and Thelma Mider entered one debate and lost one.

For the past two months the freshmen, under the direction of James Badgett, have been working on the varsity debate question, that congress should have the power to override decisions of the supreme court. Yesterday's debates brought the total number of contests participated in by freshmen this year up to eight, but it is probable that another series of contests will be arranged with the freshman squad of King college.

Romance, Humor, and Tragedy Give Color To Eventful Hospital History

By SIMPSON SPENCER
Echo Staff Writer

The Ralph Max Lamar Memorial Hospital is the full Christian name of the little square brick building just north of Pearsons Hall which has played so important a part in the lives of many Maryville students since its construction in 1909. It has witnessed nearly every kind of infectious disease and many major surgical operations, but only once in ten years of Mrs. Elizabeth Hall's matronship has it seen death.

The first patient was a junior named Dave Proffitt whose ailment was appendicitis. Mr. Proffitt seems to have recovered, for he is now the head of Maryville's largest department store. An old snapshot in Mrs. Hall's possession shows the recuperating patient, exhibiting his appendix in a test tube, seated on the hospital steps with Dr. Wilson and Dr. Gillingham.

In the last ten years only once has the school been under quarantine. In December, 1928, the entire school was dismissed for the holidays two weeks early during a flu epidemic. In 1932 flu was again rampant; and 1936 will go down as another flu "year", forty-five patients with that disease having been received during February and March. In 1931 nine students from six different states were confined with scarlet fever.

Patients from thirty-two states and three foreign countries have been hospitalized since 1926. Student hospitalization, in proportion to normal enrollment, indicates that Southern students are more likely to require hospital treatment than Northern students. Georgia leads in percentage, with Florida, North Carolina, Mississippi, Tennessee, and Alabama following in that order. Massachusetts and Ohio have also had more than their share of patients. Perhaps the customary bad weather of New York, New Jersey, and Pennsylvania accounts for the ability of students from that section to survive the rain, snow, pork, and oatmeal of East Tennessee better than the rest of us. Perhaps Floridians are naturally delicate; at least they enjoy the flu out of all proportion to their numbers on the campus.

Mrs. Hall, matron and cook extraordinary, of the School of Experience, and Miss Thelma Hall, her daughter, R. N. at Knoxville General Hospital, are in charge of the facilities. Mrs. Hall is proud of the fact that more than a dozen couples who formerly ate at the hospital are now married. Although she has reported only one couple in her ten years at Maryville, she recalls, with a twinkle in her eye, her disgust at the conduct of a certain young professor back in 1927, who insisted that he be allowed to receive a friend of his during his convalescence. Not long afterwards the young lady in the case became Mrs. Queener, but Mrs. Hall was not surprised.

The greatest problem at the hospital is that of its aged equipment. Until a hospital fee of $1.00 is charged for each student per semester, a plan already in operation at most progressive schools, the facilities are bound to remain inadequate. The fee is now $1.00 a day with minimum cost of medical supplies, and a $3.50 board refund at the end of seven days' confinement. The new plan would provide health insurance for every one, and would lessen the burden of expense for those who become sick. The hospital can scarcely continue to operate as a hospital unless some arrangement is made for the removal of the dormitory students on the second floor. An examining chair, a table, a heater for every room, improved lavatories and many other changes are needed to justify the building's purpose. Nearly every student leaves the hospital with a feeling of joy at returning to the out-of-doors and an active life again, but he also regrets leaving the excellent food and personal care of Mrs. Hall.

Bibical English

The advisability of offering a course in the Bible as literature has been suggested at various times. Action on the suggestion would not be without its rewards, nor would it be unprecedented in educational history.

The literary value of the Bible is constant. Not only for the splendid stories, but in addition for the excellency of English—English produced by the united efforts of many notable scholars of England in an age that was noted for scholarly attainment.

A random opening and a cursory glance produce a proof of the worth of the King James version. Passages that hold sonorous wordings—among these that of the lament of David for Absalom—abound. And never is there English roughly done. This is rare among books, where thought so often out-runs words. The booming voices of the Hebrew sages sound on, flawless, in an alien tongue.

—E. H. T.

The Weakly Filibuster

By SENATOR HEGNER

An apology from the eatery for last Sunday's episode is conspicuous by its absence. From now on the serving of pork should be considered an ethical offense, passe, faux pas, and ixnay. The situation was best epitomized Monday morning by Honey-Bear Hall, who was able to gasp—" Non omnis moriar."

* * *

Far to the south, in warmer climes, is our intrepid debate coach with his squad of mountain- music- singing forensors. I am taking advantage of that fact to tell you that on his desk is a letter addressed to Miss Verton M. Queener. Incidentally, in the presence of that splendid little group, Archie was assisted over his twenty-first birthday and no psalms were sung.

* * *

In a debate against Vandy, the Senator was in a place to clearly observe the actions of the thunderstruck assemblage. Four of them could have slept better back in the dorm, two could have held hands and talked better out in the hall, and the remaining three could certainly have studied better in the library. And I'm still trying to find out whether that girl in the front row was laughing at my speech, my tie, or the size of my feet.

* * *

Senatorial orchids will be awarded this week to the following: To George Greiner for his noble defense of the poor wash woman who is pursued by millions of bloodthirsty bacteria.

To the humorist that gave the Senator the week's best laugh by labeling the picture of one of the boys from way-back in the library—"Joe Blow."

To the first man that washes the windows in the library and in some of the Thaw classrooms so that we can tell day from night.

To Dr. and Mrs. Campbell for attending non-decision debates.

Two Glee Clubs Rehearse Opera

"Jewels of the Desert" To Be Given in April

About the latter part of April, the combined glee clubs and orchestra will present the musical comedy, "Jewels of the Desert," a modern work by Lily Strickland. A brief synopsis of the romantic plot follows. The complete cast has not yet been selected.

The tranquil desert life of Sheik Abduclah's oasis of date palms is upset by the arrival of English and American visitors and by the startling discovery of the love of Nana, the beautiful daughter of the chief, for Benarulah, a strange young Arab.

In the midst of the confusion Lieut. Andrews visits the Oasis to ask hospitality for his aunt, Lady Grady. The romantic atmosphere is enhanced by the flirtation of Betty, the gay American girl, with Lieut. Andrews, and Lady Grady's unexpected interest in a neglected widower, the American professor hunting bugs in Arabia.

Desert romance brings with it desert mystery, as the police of two continents try to outwit a band of desperados, the Touareg. The comedy element is furnished by Cheeko, Lieut. Andrews' faithful Arab attendant, and Caesar, a darky from the United States, as they speculate on the mysterious happenings around them. The desert mystery unravels as the "jewels of the desert" reappear in a manner astonishing to all.

Carl Fisher, President of the Glee Singers, will be stage-manager and Bernice Gaines will have the duties of wardrobe-mistress.

Dr. Hodges Speaks Here At English Seminar

Dr. John C. Hodges, of the English Department of the University of Tennessee, was present at the meeting of the English seminar on Thursday evening, and presented to the group an explanation of his method in dating the letters of Wm. Congreve, poet and dramatist, a contemporary of Addison and Steele. These letters have thrown light on the conditions in England in that period and have proven valuable in establishing literary history. Dr. Hodges is at present writing a biography of Congreve in which he hopes to clear up many existing obscurities concerning the facts of his life.

—o—

MEN'S SOCIETIES PLAN JOINT MEETING

Under the leadership of Red Kent a unique program has been planned for a joint meeting of Athenian and Alpha Sigma societies at 6:45 this evening. The feature will be a presentation of novelty numbers by children from the Fort Craig School under the direction of Miss Garnet Manges, former Maryville student and now Superintendant of Music in the Maryville Public Schools. The place of the joint meeting will be announced by bulletin.

—o—

DR. ROBINSON IS GUEST SPEAKER AT MARYVILLE

Dr. George L. Robinson, professor of biblical literature at the Presbyterian theological seminary at Chicago, addressed the student body this morning in chapel. He will speak at vespers tomorrow evening and will appear before a joint meeting of the Y. M. C. A. and the ministerial association tomorrow afternoon.

Dr. Robinson is a noted authority on the subject of the near East.

Stormy Weather

A great while ago the world began,
With hey, ho, the wind and the rain—William Shakespeare.

Rain and wind—strange things. Preserving and eerie, comforting and destroying. Trees down and others standing crippled, with shattered and stripped branches. Green grass springing and flowers beginning.

Flood—Allegheny, Monongahela, Ohio, Susquehanna. Eighty thousand people homeless; power and water gone in Pittsburgh. Housewives melting snow for washing and cooking, buying candles at fifty cents each. Silt in the devastating waters . . . out of the flood will come food, out of the mud, grain, out of the muck, the lily—in the valleys of the Allegheny, the Monongahela, the Ohio, and the Susquehanna.

Wind—Florida, the West. Men, war-crippled, killed by hurricane winds. Splendidly arable lands, soil-stripped by storm. Men dying and cattle starving. And the seed of the flower, and the seed of the tree, and the seed of the grain scattered and growing in un thought of places.

This is the tale of the wind and the rain. They are life and death from the beginning of time till the end of time.

Netters To Open Season With E & H

Varsity Players Drop In First Eliminations

The second round of elimination playing for team positions in the tennis aggregation is to be played this afternoon as Coach George Fischbach's men round into shape for the first meet of the season, scheduled to be held here Saturday, April 11. Due to weather conditions, the second round was postponed from Thursday.

Major upsets featured the first round of the spring tourney Tuesday afternoon. Czepiel upset the dope by taking the measure of red-headed Dave Woodling in a hard-fought match. Woodling's usual game was lacking, and he failed to adjust his play to the pat-ball style of his opponent. The score was 6-4, 4-6, 7-5.

Pete Kosloski turned the tables on Bill Morgan to the tune of 8-6, 6-2. Playing a steady and aggressive game, he forced his opponent into error after error to take the match and advance into the second round.

Colombo, promising freshman, defeated Fogaris, hard-driving veteran, in a three-set match. Lobbing over Fogaris' head to upset his net play, Colombo drove his opponent hard to win 6-2, 3-6, 9-7.

Scott, star Highlander netman, drew a bye and advanced into the second round unchallenged. Gillingham subdued Granger in two sets, 6-4, 6-1. Meeks defeated Bruce Morgan 6-4, 6-3, and Bill Quigley easily topped Bailey, 6-2, 7-5. Jewett looked very impressive in defeating Beamer, 6-3, 9-7, to complete the first round of play.

Next Saturday the Scots oppose Emory and Henry in the first season tilt. Next in line after the opening match is a meet here with Birmingham-Southern, a team that is considered one of the foremost of the southern loop.

FAIRWAY ETIQUETTE

In answer to a number of questions that have been asked concerning rules applying to the college golf course, Coach Fischbach has announced the following set of rules applicable to the course, and also a list of hints concerning courtesy and etiquette on the fairway—Ed.

Golf Etiquette

Costume:

Low heel shoes should be worn. This applies principally to women. High heel shoes should never be worn on a golf course. Men should not wear football, baseball, or track shoes on the golf course. This type of shoe will work havoc with the fairway and greens in short order.

How to treat other players:

Always allow player who has the honor to tee off first. Watch shadow when sun is shining, keeping it off the line of play.

Be quiet and motionless while other players makes a shot. Don't stand back of one who is striking ball. Stand to the right and in front.

On putting green, don't stand beyond hole in line of play. Don't play from tee until party ahead has holed out and left the green.

If you are looking for a lost ball, motion players behind to pass thru and don't play until they are out of range.

If you are playing slowly let party behind thru.

The one whose ball is farthest from the hole plays first always even though it takes several shots before the other can play.

How to treat the Golf Course:

Replace and press down divots and grass dug out by a shot.

Never leave your bag on the greens or in sand traps.

Remove flagpole from green; don't leave it against cup. Be sure you do not stick the flagpole up in the green instead of the cup. On our sand greens always smooth over footprints when leaving.

Don't leave footprints in a sand trap; always smooth them out.

Fencers Travel for Three-Way Meet

The proposed triangle fencing meet with the Y teams of Chattanooga and Knoxville has been secured, according to information received here by Warren Jones, coach of the Scot swordsmen. The meet will be held in the Y gymnasium in Knoxville, on April 17-18. More than twenty bouts will be fought by the three squads, and as the Jones boys have been in hard practice since the last meet with the Knox aggregation, they expect to be in on the honors. Coach Jones also announced the entrance of several new members to the Fencing Club. The triangle meet will probably wind up the season for the fencers.

—O—

Life-Saving Instruction

Richard Lowe, a qualified American Red Cross life-saving examiner, and a freshman at the school, is conducting a class in life saving each Tuesday and Friday evening from 7:00 to 8:00. Men seeking the Senior Red Cross award are: Bill Young, John Stafford, Bill Cleaver, Bob Clemmer, Spen Spencer, Ted Gillingham, Maynard Werner, Bob Massick, Fred Bingman and Whitey Whitehead.

Scots Decision Alcoa In Opener

Holloway Bats 1000 As Nine Marks 9-4 Edge

The Scot baseballers smashed out a 9-4 victory over the Alcoa independents in the first practice game of the season Wednesday afternoon. The five-inning warm-up tilt gave promise of a highly successful season for the Highlander diamondmen.

Coach Honaker used three pitchers in topping the Alcoa nine. Collins opened the tilt and pitched excellent ball for two innings. He was replaced by Ashby, who pitched one and one-third innings of deceptive throws. The last pitcher, Gabbard, pitched excellent ball to promise a strong mound staff for the Scots this season.

The hitting strength of the Scots was a little below par on the opening game, but the widely distributed hits give promise of high scoring in later conflicts. Holloway, first-sacker, was the most promising hitter, having a perfect day at the plate for a hit score of 1000.

PING-PONGERS DROP SECOND, 5-2

In a return match with the men of the Knox YMCA, the Maryville ping-pong squad were defeated here in the second of their tilts this season. Covington of the Scot singles men won the only match in that division, and Gilmore and Van Cise paired together to take the first doubles mtch. In the singles, Van Cise lost to Martin (Y), Gilmore lost to Housley (Y), Dmytriw bowed to Clark, and Donald was topped by Gess. In the other doubles match, Donald and Dmytriw lost to Gess and Shirley. In the first tilt of the two matches, the Scots were blanked by the Y men, 7-0.

N. Y. A. Research

(Continued from page one)

papers and acting as a general assistant in this department.

Mary Lawson has been compiling a bibliography for a new course in Victorian literature which Dr. Shine will teach next year. She has also worked on a project of a statistical nature, attempting to make a survey of the extent of familiarity with old English ballads existent among the people of East Tennessee, in preparation for the convention of the Tennessee Folklore Society which will meet at Maryville next September.

Scientific Surveys

Some extremely valuable and difficult research on bacteria has been completed this year by Clyde Powell.

Joe Arrendale is working in the Biology department on a project which will have real value in mass production of bacterial products. His experiments involve tests to ascertain the effect of electrostatic charge on the growth, speed, morphology, and physiological activity of certain bacteria.

Two scientists on N. Y. A. projects are Wiley Steakley and Mortimer Compton, working in the Chemistry department. Their project in analytical chemistry is an attempt to discover new methods of testing for metals both qualitatively and quantitatively. They are employing reagents of an organic nature, attempting to eliminate all interferences so that tests for metals may be carried out easily and quickly.

Extra Curricular Activities

An extensive program of social welfare work and community recreational planning has been carried on as N. Y. A. projects by college students. Five students directed an operetta, "The Enchanted Island," at Maryville Junior High School. Hendrika Tol, Oliver Hamby, and John Wilson have been in charge of an interesting social project, the organization and direction of a negro library in Blount County. Christeen Hammett supervised about eight girls in sewing for girls at the county orphanage, with Proffitt's supplying the material. Other students have been working at the mission on special projects Paid by the N. Y. A. fund, Marie Gurney has organized a troop of Girl Scouts in Maryville.

These and many other projects show the constructive work being carried on by students on the government payroll. It is interesting to note in passing that Aubrey Williams, the national director of the N. Y. A., is a former Maryville student.

VOLUME 21 MARYVILLE, TENN. APRIL 18, 1936 NUMBER 22

Glee Clubs Sing Musical Comedy Friday Evening

"Jewels of the Desert" Stars Popular Soloists and Combined Chorus

On April 24, the combined glee clubs, will present "Jewels of the Desert", a delightful musical comedy romance by the modern composer Lily Strickland. The concentrated efforts of Carl Fisher, president of the Glee Singers, who will be stage-manager, and Bernice Gaines, business manager of the Women's Glee Club, who, as wardrobe-mistress, has had a corps of girls sewing on costumes for several weeks, promise an elaborate setting for the musical score.

The tranquil life, in an oasis in the Arabian Desert, of Sheik Abdullah, which part Evan Renne will play, is quite disrupted by the arrival of American and English tourists and by the love of Nana, Abullah's daughter, for Benarulah, a young Arab. This attraction furnishes the opportunity for many delightful songs by Mimi Baez and John Magill. Lieutenant Andrews, sung by George Lehr, also appears on the scene with his aunt, Lady Grady, played by Jane Cobbett. Wilson Leathers, playing the part of Professor Lythe, an American bug-hunter, and Caesar, an American darky, furnish much of the comedy element. Ellis Hill is to play the latter part, with Carl Wells, as Checko, Lieutenant Andrews' servant, as his foil.

Others taking major parts in the musical comedy are Lilian Borgquist as Miss Lythe, Calista Palmer singing the romantic part of Betty opposite Lieutenant Andrews, Gloria Miller

(Continued on page four)

Nautical Opera May Day Feature

Glee Singers Have Full Program

The Glee Singers, men's choral organization, will be one of the busiest groups on the hill during the next few weeks.

The group will give "Captain Van der Hum", a comic operetta in two acts, as a climax to the activities of May Day. In ths rollicking nonsensical operetta, men will paly the parts of women. The title role is to be taken by William MacCalmont.

The Glee Singers will sing at Oneida, Tennessee, in answer to a request for a return engagement, on May 6. On May 10, they will present a program of sacred music at the First Presbyterian Church of Knoxville.

At a recent meeting Carl Fisher was retained as president of the organization. Don Hallam was elected business manager.

HARTMAN, PIEPER CLOSE DEBATE SEASON MONDAY

Paul Hartman and Archie Pieper, state debate champions and quarter finalists in the national Pi Kappa Delta tournament, will debate for the last time this year on Monday night. The contest is with Birmingham Southern college, and will be held in the philosophy class room at 7:30. This is the second time Maryville has met this college this year, the first contest being held in Birmingham when the debate teams were on the way to the national convention in Houston, Texas.

Debate Teams Win State Tournament

Maryville Places First In Forensic Contest at Vanderbilt

In the state debate tournament held at Vanderbilt university on April 9, 10, and 11, Maryville won first place in both the men's and women's division for the third consecutive year. The winning teams were composed of Mary Gladys Brown, Roberta Howie, Paul Hartman and Archibald Pieper.

Mary Gladys Brown and Archie Pieper were judged best speakers in their respective divisions and Roberta Howie was awarded second place as best speaker in the women's division. James Wilson, who accompanied the debaters, won second place and a thirty dollar prize in the Peace Oratorical contest.

The trip to Vanderbilt followed very closely the team's trip to Houston, Texas, to the national Pi Kappa Delta convention in which the men's team reached the quarter finals in competition with the best debaters from over 150 major colleges and universities of the United States.

All of the debates in which the team participated were on the Supreme Court question and were judged by experts. Prof. Queener accompanied the team on both trips.

The trip to Vanderbilt was made by automobile. The debaters left Maryville in Thursday, April 9, and returned to the Hill on Sunday.

SENIOR CLASS PICKS CAST

Selection of the cast for the senior class play, "Cyrano de Bergerac", has been completed. Carl Fisher will play the title role, supported by Lynn Ann Brown as Roxane, Bob Lodwick as Christian, and George Greiner as Ragineau. Unusually elaborate arrangements are necessary for the presentation of a paly of this type here. It will be one of the outstanding features of Commencement week. Herbert Hunt will serve as business manager for the production.

Gives Concert Tonight

MISS HELEN JEPSON

Miss Jepson Displays Rare Grace Despite Difficult Trip Last Night

Staff Writer Obtains Short Interview This Morning As Noted Soprano Arrives in Knoxville

By ROBERT K. BRANDRIFF
(Echo Staff Writer)

The natural grace and charming personality of Miss Helen Jepson, stellar soprano of the Metropolitan Opera Association were well demonstrated when interviewed by an Echo reporter this morning. Although tired by a ten hour delay last night and an early arrival today, she was very gracious in her manner.

Miss Jepson was attired in a dark grey suit worn with a magnificent grey fur cape. Her black hat, modeled after a man's derby, set off the blond beauty of her hair to perfection. Tall and slender, with strong features and dark brown eyes, she is a strikingly statuesque figure.

Interesting Conversationalist

Miss Jepson's fluent and interesting conversation soon removed any feeling of uneasiness that one might have had on talking to one's first prima donna. She laughed over her discomfiture when delayed in Winchester, Kentucky last night. "We couldn't find a single piano," she said. "Even the churches were having choir practice, so we walked up and down, everywhere."

Miss Jepson is delighted with the southern scenery and has noticed a decided rise in temperature as she has progressed southward.

With great gusto she described her concert at the University of Miami.

Mobbed at Miami

She sang in the center of the gymnasium with an audience on bleachers completely surrounding her. "After the concert," she said, "the crowd just descended on me like a great herd, even upset a glass of water all over my evening gown in their attempt to get

(Continued on page four)

Artists Series Climaxes With Helen Jepson

Popular Lyric Soprano To Sing to Full House Saturday Evening, 8:15

Tonight at 8:15 Maryville college will present one of the most popular personalities in American music today, Helen Jepson, radio favorite, artist of the concert stage, and leading lyric soprano of the Metropolitan Opera association. Advance ticket sales have reached a new high point for Maryville activities, and it is anticipated that Voorhees Chapel will be filled to capacity.

Phenomenal Rise

Although Miss Jepson's rise to success has been almost phenomenal, it was accomplished only by hard work and the determination arising from a realization of the greatness of her voice. Her first musical experience after graduating from high school was obtained as a member of a church quartette choir. Soon a season in a New York Chautauqua enabled her to study under the noted voice teacher, Horatio Connell, of the Curtis Institute in Philadelphia. Here the dramatic beauty of her voice won her a free scholarship for five successive years. On graduating with honors, she joined the Philadelphia Civic Opera and a little later the Philadelphia Grand Opera company, continuing with the latter organization until it was forced by the economic depression to disband. During this period her name and voice captured national attention over the radio, and it was on one of Paul Whiteman's broadcasts that Gatti-Casazza, then impresario of the Metropolitan, heard her and gave her a contract with that company.

Varied Roles

Miss Jepson's musical successes have been great and varied. Her excellence in Mozart's "Marriage of Figara" with the Philadelphia Civic Opera secured the first real prima donna role of Nedda in "Pagliacci" with the Philadelphia Grand Opera company. There remained but one more test—the Metropolitan. There she sang op-

Spencer, McIntyre Head Chilhowean

Have Announced Staff for 1937 Yearbook

The fate of the 1937 Chilhowean was elected by the sophomore class at a meeting Wednesday morning when Simpson E. Spencer, Jr., and John McIntyre were chosen Editor and Business Manager, respectively, of next year's annual. The class chose these representatives from the sophomore apprentices elected last year to serve on the current staff.

Spencer and McIntyre have worked under the leadership of William Margon and Charles Luminati throughout the past year. They are further experienced in journalistic activities, as both have served for two years on the staff of the Highland Echo. During the past year Mr. Spencer has been Staff Literary writer and Mr. McIntyre successor to Richard Meadows, Sports Editor.

Simpson Spencer has chosen his staff for the coming year, which will be made up of the following: Associate Editor, Louise Orr; Feature Editor, John Stafford; Associate Feature Editor, Roberta Enloe; Photographic Editor, Winford Ross; Associate Photographic Editor, Edward Gillingham; Athletic Editor, Walter West; Asso-

(Continued on page four)

AND THEN, PERHAPS, YOU WOULD RATHER BE LATE

By M-L. CHITTICK
(Echo Staff Writer)

Much has been said of late (by those worthy people who instruct us) in regard to the deplorable tardiness of some students on various occasions. Therefore, it seems only logical that here and now we should consider ways and means of avoiding such a regrettable situation.

It goes without saying that we ourselves realize the disadvantages of being late. The cold regard of the instructor when we nonchalantly enter a mere six minutes behind time does not soften when we fail to recite. Anyone who has ever been compelled to trot the length of the chapel, in order to find his seat, under the combined stare of the student body, knows the sorrow and repentance of One Who Is Late. And, alas, sad experience has taught us it does not do to be more than one and three quarters of a minute behind the bell when it rings to announce the Pearsons Scramble

Now let us see how we can assure ourselves of always being on time. The three major places where we are apt to be a bit behind time are the chapel, classes, and meals. There is a remedy for every one of these situations and it is barely possible that it might be worth our while to consider them here.

There is one sure way of being on time to chapel; it is a simple method and requires very little equipment. All you have to do is stay awake all night, lying in bed or sitting up as the individual prefers. Ninety one alarm clocks, each set five minutes after the other, are an invaluable aid in this project, and probably your friends will be glad to lend you theirs.—If you have ninety one friends.

Being prompt to classes is something else again, and requires a more complicated preparation. The secret here lies in the simple procedure of cutting the class immediately preceding the one you wish to be on time to. In order to pass the hour of waiting we suggest that you carry folding camp stool and a beach umbrella—in sober colors for campus use, please. A stop watch and the latest "Ballyhoo" are olso helpful in this connection. When you have assembled all this, set the apparatus up in a cool spot and wait for the bell to ring—never forgetting to

What is the real purpose of a liberal arts education? Why are we here? A few discern the fundamentals in a preparation for a life work, and incorporate in their goals a mastery of useful subject matter, a training of the mind to real thinking, an ability to live in close contact wth other people, harmoniously and unselfishly, and a cultural background, which is a basis for the development of the intellect and the enrichment of life.

Culture is what produces civilization from barbarianism. It is the one thing in our college life which we acquire only by our own desire. The sources are here for a broadening of interest and understanding, and we seek them or not, as we choose.

Through the concerts of the Artists Series we can have a taste of the really fine things in life, an opportunity not available to most colleges of our size and character. This year we have had a symphony band, a solo pianist, and now an operatic soprano, a varied program enough. One can hardly avoid finding a point of interest somewhere within it. Miss Helen Jepson has charmed royalty and has moved great Metropolitan audiences with the beauty and richness of her voice and personality. She comes to Maryville tonight, to make more complete the rounding of our college education.

The gratitude of the student body should be extended to Professor Howell, through whose efforts these programs are arranged, and who is responsible for the excellence of the artists who appear here.

—B. G.

Christie Takes Oratorical Prize

Alexander Christie of Philadelphia, Pa. and Carl S. Fisher of Worcester, Mass., competed in the P. T. Alexander Prize finals in the chapel services der Prize finals in the chapel service Principal Snelson of Everett High School, Maryville, Rev. B. B. Lavender of the Greystone Presbyterian Church, Knoxville, and Rev. A. H Mutcher of the New Prospect Presbyterian Church, Knoxville, awarded the first prize to Alexander Christie for his oration on "The Diety of Jesus Chrst," and second prize to Carl S. Fisher for his oration on "The Resurrection."

The P. T. Alexander Prize Fund, established by a generous friend of the College, who desires to remain anonymous and to have the prize named in honor of one of Maryville's foreign missionaries, provides prizes to be awarded annually to the winners of first and second places of an oratorical contest conducted under the supervision of the Department of Bible and Religious Education.

The Weakly Filibuster

By SENATOR HEGNER

Spring is in the air and the rush is on to borrow golf balls and tennis balls. And now that it is in the air we are allowed to use our radios (for which we are highly taxed) about half an hour each day. There is an item for Student Council, permission to use the radio at all times.

* * *

The new year-book editor met up with a surprise several weeks ago when he found a chicken in his breakfast egg. To use the words of another—"There is one consolation. You may find a chicken in your egg, but you need never worry about finding a calf in your milk."

* * *

Someday I'll get to tell the story about Pork the Jumper being buried by an avalanche of plaster as the wall and ceiling of his room dropped in for a visit. At the same time I'll tell the one about the Memorial matron seen marching to chapel with her little testament, a S-R catalog, clasped closely in her arms.

* * *

Glancing thru the Easter bulletin of a local church we find listed the name of our own intrepid debate coach, whose latest exploit has been to force the Senator into judging at a debate. (I can stand just so much—no more.) According to the bulletin the coach will serve as deacon until the year 2937. I'm sure by that time he will have lost his yen for a ten-gallon hat.

While Fisher and Christie were speaking before chapel, the tennis coach could be seen meekly holding his place in the front row of the choir, among the flag wavers of the soprano section. Just what George was doing in the Ladies section with a Bible and a hymnal is a conjectural matter.

* * *

While abed with the flu, the Senator received from the Plummer and Lewis Expedition a very grand bouquet. Wild onions are lovely at this time of the year, and on the strength of their sweet scent the Senator was soon up and away. They tell me that murder is often traced to such trivial incidents.

* * * *

"Shut up. I'm writing a paper for Workshop" snapped Dottie Mae in an evil mood. "Shh" quoth little Stanley, "we're helping a girl to work her way thru college." Ah, Stanley seems to have the College Maid Shop mixed up with the Writer's Workshop.

Miss Beebe Leaves Secretarial Post

Miss Merle Beebe, who since her graduation from Maryville college in 1932 has been private secretary to President Lloyd, has given up her work in Maryville and gone to other work in Chicago. When she graduated she did not plan to remain at Maryville more than a year or so, but because of the urgent inviation of the College she has stayed until this time. She presented her resignation last summer but because of the pressure of work has continued until now. During the past two years she has served also as Executive Secretary of the Alumni Association.

Miss Nancy B. Hunter of Ben Avon, Pittsburgh, Pennsylvania, is at present filling the position which Miss Beebe has left. Miss Hunter came to the college on March first. She is a graduate of Cornell university and of Park Business Institute, and until coming to Maryville was engaged in secretarial work in Pittsburgh. She is a sister of Miss Josephine R. Hunter, Head of Memorial Hall.

Faculty Members Attend Conferences

Dr. and Mrs. McMurray left this week to attend the meeting of the Southern Sociological association, to be held in Atlanta, Georgia, on April 17 and 18. While on the trip, Mrs. McMurray will continue to Colombus, Georgia, on business. The convention will include delegates from more than one hundred colleges and universities of the South. A number of highly interesting presentations have been scheduled, and will fill the two days of the Conference.

Atlanta, Georgia, was the scene of the meeting of the Southern Association for Psychology and Philosophy on April 10 and 11, at which Miss Gamble, Dr. Fields, and Clifford Morgan represented Maryville college. During the meeting, papers were presented on the experimental work done in the southern colleges and universities during the past year. Clifford Morgan read his paper on "The Modification of Goal Gradient Behavior by Means of Variable Preliminary Feeding." Dr. Fields and Mr. Morgan worked in conjunction on this experiment, using white rats as subjects. It is anticipated that this work will be published as a monograph.

Dr. John W. Cummings, Maryville College Director of Personel left Monday for a three-day convention in Detroit, Michigan, of the Association of College Registrars. He will meet and discuss conditions with officials of colleges and universities from every part of the country, bringing back to Maryville many practical suggestions from the meetings.

Miss Clemmie Henry, Director of Student Help, left on Thursday afternoon to represent Maryville at the National Congress of the Daughters of the American Revolution in Washington, D. C. This trip is a part of her program in promoting the establishing of a rotating loan fund here, for the benefit of the students.

"Vein of Iron," by Ellen Glasgow, Harcourt, Brace, and Co., New York.

With the publication of "Vein of Iron," Miss Glasgow has presented to the reading public another literary success. She paints a picture of her native southland, the village of Ironside in Shut-In Valley, and the city of Queenborough, a number of miles away, which is the scene for the last section of her novel.

The indefinable something, which the author calls a vein of iron, permeates the whole personality of Ada Fincastle, making her the admirable character she is. This element was present in generations before her, however. John Fincastle saw "two wives and two families of children scalped and killed by Indians," but had married the third time and brought up a family of children to be the heirs of his possessions.

Ada's mother, although not from Shut-In Valley, possessed that same determination to be happy and expectant in life. What else could have enabled her to be so cheerful that she could laugh in the face of exhausting poverty and a lingering, incurable disease?

The last section of the novel, especially well written, deals with the recent economic depression. At times it seems as if the vein of iron must fail. But although the bank which holds the savings of Ralph McBride and Ada, his wife, the Fincastle heirs in the present generation, fails, and Ralph loses his work, Ada McBride smiles bravely and manages to support a family of five on fourteen dollars a week. Old John Fincastle, realizing that he is dying, drags his worn body from the city of Ironside, to die in his old front yard, in the shadow of God's mountain.

Miss Glasgow has written an intensely human story into "Vein of Iron." Through it all is woven the thought of "effort and expectation, and desire, and something more about to be."

Baseballers Top E-H In Second Contest Here, 7-4

Scotties Clout Two Mound-Men To Total 11 Hits; Play Hiwassee Next

Smashing out eleven hits scattered over six innings, the Scot baseballers hit the efforts of two Wasp pitchers as they brought seven men around the circuit yesterday afternoon. The 7-4 win evened the score in the two-game series held here with Emory and Henry this week.

Hand, ace Scot southpaw, went the full nine innings for the Maryville men, allowing only six hits in three innings, and completely blanking the E-H nine after the fourth frame.

Coach Honaker varied the playing positions slightly for the encounter, playing Holloway in the center garden, Burris behind the plate, and Glen Evers on the first sack.

Cross, Highlander second-sacker, opened the tilt with a smashing triple. after Hand had held the visitors hitless in their first frame at the plate. Cross completed the circuit, marking the first score of the game, while Loessburg and Blazer cracked high flies into the outher garden for retirements. Odell completed the inning by hitting a graund ball into the infield.

The only serious threat to Scot supremacy came in the third inning, after Wright, pitcher, and Hilt catcher, had hit singles to occupy first and second. Kagley, next at the plate banged out a double to score Wright and Hilt, and scored on Clark's single. The score at this point was 4-4, with none out. Hand, however, tightened down and proceeded to eliminate the three succeeding batters in short order. The Scotties gained a precarious 5-4 edge in the latter half of the third, when Blazer, after laying out a single, scored on Evers' one-bagger to center-field. Hand then tightened down on mound performance, and the Scots increased their lead twice during the final innings.

Odell, playing at shortstop, broke up two line drives through his territory with beautiful catches, one of which resulted in a double play at third. Evers at first and Holloway in center field also played excellent games.

Emory and Henry used two pitchers in covering the nine innings Wright, right-hander, threw seven innngs, and was relieved by Akard, left-hander. Loessburg, Evers, Holloway, and Hand collected two hits each, Cross, Blazer, and Odell amassing others.

Monday the Scots journey to Hiwassee to engage in a return game there.

Artist Series

(Continued from page one)

posite Lawrence Tibbett in the new opera, "The Pasha's Garden," and her success was assured.

Her position secured by the ovation received at her Metropolitan debut, Miss Jepson is in great demand as a soloist in concert and oratorio, and has sung in Bach's "B Minor Mass," with the New York Oratorio society, Verdi's "Requiem," Bach's "St. Matthew's Passion," and Dumler's "Stabat Mater." In addition, she has found time to appear before the microphone with such success that in a nationwide poll she was voted the outstanding new radio personality of the year.

Rounded Program

Miss Jepson's program has been selected with pleasing variety from opera, ballad, and lieder.

I.Aria of Invocation, from "Radamisto" —Handel

Have you seen but a white lilie grow —Old English

Ariette de Richard Couer de Lion —Gretry

II. Un bel di vedremo, from "Madam Butterfly"—Puccini

III. The Temps des Tilas—Ernest Causson

T'Hiver—Charles Koechlin

Dos Cantares Populares—Fernand Obradors

Las Locas por Amor—Joaquin Turina

IV. Ah, fors e lui, from "La Traviata" —Verdi

Intermission

V. Verborgenheit—Hugo Wolf

Heimkehr hom Feste—Leo Blech

Liebesbriefchen—E. W. Korngold

Hat dich die Liebe Beruhrt—Joseph Marx

VI. The Little Shepherd's Song—Clara Edwards

The sleep that flits on baby's eyes—John A. Carpente

Hey Diddle Diddle, from "Nursery Rhymes"—Herbert Hughes.

Tales from the Vienna Weeds—Johann Strauss

Her accompanist, Arpad Sandor, will offer the C minor, A major, and D flat major preludes, and the Etude in C minor of Chopin.

Helen Jepson's natural charm and sincerity as well as her radiant beauty insure her an enthusiastic reception here, as elsewhere.

—O—

Some day, perhaps, Miss Biz will tell us how she got that name Me-My. With that, I'm leaving town.

Faculty Netters Top Varsity, , 4-2.

In a six-match tilt with the netmen of the faculty, the varsity tennis team emerged on the short end of a 4-2 score last Saturday. The practice tilt, the first of the year for the varsity, was featured by the defeat of the faculty ace, Dr. Cummings, who fell before the driving play of Edward Gillingham, first ranking player of the varsity squad, by the score 7-5, 6-2.

In the other matches, Coach George Fischbach trounced Ed Scitt, whose usually fine style of play was noticeably lacking. Dr. Lloyd took the measure of Pete Kosloski in a fast and interesting match, Joe Gamble decisioned Fred Jewett in a close match which ran for three sets, and Professor Smith topped Colombo in a close encounter.

In the only doubles match of the afternoon, Scott and Gillingham paired ti administer a stringing defeat to the faculty duo, Dr. Lloyd and Coach Fischbach, in what was probably the most interesting match of the day. The varsity pair ran up a string of eight successive victories early in the match to almost overwhelm the attack of the faculty players. Plans for personal vindication for members of both squads in a return match are being considered.

Birm.-Southern Netters Baffle Scot Tennismen

Scott and Gillingham Take Only Scottie Victory Of Meet

Led by Neville, expert stylist, The Birmingham-Southern netmen swept all singles matches in a one-sided contest on the varsity courts here Thursday. Handicapped by the lack of practice, the Highlander racquetmen fell steadily before the brilliant play of the visitors.

In the match, Neville's persistent court coverage and his deceptive chop return to Gillingham's backhand resulted in a 6-3, 6-3 win over the Scot star.

Probably the most interesting match of the meet was held between Scott and Tide. After Scott had taken the opening set, using a flat backhand in addition to his already strong forehand, and driving to the corners to decision the Birmingham netter, 6-4, Tide opened up a chop style that undermined the control of Scott as he dropped the next two sets, 6-1, 6-1.

Kosloski, third ranking singles player, dropped a two-set match to Childers of Birmingham, who coupled a superb net game with a deceptive twisting chop, to win 6-4, 6-3. Jewett, fourth singles man, found Osment a stuborn lobbing ace as he dropped to sets to the Birmingham player, 6-3, 6-2, and Quigley, fifth ranker, was defated in two sets by Shirley, whose cross-court passing was instrumental in his victory.

Scott and Gillingham combined in the first doubles match to give Maryville its only victory by topping Tide and Childers, 9-7, 6-3. Tide's net play and Scott's effectiveness with a forehand drive down the line were outstanding in the match.

In the second doubles encounter, Osment and Neville flashed a excellent style to top Quigley and Kosloski, 6-2, 6-4. Quigley turned in a fine court game in this encounter, but the near-perfect coordination of the Birmingham duo counted strongly in their win.

The next opponent of the Scot netters will be Tusculum, who plays host to Fischbach and his squad next Wednesday. Coach Fischbach has hopes for a highly successful season in conference circles this year.

—O—

My guess is that the pile of dirt between Thaw and the postoffice is not a foundation for a side-walk, but a levee, a dike, or perhaps earthworks for some army maneuver.

Spikemen Lose To Vols, 91-40

Capturing but three first places in fifteen events, Coach Bob Thrower's fighting trackmen dropped the first meet of the season to Blair Gullions UT Vols at Knoxville last Saturday. Star of the day Vol Harry Anderson, who ran, jumped, and threw Tennessee to a one-sided victory over the Scots. Anderson entered six events and emerged with six firsts to garner 30 points for the U. T. men.

Maryville's firsts were turned in by Bob Kleemeier, who breasted the tape in the 120 yd. high hurdles, Eddie Lavendar, who flipped himself 10 feet 9 inches in the pole event, and the two-mile circuit, which Snedecker won with little effort.

Coach Thrower's protegees clearly showed the lack of outdoor work this early in the season. Times on the whole were slow, but Thrower has hopes of increasing the showing of the squad before the next meet.

Summary:

Mile—Harris (T): Maynard (T); Dmytriw (M)—4:34.4.

11-yard dash— H. Anderson (T); B. Anderson (T); Rich (M)—:09.8.

Half-mile—Pick (T); Talmadge (M); Orr (M)—2.01.2.

440- yard dash—Pick (T); Sledge (T); Talmadge (M)—:50.2.

120-yard high hurdles—Kleeneier (M); Smith (M); Fisher (T)—:17.3.

Shot-put—H. Anderson (T); Hayes (T); Fulton (T)—41 feet, 10 inches.

High jump—H. Anderson (T); Stokely and Gray (M), and B. Anderson and Rountree (T), tied for second—five feet, eight inches.

Pole vault—Lavender (M); Creswell (T); Chandler (M)—10 feet, nine inches.

220-yard dash—H. Anderson (T); Sledge (T); Rich (M)—:22.4.

Two-mile—Snedeker (M); Hansard (T); Gillis (M)—10:22.5.

220-yard low hurdles—Fisher (T); Smith and Dowell (M); tied for second—:26.

Javelin—McCarroll (T); Hayes (T); Hewlette (M)—156 feet, four inches.

Tracksters Meet Railsplitters In Tilt Here Today

Thrower Expects Win Over LMU Cindermen; Lineup To Be Unchanged

Coach Bob Thrower's cindermen play host to the L. M. U. Railsplitters this afternoon in the second meet of the season for the Scotties. This conference meet will undoubtedly show considerable improvement in the Scot performance since the last meet with U. T.

Last year the LMU tracksters showed considerable power, and lost to the Scots by only a small margin. Due to present performances by the Highlanders, Coach Thrower is optimistic about the outcome and predicted a win over the Railsplitters.

He also announced that practically the same lineup that saw service against the University cinder pounders will be used this afternoon.

Y. M. C. A. Elects New Officers

The YMCA held its annual election in Tuesday, April 7, and elected the following officers to serve for the school year 1936-37:

President—Richard Schlafer
Vice-President—David Brittain
Secretary—Ralph Hand
Treasurer—Marvin Minear
Advisory Board member from the class if '39, Weldon Baird.

The cabinet has not yet been selected and no announcement is available. The new officers and cabinet will be installed after the vesper service on May 3, but will not take control of the organization until the next school year. The present officers and cabinet will hold a week-end conference with the new group and Y. W. C. A. representatives at Lion Springs during the week-end of May 17, to plan work for next year.

On Being Late

(Continued from page one)

allow two and one-half minutes to fold up into kit form said apparatus.

By conducting a survey of the student body we have found that most students are late to meals because they insist on clinging to their childhood habits of washing their hands before lunch. This is no doubt very commendable, especially as someone once said that cleanliness is next to godliness, but he would suggest a quicker way of doing it than running back to the dormitory. Obtain a divining rod, such as Aaron, Moses, or one of those boys had. Whenever you feel in need of washing up, tap this rod over the campus until you strike water. At this point we suggest that you yell "Fore", so those around will know what to expect. Then sink two iron pipes (which fold up and fit into your hip pocket) into the ground; blow into one, and, according to a professor we had in high school water will shoot out of the other. Then take out of your pocket one of those dozen bars of soap you borrowed the last time you stayed at a hotel. When you are quite clean, moisten a finger to see which way the wind is blowing, and hold your hands up in that direction and dry. All quite clear and to the point.

And now that we have these simple little rules to follow, may we expect to meet you right outside the door two minutes before the tardy bell rings?

Miss Jepson

(Continued from page one)

autographs. I had to be rescued by the football team who cleared a path for my escape.

When told of the completely sold out house to which she was to sing here, Miss Jepson seemed pleased. She likes them that way best and mentioned several others such that she had enjoyed singing before.

Tour Ends in Nova Scotia

From Maryville, Miss Jepson will return to New York for a few hours before leaving for her next appearance in Chicago. Her last engagement is in Nova Scotia and she is looking forward to the trip.

Miss Jepson is a great artist with successes in opera, radio, and concert to her credit, yet one's first impression is how charming she is, and one's last, how human.

Head Chilhowean

(Continued from page one)

ciate Athletic Editor, Don Stevens; Art Editor, Jane Harris; and Associate Art Editor, Mary Alice Everhard.

John McIntyre, the newly elected Business Manager, has chosen James Proffitt and Ruth Ray as his assistants.

The immediate election of six freshmen, who will be sophomore apprentices, is being arranged by the recently chosen Editor, in conjunction with a committee from the freshman class. These will complete the staff.

Plans are already under way for next year's Chilhowean. The dummies will be worked out and made up during the coming summer, and it is hoped that next year's annual will be released at an earlier date than ever before.

With such an early start already made, and with an efficient staff selected, a fine Chilhowean for 1937 can be anticipated.

Glee Clubs Sing

(Continued from page one)

taking the interesting part of Carrieall, and Edwin Goddard as the First Arab. A large chorus of Arabs in colorful costumes and several elaborate ballets will provide a background for the solo parts. Reminiscent of "Beau Geste" and other romantic plots of several years ago, this delightful comedy is certain to attract a large audience. Miss Frances Henry is directing the production.

It has been so hard lately to collect from the C. C. C. boys that I'm omitting them this week. The same goes for Marinaro, McInteer, Peterson, and Nelson. No pay—no publicity.

VOLUME 21 | MARYVILLE, TENN. MAY 2, 1936 | NUMBER 23

Senior Class Rehearses Play

Fisher, Brown to Head Commencement Cast

With the entire cast selected and rehearsals well under way, the senior class has announced the presentation of Edmond Rostand's immortal heroic comedy, "Cyrano de Bergerac" on Friday, May 29, at 8:00 P. M.

The Maryville presentation will be the premiere of the drama in this section of the country and has elicited wide interest on that account. The play has a rich tradition from its first presentation in Paris in 1897, with Constant Coquelin in the title role, to the recent interpretation of Cyrano by the great Walter Hampden, for whom Bryan Hooker's translation was written. Sarah Bernhardt as Roxanne, and Richard Mansfield as Cyrano are other Thespians who have interpreted the play. Clayton Hamilton, eminent critic, says, "No other play in history, before or since, has ever attained a popular success so instantaneous and so enormous."

Carl Fisher is to have the role of Cyrano, the lovable, long-nosed, tragic lover of the beautiful Roxanne, the part played by Lynn Ann Brown. Christian de Neuvillette, the protege of Cyrano who makes love to Roxanne, will be played by Bob Lodwick. Edith Nicolai will play the part of Roxanne's duenna, with Herbert Hunt playing the Comte de Guiche, the third of Roxanne's suitors. Other important parts, include Eleanor Pflanze as the Orange-Girl, George Greiner as Ragueneau, Edmund Opitz as Le Bret, Alex Christie as Carbon de Castel-Jaloux, Bob Smyrl as Lingniere, Arnold Brown as Vicomte de Valvert, George Stanley as the Marquis, Sam Blizzard, Bob Godfrey, and Willis Garrett, together with more than twenty others in other roles. Warren Jones and Joe Arrendale will demonstrate their fencing skill in a dramatic duel.

The play is one of extreme difficulty for any group, professional or amateur, to interpret successfully. With the selection of Carl Fisher and Lynn Ann Brown to speak the leading roles, the large audience expected is certain not to be disappointed in the interpretation of these experienced Thespians.

CHILHOWEAN APPRENTICES SELECTED

Innovating elections to the apprenticeship of THE CHILHOWEAN in the spring, instead of in the following autumn, the editor of the 1937 yearbook has announced the following election by the freshman class: Virginia Allen, Curtmarie Brown, Helen Bobo, Bob Brandriff, John Magill, and Ray Nelson. Should any of these elected fail to return in the autumn, the vacancy will be filled by Doris Woodwell or William McGill. Announcement of the appointment of Ruth Ray as Managing Editor has also been made.

WOMEN'S LIFE SAVING CLASS IN PROGRESS

After much preliminary debate, a class for women in American Red Cross senior life saving is under way. Richard Lowe is the qualified examiner conducting the class, with George Felknor assisting him. The girls enrolled in the class are: Freida Johnson, Louise Murphy, Jane Dunning, Jean Brand, Gertrude Griswold, Elizabeth McDade, Edith Gillette, Martha Watson, Mildred Staley, Virginia Rood, Catherine Pond, Sarah Botto, Jane Irwin, Marie Russell, Martha McSpadden, Violette Hanby, Betty Fell, Viola Chambers, Glennys Duncan, and Letha Royce.

NOTICE

Application blanks for work for next year are now on the table in the Student-Help Office. These may be filled out and turned in before the close of the school year, or they may be taken home and returned before September 1.

A budget should not be filed until the student knows his financial requirements for next year. The information given on it should represent accurately his needs, since this is the basis for cooperation. The addition of any information that will give a clearer understanding of the student's financial program will be very helpful.

Glee Singers Climax May Day

Annual Program Features Comic Fantasy

As a climax to the May Day festivities, the Glee Singers, men's choral organization, presented its home concert in Voorhees Chapel. The audience which received the program was numerically inadequate to do justice to the results of months of concentrated rehearsal. The entertainment, however, was well worth the appreciation of those who were present.

A complex group of twenty-four voices and piano accompaniment worked effectively as a unit under the direction of Miss Frances Henry. Startling effects and complete harmonies were the result of the perfectly timed coordination.

The program featured a comical fantasy, "Captain Van der Hum," in which the good spirits of the men participating were allowed freedom from restraint. Commendation is due the chorus members for effectively upholding the theme set in motion by the principals. With an even additional attention, however, to enunciation in some of the smoother, more elided selections, the story would have been more clearly carried over to the audience and the success of its presentation assured.

The program as a whole was successfully interpreted. The most musically satisfying harmonies were those in which the men's voices, humming, resembled chords played on a great organ.

HAVE YOU PAID YOUR FRED HOPE PLEDGE?

The last payment on the Fred Hope Fund is due. It is requested that these pledges be taken care of soon in order that a final check may be sent to Dr. Hope.

Glee Singers Broadcast

A representative group from the Glee Singers presented a preview of the May Day concert on Tuesday evening at five o'clock from radio station WNOX. The program included selections from the comic fantasy, "Captain der Hum." The double quartette was composed of George Lehr, Wilson Leathers, Donald Hallam, William Patterson, Donald McArthur, Carl Fisher, John Magill, and Robert Lodwick. Mrs Snelson accompained at the piano.

Afternoon Concert

The Music Department will sponsor an hour of ensemble music by the undergraduates in piano, voice, and violin on Thursday afternoon, May 7, at four o'clock, in the chapel.

Honor Roll

First Semester, 1935—1936

The following list of honor students for the first semester of the current school year has been released by the Personnel office.

SENIORS

Andrews, Joseph—6.7; Badgett, James—6.7; Baldwin, Jane—6.2; Barton, Richard—7.3; Best, Edwin—8, Bowden, Elsa—7; Brown, Arnold—6.8; Brown, Mary Gladys—6.7; Carringer, Lila—6; Chittick, Ruth—6.4; Christie, Alex—6.7; Crowley, Duncan —7.4; Downes, Robert—6.3; Fogaris, Michael —7.5; Gamble, M. H.— 7.6; Garret, Reginald— 7.8; Garret, Willis— 6.1; Gillis, Stuart— 6; Greiner, George— 6.6; Hartman, Paul—7.1; Herries, Arthur—7.4; Hunt, Herbert— 6.69; Johnson, Robert—7.9; Jones, Warren— 6.8; Kunkel, Elizabeth—8; Llewellyn, Ralph—6; Lodwick, Robert—6; Loessberg, Wilbur—6.5 McNamara, Elizabeth—6.6; Montgomery, Esther—6.9; Opitz, Edmund—6.2; Orr, Katharine— 6.8; Pflanze, Eleanor—7; Quigley, William—8.5; Reimer, Elizabeth— 6.2; Rieves, Bessie—6.6; Romig, Ruth—6.7; Saint, James—6.6; Scott, Edward—7.8; Smith, Catheryn—8.2; Staley, Lance— 6.8; Stanley, George—7.8; Tol, Hendrika—6.6; Tulloch, Helen—6.3; Wilkerson, Joseph—8.2; Wilson, James—7. Morgan, Clifford—8.8.

JUNIORS

Ardern, Marcella—8.3; Brown, Lois— 6.8; Crawford, Lillian—7; Dexter, Joan —7.4; Gaines, Bernice—6.4; Higgins, Abbey—6.8; Houck, Samuel—6; Jackson, Shirley—7.9; Kent, George—7.4; Lane, Ruby Violet—6.3; Leaf, Dorothy —7.8; Meares, Romulus—6.5; Meeks, Wilkison—8.6; Morgan, William—6.5; Proffitt, Ruth—8.8; Watson, Emily—7.6; Whiffin, Alma—7.5; Winner, Josephine —6.6.

Selection of New Echo Staff Completed

At a meeting of the Student-Faculty Board of Publications on Wednesday afternoon the following members of the present group were selected to comprise the Echo Staff for next year: Staff Editors, Edward Thom, Simpson Spencer, John McIntyre. Bernice Gaines; Associate Editor, Leland Waggoner; Sophomore Staff Writers, Doris Woodwell, Virginia Allen, George Felknor, Wando Columbo, Robert Brandriff, and Arthur Byrne.

At a staff meeting on Thursday evening this group elected Bernice Gaines to the position of Editor-in-Chief for the year 1936-37. The definite assigning of other staff positions has not yet been completed.

The entire Echo staff for the year 1935-36 is expected to attend the annual banquet on Wednesday, May 6.

Scots' Search For Ideal Land Is Theme of May Day

Maryville Is End of Trail For Scotchmen, Who Find Land of Heart's Desire

Under the sponsorship of the Y. W. C. A., the annual May Day program was presented in the amphitheatre of the college woods on Friday. The pageantry class of 1935, supervised by Mrs. West, and assisted by Miss Frances Henry, Miss Mildred Butcher, and Mrs. Verton Queener, had prepared a beautiful festival centered around a theme originally planned by Miss Ruth Proffitt.

Following the processional and the crowning of Miss Eleanor Pflanze as Queen of May, the program was presented before the court, in the form of eleven episodes concerned with the search of three Scotchmen, impersonated by Bill Wood, Sam Houck. and Willis Garrett, who were sent out by their father, John Magill, to find a country that would equal Scotland. Leaving their home, they journeyed through Ireland, where they were entertained by Irish songs and an Irish jig, through France, where they had some difficulty in avoiding buying a cow in a French market, and to Spain, where a bull fight and Spanish dance thrilled them.

The Scotchmen were pleased with the songs and dances provided for their entertainment in Holland. Successively they enjoyed a Norwegian wedding, A Russian ballet, and a Japanese tea party. In Hawaii they were greeted with flowers, music, song, and laughter. From that land of sunshine they journeyed to the land of ice and snow, Alaska; and they were finally the guests of Maryville college, where they investigated her friendliness, scholarship, and playtime. Maryville proved to be the land of their Heart's Desire. A beautiful Scotch sword dance by Irma Sauder introduced and completed the pageant.

Members of the court, selected through class elections, included Eleanor Pflanze, as Queen of the May; Mose Gamble, as King; Harriet Huffstetler and Helen Tulloch, as maids-of-honor; Lillian Crawford and Mark Andrews, Wilma Kiser and Lynn Crawford, as junior attendants; Dorothy Armstrong and George Greiner, Edith Pierce and Don Stevens, as sophomore attendants; Mildred Fair and A. C. Brakebill, Jane Dunning and Robert Jackson, as freshmen attendants; Jean Walker, Betty Ruble, Ruth Orr, as flower-girls; Cynthia Campbell, Lee Shine, as trainbearers; George Howell, Jr., as crown-bearer.

The May Day festival has been for years one of the outstanding events of the college year, attracting many guests to the campus. This year's program was very carefully and effectively planned and executed.

Government Funds Enable Students To Do Research

Bacteriological Project of Practical Value

Projects of particularly practical importance have been the concern of various departmental N. Y. A. workers during this school year. One of the most valuable of these has been a bacteriological study by Clyde Powell, under the direction of Miss Carroll, which has ascertained the source of an unusual pathological condition among some of the children in Maryville.

Mr. Powell's report of his work, written especially for Echo publication, follows:

"One of the problems of the Bacteriology department this year was the determination of the cause of a skin infection which occurred on several members of families living in a given section of Maryville. In beginning this research there were considered three possible sources of infection, the air, the water, and the soil. The most plausible seemed to be the soil, which was chosen to be analyzed first.

"Samples of soil were secured from around the homes of those persons infected. These samples were analyzed in the laboratory by petri dish cultures, fermentation tube tests, and bacteria counting chambers to determine approximately the number and kinds of bacteria present. Many of the more common soil forms such as B. subtilis, B. proteus, and B. coli were present but there were two types not normally found in other common soil samples. The next step was the isolation of these forms from many others present in the soil. After much microscopic study and many culture plate examinations they were found to be spore forming, and therefore more resistant to heat than ordinary vegetative organisms. The original samples were heated to 80 degrees C., in order to kill the vegetative forms. Then nutrient agar plates were made from them. This gave a culture with the two types in it.

C. C. C. PROGRAM

The weekly program, presented for the benefit of the C. C. C. camp near Lenoir City, under the auspices of the Expression Department, will consist of a one act play, "The Wedding," which was presented at the college, April 9, as a part of the Graduate Expression Recital. The cast is made up entirely of girls and consists of the Bridegroom, Sylvia Ammons; the Best Man, Ruth Proffitt; A Groomsman, Catherine Smith; the Bride, Mary Frances Dunlap; the Bride's Mother, Marjorie Fleming; the Bride's Father, Martina Robison; and the Bride's Aunt, Leola Halsey. The presentation will be given next Thursday evening.

Ministerial Banquet

The Ministerial Association held its annual banquet Tuesday evening in the parlors of the New Providence Presbyterian Church. About seventy persons, including members of the association, their guests, faculty members and speakers were in attendance. Dr. Cummings, Director of Personnel, acted as toastmaster and Rev. B. B. Lavender, Pastor of the Greystone Presbyterian Church, Knoxville delivered the principal address. The theme of the evening was "A Cruise on A Rocket Ship." Group singing was led by John Magill.

PKD BANQUET

At the annual banquet of Maryville chapter of Pi Kappa Delta on May 22, President Archie Pieper will formerlly initiate eight new members into the society. The debaters to be initiated are Helen Maguire, Minnie-Lou Chittick, Virginia Pennington, Lois Black, Walter West, David Maas, Leland Waggoner and Richard Schlafer.

Special guests at the dinner are to be Prof. Queener, Dr. Hunter, Dr. Knapp, and Dr. Lloyd. The affair is to be closed, but members of the freshman debate squad will be invited.

All arrangements for the banquet are being made by Mary Gladys Brown, secretary of the organization.

Saturday, May 2, 1936

In order to render praise where it is due, and to keep us all out of the rut of mediocre production. it seems advisable at times to express constructive criticism or deserved approbation. It is an impure gem which will not bear close inspection; a perfect stone shines the more brilliantly under the critical appraisal of a gem connoisseur.

There should be value in careful, unbiased reviews of our plays and musical programs, especially of those more or less directly the result of student effort and direction. Participants can not know, of themselves, how they appear from before the footlights; and it is in the interest of the advancement of Maryville culture that a sincere and sympathetic critic expresses his opinions.

We wonder about the din in the dining hall. At what is it directed?

The Weakly Filibuster

By SENATOR HEGNER

Here I sit in my suite atop Carnegie, a two-fer firmly gripped between upper and lower canines. I just came from seeing "Louis Pasteur" and, since I am about to give birth to another filibuster, I have washed my hands up to the elbows and have just brushed the teeth er- type of my machine. No sly, subtle, or soporific quips shall the Senator edit today. I must be on my good behavior, for a new editor has take over the reins, and perhaps it will be the guillotine for me. Alas! As the old editor retires to receive his sheep skin, the new one steps up to be skinned. Ah me, I shall always cherish fond memories of the new editor, she was such a good office worker. But where that black hooded demon shall strike, no one knows!

* * *

I am still quivering all over from that severe reprimanding which Coach Thrower, B. A., so thoroughly administered to me. I bruise easily, but I shall hold no grudge. At least not until I can find that meataxe. Them harsh words remind me of the cruel punishment which has just been recently meted out to two, three, or four so-called wrongdoers. Campusing and moonshining for the men; How unique, how fresh, in fact—how ducky! Perhaps it would be possible to fix up a regular scale of punishment for the near future. For any man found in town without a necktie I recommend two terrific slaps on the wrist. And for the gent sans garters, I am sure that standing in the corner for 15 minutes would teach him the error of his ways.

In the serious class I am sure that cigar smokers take the lead. Nothing could effectively curb the habit better than being forced to carry a sandwich sign saying "I neither drink, smoke, chew, nor swear, and I can recite poetry." Think of the results if my system were put into effect. You think of them, they give me a headache. Gosh—I forgot, maybe I'll be campused for poking fun.

What does it accomplish? Such an uproar as greets each ringing of the bell is neither conducive to good digestion, nor is it an evidence of the maturity which college students are reputed to possess. It's about time we all grew up.

Theta Epsilon will have a regular meeting this evening at 6:45. The program to be presented includes popular piano music played by Gerald Beaver, several selections sung by John Magill, and tap-dancing by Bernard Boyatt.

HIGH SCHOOL DEBATERS

Two Maryville High School debate teams, coached by Roberta Howie of the College, have won the state championship, and will go to the national tournament at Oklahoma City. The teams won over those of the thirteen districts of East Tennessee on April 17, and on April 24 defeated representatives of other Tennessee high schools for the state championship.

DUKE UNIVERSITY
SCHOOL OF NURSING
DURHAM, N. C.

The Diploma of Graduate nurse is awarded after three years and the Degree of Bachelor of Science in Nursing for two additional years of approved college work before or after this nursing course. The entrance requirements are intelligence, character and graduation from an acceptable high school; preference is given for one or more years of successful college work. The tuition is $100 per year which includes all cost of maintenance, uniforms, etc. Catalogues and application forms, which must be filed before August first for admission September thirtieth, may be obtained from the Dean.

Baseballers Face C-N Eagles In Third Tilt Today

Scotties Aiming For Win To Break Tie In Games; Loessburg to Play

Today the Scottie baseballers left for Jefferson City, where they will attempt to break the tie in games that now exists between Maryville and Carson-Newman. Losing the first tilt, an eleven-inning tieup played there, the Scots retaliated in the second game with the Eagles to decision them, 6-3. Today's game will be the third of a scheduled four-game series between the two, and it is hoped that the batmen will repeat their victorious streak established in the second tilt.

Maryville now holds second place in conference standings, Coach Honaker announced this morning. First place in baseball is held by Tennessee Teachers, who have lost but one conference tilt. Probably the deciding series of games for the Conference crown will be held soon when Teachers meets the Scots in a four-game series.

Loessburg, valuable Scot slugger and outer garden patrolman, will be again in the Maryville lineup for today's game, it was indicated yesterday. Loessburg has been on the injured list with a bad knee for some time.

Scots Decision Lenoir City, 5-2

The Scottie paddle wielders garnered a 5-2 decision from the Lenoir City pingpongers here last Monday night, winning four single matches and one doubles. The summary:

Singles—Van Cise (M) defeated Harper, 21-18, 21-15; Peterson (LC) defeated Gilmore, 9-21, 26-24, 21-17; Donald (M) defeated Ledbetter, 21-13, 21-17; Dmytriw (M) defeated Evans, 21-16, 21-23, 21-17; Covington (M) defeated Adams, 21- 13, 21-10.

Doubles—Van Cise and Gilmore (M) defeated Evans and Harper, 21-16, 21-15; Peters and Ledbetter (LC) defeated Donald and Covington, 21-18, 16-21, 21-17.

Lose In Y Tourney

"Red" Gilmore, flashy paddle wielder, took the only match falling to the Scots as they were turned back in the semi-finals of the East Tennessee pingpong tournament, held in the YMCA in Knoxville last week. Eight teams started the tourney, the Scots surviving the first round only to be pushed back by the Y juniors. Clark defeated Van Cise and Rogers defeated Donald in the other matches.

Scots 8, LMU 4.

With Burris leading the hitting of the Scots with three singles Maryville swept over the nine of LMU in a fast game at Harrogate last week, 8-4. Maryville collected nine scattered hits and piled up a substantial lead early in the game behind the pitching of Ralph Ashby. Pitzer and Ruth led in the hitting for LMU.

Spikemen Off To Harrogate Today For SMC Tussle

Tracksters Lose To Davidson; Win By Large Margin Over LMU

Today Coach Bob Thrower's cinder artists seek supremacy in conference track circles as they oppose the tracksters of at least five of the SMC college teams at Harrogate. Lincoln Memorial university, host to the Smoky Mountain mixup this year, will provide the most formidable opposition to the Highlanders, it is believed. Coach Thrower has high hopes of retaining the conference title in the cinder sport, and pre-meet indications all point to victory for the Highlanders.

Ralph Dowell, star low hurdler, will be missing from the Scottie lineup this week as the result of bad cinder cuts on the knees. Maryville will probably be represented in the low hurdles by Arthur Smith and Bob Kleemeier. Loessburg, star broad-jumper, who has been out of the lineup for some time with a bad knee, will not compete in the conference meet, it was announced. His position will be filled by Gray and Steakley. With the exception of Dowell and Loessburg, the entire squad is in excellent shape.

In addition to the host squad and the Scotties, it is expected that contestants from Carson-Newman, Tennessee Teachers, and Milligan will also take part. None of these latter teams will be complete, however.

Scots Lose 11—Frame Tilt To C-N, 6-5

Pushed behind in the eleventh inning of a hard-fought tilt which came to the ninth frame a 5-5 tieup, the Scotties lost the first of their two scheduled tilts with Carson-Newman there this week. Packed with thrills, the game was a tossup in every frame. In the sixth, after the Scots had been forced behind 3-2, Junior Odell smashed out a circuit clout to tie the score and lead in the Scottie distance hitting for the day. In the seventh, C-N brought in two men to advance the score to 5-3, but the score was tied by Burris and Hand, who went around the circuit in the ninth. Airtight ball was played from then until a single by Harris of C-N scored Bible in the eleventh. Burris led in the Scot hitting with a double and two singles. Coker garnished the Scottie score sheet with a double and a single.

Neal clouted a homer and Roberts hit a trio of singles to lead in the Eagles' scoring.

The scoring:

MC	001	101	002	00	5 8 5
C-N	001	200	200	01	6 9 7

Fischbach's Men Successful On 2-Day Road Trip

Netters Seldom Pushed To Deciding Third Set In Either Meet

MEET SEWANEE IN MATCH HERE TODAY

A tired but happy quintet of raquet-wielders returned to Maryville last night, possessors of a record seldom equalled by any Scot athletic squad. In the two meets of a two-day road trip, the Scottie netmen completely blanked the tennismen of Chattanooga and Tennessee Wesleyan by the scores of 5-0 and 7-0. Showing evident superiority in every match, the Highlander netters smashed through the two meets in championship style, very few of their matches running into the third set.

Six matches were started at Chattanooga, but the doubles match of Scot and Gillingham was called after the end of the second set because of darkness. Gillingham was forced to play a third set in order to top Waggoner of Chattanooga, but all other completed matches fell to the Scots by the two-set route.

Facing the raquetmen of Tennessee Wesleyan yesterday, the Scotties again ran rampant over the opposition, only playing third sets in Jewett's match

Davidson Beats Scot Cindermen

Coach Thrower's Scotties fell before the men of Davidson last Saturday, in a meet at Davidson, North Carolina, by the score of 80 1-2—47 1-2. Flashing a powerful weight department, the Davidsonians collected all the firsts there to smash the small Scot margin.

Maryville garnered five firsts in the Davidson meet, Stuart Snedecker running before the field in both the 2 mile and the mile run. Talmage showed his heels to the crowd in both the half and the quarter, and Gray and Steakley tied for first place in the high jump.

Two college records fell in this meet. Stu Snedecker, in winning the 2-mile stretch broke the record established by Spec Moore several years ago, running the distance in 9:48.6, to better the old mark by nearly ten seconds. Talmage ran the quarter-mile in :51.9 shading the old mark here by one-tenth of a second.

—O—

Maryville 12, Hiwasse 8.

With Cross cracking out a homer and two singles to lead a barrage of Scot hitting, the Honakermen piled up a 12-8 edge over Hiwassee there last week. The Highlanders hit every offering of the Hiwassee squad to total eighteen successful connections. Backed by excellent pitching by Collins, the entire nine had a day at bat. Blazer found the sphere for two doubles and two singles, Loessburg collected a trio of singles, and Holloway signed away a double and a single to lead the Highlander ball-smashing. Joiner. who hit a circuit clout and single, and Black, who connected for a double and single, were the outstanding hitters of the opposition.

Fischbach's Men

with Kyle, and the doubles match of Scott and Gillingham. Playing five singles and two doubles matches in all, the Scotties ran the score to a 7-0 sweep against Wesleyan.

Coach Fischbach was entirely satisfied with the showing of the squad in the matches of the trip, he stated last night.

This afternoon the netmen face the forces of Sewanee, a team that is highly rated in southern net circles. It is improbable that the squad will be in top shape, due to the road trip, but an interesting match is expected.

The summary:

MC vs Chattanooga:

Scott defeated Tanner, 8-6, 6-4; Gillingham defeated Waggoner, 6-1, 5-7, 9-7; Colombo defeated Smith, 6-3, 6-4; and Fogaris defeated Jonakin, 6-1, 6-3. Jewett and Colombo defeated Jonakin and Smith, 6-2, 6-3; Scott and Gillingham vs. Tanner and Waggoner, 4-6, 7-5, called.

MC vs Tenn. Wesleyan:

Scott defeated Stone, 6-2, 6-3; Gillingham defeated Delaney, 7-5, 8-6; Colombo defeated Robb, 6-1, 6-4; Fogaris defeated Farmer, 6-2, 6-1; and Jewett defeated Kyle, 6-0, 1-6, 6-3. Scott and Gillingham defeated Delaney and Robb, 6-4, 3-6, 6-3; Fogaris and Colombo defeated Kyle and Farmer 6-0, 6-1.

Scots Hit Back At Eagles, 6-3.

Entirely reversing the decision of the first encounter, the Highlanders administered a 6-3 spanking to the Eagles of Carson-Newman in the second tilt of the season, held here early this week. Well protected by the 4-hit pitching of Collins, the Scots ran up an edge in the third inning and maintained it throughout the game.

Burris was hitter for the team with a double and two singles. Evers took care of two balls for a triple and a single, and Hand put away a pair of singles. Delong, of C-N led in the hitting for the Eagles with two one-baggers. This victory evened the count with the Eagles, who edged out the Honakermen 6-5 in the previous game.

The summary:

C-N	000	003	000	3 4 2
MC	002	202	00x	6 9 1

Y Cabinets Hold Annual Retreat At Line Springs Hotel

Program Includes Banquet, Conferences, Address, On May 16, 17, 18

Sixty students, chaperoned by Miss Johnson and Miss Jackson, will attend the annual retreat for the Y. W. and Y. M. C. A. cabinets to be held at Line Springs Hotel on May 16, 17, and 18. The practice of holding the retreat in the spring, instead of in the early fall immediately before the opening of school, is being inaugurated this year, and it is hoped that a more effective program may result.

The program is planned to give the retiring officers of both Y's an opportunity to detail to the new officials the responsibilities of their offices. A plan of action for the coming year will aiso be deliberated.

The program will include a banquet on Saturday night, folowed by a sunrise service Sunday morning. After breakfast, cabinet meetings will be held; and in the afternoon Dr. Cummings will address the group. A sunrise service on Monday, and cabinet meetings and conference periods later in the day will close the Retreat.

The party, made up of thirty-six girls and twenty boys, will leave the campus in trucks and cars at two o'clock on Saturday, and will return some time Monday afternoon.

NOTICE—SOPHOMORES

The Class of 1938 will hold its election of officers on Wednesday, May 13. All sophomores are requested to attend this important meeting.

Luminati Named Business Manager of 1937 Echo

At a meeting of the Committee on Wednesday afternoon, Charles Luminati was appointed Business Manager of the Highland Echo for the year 1936-37, with James Battaglia as his assistant. Mr. Luminati has rendered efficient service in a similar capacity this year for the 1936 CHILHOWEAN which was released on Thursday afternoon.

A tentative assignment of staff positions has been made for the new Echo staff. The three staff editors were named as follows: John McIntyre, Sports Editor; Simpson Spencer, Feature Editor; Edward Thom, Literary Editor. Wondo Columbo has been designated to assist John McIntyre, as Sports Writer. Leland Waggoner, Junior Associate Editor, was named Activities Editor. Doris Woodwell, Virginia Allen, Robert Brandriff. and Arthur Byrne were temporarily listed as News Writer, until an enlarged staff makes possible more definite assignment of work.

George Felknor has accepted the position of Managing Editor for next year.

Glee Singers Give Concerts

Twenty-five members of the College Glee Singers presented a concert on Friday, May 8, at Oneida. The feature of the entertainment was the comic fantasy, "Captain Van der Hum", which was heard as a part of the home concert in Voorhees Chapel on May 1.

Other attractive numbers were offered by Eddie Opitz, trumpet soloist. and by Irma Souder and Bernard Boyatt, tap dancers. The company was to go directly from Oneida to Norris, presenting the same program there.

The final in the 1936 series of concerts will be given next Friday, at Louisville, Tennessee. where the Singers have been requested to repeat their visit of last season.

Action Postponed On V. F. W. Post

Proposed Organization May Promote Peace

Following a special session of the Executive Committee of the Faculty. it was announced that definite action concerning the organization of a Maryville College Post of the Veterans of Future Wars had beeen deferred until September. Dr. Cummings, representing the executive group, announced that much favorable comment had been elicited, but that the reasons for the postponement were, first, that the committee wished to know more about the organization, and, second, that the great number of activities during May made it impractical to begin such organization at this time.

Knox Coit has been appointed post commandent by Lewis J. Gorin, National Commander at Princeton University, where the movement originated. George Kent, Simpson Spencer, John Stafford, and Walter West were members of the student organization committee who interviewed Dr. Cummings. The group is hoping to organize early in September.

The growth of the national organization has been phenomenal. There are now 399 organized posts of the "veterans" with 37,000 pledged members. A summary poll of Carnegie Hall showed that Maryville students were three to one in favor of organizing a post here. The object of the movement is to ridicule war, military organizations, congressional bonus legislation and other useless war-related expenditure, and, in this way, to try to insure peace. Ministers, business men, congressmen, and even the American Legion have endorsed the student movement. The National Commander of the American Legion has stated that, through such war-ridiculing demonstrations as the Veterans of Future Wars have conducted, a step toward a sane international outlook and world peace has resulted, greater than that made through many of the organizations of a more serious nature.

Student Vols Elect Andrews

At a meeting on Tuesday night, Mark Andrews was elected president of the Student Volunteers for next year. Other Officers elected include: Vice President, Janet Talmadge; Treasurer, Winford Ross; Program Secretaries, Ruth Haines and Walter Maude; Corresponding Secretary, Joy Pinneo; Recording Secretary, Frances Perrin.

D. A. R. Prepare History Of Blount County

The local chapter of the D. A. R., through the facilities of the N. Y. A., has been engaged for the past four months in accumulating and arranging data concerning the early history of Blount County. The data will be used for a book to be published soon.

The Maryville students at present working on the project are Darline Andrus and Ivan Elder. These students are working in cooperation with Mr. W. E. Parham, who has been active in local civil life, and whose family composed some of the early settlers in Blount county.

Mr. Parham has long been interested in local history, and has gathered much interesting data, concerning, among other things, land transfers and marriages. For some of his data he has had to travel into North Carolina and Virginia.

The students working on the project are using Mr. Parhom's data, and also data garnered from the files of the county courthouse.

Personnel Office Announces Changed Registration Plans

Spring Procedure to Take Place in Thaw Hall On May 18, 19

The Registration procedure for this spring is to be changed. Registration will be held in Thaw Hall beginning at2 :30 p. m. Monday, May 18, at which time next year's seniors and juniors will register; seniors from 2:30 to 3:45; juniors, from 3:45 to 5:30. At 2:30 p. m., Tuesday May 19, next year's sophomores will be registered. The procedure will be as follows:

1. Registration begins in Dr. Field's classroom in Thaw Hall.
   a. Enter southern door and receive credit slip stating work done and work due. This credit slip is to be returned after registration. **Do not destroy.**
   b. Receive preliminary registration card. Fill in this card with your proposed schedule, entering on the card every meeting period of each class. Submit this card with your credit slip to the inspector at the door who will check for required work and conflicts. There will be some instructors there who will assist in making schedules.
2. Take preliminary registration card to the Library room and present it to each department in which you have enrolled for a course. Each department will have one or more tables which will be plainly marked. You will be enrolled and your schedule will be approved by each department. When all classes have been approved, submit your card to the inspector who will check to see that all is in order.
3. Bring your approved schedule card with your credit slip up to the Philosophy classroom where your permanent schedule cards will be filled out.
4. Be sure to keep your preliminary schedule card for your own reference.

CCC Programs Continue

Another in a series of weekly programs presented for the Vonore CCC camp was sponsored by the Departments of Voice and Expression this week. "The Wedding", a one act play by Kirkpatrick, was successfully presented by a cast composed entirely of girls. This program, given on Tuesday, May 5, is the same one which was offered on April 9 as a part of the Graduate Expression Recital.

The next in this series will be presented May 12 by the Music Department. The program will feature music by Garnet Manges and readings by Gloria Miller and Florence Parks. It has also been announced that Fred Jewett, sleight of hand artist, will appear with the group.

Writers' Workshop Elects New Members

Ten sophomores and three juniors have recently been elected to membership in the Writer's Workshop, to fill the vacancies to be left by graduating members of the group. Their active membership will begin next year. Those receiving the distinction are Edith Pierce, Don Stevens, Jessie Cassada, Bernice Gaines, Robert Gillespie, Simpson Spencer, Marvin Minear, Minnie-Lou Chittick, John Lancaster, Ruth Boteler, Helen Woodward, Bruce Scott, and Donald Killian.

The Writer's Workshop, now in its ninth year, is one of the most exclusive organizations on the Hill, membership being based entirely upon ability, and limited to twenty-five. The group includes qualified juniors, seniors, and faculty who have shown genuine interest and outstanding ability in creative writing. Each member is expected to produce at least two original manuscripts each year to be read before the group. The Workshop elects its own membership.

Y Mountain Hike

The regular over-night mountain hike of the Y. M. C. A. will take place on the week end of May 23-24. The boys plan an ascent of Mt. LeConte this spring. There is a possibility that the number of fellows making the trip may be restricted, so an early reservation is advisable. No reservations will be accepted, however, before May 11. Questions as to proper clothing or equipment should be directed to Archie Pieper or Alex Christie.

Life Saving Awards Made

After four weeks of training and practice under the direction of Richard Lowe, American Red Cross examiner, twelve men have been awarded the Senior Life Saving award. They are as follows: Fred Bingman, Jim Campbell, Bob Clemmer, George Felknor, Rollie Huffstetler, John Messick, Gene McCurry, Bill Meeks, Spenny Spencer, Maynard Werner, Stan Whitehead, and Bill Young.

The class for women, which Lowe is also directing, will hold its final examinations this week.

Y. M. C. A. Installs Officers

The installation of the new cabinet and officers of the Y. M. C. A. took place at a simple ceremony in the chapel last Sunday night, following vespers. The program was as given here:

Prelude—piano and violin—Gerald Beaver and Glover Leitch.

Invocation—Archie Pieper.

Scriptural reading—Mark Andrews and Evan Renne

Presentation—Robert Lodwick

Acceptance—Richard Schlafer

Prayer—Dr. Cummings

Postlude—piano and violin—Gerald Beaver and Glover Leitch.

A Bible was used in the presentation and acceptance ceremony.

Students Broadcast Play

A group of players from the Expression class of Miss Holland presented a thirty-minute program over station WNOX at eight p. m. Thursday.

"Farewell Poor World", a one-act comedy by Kimball, exposed the tribulations of three amorous but despondent young people, who discover that life, after all, is worth the struggle.

The characters were effectively portrayed by Minnie-Lou Chittick, as Sallie Lou Smith; Margaret Armstrong, as Anabel Withers; and Gerald Beaver, as Charlie Hunt.

Aubrey Williams, N. Y. A. Director, Visits College

Former Maryville Student, Now National Figure, Addresses Students

Aubrey Williams, Executive Director of the National Youth Administration at Washington, D. C.. addressed the student body and many visitors at the chapel service yesterday morning. With him on the platform was Bruce Overton, Tennessee State Director of the N. Y. A. from Nashville. In introducing Mr. Williams, Dr. Lloyd reviewed some of his activities during his six years at Maryville as a student, first in the old preparatory school, and then in college. He received his degree later from the University of Cincinnati, and took graduate work at the University of Wisconsin. When Dr. Lloyd was a student here, Mr. Williams was a prominent and favorably known member of the Maryville student body. Since the completion of his formal education he has attained a prominent place in the relief administration program in the United States.

The first part of Mr. Williams' speech was a beautiful tribute to Maryville college, its ideals and purposes, and the influence it had on the shaping of his life. He then continued to discuss two fundamental concepts which have characterized American thought and history for many years. The concept of economic individualism, he believes, has very nearly stamped out the more desirable ideal of political democracy. He spoke very forcefully against powerful corporations which, in order to further their own interests, have come to exploit and to devastate the national resources of the country. This abuse has been a growth of two ideas, that of Alexander Hamilton that

(Continued on page four)

Senior Play Makes Progress

The daily rehearsals of the cast of "Cyrano de Bergerac", Edmund Rostand's heroic comedy which the senior class will present Friday, May 29, have shown considerable improvement during the past week. Under Mrs. West's experienced direction. Carl Fisher, who will play the title role, and Lynn Ann Brown, who will play the part of Roxanne, are learning to interpret their difficult parts. Bob Lodwick, Edith Nicolai, Herbert Hunt, and Eleanor Pflanze, together with the rest of the cast of more than thirty, have all demonstrated favorable progress.

Elaborate costuming, necessary for this "period" play, is being directed by Martina Robison, wardrobe mistress, in the College Maid Shop. After the production the costumes will become the treasured possessions of the Speech Department. Stuart Gillis will be stage manager for the production.

Coddington, Dexter Present Recital

At eight o'clock on Friday evening there will be presented a joint graduate recital by Joan Dexter and Evelyn Coddington. The compositions played will offer variety and interest. Miss Dexter and Miss Coddington will graduate in the Piano department this year.

The compositions played by Miss Dexter will include three Chopin preludes, "Love Waltz", by Liszt, a Mozart Fantasia, illustrative of early style, and "May Night," by Palmgren, an example of modern music. Miss Coddington will play "Praeludium," by MacDowell, two Chopin waltzes, "Valse Lente," by Debussey, "Polonaise," by Paderewski, and a Concerto by Mendelssohn.

National Music Week

The fact that this week has been set aside, and designated as National Music Week, was brought to the attention of the student body several times. Especially during the chapel presentations was the response of the audience wholeheartedly appreciative. The man who ignores the moving powers of music should have been sitting on the platform on Thursday morning, and should have had a comprehensive view of the response of the listeners, as a body, to the passionate appeal in Liszt's "Hungarian Rhapsody," as it was played.

Not one pair of eyes turned away from the platform; no attention was centered on text books. The entire audience was tensely alive to the thrilling rhythms and blended harmonies.

Although we fail to realize, often, in the business of being educated, that music and the finer arts are a part of all full life, when it is brought to our attention as forcefully as it has been this week, we accept it and appreciate its ability to stir us.

Music Week, however, should be every week, and we wonder if more of the old masters or the new harmonies might occasionally add still more to the enrichment of our chapel services.

According to present plans, the Echo will be published three more times this year, on each of the remaining week-ends of the school term.

NOTICE

Applications for Freshman, Sophomore, and Junior business assistants will be received by the Business Manager of the 1936-37 Highland Echo next week. Applications should be written, and may be left in the Highland Echo office. They should state former business and journalistic experience.

How to Speak Effectively

In promulgating your esoteric cogitations or articulating your superficial sentimentalities and amicable, philosophical or physchological observations, beware of platitudinous ponderosity. Let your conversational communications demonstrate a clarified consciseness, a compact comprehensibleness, no coalescent conglomerations of presiose garrulity, jejune bafflement and asinine affectations. Let your extemporaneous verbal evaporations and expatiations have lucidity, intelligibility and veracious vivacity without rodomontade or thespian bombast. Sedulously avoid all polysyllabic profundity, pompous propensity, psittaceous vacuilty, ventriloquial verbosity and vaniloquent vapility. In other words, say what you mean, and DON'T USE BIG WORDS!

The Weakly Filibuster

By SENATOR HEGNER

The Echo Banquet of the other night was a grand success, marred only by the heat and the Senator on the program. Major E. R. Hunter, the big game Hunter, served as toastmaster and brought in several scalps as trophies of the chase. After scalping the writer he proceeded further to lay him open with an axe and fling him by bits to the voracious spectators. Let me tell you how he did it, and in the future I'm sure you will be quite careful in your dealings with the Dean (known to his golf cronies as The Director of Curriculum).

After letting Prof. Queener and Alex Christie off rather easy, the Major came to the Senator. By a few subtle and choice words he let it slip that perhaps the Senator was but the mouse trying to change the location of the mountain. That bothered me little, for I'm not interested in moving the mountain, I would just like to see it resting on a strudy, but modern foundation. But alas, the Major went much more into bloody details. Cocking an eyebrow, as only he can do, he took aim, squeezed the trigger, and fired. Of all the outrageous things—he classed the Senator with the little lamented Huey Long! My blood still berls when I think of it, and I hope my friends will come to my aid with skillets and pitchforks. Us Hegners ain't the kind to be trifled with, we're the cat's whiskers, starched and laundered. If I say any more my theme song may develop into—"Father, Dear Father, Please Come For Me Now."

* * *

The Carnegie chapter of the S. F. T. N. M. C. (Society For Those Never Moonshined or Campused) is witnessing a thinning of its ranks. How we miss our dear friends that we have lost. Be careful fellers, or we'll soon have to sign out!

* * *

Guy Propst, rassler and trackman, gets the german silver orchid of the week for throwing his notebook in the wastecan and depositing a cubic yard of chawn Apple-plug in the desk drawer.

* * *

On his last legs, the Senator presents the last C. C. C. ranking of the year. Constant Campus Courters fills its ranks with the following: Pieper, Jones, Llewellyn, Lodwick, the Quigleys, Felknor, Kleemeier, Remine, Gray, Greiner, Fisher, McCleave, Rich, Talmadge, Ross.

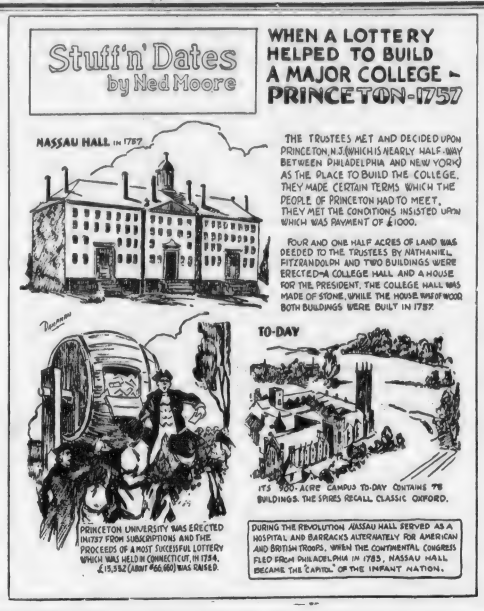
* * *

It is entirely possible that the Filibuster may come to bat for one more turn. So, for that reason I'm not putting all my eggs in one basket. If I can get permission from the Editor, and persuade the business manager to go easy on the ads, I may strike out with a final summary column. So I hope.

* * *

For those stories with the personal touch, ask: Connie Johnson about Bossy, Shirley Jackson about the butter dish, Lois Black about that eye, Stanley Hall about standing on a chair.

* * *



"No fooling, Judge, I couldn't have been doing 80. I still had it in second," said Wacky. "Two years up river," said His Honor. Rich's smile made the judge relent, and Savitski's curtsey and "You're a nice judge" closed the deal. As Ling Po once said— "Never accelerate a Plymouth while in second."

* * *

Its true that Steakley gets plenty of publicity, but he is an extraordinary individual and merits it. Last Monday Bob's roommates were awakened from their lethargies to find that an avalance of plaster had buried their roomie. With the fate of Floyd Collins in mind, they worked feverishly to rescue Mr. Steakley. At present the victim is doing as well as can be expected, and his many friends hope that his injuries are nothing trivial. Carnegie Hall is no place for weak-hearted individuals.

* * *

Hanging his head with shame, the Senator reports that he failed to talk himself into an excuse from a gym class. Coach Thrower just couldn't be bought, and a lengthy filibuster in the office of Dr. Cummings produced nothing. Don't look now, but at the time it looked to me like collusion.

Echo Staff Holds Annual Banquet

Function Closes Year For Organization

The Highland Echo staff of 1935-1936 met for the last time on Wednesday evening, at a banquet in Cates' Tea Room. The occasion brought to a close the highly successful year under the editorship of Bryan Payne and the business management of Herbert Hunt. With Dr. Hunter as toastmaster, the group of forty people enjoyed a delicious dinner and diversified entertainment. Guests of the staff included faculty members of the Board of Publications, and Mr. Hedge of the Maryville Enterprise, and Mrs Hedge.

Following the serving of dinner, Dr. Hunter made brief introductory remarks, after which he presented Professor Queener, who has served as faculty adviser to the Echo. Alex Christie, the next speaker, was followed by Ellis Hill, who rendered several musical selections. The retiring Editor-in-Chief expressed in a brief farewell address the pleasure which has been his in working to make the Echo superior to that of former years. He thanked all members of the staff who had worked so well with him in realizing his ambition. Herbert Hunt also expressed his appreciation for whole hearted cooperation.

As a brief interlude, Lois Black gave a reading, which was followed by a special message by Senator Hegner. equally well known as David Maas. Bernice Gaines, newly elected editor, spoke mainly of plans now being worked out for next year's paper, to conclude the program.

M Book Preparation Under Way

The M Book, new student's first introduction to Maryville college's activities, is published annually by the YMCA and YWCA of the college. The book is sent out to all those who have been accepted as new students for the coming year. It contains the college calendar, the college president's welcome, an editorial preface, as well as a section divided into five parts: General Introduction to Maryville, YMCA and YWCA, General Student Activity, Athletics, and Songs, Colors, Schedules. It serves as a hand book for the new comer and is a personal welcome from the student body.

The Staff for next year's M Book has been selected. Ralph Llewellyn will be the editor, Bernice Gaines and Alma Whiffen will serve as associate editors. The business manager is yet to be selected.

SOCIETIES

Theta and Bainonian together will feature a condensation of the current opera, "Porgy and Bess", with Calista Palmer, Harrier Barber, Mimi Baez, and Lynn Anne Brown in the singing roles, accompained by Garnet Manges. Gloria Miller will read parts of the dramatization, and Mary Gladys Brown will tell the story. The joint meeting will be held in the Y. M. C. A. rooms, at 6:45.

Athenian Literary Society will meet on Saturday night at 6:45. Hill and Dunn will give "Team,—Team,—Team", a comedy skit, to be followed by a cornet solo by Eddie Opitz. The program features a special number based on the lives and works of southern poets, including poems in the negro dialect which have been arranged by Walter West, to be accompained by Gerald Beaver at the piano.

Alpha Sigma will present the first of its "Senior Nights," honoring the fellows who will graduate this year.

Bob Borcer will read an original short story.

BILL AND "RED" ENTERTAIN IN GRADUATION PROGRAMS

The popular college comedy team, George "Red" Kent and Bill Downes, has been filling engagements throughout Blount County and East Tennessee during the past few weeks. Both are experienced radio performers They have been presenting vaudeville skits in graduation benefit programs in county high and grammar schools Most of their performances have taken place in three or four room schools supervised by graduates of Maryville college. Mr. Kent and Mr. Downes remark upon the courtesy, good will, and pleasure which has greeted their appearance from the outset of their engagements.

Ancient Bell Dedicated

Among six bells dedicated in St. Mary's church, in Upton-Grey, England, is one which dates from the reign of Henry VII, and another from that of Charles II.

Campus Short Notes

Due to the transfer of Jane Harris next year to New College, Columbia University, to continue her work in art, Mary Alice Everhard has been promoted to the position of Art Editor of the 1937 CHILHOWEAN.

Tomorrow evening at the Student Volunteer Meeting in the Y. W. Rooms. Knoxville college will present a musical program.

Martin BryNildsen, sophomore, working in the NYA social service project, was made Director of Parks and Playgrounds of the City of Maryville, Thursday, during the temporary absence of the regular supervisor.

This afternoon the Student Volunteers held their annual picnic in the Colloge Woods. The entertainment featured an outdoor supper, followed by group singing led by John Magill, and a talk by Dr. Cummings.

The Music Department presented on Thursday afternoon a concert, as a feature of the annual observation of National Music Week.

Donald Hallam has been selected by the Glee Singers, men's choral organization, to serve as president for the year 1936-1937. Wilson Leathers will be business manager, with John Magill as his assistant.

The 1936 CHILHOWEAN, which has been released since Thursday afternoon, has been well received on the campus. Additional features and a larger number of individual pictures make this year's annual a valuable one.

The monthly faculty dinner will be held on Monday evening in the Home Economics rooms. The meal will be served by members of the Bridegroom's course in Home Economics.

Nine to Battle for SMC Title Next Week

On The Bench

... with ..

The SPORTS EDITOR

Intramural Program

About every year at this time, the YMCA awards a cup to the class champions of intramural sports . . . and the odd thing about it is that hardly anyone outside those immediately intersted in the winning thereof knows anything about the program, the schedule of events, or the final outcome. Clearly the program of intramural sport is lacking in some respect. The question is to find that mistake and rectify it.

The field of intramural sports is one of the most interesting and, when carried out properly, one of the most widely participated activities of the college. It is an accepted fact that nearly every college student has a moderate ability in some branch of sport, which, though it may not be enough to insure varsity competition, should be and can be utilized in an interclass athletic event. It seems to your scribe that one of the most binding forces of a class would be the realization of the comparative standing of that class in athletic events. But for the moment, let's get down to cases.

At the beginning of every year, the Y cabinet members who have supervision over interclass athletics plan a series of intramural sports. Their work is excellently and completely done in almost every case; it is not their fault that the entire subject is met by the classes with an indolent outlook that crucifies the plan of the schedule before its first breath is taken. The matter rests in other hands; from the cabinet the authority passes to the athletic directors of the classes, most of whom are met with an attitude of complete carelessness on the part of the class, which is discouragement itself. The class excuses itself with the pleadings of other activity, disinterest, or complete ignorance of the intramural schedule. And there the matter stands.

It seems not enough that the YMCA is to offer the interclass trophy, supervise and announce the events, and plan an extensive schedule . . . they must literally haul the members of the teams into competition, force them through the events on the schedule, and award the trophy at the end of the year to the class who has offered the least resistance to their pleadings for organization and a clean secondary schedule of college athletics. Something should be done about it, that is granted. Where, however, should the reform, if we may call it that, begin?

A moment's reflection should convince the most obstinate diehard that the reform begins with the student. If a system of intramural events is to be held, the contestants must necessarily be students. If the schedule is to be successful, the backing must come from the students. If the system is successful, the enjoyment will be a gift to the students. A little effort on the part of the average student would find intramural sport much more than the present succession of notices placed on the bulletin boards by the directors, defaced by the college "children" and ignored by everyone in general.

Batter Up

About this time, your scribe fetches forth paper, pencil, and a sour look, and begins to figure how many times those Highlander base-runners connected with the old apple compared with the number of times they stepped up to swing at it. Or in short, the

(Continued on page four)

Frosh Take Track Meet

The YMCA sponsored inter-class track meet was clinched by the freshman class yesterday afternoon. The frosh collected 47 points to top the sophomores, who garnered 40 1-2, the juniors, who totaled 39 1-2, and the seniors, collectors of 16 markers.

Scotties Split Twin Bill At E-H

Holloway and Odell Star At Plate for MC Nine

Cracking out a total of thirteen hits, the Scotties rode home over the Emory and Henry Wasps by a 7-6 margin in the second of their two encounters there this week. Behind Ashby's excellent pitching, Odell and Holloway continued their batting streak established earlier in the week, Odell garnering two triples and a single, and Holloway chalking the score sheet with a double and two one-base hits. Cross, Blazer, and Coker were in on the batting for the day, securing a total of six hits. This tilt ended the trip of the Scot batsmen, and was the last game before the resuming of the series with ETT next week.

The summary:

MC	001	003	102	7	13	7
E-H	000	102	300	6	10	1

Lose First Tilt to Wasps

In spite of a batting spree set up by Odell and Holloway, the Scotties dropped the first of a two-game series ti the Emory and Henry Wasps there Tuesday. Behind the pitching of Ashby and Collins, the Wasps were held to seven hits, but Maryville was unable to use many of her 13 registered connections with the horsehide, and fell to the count of 5-3. Holloway clouted out a homer and two doubles, and Odell hit two clean singles to lead in the Scot batting. Herndon and Blackwell batted well for the Wasps. The summary:

MC	100	010	001	3	11	2
E-H	000	002	03x	5	7	2

Nine Loses to C-N

The Eagles of Carson-Newman proved too much for the Scotties last Saturday as they smashed through to a 10-5 decision over the Honakermen at Jefferson City. Junior Odell put in a valiant field day at bat, smashing the horsehide for two homers and a single, but the Holtmen gathered thirteen hits to top the efforts of the Highlander nine. Delong, Stone, and Roberts were outstanding players for the Eagles. The summary:

MC	010	013	000	5	9	0
C-N	400	210	21x	10	13	2

Scots Top ETT

In the first of four scheduled tilts with the Teachers, Maryville topped the ETT nine by a 3-2 advantage. Holloway was heavy hitter for the Scots, smashing out a homer to secure one of the valuable markers. Glen Evers, first-sacker, was hurt in the opening inning, but managed to bring home the first tally for the Scotties. Chambers and Davis batted well for the Teachers, who were held to nine scattered hits by Hand, Scot southpaw. The tally:

ETT	000	001	100	2	9	1
MC	100	100	100	3	6	1

Fischbach's Men Compete in State Tennis Tourney

Sewanee Host to Annual Net Mixup; Four Meets End Scot Schedule

Coach George Fischbach and four Scot netters left Thursday afternoon for the annual state intercollegiate tennis mixup, held this season on the courts at Sewanee, the University of the South. Southwestern college, at Memphis. for the last two years holder of the state singles championship, is expected to return this season with a strong team, as will many other of the colleges and universities of Tennessee.

The tournament is played on an individual basis, each member of a college team being on his own. Four trophies are given, one to each of the winner and runner-up of the singles and doubles events. The team as a unit is given no recognition.

Coach Fischbach took with him on the trip Ed Gillingham, Ed Scott, Michael Fogaris, and Wando Colombo. He expected to return sometime today.

After their return, the Scot netters face U. T. next Tuesday. Following the meet with the Vols, the Highlanders oppose Chattanooga and LMU and wind up the season with the Smoky Mountain Conference meet at Harrogate, May 22-23. Coach Fischbach has high hopes of bringing to Maryville a championship in another sport as the conference schedule of sports for the years begins to close.

Lose Two to Teachers

The Scot netters were definitely set down in both matches of a two-day series with the tennismen of East Tennessee Teachers this week. Probably the strongest team at present in the Smoky Mountain Conference, the Teachers squad turned back the Scots on two successive days, 5-2, 6-1. Coach Fischbach stated that the Teachers racquetmen would be the chief obstacles in the Scottie fight for Conference supremacy this year.

The summary: First match:

Gillingham defeated Oakes, 2-6, 6-5, 6-4; Bullington defeated Scott, 5-7, 6-3, 7-5; Colombo defeated Sherrod, 4-6, 6-4, 7-5; Shelton defeated Fogaris, 6-1, 6-2; Boyer defeated Jewett, 6-4, 2-6, 6-3. In the doubles, Oakes and Shelton defeated Scott and Gillingham, 6-3, 6-4; Boyer and Bullington defeated Fogaris and Colombo, 6-2, 7-5.

Second match:

Bullington defeated Scott, 6-0, 6-1; Oakes defeated Gillingham, 6-4, 3-6, 6-4; Colombo defated Sherrod, 6-4, 3-6. 6-4; Shelton defeated Kosloski, 6-2 6-0 Boyer defeated Meeks, 6-2, 6-2. In the doubles, Oakes and Shelton defeated Gillingham and Colombo, 6-4, 6-3; Boyer and Bullington defeated Scott and Quigley, 6-2, 6-1.

Throwermen Off To State Track Jamboree Today

Highlanders Gain S M C Title at LMU Last Saturday; End Schedule Soon

Bob Thrower's cinder pounders prepared this week to begin the windup of the 1936 track schedule with the State meet, held this year at Sewannee, and scheduled to begin this afternoon. Already undisputed champions in Conference circles, Coach Thrower's men sail into the state round-up a strong contender for honors.

Coach Thrower announced that he expected to take about fifteen men with him to the state meet. Most of the larger colleges and universities of Tennessee will be represented there this year. Defending champions are the Tenneessee Vols who swept to a victory over all contenders last year.

After the state meet, the Highlanders complete their season in a meet with Emory and Henry here next week.

Awards Are Given In Point System

Seventeen Girls Earn M And Sweater for Year

At the closing of the year's competition in the girl's point system, a total of 49 awards were earned by the members of the four classes. For a total of 500 earned points, the award is the M and sweater, given this year to seventeen girls. For those earning from 400-500 points, the award is the letter M, awarded this season to 22 girls. For a total of 300-400 points, the award is the monogram MC, which was given to ten girls this year.

Those earning awards are:

M and sweater; Catherine Pond, Louise Murphy, Frieda Johnson, Edith Pierce, Carol Nelson, Virginia Rood. Janet Talmage, Minnie Bell Watson, Betty Kelly, Jean Brand, Addie Mae Kirby, Norma Shields, Lois Sharp, Elizabeth McNamara, Hazel Eddins, Ruth Patton, Leah McGhee.

Letter M: Sarah Botto, Frances Taylor, Kathryn Adams, Dorothy Leaf, Martha Watson, Emily Watson, Ella Stephens, Alice Whitaker, Mollie Comstock, Inez Roseberry, Gladys Wilson, Evelyn Ferguson, Jonnie Lewis, Elizabeth Blackburn, Anne Jett, Nina Dair McMillian, Joy Pinneo, Helen Jones, Jean Thompson, Marguerita Miller, Wilma Pechak.

Monogram MC: Leola Halsey, Suzanne Fickes, Mary Lawson, Kathryn Brown, Beatrice Wheeler, Irma Sauder, Beatrice McConnell, Martha McSpadden, Deane Brown, Zula Trotter.

Chants of Indians Traced

The chants of Canada's Pacific coast Indians have been traced to Buddhists of the Orient.

Scotties To Open Title Series With ETT Here Soon

McMurray's Nine is Top In Conference Rating; Scots Hold Edge

Holding a meager one-run advantage secured in the first of their four scheduled tilts, the Highlanders prepare to unhorse the king of Smoky Mountain Conference baseball when Gene McMurray's Tennessee Teachers come here next week. This three-tilt series will probably decide the fate of the 1936 championship in the four-base sport, since the Scots and the Teachers now hold the top berths in Conference competition.

Coach Honaker is grooming his entire pitching staff, and probably all the moundmen will see service during the events. Glen Evers, star first-sacker, will be back in the inital-base post, when the Scotties start play next week. Evers was hurt in the first inning of the game with Teachers last week.

Scots Top Tusculum, 4-3

The Scottie netters eked out a 4-3 win over the racquetmen of Tusculum here early this week, to strengthen their chances for Conference superiority. Gillingham, Colombo, and Fogaris defeated their opponents in the singles and Gillingham and Colombo teamed to turn back a Tusculum duo for the winning point. The summary:

Marks defeated Scott, 6-1, 6-4; Gilingham defeated Curtin. 12-10, 6-4; Colombo defeated Lunstedt, 7-9, 6-4, 6-4; Fogaris defeated Hazen, 6-0, 6-0; Cacy defeated Jewett, 6-3, 6-3. In the doubles, Lunstedt and Marks defeated Scott and Fogaris, 6-2, 6-3; Gillingham and Colombo defeated Curtin and Prodinau, 7-9, 6-3, 6-2.

Perfection is approached by the realization and the removals of imperfections.

(Continued from page three)

figuring of batting averages. So far, we've not done so well. Maybe it's the weather. But we did run across something. On last week's road trip, during the playing of four games, one with Carson-Newman, one with East Tenn. Teachers. and two with Emory and Henry, a pair of Highlander baseballers stand out like a gold piece in a mud bank. We refer to big Jim Holloway and Junior Odell, who, according to our figures, got the apple past the infielders once in every two tries, for a batting average of .500 each. It's a delight to the eye to watch Holloway, who has recovered from an early-season batting slump, lay one out in the old style. And as for that Odell boy, he has consistently rapped that horsehide out to where the grass grows high. Circuit clouts are his specialty, and he has a list of them behind him that would make some of the pros turn pale. This duo will bear watching in the near future.

Errors and Such

There's a lot of drama that escapes the eye in the last little figure in the baseball game summary. The one way out at the end, that tells the story of the rock that got under the ball out in left center, or the way the horsehide slipped out of so-and-so's glove. Errors are made in almost every ball game, and renowned is the player that gets away from them. Which calls to memory the record of one Glen Evers, who at present is one of Coach Honaker's white-haired boys, and holds down the storm center of baseball, the first sack. Glen has an enviable record of one error this season and none last year. And that, my children, is something to tell the enemy about.

Miscellany

A recent offer to add to the sport schedule of the Scotties was made by Ed Bildzuikiewicz, who offers to teach a course in the elements of exercise dancing at a local eatery, provided the pupils supply nickels for the victrola. So far, Ed is out of a job, and, after an audition, we hope he stays out of one, but the course is open. All interested apply to the instructor. (And, by the way, we're sort of proud in being able to spell that name.)

And an idea I got while reading the girls' sport article: Why not provide a way for the girls to give duplicates of their point system sweaters, letters, and such to the boy friend?

N. Y. A. Director

(Continued from page one)

"right is a matter of possession; those who own should rule," and that of Jefferson, who had an "abiding faith in the integrity and ability of the people to select those things over the years that would be most conducive to their individual and collective well-being."

"We have witnessed in these days," said Mr. Williams, "a closing of an era, a complete change of ideas which is taking various forms in foreign countries. America has not been an exception to this. We have undergone a revolution conducted in a peaceful manner." One evidence of this change is the fact that Jeffersonianism is reasserting itself, not in the form in which it was originally propounded, for the agrarians,b ut in a faith in the American people as a whole. In an effort to arrive at the perfect government through this concept, the government itself must be behind it, and must provide man generally with a practical basis of security. "This problem," he concluded, "rests in the hands of the youth in America. The process is still in its infancy." He concluded by an exhortation to the students to make the most of their opportunities while in college, in order to be prepared to take a part in service to the country which is striving toward this goal.

The Word "Yegg"

The word "yegg," used originally by the Gypsies in their Romani chiv, was derived from Hindustani, in which language yagh designates "a plunderer, pillager, thief," and yaghma, "booty, plunder, spoil, etc." Its ultimate source is the Sanskrit yagan, "singly, or one by one," from ya (verb), "to move from place to place," and ya (noun), "one who moves or goes from place to place."—Literary Digest.

Netters Lose To Vols, 6-1

Coach Fischbach's netmen dropped six of seven matches to the netters of U. T. in the first match of the season with the Vols here. The lone victory of the Scots was turned in by Ed Scott, who defeated Beene, 8-6, 6-1. The scores:

Krisle (T) defeated Jewett, 6-2, 6-0.
Marshall (T) defeated Gillingham, 6-2, 6-0.
Scott (M) defeated Beene 8-6, 6-1.
Seinknecht (T) defeated Kosloski, 6-1 6-3.
Rodgers (T) defeated Colombo, 5-7, 6-2, 6-2.
Krisle and Marshall (T) defeated Scott and Gillingham, 6-0, 6-1.
Beene and Scinknecht (T) defeated Fogaris and Quigley, 6-3, 9-7.

Tracksters Win Over L. M. U.

Flashing superiority in all departments but the discus throw, Coach Bob Thrower's cindermen took a one sided meet from Lincoln Memorial university on Saturday, April 18, by the score of 104 1-2 to 25 1-2. Snedeker, crack Scottie distance man, took two first places, as did Talmadge in the dashes. Eddie Lavendar, Highlander pole-vault ace, nearly equalled the college record, falling one inch short of the 11:2 mark. Jefferies, of L. M. U., took the visitors only first in the discus throw.

Tall Tales

As told to: FRANK E. HAGAN and ELMO SCOTT WATSON

The Despondent Grasshoppers

A SEASONED maxim of the copybooks is that frequently a real cry does a person good. Leonard Baller, once a Nebraska farmer, is sure of it.

Rain washed away the railroads around his Nebraska lands; the drouth hit him squarely; then the dust storms killed every living thing and his land was dry as the inside of a grain bin. At this moment, the grasshoppers arrived by millions and settled on his farms.

Wasn't a thing for the 'hoppers to eat but they were too tired to move on and Leonard almost lost hope. As a last gesture, however he rushed out among the despondent grasshoppers, sitting there in the dust, and planted several sets of the strongest and hardiest onions he could buy.

To his surprise the onions matured quickly. The moment their bulbs appeared above ground the grasshoppers pounced on them, ate ravenously and burst into tears.

"And that," Leonard recalls proudly, "is how my farms were saved. The land was drenched by the tears of the grasshoppers and as soon as they had drowned themselves I was able, of course, to raise a normal crop."

© Western Newspaper Union.

It is a poorly balanced individual who doesn't derive some benefit from an occasional set back or financial reverse. Like most medicine it isn't pleasant to take.

"Heavens, no. That is the suit I go to protest against my income tax assessment in."

WHITE PATENT
SANDALS ARE HERE!

Patent sandals — white and in colors — were the style sensation in Florida this past winter season. Never before was footwear so tremendously accepted in these leading fashion centers.

Our buyers purchased these same popular patent sandals in all white, blue and white, and red and white, in a complete range of styles and sizes. Stop in and see them . . . but hurry, they'll go fast.

Sixteen Juniors Accepted For Honors Work

Present Honors Students Complete Comprehensive Exams This Week

Examinations for the students who have been doing honors work this year have been held this week. The examinations are comprehensive, covering the entire four years' work in the department, and consist of six hours of written, and one hour of oral examination for each student. Honors work consists of individual research on some phase of the student's major subject. It is continued throughout the year, and carries six hours of credit, and the privilege of exemption from classes in the major field. A thesis is usually presented to show the result of the work. Honors work is limited to members of the senior class who have a B average in their special field, and not lower than a C plus in the general field.

Nineteen students participated in honors work this year, two each in the departments of biology, English, Bible, political science, and economics, and one each in departments of Spanish, French, physics, mathematics, German, psychology, philosophy, home economics, and chemistry.

Sixteen members of the present junior class have been accepted as candidates for this work next year. The successful applicants, with their majors, are: Mark Andrews, Bible; Marcella Ardern, home economics; Joan Dexter, French; Shirley Jackson, Mary Lawson, Ruth Proffitt, English; Charlotte King, biology; Dorothy Leaf, chemistry; Wilkison Meeks, physics; Dorathea Stadlemann and Helen Chambers, German; Blanche Webb, religious education; Alma Whiffen, biology; Josephine Winner, chemistry; and Helen Woodward, sociology. They will select and work out projects in their respective fields next fall.

It is of interest that there were sixteen men and three women who did honors work this year, while next year two men and thirteen women intend to carry such a program.

Trio Broadcasts Program

The Maryville College radio series, heard over station WNOX each Thursday at eight P. M., offered, this week, a recital sponsored by the Music Department. Thirty minutes of musical entertainment was given by a vocal trio consisting of Miss Frances Henry, lyric soprano; John Magill, tenor; and Don McArthur, baritone. Each sang a group of solos, accompained by Gerald Beaver.

The broadcast next week will be a one-act play by LePelley. The characters in the play, "Another Beginning," are Hannah, the maid, portrayed by Irene Browder; Edith Payne, the girl, by Lois Black; and George Mitchell, the boy, by Robert Lodwick.

Choir To Sing At U. T.

The Vesper Choir has been invited to participate with several other choirs and choruses in the first annual concert of the University of Tennessee Symphonic Choir to be held on Wednesday evening, May 20, in the Alumni Auditorium at the University. The final festival group on the program includes 200 Knoxville city school children, Knoxville High School Chorus, the First Methodist Church Choir, the U. T. Symphonic Choir, and the Maryville College Vesper Choir.

The program is sponsored by J. Alvin Keen, graduate of the Westminster Choir School, who has been directing musical activities at the University this year. It is designed to demonstrate the worth of music, and of participation in music.

Ross Elected To Class Presidency

Class of '38 Selects New Set of Officers

At a meeting of the sophomore class Wednesday morning, Winford Ross was elected president for the coming year, succeeding Dave Maas. Ross, one of the most popular members of his class, well deserves the honor. He has shown proficiency both in track and in football. He served as Athletic Director of his class during his freshman year, as Student Council representative this past year, and was recently appointed Photography Editor of the 1937 CHILHOWEAN. He has also been an assistant in the library this year.

Dave Maas, the retiring president, reviewed the activities of the sophomore class during the past year, emphasizing the fact that it was the only class which had paid its CHILHOWEAN bill in full without going into debt, the credit going to Treasurer Jim Proffitt. Maas also recalled the memorable sophomore Hallowe'en party, the decoration of the football field, and several other contributions of the class to the social life of the student body.

Bill Young was the nominee who lost in the presidential race. Edith Pierce was elected vice-president over Catherine Adams and Ruth Ray. Connie Johnson will be the new secretary, Lois Black and Ruth Haines having been the other nominees for that office. Don Stevens will hold the position of treasurer, Wilson Leathers being the unsuccessful nominee.

Educational Leader Speaks In Chapel

President C. C. Sherrod, of the East Tennessee Teachers College of Johnson City, spoke in Voorhees Chapel on Tuesday morning. President Sherrod is one of the leaders in the educational field in Tennessee, and is prominent in the Councils of the American Teachers' Colleges Association. He is a member of the State Board of Education, and the Educational Commission of Tennessee.

He brought greetings from his college's student body and faculty to Maryville, and then spoke in a very interesting manner of Jefferson's three greatest contributions to prosperity which formed the beginning of democracy in government, democracy in religion, and democracy in education. In emphasizing his points, he said, "When we come to fully realize or appreciate these things, we will move forward. Without them we will be stagnate."

Chemistry Dept. Installs Sound Picture Machine

Apparatus Is Adaptable To Many Uses Here; Visual Instruction To Start

The educational and entertainment possibilities of the sound projectors which the Chemistry Department purchased recently were adequately demonstrated this week when a technicolor, talking picture, "Seeing Is Believing". issued by the Firestone Tire Company, was given before the Chemistry-Physics Club and several classes.

The Chemistry Department recently acquired two thirty-five millimeter Holmes projectors, permitting the continuous running of a picture. The width of the film, instead of sixteen millimeter, usually found in small school projectors, permits standard pictures to be run. The projectors are equipped with a Fidelity thirty-watt amplifier which has sufficient volume for a room the size of the Maryville chapel. It is equipped for carbon and crystal microphones, and has a phonograph pickup which will permit the broadcast of "canned" music. It is the intention of the Chemistry Department to build a fire-proof, sound-proof projection room sometime in the near future. Before the purchase of the equipment, demonstrations by several companies were reviewed. The projectors purchased were best suited for the particular needs of the department and the school.

At present the Chemistry-Physics Club and the department have membership in the Y. M. C. A. library in

Bates Oratorical Finals Completed

Marie Carlson Wins Prize In Close Competition

The Rev. William H. Bates, D. D. of Greeley, Colorado, contributed the sum of one thousand dollars to form a fund, the annual income from which is to be used to provide a prize in oratory. The contests are open to the men of the junior and senior classes in one year, and to the women of the junior and senior classes in the next year.

The participants in the contest this year were women. Proposed subjects were posted earlier. The contestants selected their subjects and prepared their manuscripts on which first eliminations were based.

On Tuesday evening May 12, six contestants presented their orations before three judges, Dr. Orr, Dr. Rodgers, and Mr. Lagerstedt and an audience from the student body.

Marjorie Flemming dealt with social justice; Marcella Ardern dealt with the social and moral results of repeal; Mary Knibloe took up the statistical results of repeal; Dorothea Staddlemans's "Education for What?" was built around the question, "Are we being educated for war or for peace?" Marie Carlson dealt chiefly with unemployment, war and youth in her topic of "Unemployed American Youth." Catheryn Smith also had an excellent oration on the same subject.

The contest was so very close that it was exceedingly difficult to select the winner. Marie Carlson won with a good topic and splendid delivery. Others who gave exceptional orations and were close contestants for the honor were Marcella Ardern, Catheryn Smith, and Dorathea Stadleman.

The prize is to be presented, along with other awards, at commencement exercises.

E. T. T. C. Prexy Addresses Faculty Club

The Faculty Club held its monthly meeting in the Home Economics rooms on Monday evening. The well prepared meal was served by members of the Bridgroom's course in Home Economics.

President C. C. Sherrod, of East Tennessee Teachers College of Johnson City, gave the evening's talk. He opened with reminiscences of his preparatory school days in Maryville. His paper dealt with the history and development of Teachers' College, a comparison of liberal arts colleges and teachers colleges, and the great need for better training and requirements for teachers in Tennessee.

New Curriculum Offerings Made In 1936 Catalog

Additional Courses and Two New Majors Available

The annual catalog issue of the college bulletin has been received from the publishers this week. Several changes of interest have been instituted, in course offerings and on the college calendar.

New Courses Offered

American history has been extended to a three-semester course, one semester being devoted to Colonial America, and two to the national period. In the English department, a new one-semester course in Victorian literature, to be known as English 318, will be presented next year. Of special interest to science majors, or students planning to take graduate work, will be the readings in scientific German, which is the latest addition to the program of that department. The French department has added a new course in the nineteenth century novel.

A change in Freshman requirements has caused the addition of a new course in Bible on the New Testament and the early church, to replace the historical geography of Bible lands, which will then become an elective in the 200 group. Housing problems, a new one-semester, two-hour course, has been added in the home economics department.

Two New Majors

The most important change has been the addition of two new majors to the curriculum. One of these is in dramatic art, with twenty-four hours of dramatic requirements leading to a B. A. degree. Eleven courses are offered in this department, including those on pagaentry, history of the theatre, religious drama, dramatic interpretation, and stage craft.

There will also be offered a major in music. Eight to ten of the requisite thirty-six hourse may be met with practical music approved by the head of the department. Courses in theory, including counterpoint, orchestration and composition, as well as those now offered in history, appreciation and teaching of music, will be presented.

Copies of the 1936-1937 catalog, in which these changes are listed and explained, are available in the Personnel office.

Glee Club Elects Johnson, Cobbet, Miller

At a meeting of the Women's Glee club on Thursday morning the following officers were elected for the coming year:

President, Constance Johnson
Vice President, Jane Cobbett
Business Manager, Gloria Miller.

The newly-elected president has been a member of the Vesper Choir and the Glee Club during her two years at Maryville, and she has sung in the women's double trio of the Music department this year. She will be a junior next year. Jane Cobbett has been heard in solo and duet arrangements on several musical programs. The new business manager, Gloria Miller, who will supervise promotion of club activities and programs, has, during her first year at Maryville, proven efficient and capable. The club anticipates a successful year in 1936-1937.

Student Vols Present Play

The play which was given at the Student Volunteer convention at Indianapolis in December, 1935, "Operation at One," will be presented tomorrow evening after Vespers in the Philosophy class room by a group of students from Tusculum.

Student Aids In Growth Of Colored Library

By EDWARD THOM

The present colored library in Alcoa traces its history back to a small room in the old town library of Maryville. When the Maryville library moved to its present location, no provision was made for Negro readers, although some discarded books, tables. chairs, and shelves were given to the colored janitor, who carried them to the basement of his church next door. Here a very makeshift sort of library was extant for several years.

In the fall of 1936, Hendrika Tol, now a senior at Maryville college and president of the East Tennessee Student Interracial Commission, saw that the reason for lack of interest in the Maryville colored library was largely traceable to its location, and began to look for a better place. She had been working as a playground supervisor in Alcoa, and thought that somewhere in that town the desired location might be found. She talked with H. C. Bristol of Alcoa, and he talked with the city manager, with the result that a building in that town was given over for a colored library.

On August 4 the colored library moved into its present location. At the end of August there were 43 readers using the library, at the end of September, 134, at the end of October, 193, at the end of December, 241. In February, an average of 64 books were given out, per library day. Since then, the library has been steadily increasing in use and popularity.

The library owes much to the contributions of public officials, and of generous citizens of Maryville and Alcoa, as well as to the help accorded by various companies. Books, book ends, tables, shelves, coal, and electric light bulbs were among the things contributed. At the present time 800 books are in constant circulation.

N. Y. A. funds have been given for the aid of the library employees. Among those working under the N. Y. A. are three college students—John Wilson, Oliver Hamby, and Phillip Ferris; and two colored students—Mary Ella George and Leroy Redding. These are being employed to mend books, make catalogs, etc. The colored students employed in Alcoa are, it is believed, the only negro students in Blount County working under N. Y. A. funds.

The result of the colored library experiment can be seen in the interest taken in the library by the children and adults who enjoy its facilities, in the increasing interest in books evidenced by children at the local school, and in the decrease in the number of petty crimes in the vicinity of Alcoa. All in all, the liprary is past the stages of an experiment, is an established success, and will continue and grow as its need is more felt, and its worth better appreciated.

"THEY SAY ....."

Some of the wild rumors that are being passed around now could be classed with "Tall Tales." Even though we believe we understand human nature, we never cease to marvel at its inventiveness. When this faculty is turned toward production, society progresses; when it turns to amusement, we have gossip, and rumor.

When we were children, we played "Whisper down the Alley," a game which demonstrates the versatility of the imagination. Now that we are grown, we say, "I heard," or "They say," and make a more intriguing game, gossip.

One of the most persistent of the recent rumors has been traced to its source, in one of the laboratories. Several young scientists selected a germ of an idea about campus life with which they could experiment. Each one of the group told two other students, and then "let nature take its course." The result has been the circulation of a story which has neither foundation nor reason, and which has been added to, multiplied, and divided, until the original can be barely recognized. And the young scientists sit back and laugh, because mankind is gullible.

Man knows no reasonable bounds of rumor. Impossible assumptions, groundless stories, and ridiculous predictions are accepted as the truth, without-examination, without proof. Were such ideas harmless, or merely an exercise of imagination, there would be no reason for arguing against them. But they can do harm, to personalities, to groups and to institutions. Let us not give credence to everything we hear. And, above all, let us allow our reasoning faculties to function when rumors are presented for consideration.

• • •

Because of his gracious dignity in all his dealings with Maryville students, and with everyone, Dr. Stevenson merits, and receives, the affection and respect of us all. We regret the unfortunate incident of Wednesday's chapel service, but we admire him the more for his poise and sportsmanship.

—O—

Sixty students left this afternoon for Line Springs Hotel, to attend the annual Retreat of the Y. M. C. A. and Y. W. C. A. They will return to the campus Monday.

• • •

Recent Alumni visitors on the campus include Margaret Nelson, of the class of 1935, Kathaleen Carpenter, '34, former editor of the Echo, Richard Richard Orr, '34, former editors of the Echo, Douglas Carhart, '35, Edgar Storey, '35, and John McQueen, '35, former tennis star.

• • •

The Student Council, in cooperation with the Social Committee, is preparing a lawn party to be held in front of Pearsons this evening at 8:00. Side shows and a main show will constitute a part of the evening's entertainment.

The Weakly Filibuster

By SENATOR HEGNER

Imagine the surprise of George (Lights and hot water, d—n it!) Kent when he found thru the medium of the Echo that he was an officer of the Veterans of Future Wars. "Red" may be starting a future war in a short time because of the publicity.

• • •

Swell to note in the new catalogs that the Xmas days next year will take three weeks. What will the Student Council do? What can the good old council try for, between parties? Would I be bold in suggesting that they try to arrange it so that the showers provide cold water at the same time as they give forth scalding water? Perhaps they could arrange to have the toast browned on both sides, and the smoke from the power plant wafted directly upward, and not into nearby windows.

• • •

The Senator will not be back next year, but he expects to have the law laid down to him more than he has this year. When Athenian found that the above mentioned was true, their joy was unbounded. Ah, but they will miss their loving treasurer.

It is quite interesting to watch a baby chick emerge from the shell and begin to adjust itself to the rigors of the harsh and unsympathetic world. And I'm sure it will be interesting to watch the seniors at the end of the year when they emerge from the protective shell of Maryville to face the problems of youth and the sea of life.

Equipped with all their "larnin" the seniors will kick the bucket (shell) and come forth, as beautiful petals unfolding from a flower. No doubt when they make that return visit in ten years they will realize that everything was done "for the best."

• • •

A number of gentlemen told me they felt slighted when omitted from last week's supposedly last C. C. C. list. To keep them from doing me bodily harm I shall list them as follows: Evans, Young (Fred), Ormsbee, Stanley, Stevens, Adkins, Osborne.

• • •

The pride of South Jefferson does his best while clutching a two-fer, so perhaps that explains this week's column. I've just about shot may wad and should this be the last column (might be one more) I wish all kinds of luck to all of you. If and when you ever get to Cincy, call me up and we'll get together to sling some of the gentleman cow.

Economists Make Field Trip

Sixteen members of the Business Administration class of Maryville College, headed by Dr. Campbell, made a business tour of several of the most prominent firms in Knoxville last Wednesday.

The trip included a visit to each of Knoxville stock brokers—Elder and Company, and Abbott, Proctor, and Payne, where the mysteries of the stock market were explained. Mr. Fulton, of the Tennessee Automobile Insurance Company then gave a talk on insurance, and provided the class with a demonstration of the modern accountmachines used in the up-to-date insurance office.

After lunch at the S. & W. Cafeteria, the class made a two-hour inspection trip of the Standard Knitting Mills where the raw cotton is transformed into finished cotton garments by a continuous process.

Mr. Griffitts, manager of Sears-Roebuck in Knoxville, led a discussion on Retail Problems and Budgetary Control, as the last feature of the trip.

—O—

C. C. C. PROGRAM

The weekly entertainment for the Vonore C. C. C. Camp was presented Tuesday, May 12, by the Music department. The program featured music by Garnet Manges and readings by Gloria Miller and Florence Parks. Fred Jewett also took part in the performance, giving numbers from his repertoire of sleight of hand tricks.

Another in this series will be presented next week.

—O—

Jerusalem as Holy City

Jerusalem is a holy city to Jews, Mohammedans and Christians alike.

Societies

Bainonian will entertain members of Theta Epsilon with an unusual program on Saturday night in Bainonian Hall. The program will consist of original compositions, including a reading by Ellen Hitch. Vera Lugowski will dance; Jane Brown has arranged a musical feature; and Jean Barlow will read a number of poems. Short stories and other numbers will also be included.

• • •

After the joint meeting of Theta and Bainonian, Theta officers for the school year 1936-37 will be elected. The nominees are as follows:

President—Dean Bell, Joan Dexter
Vice President—Kay Quass, Lillian Leland
Secretary—Gwen Vaughn, Mary Lawson
Program Secretaries—Mary Alice Everhard and Dorothy Armstrong
Gloria Miller and Doris Woodwell
Treasurer—Jeanne Fenn, Blanche Webb
Pianist—Mildred Brothers, Jane Dunning
Poster Chairman—Eleanor Russell, Jane Cobbett
House Chairman—Catherine Pond, Vera Lugowski
Seargeant-at-Arms—Sue Green, Virginia Boys.

• • •

There will be no regular meeting of Athenian tonight. The results of the election held earlier in the week appear as follows:

Don McArthur—President
Mark Andrews—Vice President
Marvin Minear—Recording Secretary
Robert Goff. Robert Kleemeier—Critics
William Kimble—Pianist
Leland Waggoner—Editor
Donald Kellian, Gerald Beaver—Program Secretaries.

Alpha Sigma will present another in its series of "Senior Nights," Carl Fisher, George Greiner, and Joe Cortese will appear on the program.

Chilhowean Staff Climaxes Year With Dinner

The entire staff of the 1936 CHILHOWEAN were guests, Tuesday night, of Miss Clemmie J. Henry at a dinner at Cates Tea Room, given in honor of the retiring staff. The group was transported in the cars of Miss Heron and Miss Henry, leaving the campus at 6:30. The cozy private room overlooking a spacious lawn had been beautifully decorated with roses and peonies.

After a delicious meal, from tomato juice cocktail to strawberry shortcake, the service was withdrawn and the group spent several delightful hours playing Monopoly. Miss Henry's financial genius stood her in good stead as the soon-bankrupt players at her table found out. Confidence in the success of next year's CHILHOWEAN was expressed when John McIntyre, next year's business manager, won at his table.

Besides the hostess and Miss Heron, the guests included Bernice Gaines, Shirley Jackson, and Bob McKibben, junior members of the staff of Editor Bill Morgan and Business Manager Charles Luminati, together with Jane Harris, Louise Orr, Ruth Ray, John McIntyre, James Proffitt. and Simpson Spencer, sophomore staff members. The absence of Dick Meadows, who left earlier in the year for a position in Washington, was keenly felt.

—O—

Freshman Class Elects

At a meeting of the Class of 1939, on Wednesday morning, Weldon Baird was elected president of the class for the coming year, 1936-37. Etta Culbertson will serve as vice president, Ernest Crawford, treasurer, and Margaret Baker, secretary.

—O—

Dentistry in America

America leads the world in dentistry and dental training, but it has been estimated that only 25 per cent of the people receive dental service.

Scots End Cinder Season with 82-44 Win

On The Bench

... with ..

The SPORTS EDITOR

When Bob Thrower's cindermen met Emory and Henry this week, two sterling Highlanders were finishing their work of garnering piints for the Scotties. We refer to Stuart Snedecker and Eddie Lavendar.

Back when your scribe was chief pencil sharpener for the high and mighty sports editor, we learned that Stu Snedecker was the boy that no one knew how to beat in the cross-country, and few ever passed in the distance events. Also, at the feet of our teacher we heard the story of Eddie Lavendar's rise to fame by his ability to fling himself from the top of one pole over another one. Today, both of these men have finished their work for the Highlanders. We could not praise them enough. Suffice it to say that when the scribes got together to dipe out, in advance, the way the cinder meets would fall, we always began like this; "Well, there's Snedeckers firsts in the mile and two mile, and Eddie's five points for the pole vault."

Teachers

It begins to look like the Teachers are going to clinch the SMC baseball title this year. It is a little surprising to your scribe that the teams kept off each other's necks yesterday. Riding was in vogue, and riding really took place on the receiving end was Bill Anderson, Teacher catcher and local "talent." On the giving end was tennis man Jewett, among others. We still can't figure out who ended on top.

McSpadden Takes Women's Singles

Martha McSpadden, ceded player in the women's Y. W. C. A. tennis tourney, topped the field in the singles melee last week, defeating Elizabeth McNamara in the finals. Miss McSpadden advanced to the finals by decisioning Lois Sharp in the quarter finals Miss McNamara advanced over Martha Watson.

In the doubles tourney, Dorothy Whittington and Hazel Eddins defeated the Misses McSpadden and Watson to take the title in this division.

RECORDS FALL

A close perusal of the 1935-36 track summaries reveals that three new college records were hung up by the Scot trackmen during the campaign which ended Saturday.

The first new mark to be established was chalked up to the credit of Eddie Lavendar, senior pole valuting ace. in the L. M. U. meet when he added an inch to the 11 feet 2 inches cleared by Felknor in 1932 and equalled by Eddie himself in 1935.

The second breakage was committed by Stuart Snedecker, senior star, who clipped almost 10 seconds from "Spec" Moore's 9:58.4 two-mile record, which had remained intact since 1932. Snedeker's time of 9:48.6 was made in April 25 in the meet with Davidson. Incidentally this is one mark that will probably gather plenty of dust before the boys shoot it down.

The latest one for the books is the 51.4 seconds quarter, run in the Emory and Henry meet last Saturday by Roy Talmage. It replaces the 52 second record rung up eleven years ago by Thompson and tied in 1933 by Snedeker.

SEASON SUMMARY

The end of another track season finds our Scotties still sitting comfortably in the king-row of the Smoky Mountain Conference, thanks to a decisive victory in the conference meet at Harrogate May 2. In addition to this, Coach Thrower's athletes are holders of second place in the T. I. A. A. meet, held at Sewanee on May 9.

(Continued on page four)

Emory and Henry Unhorsed In Last Track Meet Here

Talmage Smashes Record In 440; Snedecker Garners 3 Firsts to Top Scoring

By ARTHUR BYRNE
(Echo Sports Writer)

The 1936 track season was laid to rest here last Saturday as Coach Bob Thrower's cinder artists administered a sound 82 to 44 thrashing to the Emory and Henry Wasps. The Virginians' edge in the field events was completely overshadowed by the Scot's superiority in the running department, where the locals garnered a total of 54 points out of a possible 72.

The Scotties started with a rush, with Snedecker, Meares, and Dmytriw, who finished in that order, making a clean sweep of the mile run. At the end of the first three events the stingless Wasps had only one point in the 440 yard dash, in which Talmage whirled off a record-smashing performance to cop first for Maryville. With an early lead in their grasp the Scots kept the pressure on and were never in any danger.

Snekecker, senior mainstay of the Scots' team, turned in a total of 15 points for the outstanding performance of the day. He captured firsts in the 880, the mile, and the two-mile runs. Right at his heels came Talmage, winner of the 220 and 400 yard spins, and Proppst, 14 point winner for Emory and Henry.

Summary:

Mile run— Snedeker (M), Meares (M), Dmytriw (M); time, 4:34.

440-yard dash —Talmage (M), Baird (M), Keys (E-H); time 51.4.

880-yard run—Snedeker (M), Meares (M),Baird (M); time 2:09.

100-yard dash—Rich (M), Dyer (E-H), Foulk (E-H); time 10.2.

Low hurdles—Proppst (E-H), Smith (M), Foulk (E-H); time 27.5.

Shot—Proppst (E-H), Miller (E-H), Propst (M); distance, 38 feet 3 inches.

Discus— Propst (M), Proppst (E-H), Baird (M); 10 feet.

High jump—Gabbert (E-H), Steakley (M), Gray; height 6 feet.

Scotties Drop Both Games of Twin Bill Here

Teachers Annex Second and Third of Four-Game Series; Play Today

In the second title-game with Coach Gene McMurray's conference-leading Teachers the Scotties emerged on the short end of a 5-3 score here Fridey afternoon. Ashby, Scot moundman, scattered eleven hits over five innings but the Scots were unable to push home the men put on bases by there nine safe connections.

The game was featured by ragged play by the Scots, and inning after innings found Highlanders stranded on the sacks. Blazer and Evers led in the Scot hitting with three and two singles respectively.

For the Teachers, Brynard, pitcher, led in the hitting with a homer and a single. The summary:

ETT	101	000	102	5	11	2
MC	010	101	000	3	9	3

Brynard and Anderson; Ashby and Burns.

TEACHERS TAKE SECOND

In the last half of the scheduled double-header, the Teachers piled up eight markers in the scheduled seven-inning tilt, to top the Scotties, who garnered only three runs. The Teachers secured only eight hits, but were able to utilize all of them.

Cross led in the hitting with a homer, and Blazer marked up a pair of one-baggers. For the Teachers, Cash and Todd got homers, and Henry collected a pair of singles. The summary:

ETT	100	030	4	8	8	1
MC '	100	020	0	3	8	3

Hand, Collins and Burns; Chambers and Anderson.

Origin of Word "Calendar"

Netmen Defeated In TIAA Tennis Tourney, May 8-9

Scott, Gillingham Advance To Quarter Finals; Meet With 'nooga Called

The University of the South and the University of Tennessee divided honors in the third annual TIAA tennis tourney, held this year at Sewanee, May 8,9. Shelton of Sewanee captured the singles crown as he defeated Marshall of U. T., 6-3 6-1. Shelton displayed an accurate and consistent forehand drive coupled with a fine service to defeat Marshall. Previous turned in a beautiful performance in to his defeat by Shelton, Marshall had eliminating Dunlap, 6-1, 6-2. Dunlap was the winner of last year's singles crown, and was the favorite in this season's race for the one-man title.

Marshall and Krisle of U. T. defeated Shelton and Young of Sewanee 6-3, 6-4 ti take the doubles title for the Vols. The superb volleying of the winning duo turned the tables on the Sewaneemen.

Of the Maryville contingent, only Gillingham advanced into the second round of singles play. He defeated Fennell of Murfresboro, 6-1, 6-4, in the first round of playing. Dunlap, Southwestern's ace defeated Gillingham in the second round, 6-0, 6-3 Shanklin of Vanderbilt defeated Scott, 6-1, 6-4. Shelton of ETT defeated Fogaris, 1-6, 7-5, 6-0, and Warren of Sewanee defeated Colombo, 6-0, 6-1.

In the doubles, Scot and Gillingham advanced to the quarter finals where they were defeated by Krisle and Marshall of U. T. 6-3, 6-3. The other Scot doubles team, Fogaris and Colombo, met defeat in the first round at the hands of a Vandy duo, Shanklin and Roe, 6-2, 6-1.

Baseballers To Face Teachers In Fourth Today

Honakermen Will Engage LMU In Two Tilts Here Next Week

Coach Honaker's Scotties oppose the East Tennessee Teachers nine in the last of their four-game series this afternoon at 2:00. Coming out on the short end of both scores in the double-header yesterday, the Scots will be out to avenge the sting of that defeat. After the final game with the Teachers, the Honakermen will play two games here next week with L. M. U.

SHOEMAKER'S SHOE STORE

Fall to C-N, 12-10

In spite of a thrilling eight-inning rally totalling eight runs, the Scots were turned back, 12-10, in the fourth game with the Eagles of Carson-Newman here this week. Faced with 12-2 odds as they came to the plate in the eighth, the Scots started a roundhouse inning with almost every batter registering a hit. Loessburg and Evers connected for homers to lead in the scoring. Burris hung up a triple, and Holloway rung the bell with a pair of singles. The summary:

CIN	500	000	160	12	11	3
HC	101	000	080	10	11	5

Harris, Ramsey and Roberts; Colins, Hand, and Burris.

Racquetmen Fall To U. T. Vols, 8-0

The University of Tennessee administered an 8-0 defeat to the Maryville racquetmen Tuesday afternoon at Knoxville. The scores: Marshall defeated Gillingham, 6-1, 6-1; Krisle defeated Scott, 6-3, 6-3; Seinknecht defeated Colombo, 6-2, 6-0; Beene defeated Fogaris, 6-2, 6-2; Rodgers defeated Kosloski, 7-5, 3-6, 6-4; Vestal defeated Quigley, 6-1, 7-5. In the doubles, Marshall and Krisle defeated Scott and Gillingham, 6-0, 6-1; Seinknecht and Beene defeated Colombo and Quigley, 6-3, 7-5.

'36 TRACK SEASON

(Continued from page three)

As for dual meets, their record is three wins and two losses, the latter suffered at the hands of non-conference foes.

The record follows:

M. C. 40	Tennessee 91
77	University of Chattanooga 54
104½	L. M. U. 25½
47½	Davidson 88½
85 2-3	and first place in conference meet
36	and second place in State Meet
82	Emory and Henry 44

CONFERENCE MEET

Next week the racquetmen of Coach Fischbach leave for the deciding meet for honors in conference circles, the Smoky Mountain Conference tourney, held this year at Harrogate, Tennessee with Lincoln Memorial University as host. The tourney, which is scheduled to be held on May 21-22, will attract most of the teams in the conference.

Coach Fischbach will take four players to the event. He plans to take Scott and Gillingham, Fogaris, and either Quigley, Meeks, or Kosloski as the fourth man. Gillingham, star of this season, will probably be ceded among the first three. Gillingham and Scot are given a fine chance to win the doubles championship. According to Coach Fischbach, the ETT racquetmen will undoubtedly furnish the chief opposition for the Scotties as they attempt to annex the conference title.

The tennis match originally scheduled with the University of Chattanooga Friday, May 15 was cancelled. This was the last home match of the Highlander racquetmen this season.

EMORY

(Continued from page three)

Pole vault—Lavendar (M); Pierce (E-H) and Chandler (M) tied for second; height 11 feet 3 inches.

220-yard dash—Talmage (M), Rich (M), Dyer (E-H); time, 23.5.

Two-mile run—Snedeker (M), Gillis (M), Ormbrester (E-H); time, 10:42.

Javelin throw— Craggy (E-H), Hulette (M), Miller (E-H); distance, 164. feet.

Broadway jump—Gray (M), Gabbert (E-H). Loessberg (M); 20 feet 11 in.

High hurdles—Foulk (E-H), Kleemier (M), Proppst (E-H); time 16.4.

Sound Picture Machine

(Continued from page one)

New York, from which films are secured for only the two-way cost of fast express and a two dollar annual fee. A similar library in Atlanta, Georgia and the facilities of Eastman Kodak, General Electric, and other commercial concerns are also available to the department.

Most of the credit for the new machines goes to Professor Howell, who has seen the need for talking pictures in modern education for several years. Wiley Steakley, George Stanley, and Joe Wilkerson have all learned to operate the machines. Wiley Steakley spent the entire night before the May Day pageant adapting the microphone equipment for the excercises in the outdoor amphitheatre. The sound projectors mark another step in the progress of education at Maryville; not only have they demonstrated that tours through industry can be made right here, but that such tours are even more complete and satisfactory than an actual visit could possibly be. Dr. Cummings has also been seriously considering the possibility of the use of talking pictures as a part of the entertainment program of the Social Committee for next year.

Five Graduates Distinguished By Honor Society

Alpha Gamma Sigma Elects Honorary Members From Successful Alumni

Dr. Edwin R. Hunter, secretary of Alpha Gamma Sigma, Maryville College honor society, has recently announced the election of five distinguished Maryville graduates to honorary membership. The provision in the constitution of the society for such membership follows:

"Any graduate of Maryville College who has won especial distinction for breadth of culture and scholarly achievement along the lines of literary, scientific, educational, or social progress may be elected an honorary member of Alpha Gamma Sigma. Alumni will not be eligible to honorary membership until ten years after the date of their graduation."

The five who were elected, with the year of graduation and their distinction are as follows:

Edwin Sheddan Cunningham, '89, for a distinguished record in the public service of the United States (Consular service in Norway, India, China).

Luther Boone Bewley. 'Ol, for a distinguished record as educational organizer and administrator (Director of Education in the Philippine Islands.)

John Evarts Tracy, 'Ol, for a distinguished record in the practice and theory of the law (Member of the Law School Faculty, University of Michigan.)

Albert Francis Murray, '15, for a distinguished record in the field of electrophysics (Connected with the television development of Philco Corporation.)

Mildred Lucille Campbell, '20, for a

New Banner To Head Echo Next Year

A new design for the banner of next year's HIGHLAND ECHO will replace the present Old English letering against a mountain background which has been in use for six or seven years. Capper Engraving Company, the large Knoxville firm which has done all of the engraving for THE CHILHOWEAN for the past several years, will furnish the cut.

The new design will be inaugurated in the first issue of the ECHO next September. Eight student artists will submit designs by next Monday. They are: Jane Brown, Mary Alice Everhard, Jane Harris, Virginia Worth, Glover Leitch, John Knight, James Miller, and Louise Murphy. This experiment is one of many which the new staff hopes will increase the popularity of the ECHO next year.

Forty Climbers Leave For Overnight Hike

Forty Maryville students left the campus at 1:30 for the annual Y mountain-climb. The hikers will go to Gatlinburg by truck, and will stop tonight a the foot of Mt. LeConte, where camp will be pitched, supper eaten, and an impromptu entertainment program given by members of the group.

On Sunday morning the hikers will climb to the top of the mountain, where a worship service will be held. They will return to the base for a steak dinner.

The hike is in charge of Archie Pieper and Alex Christie. A fee of forty nine cents has been charged.

"M" Club Initiates Thirty

The "M" club ended their initiation ceremonies this afternoon at a picnic held at the home of Mrs. Verton Queener. After the ceremonies, election of officers for the coming year took place.

On Friday, each new member was required to wear a large orange and garnet hair bow 5 by 9 inches. She had to carry a number 2 or 2 1-2 tin can and a large nail. Whenever she met an old member she was required to bow and say, "Oh, superior sagacious sovereign, statistics show us scatter-brained shrimps, spontaneously scared silly, standing and seeking space in super malegorious society."

The following girls have been elected to membership.

Catherine Pond, Louise Murphy, Virginia Rood, Janet Talmage, Betty Kelly, Addie M. Kirby, Jean Brand, Lois Sharp, Elizabeth McNamara, Hazel Eddins, Ruth Patton, Sarah Botto, Kitty Adams, Frances Taylor, Martha Watson, Ella Stephens, Alice Whitaker, Molly Comstock, Inez Roseberry, Gladys Wilson, Evelyn Ferguson, Jonnie Lewis, Elizabeth Blackburn, Anne Jett, Nina Dair McMillian, Joy Pinneo, Helen Jones, Jean Thompson, Marguerita Miller, Wilma Pechak.

Glee Singers Climax Year

On the morning of June first, the glee singers will present in chapel a group of choruses, including "The Venetian Love Song" by Ethelbert Nevin, "Old Street-Corner Melodies," by Gates, and "To Arms," by Maunder.

Last night the group gave its last concert of the year, in Louisville, Tennessee. On Tuesday night of next week the Glee Singers will hold a theatre party.

In recent competitions held in Coach Fischbach's advanced swimming classes, Alvin Toms proved himself number one man, winning firsts in three out of four events.

Women's Societies Elect Opening Week Officers

During the past week the two women's societies held their elections for officers for the new school term, beginning in September. The members of Theta Epsilon and Bainonian nominated the groups of girls who will have the task of filling the ranks of graduating members with newcomers in the fall, and of conducting opening week activities for them.

As a result of Theta's balloting on Tuesday evening, the following will hold office: Kay Quass, president; Marcella Ardern, vice president; Gwen Vaughn, secretary; Blanche Webb, treasurer; Mary Alice Everhard and Dorothy Armstrong, program secretaries; Eleanor Russell, poster chairman; Kathryn Pond, house chairman; Sue Green, seargeant-at-arms; Mildred Brothers, pianist.

Balloting for Bainonian officers was completed on Wednesday. The following have been selected to begin work for the coming year: Calista Palmer, president; Shirley Jackson, vice president; Helen Woodward, secretary; Emily Watson, treasurer; Lois Black and Irma Souder, program secretaries for opening week; Mary Knibloe and Ruth Emory, program secretaries; Lenna Bess Childers and Martha Watson, house chairmen; Mary Jo Husk, poster chairman; Mary Chambers, seargeant-at-arms.

The newly elected presidents have been prominent in campus activities. Kay Quass, newly elected Theta head, is a home economics major, as w s selected by the junior class this year to be class sponsor in the CHILHOWEAN. She has been active in Theta Epsilon. Calista Palmer has served also as vice president of Bainonian. During the past year she has been president of the Women's Glee Club, and during her sophomore year she served as vice president of her class.

"Cyrano" Rehearsals Shape Dramatic Triumph

The casting of the senior play to be given on May 30, and the selection of its producing staff, are now complete. The youthful Rostand planned his Cyrano on truly heroic lines, and called for an unusually large number of actors. The present cast includes thirty seniors, many of whom will play double roles.

The complete cast, as released by the stage manager, follows: Carl Fisher, Robert Lodwick, Herbert Hunt, Leone Ann Brown, George Greiner, Edward Opitz, Arnold Brown, Robert Smyrl, Edwin Best, Robert Godfrey, George Stanley, Elsa Bowden, Marjorie Bliss, Leola Halsey, Sylvia Ammons, Catheryn Smith, Eleanor Pflanze, Bessie Rieves, Willis Garrett, Jane Baldwin, Alex Christie, Harriette Huffstetler, Edith Nicolai, Kyle McCall, Joe Arrendale, Warren Jones, Lance Staley, Sam Blizzard, and George Adams.

The play is being produced by Martina Robison and Stuart Gillis, stage managers; Herbert Hunt, business manager; Edwin Best, assistant business manager; Mimi Baez, in charge of music; Ellen Hitch, costumes; and Jane Baldwin and Eleanor Pflanze, property managers.

Rehearsals, under the able coaching of Mrs. West, have been held daily for several weeks, and the performance promises to be the dramatic triumphs of the year.

Maryville Host To Conferences

Administrative Activities Continue In Summer

President Lloyd today released the following announcement about summer activities at the college.

The college campus will continue to be a busy place until about the middle of July this summer. There are to be two young people's conferences. The first one is a conference conducted by the Presbyterian Church in the U. S. from June 8 to June 13. There will likely be about two hundred young people from East Tennessee in attendance at this conference. This is the third year it has ben held on the Maryville College campus.

The other young people's conference will be conducted by the Presbyterian Church in the U. S. A., and will be in session from June 29 to July 4. It is somewhat smaller than the other but will probably enroll about one hundred.

In addition to these the campus is to entertain the Presbyterian Synod of Tennessee, which consists of all of the Presbyterian (U. S. A.) ministers in the States of Tennessee and Georgia and part of the State of North Carolina, and Elders representing each of the churches in the State. At the same time there will be a meeting of the Synodical Society of Tennessee, which consists of representatives of the women's missionary societies of the Presbyterian (U. S. A.) churches in the same territory. The occasion of the meeting of Synod is the celebration of the one-hundredth anniversary of the founding of the New Providence Presbyterian Church. The Church is in reality the host of the Synod and the Synodical, but the College is glad to place its facilities at the disposal of the Church. Maryville College has throughout its entire history been connected with the Synod of Tennessee.

Throughout each summer the administrative offices in Anderson Hall are busy, just as during the college

(Continued on page two)

Debaters Hold Banquet

The members of Pi Kappa Delta met at a banquet at the home of Mr. and Mrs. Verton Queener on Wednesday evening. At the conclusion of a delicious dinner, Archie Pieper, as toastmaster, introduced Dr. Knapp, an honorary member of the society, who reviewed some of his interesting experiences in debating. There followed a varied program.

In conclusion, the debaters performed a ceremony which, it is hoped, will some day become a tradition. Clippings of newspaper articles which were related to the debates of the past year were piled in the fireplace and ignited. As the flames ascended, each member added to the blaze by throwing into it a used rebuttal card. Ashes were carefully collected, to be preserved.

President and Mrs. Lloyd, Dr. and Mrs. Hunter, Dr. Knapp, and Professor and Mrs. Queener, in addition to members of the varsity and freshman debate squads made up the party.

Following the banquet, six members of the debate squad were initiated into Pi Kappa Delta, including Minnie-Lou Chittick, Lois Black, Virginia Pennington, Helen Maguire, David Maas, and Richard Schlafer. During the business meeting which followed the iniitation, Helen Maguire was elected president of the society, Richard Schlafer, vice president, Virginia Pennington, secretary, and Lois Black, editor.

Scot Distance Runner Smashes AAU Jr. Record

To Run In Senior Trials Today; Winners Will Try For Olympics

BULLETIN

New Orleans, La., Friday, May 22. (UP). (Courtesy the Knoxville News-Sentinel) — Stuart Snedecker. ace Maryville College distance man, blasted all existing records in the 5000 meter event here this afternoon, pacing the field to set up a 16:34.1 mark. Snedeckers win was in one of the races of the Junior AAU tryouts. Saturday, Snedecker will run in the senior tryouts, which will determine Olympic contestants to take part in the national finals.

Entraining at Knoxville Wednesday afternoon, Stuart Snedecker, veteran Scottie runner, left for New Orleans, Louisiana, to participate in the joint Southern A. A. U. and sectional tryouts for the International Olympic Games to be held in Germany this summer.

Coach Thrower is confident that Snedecker will take first place in the tryouts, and his hopes are well-founded. The best time for the two-mile run at the Southern Conference at Durham, North Carolian was 10:7.

(Continued on page three)

Notice

The N. Y. A. checks for May, and for June 1 and 2 will be here about June 12. Please leave instructions in the Student-Help office for the disposition of your check.

Clemmie J. Henry

Nelson Wins Strong Medal

The Rush Strong Medal, "valued at not less than fifteen nor more than twenty-five dollars" has been awarded this year to Raymond Nelson, freshman student from Force, Pennsylvania. The award is made annually to the freshman student " who shall compose the best essay upon the subject, "The Value of Truth."

Nelson, who has already distinguished himself as a member of the freshman debate team and by election to the staff of the 1937 CHILHOWEAN, had a very fine essay, selected from a very good field with difficulty. Presentation of the award will be made in chapel on Class Day, next week. The award was won last year by Alice Jane Whitaker.

Peace Organizer Recruits Student Workers

Dr. Hoscoe Steintorf, professor of physics at the University of Pennsylvania, was on the Maryville campus Wednesday and Thursday seeking recruits for the Emergency Peace Campaign which will send students all over the country, paying their expenses, to plead for peace in rural communities this summer. Eighteen Maryville students received application blanks. Dr. Steintorf, regional organizer for Kentucky and Tennessee, emphasized the value and necessity of the enlistment of youth in the cause of peace. Students desiring information concerning the project may see Abby Higgins or Stanley McCleave.

"I Have So Much To Do"

These last few weeks are the hardest of the school year. The end, although barely in sight, is concealed behind a multitude of little things to be done, term papers, exams, rehearsals, social activities. And it is at such times that we discover which ones of us "can take it." It seems that the more we have to do, the more there is added to be done, until we find ourselves swamped, and we can't possibly see the way out.

To the administrator and the organizer this is an agonizing time. When he seeks someone to take a share of his program, he hears from all sides, "I'm sorry, but I can't help you. I have so much to do now that I don't see how I can possibly finish." And after his tenth or eleventh attempt to enlist aid. he decides to waste no more time, but to do it himself. Thus, we find parties planned and executed by a few already too busy and overworked individuals; club activities become the responsibility of one or two people; and the year is left to be culminated with the concentrated efforts of the few dogged old-faithfuls.

It's true, we come to college primarily for the attainment of knowledge, and class work should come first. But the social program and other activities are designed to meet a definite student need, and must be carried on by the students as a body in order to be effective. Their purpose is defeated when they become the sole responsibility of a few.

Let it be granted that we are all busy. Whom do we hear most voiciferously enumerating the things they have to do? Is it those who do things? Most generally, those that cry the loudest do the least. The accomplished swimmer is not the one who makes the biggest splash, but it is he who cuts deepest into the water below him and most effectively propels his body. We who are wasting out time telling people how much we have to do must initiate a campaign of silence and accomplishment.

" We Demand Freedom!"

We are the student body which has agitated for complete self government! We are the oppressed ones who demand our rights as intelligent college citizens! We complain, and continue to complain, that we are not considered capable of managing our own affairs.

Any self-respecting member of the student body must be bitterly ashamed of the demonstration at the student elections held on Friday morning, and of the lack of interest evinced by those present. The affair may have been badly managed; it may have been poorly organized; but the fact remains that the few who remained to see the elections completed were not representative of the student body.

Until we cease to neglect or abuse the opportunities given us, we can not expect to have our rights increased.

Underneath The Bough

Whether Senator Hegner has gone beyond, or whether he will be back next week to say "farewell" for the fifth and last time, we know not. At least, having taken over his duties as the editor's Official Wastebasket, we had to find a name for our column. Hastening to our dog-eared copy of Omar Khayyam we searched for a title, and not as a cigar-smoking Senator, but as a Persian prophet, pouring forth his platitudinous pronouncements from the shadows of the ruins of Babylon. We think that the College Pastor and ourselves, by the way. deserve a medal or something for our phine pheathered phraseology.

* * *

On some things we differ with the Senator. In the first place we aren't going to honor every person who has no better use for his time than to "moonshine" six days a week. Not that we are unmindful of the pleasures of holding hands and cooing turtle-dove-like to our lady love, but we do think that more could be said about some other people. By the way, we liked J. T. Hunt's essay, which was just a little too vitriolic for publication, in which he called the Senator's C. C. C.'s, "Crafty Cutie Chasers". Ask J. T. to show you that essay.

* * *

Here are some bouquets we'd like to present. It's the people who do things, rather than sit back and criticize, that make our college a better place. We're thinking in particular of the self-styled critics of the publications who, without consideration of the limitations in time, money, freedom, and material, sneer, without any practical suggestions for betterment. Let's be more constructive! our bouquets!

To the waitresses, who, as the days become hot and the food hotter, serve without complaint, many of them unable to buy even a brief vacation from their tiresome work!

To the boys who have been digging that ditch beyond Bartlett while the rest of us enjoy ice cream cones and baseball games!

To Dr. Cummings, the faculty, and the office girls, for their thankless work handling long lines of impatient students during registration!

To Win Ross, M-L. Chittick, Harriette Huffstetler, Marguerite Justus, and Wiley Steakley who did most of the work in connection with the lawn party last Saturday! And we believe that it will be a long time before we see such a delightful, entertaining social gathering on our campus. Congratulations, Student Council!

To Professor Lagerstedt, because he is a real sport, and because we envy his trip to Germany and the Olympics this summer. Bon voyage, Professor!

To Dr. Lloyd's youngest daughter and her pretty hair, because her happy skipping across the campus reminds us of how we'd feel if we had all our term papers in!

* * *

This is to inaugurate a special department entitled MUD FOR McINTYRE. This week we will devote it to a special glossary of sports terms found on the sports page in the last four weeks. For the enlightment of the uneducated:

"Taking the measure of" means "defeating".

"Tennis aggregation" is Scotch for "tennis team."

"Thirteen registered connections with the horsehide" is McIntyre for "thirteen hits".

"Tennis mixup" was quaintly applied to the state meet.

"Decision", except on the sports pages of the Knoxville Journal and the Echo, is a noun.

"Outer garden patrolmen" means "outfielders," and for that last one, you, too "Mac", may have a bouquet!

Well, Son, we've shown our teeth; now you come back. Oh, yes, we did like your valuable editorial on "Intramural Sports" in the Echo two weeks ago. I hope some of these husky C. C. C.'s will dig it up and read it for their consciences' sake.

* * *

It's nearly time for most of us to say goodbye to Maryville. We who return in the autumn will miss a lot of people. It will be hard to adjust to the absence of our friends among the seniors. We'll miss Dr. Fields, too, and Jane Harris and Helen Miller and Koester and all the rest of those who have made us glad we came to Maryville. And one we will miss as much as anyone will be Senator "Dave" Hegner. In achievement, fearlessness, and popularity he has few equals on the Hill. The University of Cincinnati will get a good man next year, and back here at Maryville the successor to "The Weakly Filibuster" will have a hard time to write a column so well-read, clever, and caustic as his has been this year.

Wilkerson Called To Army Air Corps

Joseph Wilkerson, member of this year's graduating class, has received instructions to report to Randolph Field, Texas, on June 29, for duty with the Medical Service of the Flying Cadet Corps. Randolph Field, "the West Point of the air", is located near Sam Antonio. Wilkerson is at present a second lieutenant in the Black Hawk Battalion. which is the Alumni unit of his high school R. O. T. C. regiment.

He is a chemistry major at Maryville and expects to enter the Medical School of the University of Virginia in the fall.

A GREAT SERIAL

"The Closed Circle," an exciting novel of a man who risked everything for the love of a woman, whose name he did not know, starts May 24th in the American Weekly, the big magazine which comes regularly with the BALTIMORE SUNDAY AMERICAN. Your news-dealer will supply you.

Final CCC Program Given

The Expression department presented a varied program before the C. C. C. camp members on Thursday evening, including readings by Lois Black and Margaret Armstrong, a one-act play acted by Florence Butman and Bernard Boyatt, and music by Ellis Hill.

French Club Elects

The French Club has selceted the following officers for next year: Betty Carlisle, president; J. T. Hunt, vice president; Marie Gurney, secretary; Helen Woodward, treasurer; Mollie Comstock and Vera Lugowski, program secretaries.

The Writers' Workshop will hold its annual spring picnic in the college woods on Tuesday afternoon.

Summer Conferences

(Continued from page one)

year. For these special events the dining hall, the dormtory space of Pearsons Hall and of Baldwin Hall, the swimming pool, the athletic grounds, the class roms of Thaw Hall, and any other needed facilities are used.

HOUSEHOLD HINTS

Timely menus and recipes for the woman who wants to find new ways to prepare meals. One of many household articles in the American Weekly the big magazine which comes every Sunday with the Baltimore American. Get your copy from your newsdealer.

"THE OLD RELIABLE"

Snedecker To Run In Senior AAU Trials Today

Netmen Move To Finals Of SMC Meet

On The Bench

... with ...

The SPORTS EDITOR

SNEDECKER

Concerning Stu

It seems about time for your scribe to do a bit of a prophecy. This Snedecker boy is headed for great things in the world of cinder sport, or we miss our guess. Sitting on top of a Junior Amateur Athletic Uunion record in the 5000 meter event at present, Stu will undoubtedly repeat that winning performance when he runs in the Senior AAU distance grind this afternoon. Which reminds your scribe that he said something of the kind a few weeks ago. Stu has had an unparalleled record of firsts and honors under Maryville colors. We'd like awfully well to see him continue that string under the colors of Uncle Sam. And, incidentally. all this is a shining tribute to the coaching skill of Bob Thrower, who was pleased as punch when he got a wire this morning.

Clearing It Up

And speaking of that wire: It cleared up a lot of the dispute that was raging in and around the Hill this morning concerning the time and record set up by Snedecker. In the first place, it might be well to state that the record broken was one of the Junior AAU marks. The Junior events are run by those cindermen who have never won a major event in an AAU meet. The senior meet, which will be run this afternoon, counts as its participants those runners who have won events in Junior competition. Thus Stu, by winning yesterday, made himself eligible for running today. Quite neatly done on the whole, we think.

And in the second place, Stu confessed in the wire that the time was slow. Slow, but not quite slow enough to be slower than some one else who breasted the tape in the distance event to hang up the previous record. The time of 16:34.1 stands, then, and the reputation of your scribe is untarnished.

Netters

And while we're speaking of wins and wires and such, we recall the wire we got this morning, that cost us twenty-eight cents and Dr. McMurray five. It was from your scribe's inimitable assistant, Wando Colombo, of "Who's Who" fame. He recounted to us the story of the tennismen at LMU. It seems that they are going out for individual honors in a big way, what with Scott battling Gillingham in the semi-finals of the singles. Orchids are due Coach Fischbach for the altogether splendid performance his men are putting up at the conference jamboree.

Courtesy News-Sentinel

And we owe a bunch of the orchids to Bob Wilson, genial sports editor of the N-S, who. without a bit of hesitation, let us in on the story of Snedecker's performance over in the sports department last night. His enthusiasm was second only to ours, and he promised to let us in on anything else that came through about our star cinderman. Thanks again, Scribe Wilson!

Homer Cayenne

While reading the proof for our immediate superior. the Ed., we found that the omnipotence, the unquestioned superiority of the sports desk is being questioned at last. This interloper calls his quips Mud for McIntyre, and insists on debunking some of the department's best phrases. We had the Senator bribed; now it looks bad again.

I sought out this worthless character, and found him reading his article for the fiftieth time. To our offer of a moderate recompense for a "hands off" policy, he sneered, saying, "I, Homer Cayenne, am taking the liberty of debunking you!" Ah, liberty! What sins are committed in thy name!

Fischbach's Men Triumph Over Conference Foes

Three of Scot Quartet Remain In Singles; Scot Duo In Finals

BULLETIN

Harrogate, Tenn. May 22, — Gillingham, Scott, and Fogaris are in the semifinals of the SMC tennis meet. Gillingham will oppose Scott, and Fogaris will face Curtin of Tusculum in the semi-final matches. Colombo and Fogaris will face Curtin and Marks of Tusculum for the Conference doubles championship Saturday morning.

Coach Fischbach and four net warriors left late this week for the camp of LMU, where the deciding rounds of the SMC tennis meet will be played. This meet is played to decide individual honors, the team title having already gone to the ETT netmen. The Teachers netters decided not to enter the meet because they would be risking their title in the conference matches. The Teachers were the biggest obstacle in Coach Fischbach's path as he sought championships in both doubles and singles in the finals at Harrogate. The netters will return tonight, the conference mixup having ended the current season for the squad.

Scots Split Twin Bill With LMU In Final Tilts

Loessberg, Holloway Find Horsehide For Homers In Final Brace

Smarting from a double setback at the hands of the high-riding Johnson City Teachers on Friday, our Scotties came back to salvage Saturday's game, the third and last of the series, 5-3. Combining Teacher miscues with some fast base-running, the local lads got off to a good start when Burris singled and scored on Todd's three-base error in the second frame. Maryville's next two came in the fourth, as Odell rode in from second on Evers' four-base blow to the left field track. The Teachers counted twice in the fourth on Cash's triple, a one-bagger by Kilday, and Glover's double. They added one in the fifth and another in the seventh, but Maryville then added scores in the eighth and ninth stanzas to clinch the decision.

The summary:

Teachers	000	210	100 —	4 9 3
Maryville	010	200	11x —	5 9 3

Branard, Garland and Anderson; Collins, Ashby and Evers.

Lose Second

In the final tilt of the season, the Highlanders dropped an 8-3 decision to the L. M. U. Railsplitters here Thursday afternoon. Loessberg was hitting ace for the Highlanders in the last tilt scoring a homer and a single.

Wassom, L. M. U. moundsman, held the Scots to six hits besides starring at the plate.

Summary:

L. M. U.	040	200	110 —	8 9 1
M. C.	000	021	000 —	3 6 5

Wassom and Slover; Collins, Hand, and Burns.

Honakermen Take Last ETT Tilt

Evers Homers As Scots Rout SMC Champs

The Scotties opened a two-game series here Wednesday with L. M. U., winning by a score of 11-8. Blazer started festivities in the first frame with a one-base whack and counted when Jim Holloway parked one of Hickam's slants in the street for a homer. The Rail-splitters registered a trio of tainted markers in the second as two hits and two Scot errors provided transportation. But the Honakerites came back with a big display of fireworks to pile up nine more runs. Their scores came in one's and two's, the fifth being their only blank inning. Loesberg whipped out a circuit wallop in the sixth.

The winning runs were made when the Scots made to in the seventh and another in the eighth to lead 11-8.

The summary:

L. M. U.	030	012	200 —	8 10 3
M.	212	102	21x —	11 15 8

Hickam and Slover; Ashby and Burris.

Senior Meet To Decide Finalists For Olympics

American Finals To Be Held At Harvard; Good Chance Given Scot

(Continued from page one)

The fastest time in the Southeastern Conference this spring was 9:57. Snedecker's fastest time this year was 9:48.6. The five thousand meter run, in which he will compete, is approximately three and one-tenth miles.

Snedeker, a senior, has several records to his credit here at Maryville. He has lost only one quarter-mile race in his four years at Maryville. It was his record of 52 seconds that Talmage's new mark of 51.4 smashed this spring. He has run the half-mile in 2:1 seconds, the mile in 4:34, and holds the college record of 9:48.6 seconds in the two mile and 26.20 for the five-mile cross country. This latter time is more than fifteen seconds faster than the best time in the National Intercollegiate Meet this spring.

Snedecker will run at New Orleans Friday and Saturday, and is expected to return Monday. He is expected not only to bear the colors of Maryville, the state, and the South, when he returns, but has a good chance of representing the United States in Berlin this summer. The college, which is paying the expenses of his trip, has reason to be proud of him.

Aha!

EDITOR'S NOTE. Discussions of war and its sources are the concern of us all today. We print Mr. Thom's satire as a timely comment, and a new method of treating the now old problem.

By EDWARD THOM

There had been a great war on earth, and traffic was heavy at the entrance to Heaven. Although the Lord had just had two new gates installed to take care of the rush, the waiting crowd extended as far as the Galaxy. In the rear, almost singeing his coat tails on Orion, was the causer of the crowd, the heavily-bearded, debonair Alexis Murphy, ex-munitions maker. Near him were three others that had taken no combative part in the war.

In course of time the gate-keepers passed judgment on the most of the multitude, admitting some and ordering the rest to the Perdition Chute, a unique fueling device recently built by the celestial carpenters. Alexis winked at his three neighbors, said, "Well, boys, I guess this is where I get mine," and started toward the main entrance where St. Peter was standing. The Saint waved him back, and beckoned the others toward him, saying, as if in way of apology, "Sorry, mister, but you've done a lot of things in your life, and I shouldn't like to keep these other fellows waiting while I examine you."

The first of the four to speak his little piece to the doorkeeper was Patrick Naviliot, a tall lance of a fellow who hadn't done much on earth but have a good time. He confessed his worthless life, talking mostly of what he thought was sinful—drinking, swearing. St. Peter waved him through to bliss, and the second pilgrim began.

"I have been a street cleaner," he stated. "I've never drunk. I've used no oaths. I've been faithful to my wife and friends. My streets were the cleanest in my district."

"Walk in," ordered St.Peter, "and tell Gabriel to give you a golden crown. You've been a good servant."

The wild-haired fanatic who had stabbed Alexis was next. "Since my birth," he said, "I have hated tyrants in the name of Egotism and slain them in the name of Liberty. That's my only word for myself."

"Pass in. But," Peter warned him, "try to remember that Jehovah is a god and not a tyrant. And throw that knife you're carrying into the Perdition Chute."

The fanatic left surlily, and Alexis came forward. "No use of your listening to me," he said, "I'll just go over to the chute."

"No," Peter disagreed, with a lifting and a lowering of his stern, saintly brows and a twist of his lips. "You'll stay here for a while and listen to me talk. Oh, I'm glad I've got this job, because I get a real kick out of telling a dirty dog what I think of him."

"You cur," St. Peter raved in patent disesteem. "You miserable excuse for a man. Oh, I don't have to tell you what I think of you. You'll hear more words in the place you're going than a mere sailor knows. Aye, and all the words with which the damned among men make the air of Hell filthy, and all the language of the flame tongues that torture your soul will be descriptive of yourself. You will know and feel it. Ah, how you will feel it! Exquisitely the words and the flames will shrivel you—the worst, the words.

"I'll tell you why you're going to Hell. You're going because you are a murderer of men and a torturer of women and children. You're going to Hell because you made gold out of agony. You're going to Hell because you thought that you could mishandle with impunity the beautiful creations of the artist God. You're going to Hell because you engineered a war."

Alexis walked with just the proper sadness of face to the Perdition Chute, and St. Peter went to his office to check the recent entrants. He had been too busy to perform his work with his usual exactness.

Alexis found the fanatic gazing mournfully at the shaft of blackness with the yellow and red color at the bottom. His eyes were somber. "It's too bad, isn't it," he asked, "that one must do as one is told around here?"

"I don't know," said Alexis.

"You're going down, aren't you?"

"Yes."

"Will you give me that knife I put in your heart? I shall get a vengeance for you. I don't like Jehovah."

"Why, hardly," laughed Alexis. "You see, friend fanatic, if you satisfy this latest desire of yours, I shall be left opponentless in the middle of a fascinating game. I am the devil."

Honor Society Elects

(Continued from page one)

distinguished record in historical research and the teaching of history (Member of the History Faculty, Vassar College).

Mr. Cunningham, now retired and living in Maryville, served from 1919 to 1936 as United States Consul General at Shanghai, China. His acceptance was mailed from his winter home in Florida.

Mr. Bewley, who has won outstanding success in the education field, is only one of many Maryville graduates in the Philippines and the Orient. He has not yet been heard from in regard to the honor given him by his alma mater, due to the distance from Maryville of his work as Director of Education in the Philippines. Professor Tracy visited the Maryville campus a few weeks ago and expressed at that time his pride in Maryville and the quality of its faculty.

Mr. Murray, a classmate of President Lloyd, was one of the first to experiment with radio in this section, Dean Hunter relates. While a student at Maryville he constructed an amateur radio station with antennae atop Anderson Hall. His letter, referring to his work in television, says, "we hope to have something to show you soon."

Miss Campbell, a native of Spring City, Tennessee, is now in England and has just been awarded for the second time the Sterling Fellowship from Yale in historical research. She is searching in guild-halls and shire halls for seventeenth and eighteenth century unpublished diaries. She writes that she has located ten, none of them equal to Pepys, but full of social and economic history. She is using a special camera from the Yale library in her work. She describes, in an extremely interesting letter, the English springtime with primroses equalled "only by our own trailing arbutus."

Dr. Samuel T. Wilson, President Emeritus of Maryville College, was the first and only other alumnus to be so honored by Alpha Gamma Sigma. The society, in its third year, has thirty-one members elected while seniors, twelve of them this year. Edwin J. Best, '36, is president of the society.

NATURE CLUB ELECTS

At a meeting of the Nature Study Club on Friday evening, Simpson Spencer was elected president for the coming year. The remaining officers include Alma Whiffen, vice president; Martha Watson, secretary; Mary Alice Everhard, treasurer; and Marie Gurney and Billy Wood, program secretaries.

George Felknor, managing editor of the Echo, has returned to the campus after two week's illness at his home in Meridian, Mississippi.

Commencement To Conclude With Hoskins Speaker

Colorful Exercises Climax Class of '36 Activities On Tuesday morning

President Hoskins, of the University of Tennessee, will deliver the address at the commencement exercises on Tuesday morning. Dr. Hoskins is one of the veteran educators of the South; he was for many years a professor, then Dean, and now the President of the University in Knoxville. His most intimate relationship with Maryville lies in the fact that his father attended school here, and Dr. Hoskins himself has always been interested in and attached to the college. In 1932 he was awarded the honorary degree of Doctor of Laws (LL. D.) here.

Lois Brown, vice president of the Class of 1937, has announced that the following girls will lend color to the commencement procession and exercises by their participation in the carrying of the daisy chain: Mary Lawson, Virginia Pennington, Joan Dexter, Blanche Webb, Ellouise Bundy, Lois Brown, Mary Frances Dunlap, Kay Quass, Lillian Crawford, Lucille Roberts, Shirley Jackson, Ruth Proffitt, Evelyn Smith, Marcella Ardern, Juanita Herrington, and Emma Katherine Smith.

With the awarding of the diplomas on Tuesday morning will end another year of Maryville history. At that time the honor graduates will be named, and the honorary degrees conferred.

Faculty Members Direct Alumni Seminars

The alumni Seminar system, which was inaugurated last year and proved successful, will be continued and expanded somewhat on Manday, Alumni Day.

At 9:25, in Thaw Hall, Dr. Knapp will lead a discussion on "Science Today;" and at the same time, in Science Hall, Miss Bassett will present on illustrated lecture on "Presenting Classical Culture by Visual Means."

During the following period, which begins at 10:20, Mr. Lagerstedt will speak, in Thaw Hall, on "Goethe and His Faust." In Science Hall, Professor Howell will make use of the new moving picture machine in his discussion of "Making Natural Sciences Interesting."

All alumni visitors, and others who are interested, are invited to attend these seminar discussions.

Expression, Music Grads Receive Diplomas

The eight graduates of the department of Expression effectively presented two one-act plays of Greek origin at the commencement exercises on Thursday evening. The program was balanced by musical interludes by John Magill, and by a stringed ensemble. Dr. Orr presented the certificates to the graduating members, Ruth Proffitt, Lois Brown, Catheryn Smith, Leola Halsey, Marjorie Flemming, Mary Frances Dunlap, Sylvia Ammons, and Charles Allen.

The outstanding presentation of the Music department at its graduation exercises on Friday evening was the combined interpretation of "Kammenoi Ostrow," by the orchestra and Vesper choir, and featuring contralto solo parts by Mrs. Lelia Leslie, of Knoxville. Evelyn Coddington, Joan Dexter, and Margaret Brient, graduates in piano, added admirable interpretations to the completion of the program.

Notice

All May time sheets, both N. Y. A. and college, must be in the Student-Help office by five o'clock this afternoon in order to be included on the payroll. The college payroll will be made on Monday, June 1. Please leave instructions for the disposition of N. Y. A. checks, which will be here about June 13.

Time sheets for all work, both college and N. Y. A., done on June 1 and 2, should be turned in to the Student-Help office before you leave school.

Please note that applications for loans for next year may be sent to the Student-Help office not later than September 1. Please make these applications on the blanks which may be secured at the Student-Help office now.

Clemmie J. Henry

Faculty Members Plan Vacations

Lagerstedt To Study In Germany; Dr. Knapp Visits California

A partial report of projected activities of faculty members has been made available to a staff reporter. Many intend to carry on advanced study in their chosen fields. Professor Collins will take courses at either the University of North Carolina, at Chapel Hill, or at Middlebury College, in Vermont. Dr. Campbell plans to do individual study, and to travel. Coach Fischbach will occupy his time partly as a director of a boys' camp near Washington, D. C., and partly in study at Northwestern university. Dr. Shine intends to carry on his scholarly activities at Chapel Hill, North Carolina. Professor Smith will enlarge his knowledge of Spanish at the University of Washington, and Coach Thrower plans to attend a coaching school.

Miss Green will spend her summer in New England, attending lectures at Harvard, and attending the Harvard Tercentenary. Professor Griffitts, chemistry instructor who has been on leave of absence this year, expects to receive his Ph. D. from the University of Indiana on June 15.

Mr. Lagerstedt, associate professor of German, has recently been notified that he has been granted a tuition scholarship at the University of Heidleberg, in Germany, where he plans to study this summer. He expects to spend about six days in Berlin, attending the Olympic meets, and will take excursions to Lake Constance, the falls of the Rhine, the Nechar valley.

(Continued on page four)

Brittain Elected Class President For Next Year

New President Announces Appointment of Next Year's Committees

A closely contested election on Wednesday morning resulted in the appointment of David Brittain as president of the Class of 1937, next year's graduating class. He defeated Bruce Alexander by a slight majority. The other officers selected include Shirley Jackson, vice-president, Bill Morgan, treasurer, and Joan Dexter, secretary.

The new president has announced his appointments of commencement committees. The ring committee, which will administrate the selection and purchase of class rings, will be composed of Calista Palmer, Charles Luminati, and Mark Andrews. The committee which will take charge of commencement invitations will be Don Hallam, Kay Quass, and Dottie Mae Lewis.

The presidency of the senior class is a pivotal position, and one upon which depends much of the success of the class activities. Often the class president is attendant to the May Queen, and his organization is responsible for the commencement programs. Dave Brittain, newly elected president, is experienced in organization and administration. He has been elected president of Athenian, has served as president of the Law club, and will act as vice president of the Y. M. C. A. next year. He is a social science major and has been active in varied campus activities during his entire college career.

The Class of 1937 officially accepted its responsibilities at the senior chapel program on Thursday morning, when the ceremony of transfer of chapel seatings was completed. Mose Gamble, president of the retiring Class of 1936, presided at the program, and Dave Brittain spoke for the new senior class in accepting the challenge to carry on the Maryville tradition.

Biology Professor Marries

Mrs. Zoe Wells Carroll announces the marriage of her daughter, Zoe Wells, to Dr. Howard John Black, at high noon Saturday, in the Church Street Methodist Episcopal Church, Knoxville. The ceremony was performed by Dr. R. W. Lloyd.

Miss Carroll is the daughter of Mrs. Z. W. Carroll and the late Dr. Carrol of Morristown. For the past four years she has been Associate Professor of Biology at Maryville College. Dr. Black is the son of Mr. and Mrs. Louis A. Black of Maryville.

Dr. and Mrs. Black left immediately following the ceremony for Placeville, California, where Dr. Black is stationed with the United States Army.

Senior Class Presents Rostand's "Cyrano De Bergerac" Tonight

Seventeenth Century Play Vehicle for Talented Senior Artists

The senior class bids a dramatic farewell with the presentation of Rostand's world-famous heroic-comedy, "Cyrano de Bergerac," tonight at 8:00.

Few plays ever presented on the Maryville stage have had a background so rich in past triumphs. "Cyrano" opened in Paris in 1897 with Coquelin in the title role, and run for five hundred consecutive performances. Its author, Edmund Rostand, young and unknown, was immediately launched into literary immortality. Appointed to the French Academy, he was the most youthful writer ever admitted. He was so well loved by the French people that they declined his offer to fight during the World War, and used his services in less dangerous occupations behind the lines.

Soon after its famous premiere, "Cyrano" appeared in translation in England, Germany, Russia, and other European countries. United States performances have always been attended with the most outstanding success, with such accomplished interpreters as Richard Mansfield, Walter Hampden, Sarah Bernhardt. and Constant Coquelin in the casts.

Rostand has built his play around the hopeless love affair of the seventeenth century French soldier, duellist, poet, musician, and writer, Cyrano de Bergerac. With the sparkling wit of Cyrano, delicate pathos which have [illegible] contributed to his success, [illegible] holds sympathy for the un[illegible]

Awards Presented For Achievements

Friday Chapel Service Is Scene of Honors

At the annual awarding of prizes, held in chapel on Friday morning, representatives of varied college activities received awards for proficiency and distinction. A list of awards follows:

T. T. Alexander Prize— First Place, Alexander Christie; Second Place, Carl Fisher.

Rush Strong Medal— Raymond Nelson

Alexander English Prize—Edwin Best

Elizabeth Hillman Chemistry Prize— Mary Porter Hatch

Bates Oratorical Prize— Marie Carlson

Certificates of Proficiency awarded by Art department—Jane Harris, Zula Trotter, Rachel Edds, Mrs. Faye L. Kenst

Debate Awards

Degree of Special Distinction in Order of Debate and Oratory— Mary Gladys Brown, Archibald Pieper, Roberta Howie, Paul Hartman.

Degree of Honor in Order of Debate —James Badgett, Alexander Christie, Eleanore Pflanze.

Degree of Honor in the Order of Debate and Oratory—James Wilson.

Degree of Proficiency in the Order of Debate—Minnie-Lou Chittick, Helen Maguire.

Degree of Fraternity in the Order of Debate—Lois Black, David Maas, Virginia Pennington, Richard Schlafer, Walter West, Leland Waggoner.

Prizes from the South Atlantic Forensic Tournament:

First place in Women's Extemporaneous Speech—Roberta Howie.

(Continued on page four)

REGISTRATION FEE DUE

All students are required to make an advance payment of $10 by September 1, to be assured of places in the classes for which they may have registered. This advance payment includes room reservation for those who room in the dormitory. Until July 15, rooms will be assigned in the order of application. No room is reserved or assigned until the $10 fee is paid. When paying fee, please be sure to indicate choice of room and roommate. It is suggested that more than one choice of room be given in case the room of first choice has already been taken.

There will be no changes in schedule until Tuesday, September 15.

John W. Cummings,
Director of Personnel

New Design Selected for ECHO Banner

At a meeting of the combined editorial and business staffs of the ECHO on Monday evening, Jane Harris' design for a new banner for next year's paper was accepted, and she was requested to put it into final form, in order that a cut may be made from it. The other designs submitted were equally effective, and the staff wishes to express appreciation for the time spent on these drawings by the other student artists.

The new design has a block lettering, which is more in keeping with the type in which ECHO headlines are set than the Old English type on the present head. The background features an outline view of the columns on the back of Voorhees chapel, seen from the golf course, with the Anderson bell tower behind it. This new banner will replace the present mountain scene next fall.

Overnight LeConte Hike Proves Successful

The success of the Y. M. C. A. hike last Saturday points to many more such hikes in the future. More than forty men left at noon Saturday in two trucks, arriving at the foot of Mt. LeConte, 6,593 feet high, in the middle of the afternoon. The boys spread out their blankets at the foot of the mountain, rising very early Sunday morning to begin the climb. Two and a half hours was the record time for the hike, four miles by the old trail and eight miles by the new C. C. C. trail. The weather made visibility perfect, those who made the ascent reported. Laurel and many other flowering shrubs were in bloom. The group arrived back, tired, dirty, and content, in time for supper Sunday evening. Credit for arranging the hike goes to Archibald Pieper and Alex Christie.

1935-'36 IN EPITOME

By ROBERT BRANDRIFF
(Echo Staff Writer)

The back-issue piles of the HIGHLAND ECHO tell a fascinating story to anyone who is interested in knowing just what names and events made news on the campus this past year. The already yellowing pages give their contemporary views of occurrences that will eventually become Maryville history.

Social activities for the first month were largely confined to the reception of freshmen, the Y giving a watermelon party for the men, while Theta and Bainonian each sponsored a rush week of activities for the new women. The first week in October saw a powerful Scotty line open the conference season with a 24-0 win over the month. Bohumir Kryl, the world's premier cornetist, and his symphony band gave the first concert of the 1935-36 artists series.

The College Players scored early in November with their outstanding performance of "Peter Ibbetson," starring Gordon Bennett in his first appearance in Maryville dramatics. The advanced students in music, with the combined glee clubs and orchestra, were heard later the same month in the annual fall concert, distinguished this season by excerpts from "Carmen" that set the college humming the "Torreador Song" for over a week. The Thanksgiving season was brightened by the gala Barnwarming festival that was the first big social event of the year.

Athenian got off to a flying start in the Theta Alpha Phi cup race with its presentation of Booth Tarkington's "Man from Home" on December 2. The same week the second concert of the artists series brought that youthful genius of the keyboard, Dalies Frantz. Bainonian's "Stubbornness of Geraldine," the second midwinter, followed. The last offering before the holidays was a masterful interpretation of Handel's "Messiah" by a hundred and fifty voice chorus, especially trained by Miss Frances Henry, which was one of the most successful programs on the musical calendar.

Looking Backward

We have come to the end of another college year. Behind us are accomplishments, and failures. Before us are added opportunities.

There is an old legend of the man who constructed a body out of precious metals. It was revealed to him that at some time the figure would speak, and would prophecy. But when the man had spent hours, days, months, years in making the metal oracle, he was so completely exhausted that he could not stay awake longer, and he delegated to his assistant, a youth, the task and privilege of awaiting the prophetical utterances. The young man was instructed never to sleep, but to be alert always and to record carefully [illegible] that came from the lips of the figure.

For hours the youth watched, and nothing rewarded his diligence. He wearied, and slept "just for a few minutes," and was awakened by the echoes of a voice. He watched again, and again slept. only to become conscious that someone had spoken, of what he could not know. A third time he slept, and this time his master awakened him, berating him for his negligence and declaring the work of his life a failure. The figure had spoken, and then crumbled to dust.

There might be two morals to this story. In the first place, it is the best policy, if you must have something done right, to do it yourself. And then, of course, we, too, sleep through our opportunities, to awaken and find that we have in our minds only the echoes of what might have been.

This has been one of the most successful years of Maryville's history. De look forward to next fall, when we may begin again to plan and to carry out some of her ideals. May we not sleep, but may we be fully aware of the vistas of learning, comradship, and development which lie before us.

We regret the need for commencement. Maryville will be a dull place next year, without many of those who will graduate on Tuesday. One whom we shall miss the most sincerely is Ellen Hitch, whose dramatic ability has thrilled and pleased us for four years. Her "swan song" on Thursday morning was a fitting climax to her Maryville career, but let us hope that she may continue her interpretive work, and not let it die.

STRANGE HONEYMOON

An absorbing article revealing the hair-raising tales and startling sights of a newly-wed couple who visited Devil's Island. One of many features in the May 31 issue of the American Weekly, the magazine which comes regularly with the Baltimore Sunday American. Get your copy from your local newsdealer.

Underneath The Bough

We have been quite surprised to learn that most of the criticism addressed to your new columnist is that he is a "soft-soaper". By that we understand that we are to say nothing that would ever favor a member of the faculty or administration. There, dear critics, is where we differ. Where praise is due, we'll praise; and where we think criticism is needed, we'll criticitize. For instance we hear a rumor that, next year, men are to be put on women's regulations. While we haven't investigated, we're sure that could not be so. Such a move would be directly counter to that direction in which student-administration relationships should move—toward a mutual respect and understanding. To use this column only to criticize the status quo is to place ourselves in the category of the selfish child. Only behaviour as an intelligent adult deserves treatment as such, and in this direction lies the progress we desire. We recognize as much as anyone the students' desire for certain changes, but we also realize that there exists a reason for every regulation. When the student understands the necessity for the rules, and the administration recognizes the student as a fellow adult, then we shall have progressed. Mere criticism achieves nothing.

* * *

We're glad to see BryNildsen (look up his middle name in the catalogue) believes in the regulations. His appearing in an abbreviated jersey Monday elicited such loud protests from his fellow inmates at Carnegie that he retreated, only to re-appear in an awning-like robe that passed all censorship. Personally, we are much less shocked by manly chests than we are by the peculiarities of the uncovered calves of some of the species.

* * *

We hear that Knox Coit, ex-propagandist for the Vets of Future Wars, received a letter addressed to the "Chief Veterinarian" at Maryville. Which reminds us, folks, that the Vets, as well as Kent, deny his membership in that organization. We're sorry that Reds Kent and Gilmore don't like our column.

* * *

"Love me, love my dog," says Jim Miller. Since he has adopted and been sleeping with that bright-eyed little pup, we wonder whether it's his heart or his head that's soft. That's all right, Jim, we like pups too. Look how nice we are to Bruce Morgan.

* * *

Much as we hate to, we must pat the lousy Sports Editor on the back for the two biggest sports scoops the Echo has seen. A thistle for you, though, ya blasted Hoosier, for omitting entirely the spring tennis tournament which our very good friend G'ham won. Bouquets, big ones, to Stu for breaking more records, and to the tennis team for bringing home the conference championship. We'll also tell you that we know the Reason why Scottie plays better tennis away from home. We are One Who Knows, too.

Alumni Receive Hearty Welcome

Commencement week brings back many Maryville alumni from near and far. Following are the names of some of those who are on the campus, or who are expected to visit: John Brown, William S. Buchanan, Alvin H. Fillers, Miss L. B. Sheddan, Robert Baker, Henry Duncan, Miss Lula Gibbs, Mrs. G. L. Barbour, Cecil Marley, Stanley G. McCool, Veta May Stephens, Michael Testa, Rex Allen, Joe Truxton, Lorena May Dunlap, Paul McCandless, Ernest Lowe, and Douglas Carhart.

This is of necessity an incomplete list, as the names of all those who will come are not available. The names above begin with that of John Brown, of the Class of 1906, and conclude with those of members of the Class of 1935. An alumnus of the Class of 1886, Mrs. John S. Aiken, is expected. Stanley Boyd Parker, of the Class of 1896, will also be present, and will participate in the ceremonies.

Maryville welcomes these "old grads," and is interested in their achievements.

Student Assistants Named

Miss Clemmie J. Henry, Director of Student-Help, has released the following list of assistanceships in the various departments for the coming year. The list, still incomplete, will be supplemented later when the vacancies will be filled.

The assistants for 1936-37 in the Biology Department are as follows: Marian Lodwick, Richard Battaglia, Louise Orr, Robert Kleemeier, Don Stevnns, William Alston, Alma Whiffen, Emily Watson, George Kent, and Clyde Powell.

The students who will serve as assistants in the Chemistry Department are: Mary Porter Hatch, Dorothy Leaf, Mary Elizabeth Lyons, Bill Morgan, James Proffitt, Josephine Winter, Helen Bobo, Bill Wood, Edward Gillingham, and Joe Wallace.

The tentative list of Home Economics assistants is: Helen Watson, Mildred Jacobs, Mary Kate Anderson, and Ruby Violet Lane. Those who will work in the Post Office and Bookstore are: John Lancaster, Martha Evelyn McSpadden, Ernest Enslin, Frances Gamble, Mollie Comstock, and William Wilson.

The new library assistants will be: William Collins, Robert Enloe, Don Hallam, Doris Woodwell, Winford Ross, Raymond Nelson, Robert Brandriff, and O. M. Teague.

Two physics assistants have been appointed: Jack Thelin and Charles Holland.

The appointments have all been made tentatively. Changes and additional appointments may be made during the summer.

Banging on plates in the dining hall is quite a reflection on the home environment of those who participate. Good manners are an index to intelligence and good breeding. To interpret the incident that occurred at table fifty-seven following the demonstration, however, is to tax this scribe's ordinarily good temper.

Summer Work To Improve Campus

Dr. Lloyd today released the following statement:

Aside from the regular repairs, painting, and remodeling upon various buildings, perhaps the most interesting improvements in plan for the coming summer are in the anticipated building of two main campus gateways.

Two graduating classes, those of 1917 and 1928, left memorial funds for this purpose. Becanse of some uncertainty as to the proper location of these gateways, the funds have not been used until this time. However, as the landscape architects engaged by the College more than a year ago to work out future development plans, have now settled upon the location and the style of gateways, we expect to proceed with the work during the coming summer.

The two gateways will be similar in size and appearance. One will be located at the present entrance on Court Street beyond the Gymnasium. The other will be located at the opposite corner of the campus where the unpaved road which proceeds past the Chapel and Baldwin Hall, through part of the golf course, leaves the campus. Future plans, of course, call for paving this road.

The columns of the gateways will be constructed of brick and stone and heavy iron gates will be hung between the columns. Unless the plan is changed each gateway will have four columns, giving passage to a driveway and two walks.

In addition to this improvement, it has been definitely decided to build a new concrete walk between the Chapel and the end of the good walk which comes from Carnegie Hall.

There are a number of other improvements which may be made but are not yet definite. It is not expected that the main circular driveway on which grading work has been done during the year will be completed this summer. Ultimately that is to be completed and paved but funds are not at hand for the work at present.

The girls of Memorial hall vacated their dormitory on Tuesday evening to meet in the Y. W. C. A. rooms for a social gathering in honor of Miss Hunter. A program of music, skits, and tap dancing was given by various members of the dorm. At the close of the program, a Toastmaster serving tray was presented to Miss Hunter by the girls.

Members of the Psychology department were guests of Dr. and Mrs. Fields at a hamburger fry in the college woods on Wednesday evening. It was unanimously agreed that never had they eaten such thick hamburgers, such perfect salad, and such refreshing lemonade.

Writer's Workshop Elects Governing Board

Three juniors and nine sophomores became members of Writers' Workshop, Tuesday afternoon, at a picnic which was accompained by rigorous initiation requirements. Elections to the governing board for the coming year were held. Miss Johnson was re-elected as faculty member, and Shirley Jackson, Daphne Horris, and George Kent as student members, Miss Jackson, Miss Johnson, Miss Heron, and Dean Hunter were the faculty members present.

John Magill was winner of a local amateur contest sponsored by a Knoxville newspaper at the Park Theatre Wednesday night. He sang "Shortnin' Bread". He forfeited his place because of his leaving Maryville for the summer.

Adios to Homer

Well, here we are, about to say goodbye to the campus, our friends, associates, and enemies. With our hands soaked in liniment from yesterday's clap-hands session, we begin the last formal enlightening of the current year.

First a word about my dear enemy, Homer Cayenne, who, knocking those who spend these lovely afternoons in the company of those more fair, turns from his typewriter to the very thing he has been raving about. But we must tell you this one: Already dear Homer has been receiving threats. Yes! On an ugly black-edged letter sealed in blood came the advice, the suggestion, that Homer please not add certain things to his spread. Personally, we handn't found anything in his ink marks yet to warrant that, but one can never tell. Next week, dear Homer may end up in a dark corner of gloomy deserted Carnegie with a dirk in his heart, and Coca-cola on his breath. It is with bitter tears streaming down our face that we congratulate you, Homer. Although you are but as the far-famed fly on the fast-traveling chariot wheel, my, what a dust you've raised! Note: We can't find out whether Homer got scared or not. Maybe an analytical perusal of the column would help.

In Closing

And now to some of the more serious matters. There have been many triumphs and disappointments during this college year. But we are here to say that the triumphs far outweigh the other. To the coaches, and the players: As athletes and gentlemen, we salute and congratulate you, and if we don't see you next year, may you continue in the paths of success as you have started. And, finally to the readers who have put up with your scribe's ravings this year, thank you, and may you live to read more of the same.

OVERLY HEADS BOARD

In a meeting of the student body, Friday, May 22, Jack Overly was elected to head the Athletic Board of Control for the coming year. The incoming president won by acclamation, no other candidates being presented. Lamar "Toots" Blazer was elected vice president, Guy Propst, secretary-treasurer.

Representatives from the student body were elected at the same session. Those chosen were Eddie Lavendar and Bill Collins, Mary Frances Dunlap and Edith Pierce. Faculty representatives elected were Miss Jessie Heron and Dr. J. W. Cummings. Town representatives were Dr. Calloway and Earl Blazer.

CAPTAIN CHOSEN

Ed. Gillingham, for two years a star netman, followed in the footsteps of his brother as he was unanimously elected captain of the 1937 racquet squad at a meeting of the lettermen Thursday morning. Gillingham will succeed Ed. Scott as captain. Scott was elected at the close of this season, shortly before he entered the final match of the singles battle at Harrogate.

Scotties Amass Three Titles In Year's Sportdom

Wrestling, Basketball, and Track Crowns Fall to Highlander Squads

The end of another grunt and groan season this winter saw Maryville's battle-scarred Scotties renew their hold on the state wrestling crown, worn for the fourth successive year by a Thrower-coached team. Although dumped once at home by Farmer Watson's Appalachian Teachers and two times in their North Carolina invasion, the Scotties easily licked a trio of Tennessee teams to end the season with a .555 average and a clean record in state competition. They slammed the Knoxville Y grapplers twice and reached their peak on February 15, administering a sound 26-6 trouncing to U. T.'s vicious Vols. Next to this victory their performance in holding the strong Davidson Wildcats to an 8-18 score was the season's high light.

Buck Millsaps again held the limelight as the Scots' most dependable gladiator, ending his fourth year without having had a fall marked against him. Although hampered by illness late in the season and suffering his first and only college defeat at Davidson, he was always the man most feared by opposing ear-mashers. His boots will be hard to fill.

One of the campaign's outstanding developments was the rise of freshman Guy Propst to a regular position in the 155-pound division. He is expected to be one of the mainstays of the 1937 team.

Letter winners this year were Gamble, Millsaps, Renfro, Propst, Dean, R. Meares, E. Meares, R. Battaglia, and Manager Remine.

BASKETBALL

Winning ten of twelve conference conflicts, Coach Honaker's basketeers scored for the second successive season the title of Smoky Mountain Conference Champions. Versatile Lee Hannah, lanky pivot man, secured a berth on the conference honor quintet, as did Odell, and scrappy little McGill. Handicapped at the first of the year by the loss of John Henry, ace scorer of the Highlander five the season before, the Scots rallied bautifully with two freshmen alternating in the injured forward's place. In the total season's schedule, the Scots dropped six games and came out on top in fourteen.

TRACK

Ending a perfect season in his two sports, Coach Bob Thrower guided the Highlander cinder artists to a Conference championship and second place in the rush for state honors in the track sport. Garnering a total of points in the Conference meet that surpassed the combined scores of all other contesting teams, the Highlanders swept through to another victory under Big Bob, who had already placed his wrestlers in the coveted state

(Continued on page four)

Shaw Singletons

James "Pappy" Shaw, graduating senior, wound up his golfing career on the Hill Thursday afternoon as he watched his tee shot roll into the cup on the ninth green of the local course. Shaw's ace was the second registered here this year, the first, by an odd coincidence, being claimed by Shaw's former roomie, Eddie Lavendar. "Pappy's" singleton was witnessed by Joe Arrendale, with whom the one-shot golfer was completing course. Eddie Lavendar, when advised of the duplication of his feat, expressed regret that it was Shaw who had equalled him.

FIVE LETTER

Coach Fischbach announced that five Highlander netters would receive letters for the current season. Those lettering are: Captain Edward Scott, Captain-elect Gillingham, Fogaris, Colombo, and Jewett.

SEASON SUMMARY

The scores of the 1936 tennis season reveal that the Scottie netters won three matches and dropped six. Three matches were cancelled. The summary of the season:

Maryville 1, Birmingham-Southern 3
Maryville 1, U. T. 6
Maryville 4, Tusculum 3
Maryville 2, E. T. T., 5
Maryville 1, E. T. T. 6
Maryville 5, Chattanooga 0
Maryville 6, Tennessee Wesleyan 0
Maryville 0, U. T. 8
Maryville 0, Sewanee 6

Matches with Emory and Henry, L. M. U., and Carson-Newman were cancelled.

Game Birds and Animals

Game birds and animals must depend on a suitable environment for their continued existence. This environment must include, among other things, food and cover for all seasons of the year, nesting grounds unspoiled by burning or other destructive farm practices and small ungrazed areas that will provide a means of escape from natural enemies.

Scott Annexes Singles Crown At SMC Tourney

Colombo and Fogaris Lose In Finals of Doubles; Scott Made Captain

Captain Ed. Scott climaxed his intercollegiate tennis career with a sensational victory over Curtin of Tusculum to cop the Smoky Mountain Conference singles title at Harrogate, Tennessee, last week. The veteran netman subdued his last opponent by the score of 2-6, 6-1, 6-2.

After Curtin had taken the opening set, Scott's control improved materially as he went on to defeat Curtin. Employing his excellent flat backhand in addition to a fine forehand he repeatedly passed Curtin at the net to win. Scott's placements were accurate and fast as he surpassed the Tusculum netter.

Scott reached the finals by defeating Gillingham, 6-4, 6-2 in a close and hard-fought match. Curtin reached the final match by coming from behind to turn down Mike Fogaris, who rose in the ranks to become the dark horse of the tourney. Fogaris' deceptive chop, mixed with a fast forehand drive enabled him to take the first set, 6-3. In the secind canto, Fogaris dropped h serve while leading, and Curtin forced through to an 8-6 win. Curtin then took the last set as Fogaris weakened.

Doubles Duo Turned Back

Curtin and Marks, ace Tusculum doubles team, eked out a win over

Snedecker Cops S. A. A. U. Race In Final Tryouts

Will Run at Harvard Next Months; Finalists To Meet At New York

Stuart Snedecker, widely-renowned Scot cinderman, went on in his victorious streak to breast the tape in the Senior A. A. U. tryouts held at New Orleans last Saturday afternoon. The Scot's running time was not record-breaking, but was sufficiently fast to outdistance all other contestants in the race.

Snedecker will run in the semi-final meet at Harvard, which will be held on June 26- 27, he said this week. This meet at Harvard is one of four semi-final meets held in different sections of the country. From these four meets, the finalists will journey to New York, where the final and deciding meet will be run, Olympic contestants being chosen there. The meet at New York will be held on July 10-11. The Scot's chances for further advancement in the tryouts were considered to be of the best.

TWO ON SMC NINE

Cross and Hollway, star second bagger and outfielder, were awarded berths on the all-conference baseball nine, a dispatch from the LMU Blue and White revealed this week. LMU and ETT each placed four men on the mythical nine, it was announced.

Basketball: Hannah, Odell, Overly, Baird, McGill, Hulette, Dowell

Wrestling: Battaglia, E. Meares, R. Meares, Dean, Propst, Renfro, Millsaps, Gamble, Remine.

Swimming: Meeks, Herries, McEnteer, R. Lowe, Hilditch, Brubaker, Craine, Chandler, Clemmer, Kindred.

Tennis—Edward Scott, Tennis Champion in Smoky Mountain Conference, Gillingham, Colombo, Fogaris, Jewitt.

Track: Rich, Savitski, Talmage, Baird, Snedeker, Gillis, Meares, Kleemeier, Smith, Lavender, Gray, R. Steakley, Loessberg, Propst, Hulette, Guigou.

Baseball: Holloway, Loessberg, Coker, Blazer, Odell, Cross, Evers, Burris, Collins, Ashby, Hand, Remine.

1935-'36 IN EPITOME

(Continued from page one)

The sixtieth series of February Tusculum Pioneers. Later in the same meetings opened under the leadership of Dr. Louis H. Evans of Pittsburgh, who proved to be the most popular speaker ever to conduct those meetings. The Washington's Birthday issue of the ECHO carried the news of a 40-35 victory over Tennessee Teachers, and a second Smoky Mountain conference championship for Coach Honaker's basketeers. Alpha Sigma made a vain try, that same week, for the Midwinter cup, with an uproarious comedy called "The Mad Hopes." only to have its sister society, Theta Epsilon, steal the show and the cup with an extraordinarily fine performance of Oscar Wilde's "Lady Windermere's Fan."

A special bulletin telephoned to the ECHO just before the March 7 issue went to press told of a sweeping victory for the varsity debaters, with four firsts and a second in the South Atlantic tourney. The unexpected announcement of Dr. Fields' acceptance of the position as head of the department of psychology at Ohio Wesleyan, gave the ECHO an excellent chance to "scoop" the Knoxville papers, in the latter part of March. The same issue carried advance notices of the performance of Gaul's "Holy City" and the annual concert of the college orchestra, both of which proved very successful.

The last number of the Artists Series took place on April 18, with the appearance of beautiful Helen Jepson in the most memorable concert of the year. Voorhees Chapel overflowed into seats on the stage, to make one of the largest and most enthusiastic audiences in the history of the series.

The annual May Day celebration featured a pageant in the college amphitheatre which drew large numbers of outsiders to the Hill.

The approaching close of school brought its accompanying lull in news, but the last issue carried the head, "Snedecker Wins 5000 Meter A. A. U. Run," bringing national recognition to Maryville's record-breaking distance runner, which is a fitting close to the eventful one hundred and seventeenth year of Maryville progress.

—O—

SCOTT ANNEXS

(Continued from page three)

crown room. Records fell as Stuart Snedecker, Roy Talmage, and Eddie Lavendar ran and jumped to heights and lengths previously unrecorded on the college slate. In a perfect final gesture to the track season, Stuart Snedecker amassed two triumphs in the Junior and Senior A. A. U. races held at New Orleans, as a preliminary to Olympic Games this summer.

TRACK

(Continued from page three)

Colombo and Fogaris to cop the S. M. C. doubles crown in the final two-some event. The score was 3-6, 8-6, 6-4.

After Curtin and Marks had defeated Scott and Gillingham, the Highlander No. 1 team, Fogaris and Colombo were conceded very little chance in the final battle with the Tusculum netters. Entering the match on the bottom of the list, the Highlander pair upset the dope bucket by taking the first set, 6-3. Curtin and Marks came back to edge out the second tilt, 8-6. In the last canto, the Scotties had piled up a two-game advantage when their control weakened, and the Tusculum dup broke through for a five-game string.

FACULTY VACATIONS

(Continued from page one)

He will see much of the Goethe and Schiller country.

Last year Dr. Knapp was unable to accept the invitation of the California Maryville Alumni club to visit them, at their expense, in California. But recently the invitation has been renewed, and Dr. Knapp expects to take this trip some time during the summer. He will be the guest of the club, entertained by its members, and will renew many old acquaintances there. It is a tribute to his influence that these men and women are so eager to see him.

Dr. Hunter has accepted an appointment to teach, during the summer, at Peabody, one of the leading Southern educational institutions.

SENIOR PLAY

(Continued from page one)

passion of his "nose-conscious" hero.

In tonight's performance, the part of Cyrano will be taken by Carl Fisher. The feminine lead, Roxanne, will be played by Leone Ann Brown. Bob Lodwick, Edith Nicolai, Herbert Hunt, George Greiner, Eleanor Pflanze, Alex Christie, and many others will compose the unusually large supporting cast. Several members of the fencing team will add typical seventeenth century atmosphere, with their skillful use of the foils.

The seniors' performance promises to be another triumph for this great play, which has been called "one of the most conspicuous successes of the modern stage."

—O—

Dr. Orr is chairman of the committee on Christian Education of Union Presbytery within whose boundries Maryville College lies and which conducts the Presbyterian (U. S. A.) conferences in different places for many years. Dr. Rodgers has rendered a similar service frequently but will not do so this summer.
